Independent Auditors' Report

To the Plan Administrator
Binswanger Enterprises, LLC 401(k) Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of Binswanger Enterprises, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Participant Contributions and Assets (Held at End of Year) for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated September 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BINSWANGER ENTERPRISES, LLC 401(k) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

Note 1 - Description of Plan

The following description of Binswanger Enterprises, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document and the summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution 401(k) retirement plan available to all employees of Binswanger Enterprises, LLC, (the "Company") with the exception of leased employees and independent contractors. Employees are eligible for salary deferrals after thirty days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions:

- Special Coronavirus distributions up to \$100,000
- Increased the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance
- Extended the period for loan repayments, if applicable, up to one year
- Temporary relief on required minimum distributions.

As of January 1, 2021, the Plan reverted back to the original provisions prior to the CARES Act.

Contributions

Participants may elect to defer any percentage of their eligible compensation subject to Internal Revenue Service (IRS) limitations. Participants are automatically enrolled thirty days after date of hire to defer three percent (3%) of their eligible compensation. The Plan also provides for a contribution accelerator which automatically increases participant contributions one percent (1%) each year on January 1 until the participant's contribution rate reaches six percent (6%). Participants who have reached the age of fifty (50) before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions representing distributions from other qualified retirement plans. The Company may make discretionary matching and profit sharing contributions to the Plan in amounts determined by the Company. The Company made discretionary matching contributions equal to twenty-five percent (25%) of the first six percent (6%) of eligible compensation that a participant contributed to the Plan during 2021 and 2020. However, the discretionary matching contributions were suspended in April 2020 and reinstated in October 2020. There were no discretionary profit sharing contributions in 2021 or 2020.

BINSWANGER ENTERPRISES, LLC 401(k) PLAN

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 1 - Description of Plan (continued)

Participant investment account options

The Plan allows participants to direct varying portions of their contributions and account balances among the different investment options offered by Principal Trust Company ("Principal") which includes mutual funds, pooled separate accounts, and common/collective trust funds.

Participant accounts

Each participant's account is credited with the participant's deferral contributions, the Company's discretionary matching contribution, if any, and a proportionate interest in the investment earnings or losses of the funds in which the contributions are invested and an allocation of administrative expenses. Allocations are based upon the participant's eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral contributions plus earnings thereon. Participants become fully vested in Company discretionary matching contributions and related earnings after two (2) years of credited service. In the event of death, disability, normal retirement age (65), or if the Plan is discontinued, participants become 100% vested in all account balances.

Notes receivable from participants

Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance. The minimum amount that can be borrowed is \$1,000. A participant may have only one outstanding loan at a time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is repaid ratably through payroll deductions.

Payment of benefits

Upon termination of service, death, disability or retirement, a participant may elect to receive account distributions in the form of a lump sum payment or installments over a period of time as defined in the plan document. Withdrawals by a participant while employed are limited to those requested due to events of financial hardship as defined by the plan document or upon the attainment of age 59½.

Forfeited accounts

If an employee terminates before his or her Company discretionary matching contribution account has become fully vested, such portion of the account is forfeited. Forfeitures may be used to pay plan expenses or used to offset employer contributions.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions which affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2021 or 2020.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants and distributions are charged directly to the respective participant's account and are included in administrative expenses as shown on the statements of changes in net assets available for benefits. Certain investment related expenses are included in the net appreciation in fair value of investments.

Note 3 - Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and the schedule of assets (held at end of year) is complete and accurate.

- Investments at fair value
- Fully benefit-responsive investment contract at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the schedule of assets (held at end of year).

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

BINSWANGER ENTERPRISES, LLC 401(k) PLAN

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 4 - Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) per share and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate account: Valued at the NAV of units of the separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The fair value of the investments in the common/collective trust funds and pooled separate accounts have been estimated using the net asset value of the investments. Such investments are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

Note 5 - Fully benefit-responsive investment contract

The Plan had a fully benefit-responsive guaranteed investment contract with Principal Life Insurance and Annuity Company (Principal Life) during 2021 and 2020. The investment was terminated during 2021 and balances were transferred to other investments. Principal Life maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value as reported to the Plan by Principal was \$2,079,246 as of December 31, 2020.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan); (2) changes to the Plan's prohibition on competing

investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Note 6 - Related party transactions and party-in-interest transactions

Plan investments include interests in certain mutual funds, common/collective trust funds, and pooled separate accounts managed by Principal. Principal is the trustee as defined by the Plan and, therefore, these investments and related investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of the investments as they are paid through revenue sharing, rather than a direct payment. Fees incurred by the Plan for administrative expenses totaled \$165,891 in 2021 and \$153,125 in 2020. The Company pays directly any other fees related to the Plan's operations.

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Tax status

The IRS has determined that the Prototype 401(k) Profit Sharing Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and informed Principal of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, plan management believes that the Plan and related trust is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 9 - Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. Contributions of \$36 were not remitted within the required time period during 2020. The Company remitted these delinquent employee contributions and related lost earnings in 2021.

Note 10 - Risks, uncertainties, and concentrations

Investment securities in which the Plan invests are subject to various risks, such as market, credit, and interest rate risks. Specifically, the COVID-19 pandemic and related effects has resulted in global economic uncertainty, labor and supply chain disruptions, inflations, and political unrest. As a result, there has been heightened market risk and the Plan's investments have incurred volatility in fair value. Because the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses or gains that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined. However, due to the level of risk associated with such securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

At December 31, 2021 and 2020, approximately 26% and 27%, respectfully of the Plan's investments were invested in the Principal LifeTime Hybrid 2025 Fund.

Note 11 - Subsequent events

Plan management has evaluated subsequent events through July 29, 2022, which is the date that the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
