INDEPENDENT AUDITOR'S REPORT

To the Trustees of Alisal Employees Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Alisal Employees Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC that agrees to, or is derived from, in all material respects, the information prepared and certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of form 5500, schedule H, line 4i - schedule of assets (held at end of year) - modified cash basis as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit

of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule on the modified cash basis of accounting, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule on the modified cash basis of accounting, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC that agrees to, or is derived from, in all material respects, the information prepared and certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters - Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by a predecessor auditor. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by qualified institution. Their report dated October 15, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ALISAL EMPLOYEES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan

The following description of the Alisal Employees Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Coverage and Eligibility

The Alisal Employees Retirement Savings Plan is a defined contribution plan that was established October 1, 1993 to provide benefits to eligible employees of the Petan Company and Alisal Properties, Inc. (the “Company”). The Plan covers all eligible employees of the Company attaining 18 years of age and completing ninety days of service if full-time. If an employee whose regularly scheduled hours are less than 1,000 hours in a computation period, they will not be eligible to participate in the Plan. However, should 1,000 hours of service be completed during a computation period, then the employee will be considered eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated and amended in its entirety effective April 27, 2021. Additionally, the Plan was amended and restated effective July 6, 2020, retroactive to January 1, 2020, to exclude group-term life insurance from eligible wages for all contribution types and include provisions of the Bipartisan Budget Act of 2018.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for distributions, waive required minimum distributions for 2020 that were made after April 1, 2020, and increase the age requirement for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date.

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed \$19,500 for calendar year 2021. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions of up to \$6,500 for calendar year 2021. At the participant’s election, these contributions may be on a before or after tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of their pre-tax eligible compensation, as defined by the Plan, and their contributions invested in a designated balanced fund until changed by the participant. Participants may direct the investment of their contributions into various investment options offered by the Plan.

ALISAL EMPLOYEES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan (Continued)

Contributions (Continued)

The Plan also provides for the Company to make additional discretionary matching contributions. During 2021 and 2020, employer contributions were equal to 50% of the participant's deferral amounts up to a maximum of 15% of employee compensation as defined by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company discretionary matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is credited with a year of service if they have completed at least 1,000 hours. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to the maximum equal to the lesser of (a) 50% of their vested account balance in the Plan, or (b) \$50,000, reduced by the highest loan balance during the prior twelve months minus the loan balance on the date of the new loan. Loan terms shall not exceed 5 years, except in the case of a loan for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.25%, which is based on 1% over the prime rate published in the Wall Street Journal on the first business day of the month the loan is originated. Principal and interest is paid ratably through bi-weekly payroll deductions. No more than two loans outstanding per participant are allowed at any time. During 2020, the Plan implemented certain CARES Act provisions to allow for an increase in Plan loan amounts to the lesser of \$100,000 or 100% of the participant's vested balance for loans taken, and deferral of loan payments until December 31, 2020.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was signed into law, and as a result the Plan was further amended for qualified individuals. Qualified individuals are those diagnosed with COVID-19 or have a spouse or dependent who have been diagnosed, or who experience "adverse financial consequences" as a result of a quarantine, furlough, lay-off, reduction in work hours, business closure, the lack of child care, or other factors due to the COVID-19 pandemic.

ALISAL EMPLOYEES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan (Continued)

CARES Act (Continued)

Section 2202(a) of the Act allows for qualified individuals to take up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request coronavirus related distributions under the CARES Act were from April 21, 2020, to December 30, 2020. The distributions without tax withholding made during 2020 may be returned to the Plan within three years, or if not returned, will be subject to ordinary taxation. Qualified individuals could also request a delay of note receivable repayments for repayments that occurred between April 21, 2020, and December 31, 2020. If a delay was granted, the participant's note was re-amortized and included any interest accrued during the period of delay. In addition, pursuant to the CARES Act, qualified individuals who were currently receiving required minimum distributions were offered the option to waive their 2020 payment and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions and delay in note repayments under the CARES Act ceased as of December 31, 2020. The CARES Act allows for utilization of these provisions immediately but requires formal adoption of the amendment no later than the last day of the plan year beginning on or after January 1, 2022.

Forfeitures

For the years ended December 31, 2021 and 2020, forfeited non-vested accounts totaled \$7,138 and \$6,300, respectively. Forfeitures of terminated participants' non-vested accounts may be used to pay administrative expenses or to reduce employer matching contributions. During the fiscal year ended December 31, 2021, \$4,594 was used to reduce the employer matching contributions and pay plan expenses.

