Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

To the Plan Administrator and Plan Participants
The Lincoln Electric Company Employee Savings Plan

Opinion on the 2021 Financial Statements

We have audited the financial statements of The Lincoln Electric Company Employee Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021 and 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020 and the changes in net assets available for benefits for the year ended December 31, 2021 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Plan Administrator and Plan Participants
The Lincoln Electric Company Employee Savings Plan

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Lincoln Electric Company Employee Savings Plan

Opinion on the 2021 Financial Statements

We have audited the financial statements of The Lincoln Electric Company Employee Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021 and 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020 and the changes in net assets available for benefits for the year ended December 31, 2021 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Plan Administrator and Plan Participants
The Lincoln Electric Company Employee Savings Plan

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Lincoln Electric Company

Employee Savings Plan

Notes to Financial Statements

Note 1 — Description of Plan

The following description of The Lincoln Electric Company Employee Savings Plan, as amended and restated (“the Plan”), provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering certain employees of The Lincoln Electric Company and certain related entities (“the Company”), as defined by the Plan. The Plan provides that regular, full-time employees are eligible to make participant contributions immediately and all other eligible employees after completion of 1,000 hours in any year of service with the Company. Such employees will be eligible for Company contributions following six months of regular, full-time employment or 1,000 hours in any year of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

As of January 15, 2021, the Pro-Systems, LLC 401(k) Plan merged with and into the Plan. Total assets transferred to the Plan were \$1,699,875 and are reflected in the Statement of Changes in Net Assets Available for Benefits as Transfers from other qualified plans.

Contributions and Vesting

Participant Contributions

Each year, participants may make pre-tax and after-tax Roth contributions to the Plan of 1% to 80% (in whole percentages) of their base pay and/or bonus pay up to the maximum amount as set by the Internal Revenue Service (“IRS”) (\$19,500 for 2021). Participants who are at least 50 years old by the end of the Plan year are allowed to make catch-up contributions for that year (up to an additional \$6,500 for 2021). Participants are immediately vested in their contributions plus actual earnings thereon. Participants have the right to direct Fidelity Management Trust Company (“the Trustee”) to invest their contributions to the Plan in any of the investment funds available under the Plan in 1% increments or to invest contributions in a self-directed brokerage account. Eligible employees of The Lincoln Electric Company who become eligible participants in the Plan will be automatically enrolled in the Plan unless action is taken by the employee to elect not to contribute to the Plan. Participants enrolled under this approach will have 4% of their base salary contributed to the Plan.

The Plan is subject to certain non-discrimination standards under Section 401(k) of the Internal Revenue Code (“IRC”). In order to comply with these standards, tests are performed to provide a limit on the amount of benefits provided to highly compensated employees. As a result, certain participants who are defined as highly compensated employees may have a portion of their contributions refunded to them after the end of the plan year and are recorded as Corrective distributions payable in the Statements of Net Assets available for Benefits.

Company Contributions

In general, participants may receive up to 6% of their annual compensation, which is defined as base pay and bonus compensation, in Company contributions through:

- (1) Company matching contributions of 100% of the first 3% of participant compensation contributed to the Plan; and
- (2) Automatic Company contributions equal to 3% of annual compensation.

In addition, certain employees who were participants in the Company’s frozen defined benefit plan receive employer contributions equal to 6% of annual compensation for a minimum of five years or to the end of the year in which they

The Lincoln Electric Company
Employee Savings Plan
Notes to Financial Statements (continued)

complete 30 years of service. In general, Company contributions are 100% vested when made. A small percentage of participants (from acquired companies) have different Company contribution and vesting provisions applicable to them, as described in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions to the Plan or to pay Plan expenses. The benefit to which a participant is entitled is the amount credited to the participant's account.

Participant Loans

Active participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate computed as the prime rate in effect at the loan origination date plus 1%, as determined by the Company. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants may receive the value of their account in a single lump sum payment or in ten or fewer annual installment payments following separation from the Company, whether by retirement, disability or otherwise, except that if the full value of a participant's account is \$1,000 or less or if the participant dies while in service and his/her account is payable to his/her beneficiary, such account balance will be paid in a single lump sum payment. Participants who leave the Company may withdraw their money at any time. Withdrawals must begin no later than April 1 of the calendar year following the calendar year in which age 72 is attained or the calendar year in which the participant's employment is terminated, if later. Participants or their beneficiaries may elect to receive the portion of their distributions which are attributable to common shares of Lincoln Electric Holdings, Inc. allocated to their account in the form of whole shares with any fractional shares paid in cash or all in cash. During employment, participants may withdraw certain amounts from their accounts if they are over age 59 ½, disabled or have a financial hardship and may withdraw rollover contributions at any time.

