Independent Auditors' Report

To the Administrative Committee of the
Auffenberg Employees 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Auffenberg Employees 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Auffenberg Employees 401(k) Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Auffenberg Employees 401(k) Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Auffenberg Employees 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Auffenberg Employees 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Auffenberg Employees 401(k) Plan and Trust. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A | DESCRIPTION OF PLAN

The following description of the Auffenberg (the “Company”) Employees 401(k) Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

1. General

The Auffenberg Employees 401(k) Plan and Trust, which became effective on September 1, 1985, and most recently amended effective January 1, 2020, is a 401(k) elective deferral profit sharing plan. Individual benefits from this plan will be based on the vested portion of the individual account, which is comprised of the portion of the individual’s salary which they elect to defer, any contributions made by the Company during the years of participation, plus any earnings credited to the individual account. The plan covers all employees of the Company who do not participate in a collective bargaining plan, have one year of service and are age twenty-one or older. A year of service is a twelve-consecutive month period during which 1,000 or more hours of service are completed. The entry date for eligible participants is the first day of the Plan year or the first day of the seventh month of the Plan year coinciding or next following the date in which eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions and Investment Options

For each plan year, participants may contribute up to the maximum determined by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible employees who do not otherwise elect to defer or opt out of deferrals are auto enrolled at 4%. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The Company may make a discretionary matching contribution equal to a percentage of the salary reduction the participant elected to defer up to 4%. The Company matched 2% in 2021 and 2020. Additional amounts in the form of a profit sharing contribution may be contributed at the option of the Trustees. To share in any profit sharing contribution, participants must work 1,000 hours during the Plan year and be employed on the last day of the Plan year unless terminated due to death, disability or normal retirement (age 60). Upon enrollment, the participant may direct employee deferrals and employer match to various investment options including mutual funds and a common/collective trust fund. Participants may change their investment options at any time.

NOTE A | DESCRIPTION OF PLAN

3. Participant Accounts and Allocations

Each participant's account is credited with the participant's contribution, the employer's contribution and allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loan is limited to five years unless it is for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at prevailing rates. Principal and interest is paid ratably through payroll deductions, but not less frequently than quarterly.

In April, 2020, the Plan adopted the temporary increased loan limit and temporary loan repayment deferral provisions of the Coronavirus Aid, Relief and Economic Security act (CARES Act). The increased loan limit allowed qualified Plan participants to take an additional loan up to the lesser of \$100,000 or 100% of the participant's vested account balance if the participant or their spouse had COVID-19 or were financially affected by COVID-19. The increased loan limits were only available for loans taken between March 27, 2020 and September 22, 2020. The temporary loan repayment deferral provision required the Plan to allow eligible participants with loan repayments due during the period from March 27, 2020 to December 31, 2020, to suspend such repayments for one year. At the end of the suspension period, loan repayments were adjusted to reflect interest accrued and the loan term extended to reflect the time suspension period.

NOTE A | DESCRIPTION OF PLAN

6. Payment of Benefits

When a participant reaches the Plan's normal retirement age of sixty, their account will be payable to them beginning on the date of retirement or on a later date that they elect. If the participant terminates employment other than normal retirement, the participant may request the balance in their account in lump sum payment. The distribution is made after the quarter they terminate and as soon as administratively feasible. The Plan also allows for hardship distributions from certain accounts.

In April, 2020, the Plan adopted the temporary coronavirus-related distributions provision of the CARES Act. The provision adopted by the Plan allowed qualified Plan participants to take a distribution up to the lesser of \$100,000 or 100% of the participant's vested account balance without being subjected to the standard early withdrawal penalty. Additionally, qualified participants could elect to pay taxes on the distribution over a three-year period and had the option to pay back the distribution. Any returned portion of the distribution is not subject to taxes. This provision expired on December 30, 2020.

7. Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$3,677 and \$2,752, respectively. These accounts will be used to reduce future employer contributions and pay plan expenses. Employer contributions and expenses were reduced by \$20,250 in 2021 and \$8,674 in 2020 from forfeited nonvested accounts.