Withdrawals and Payment of Benefits

The Plan includes several sets of provisions for withdrawal or payment of benefits relative to a participant's age and circumstances, in compliance with provisions of the Internal Revenue Code. There are provisions for disability, death, hardship withdrawals, in-service distributions at age 59 ½, direct rollovers, including roth rollovers, delay of payments to normal-retirement date at age 65, and benefit payments made in either lump sum payments or annual installments. Participants with vested account balances less than \$5,000 will be automatically distributed as soon as administratively feasible following termination of employment whether or not the participant has not reached Normal Retirement Age. During 2020 the Plan implemented CARES Act provisions to allow for special coronavirus-related distributions up to \$100,000.

ALISAL EMPLOYEES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the modified cash basis of accounting that includes recording investments at fair value, with the exception of the group annuity contract discussed further in Note 10, which is recorded at contract value. Consequently, certain additions and the related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred. The modified cash basis of accounting is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on a cash basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on a cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ALISAL EMPLOYEES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in administrative expenses.

Note 3 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.
- Level 2 Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs that are unobservable inputs for the asset or liability.

ALISAL EMPLOYEES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 – Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

December 31, 2021				
	Total Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 10,291,167	\$ 10,291,167	\$ -	\$ -
Total investments at fair value	\$ 10,291,167	\$ 10,291,167	\$ -	\$ -

December 31, 2020				
	Total Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 8,617,021	\$ 8,617,021	\$ -	\$ -
Total investments at fair value	\$ 8,617,021	\$ 8,617,021	\$ -	\$ -

Note 4 – Assets Certified by the Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act (ERISA). Accordingly, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, as Trustees of the Plan, has certified the below investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate. At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4 – Assets Certified by the Trustees (Continued)

The following is a summary of investment information as of December 31, 2021 and 2020 that was certified by the Trustees and furnished to the Plan Administrator:

Total assets certified	<u>\$ 13,646,026</u>	<u>\$ 11,843,893</u>

Great-West Life & Annuity Insurance Company certified to the completeness and accuracy of \$55,200 of other income related to the aforementioned assets for the year ended December 31, 2021.

Great-West Trust Company, LLC certified to the completeness and accuracy of \$642,212 of interest and dividends, \$30,879 of other income, \$12,442 of interest income on participant notes receivable, and \$473,630 of net appreciation in fair value related to the aforementioned assets for the year ended December 31, 2021.

Note 5 – Tax Status

The IRS has determined and informed the prototype plan provider by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Under the modified cash basis of accounting, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2018.

ALISAL EMPLOYEES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6 – Reconciliation to 5500

The Plan files a Form 5500 annually with the IRS. Differences can exist between financial statements prepared in accordance with the modified cash basis of accounting and IRS regulations governing the preparation of Form 5500.

The following are reconciliations of individual line items of the Form 5500 to the Statement of Net Assets Available for Benefits – Modified Cash Basis and the Statement of Changes in Net Assets Available for Benefits – Modified Cash Basis per the financial statements as of December 31, 2021:

Other income per 5500	\$ 30,879
Total interest per 5500	67,642
Interest income on notes from participants per financial statements	(12,442)
Other income per financial statements	<u>\$ 86,079</u>

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan operates. It is unknown how long these conditions will last and what the complete financial effect will be to the Plan. The inherent risk and volatility of financial markets during the pandemic make it reasonably possible that the Plan is vulnerable to the risk of a near-term impact.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will continue to be 100 percent vested in their accounts.

ALISAL EMPLOYEES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 9 – Related Party and Party-in-Interest Transactions

As of December 31, 2021, the Plan is invested in a group annuity contract offered by Great-West Life & Annuity Insurance Company (GWL&A) as discussed in Note 10. Great-West Life & Annuity Insurance Company is part of the Great-West Family of Companies with Great-West Trust Company, LLC, which is the Trustee of the Plan assets, therefore, these transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules.

Note 10 – Group Annuity Contract with Insurance Company

The Plan entered into a fully benefit-responsive traditional investment contract with GWL&A on October 1, 2018. These traditional investment contracts maintain contributions in a general account. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

At December 31, 2021 and 2020, the Plan held \$3,063,318 and \$2,963,559, respectively, in this traditional investment contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The traditional investment contract held by the Plan is a guaranteed investment contract.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting rate is reviewed on a quarterly basis for resetting. The actual average yield earned by the Plan in 2021 was 1.85%.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) termination of the contract.

ALISAL EMPLOYEES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 10 – Group Annuity Contract with Insurance Company (Continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 11 – Operational Defects

Management discovered a subset of eligible employees weren't given the opportunity to make a deferral election due to the incorrect processing of payroll. Further, the Plan sponsor discovered that an incorrect definition of compensation was used when determining certain employee deferral contributions. Plan Management is currently working with their Plan Advisor to determine the appropriate course of action. Based on management's analysis, the total dollar amount related to this operational defect is not estimated to be material to the financial statements and is not accrued in the financial statements for the year ended December 31, 2021.

Note 12 – Subsequent Events

The Plan Administrator has evaluated subsequent events through October 5, 2022, the date that the financial statements were available to be issued.