Plan Termination

The Company has the right to amend, modify, suspend or terminate the Plan subject to the provisions of ERISA at any time. Upon termination of the Plan, the rights to benefits accrued by participants or their beneficiaries, to the extent that such benefits are funded or credited to participants' accounts, shall be nonforfeitable. No amendment, modification, suspension or termination of the Plan shall have the effect of providing that any amounts then held under the Plan may be used or diverted to any purpose other than for the exclusive benefit of the participants or their beneficiaries.

Note 2 — Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Notes to Financial Statements (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The valuation methodologies used for the investment assets measured at fair value are as follows:

Units of registered investment companies ("mutual funds"): Valued at quoted market prices in active markets, which represent the net asset values of the units held by the Plan on the last business day of the Plan year.

Self-directed brokerage account: Consists primarily of the following: (1) common stocks and bonds, which are valued at the closing price reported on the active market on which the individual securities are traded; and (2) mutual funds, which are valued at quoted market prices, which represent the net asset values of the units held by the Plan on the last business day of the plan year.

Lincoln Electric Stock: Consists of common stock of Lincoln Electric Holdings, Inc., which is determined based on the quoted market price as of year-end.

Common/collective trusts: Valued at net asset value ("NAV") per share or its equivalent of the funds, which are based on the fair value of the funds underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Open trades of Lincoln Electric Stock that have not settled are reflected in the Statements of Net Assets Available for Benefits as either an Other receivable or Other liability. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held throughout the year. See Note 6 for additional disclosures relative to the fair value of the investments held in the Plan.

Benefit Payments

Benefits are recorded by the Plan when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when it is earned. If a participant ceases to make loan repayments and the loan is deemed to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

The Lincoln Electric Company
Employee Savings Plan
Notes to Financial Statements (continued)

Administrative Expenses

All direct costs and expenses incurred in connection with the administration of the Plan and trust were primarily paid by the Company in 2021.

Note 3 — Income Tax Status

The Plan received a determination letter from the IRS dated March 10, 2017, stating that the Plan is qualified under Section 401(a) of the IRC, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan, as amended and restated, is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been made in the accompanying statements. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

Note 4 — Transactions with Parties-in-Interest

At December 31, 2021, the Plan held 918,531 common shares of Lincoln Electric Holdings, Inc. with a fair value of \$128,116,514. For the year ended December 31, 2020, transactions involving common shares of Lincoln Electric Holdings, Inc. included purchases and sales of approximately \$11,379,840 and \$10,268,655, respectively, and the Plan received dividends of \$1,786,729. At December 31, 2020, the Plan held 928,874 common shares of Lincoln Electric Holdings, Inc. with a fair value of \$107,989,525.

Party-in-interest transactions also include the investment in the proprietary funds of the Trustee and the payment of administrative expenses by the Company. Such transactions are exempt from being prohibited transactions under ERISA.

Note 5 — Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan's investments in Lincoln Electric Holdings, Inc. common shares are exposed to market risk in the event of a decline in the value of Lincoln Electric Holdings, Inc. common shares. Participants assume all risk in connection with any decrease in the market price of any investment.

Note 6 — Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

The Lincoln Electric Company
Employee Savings Plan
Notes to Financial Statements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

Note 7 — Subsequent Events

Effective January 1, 2022, the Company amended the Plan to receive residual assets from The Lincoln Electric Company Retirement Annuity Program ("RAP"), a frozen defined benefit plan of the Company, which was terminated effective as of the close of business on December 31, 2020. The residual assets from the RAP (following satisfaction of all RAP benefit liabilities) will be deposited into a suspense account under the Plan in 2022 and will be used to fund certain employer contributions beginning in the 2022 Plan year and ending no later than the 2028 Plan year. On January 3, 2022, \$68,000,000 of assets were deposited into the suspense account under the Plan.

Notes to Financial Statements (continued)

In April and May 2022, the Techalloy, Inc. Employee Savings Plan, the Tennessee Rand, Inc. 401(k) Plan and the Wayne Trail Technologies, Inc. 401(k) and Profit Sharing Plan were merged into the Plan and were terminated. Total assets transferred to the Plan were \$600,237, \$12,073,035 and \$14,005,048, respectively.

Subsequent events were evaluated through the issuance date of the Plan's Financial Statements on June 24, 2022.