NOTE B | SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of these financial statements follows.

1. Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

NOTE B | SUMMARY OF ACCOUNTING POLICIES

2. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and in the principal and most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan deems all participant notes receivable to be fully collectable; therefore, no allowance for uncollectable accounts is required. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

5. Payments of Benefits

Benefits are recorded when paid.

6. Administrative Expenses

Expenses of maintaining the Plan are paid by the Plan. Certain investment related expenses are included in the net appreciation of fair value of investments.

7. Subsequent Events

The Plan has evaluated subsequent events through October 6, 2022, the date the financial statements were available to be issued.

NOTE C | SUMMARY FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Ascensus as agent for Ascensus Trust Company (custodian) for the period from January 1, 2020 to February 18, 2020 and AdvisorTrust, Inc. (custodian) for the period from January 1, 2020 to December 31, 2021, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplemental schedule.

The following is a summary of the unaudited information regarding the Plan at December 31, 2021 and 2020, and for the years then ended, included in the Plan's financial statements and supplemental schedule that was obtained from data that has been prepared and certified as complete and accurate by the custodians.

NOTE D | FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts are valued at the NAV of units of a collective trust. The NAV per unit is computed by dividing the total assets of the fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the fund and included in the determination of unit values. The NAV is calculated daily based on the contract value.

NOTE D | FAIR VALUE MEASUREMENTS

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

	Assets as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,096,992	\$ -	\$ -	\$ 12,096,992

Total investments at fair value				<u>\$ 11,527,681</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE E | INVESTMENT IN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE

As a part of the Plan's investment portfolio, there is an investment made in the Reliance Trust Company (the Trust) in which purchases and withdrawals are not made in an open market. Instead, the purchases and withdrawals occur with the Trust, and in certain circumstances, those transactions are entirely controlled and/or restricted by the Trust. The fair value of this investment is determined by the management of the Trust and is reported to the Plan as the Plan's proportionate share of the net asset value of the entity. The following tables provide information relative to this type of investment.

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice</u>
Common/collective trusts				
Reliance Trust Company				
MetLife Series 25053 Class 0	\$ 1,013,484	\$ -	Daily	1 day

Common/collective trusts				
Reliance Trust Company				
MetLife Series 25053 Class 0	\$ 1,186,106	\$ -	Daily	1 day

The Trust invests in guaranteed investment contracts. The Trust seeks to provide preservation of principal and accumulated interest for participant-initiated transactions. For the years ended December 31, 2021 and 2020, there were no restrictions on withdrawals or redemptions.

NOTE F | PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE G | PLAN TAX STATUS

The Plan sponsor adopted a volume submitter profit sharing plan document which obtained a favorable opinion letter dated November 30, 2014, in which the Internal Revenue Service stated that the form of the Plan was acceptable under the applicable requirements of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not received a determination letter specific to the Plan itself. The Plan has been restated since receiving the opinion letter. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the U.S. Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Penalties and interest assessed by taxing authorities are included in the provision for income taxes, if applicable. There were no penalties and interest for 2021 and 2020. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE H | RELATED PARTY TRANSACTIONS

Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan.

NOTE I | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of the date of this report, the current economic environment has increased the degree of uncertainty.

Investments included the following mutual fund representing approximately 25% of the total investments at December 31, 2021 and 24% at December 31, 2020. A significant decline in the market value of this investment could significantly affect the Plan's net assets available for benefits:

	<u>2021</u>		<u>2020</u>	
JPMorgan Large Cap Growth R6	\$ 3,242,206	25%	\$ 2,768,566	24%

NOTE J | PROHIBITED OR NON-EXEMPT TRANSACTIONS

The Plan sponsor worked with the Plan's third party administrator to correct immaterial operational errors related to deferral and matching contributions for a limited number of employees during 2021. The corrections were insignificant and were self-corrected by the Plan during 2022.
