Independent Auditor's Report

To the Plan Administrator
Teradyne, Inc. Savings Plan
North Reading, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Teradyne, Inc. Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Teradyne, Inc. Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Teradyne, Inc. Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Teradyne, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code (the "Code") and is administered by a fiduciary committee appointed by the Company's Board of Directors.

Eligibility

Employees working 20 or more hours weekly become eligible to participate upon employment, except for leased employees, employees covered by a collective bargaining agreement, employees employed outside the United States, non-resident aliens, interns, co-op students, and temporary workers.

Participant Contributions

Each year, participants may contribute between 1% and 50% of compensation, as defined in the Plan, subject to certain limitations. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants may direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Plan provides for all company contributions to be discretionary and to be determined annually. For 2021 and 2020, the match was as follows:

- Participants accruing a benefit in the Retirement Plan for Employees of Teradyne, Inc. were not eligible to receive a discretionary matching contribution.
- Participants no longer accruing a benefit in the Retirement Plan for Employees of Teradyne, Inc. or who were hired on or after November 1, 1999, were eligible to receive a dollar-for-dollar discretionary matching contribution. In 2021 and 2020, the Company matched eligible employee contributions up to 4% of eligible pay.

For years when a matching contribution is available, the Company will match employee contributions to the Plan at the end of the year, provided the participant is employed by the Company on that date. If the participant leaves the Company before the last day of the plan year due to retirement, disability, lay off, or death, the participant will receive the discretionary matching contributions, if any, on any contributions the participant made during the year.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Teradyne, Inc. Savings Plan

Notes to Financial Statements

Employer matching contributions vest according to the following schedule:

<i>Years of Vesting Service</i>	<i>Percent Vested</i>
Less than 1	0%
1 year but less than 2	25%
2 years but less than 3	50%
3 years but less than 4	75%
4 or more years	100%

Participants become 100% vested in the balance of their accounts upon attainment of age 65, death, or disability, as defined in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions, and allocation of plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his/her account in a lump-sum amount or in equal periodic payments over a period of up to 15 years. For termination of service for other reasons, a participant may receive the value of the vested interest in his/her account as a lump sum distribution.

Distributions may also be made for in-service distributions and hardship. An in-service distribution is allowed if an active participant has reached the age of 59½ and submits a written application to withdraw all or a portion of their account. Hardship withdrawals are allowed if certain criteria are met, as defined in the Plan.

Benefits are recorded when paid.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with the prime rate of interest at the time the loan is issued. Principal and interest must be repaid over a period of up to five years by means of payroll deduction. In certain cases, the repayment period may be extended up to 15 years if the loan is for the purchase of a primary residence.

Participant notes receivable are stated at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Teradyne, Inc. Savings Plan

Notes to Financial Statements

Administrative Expenses

The Plan is responsible for paying all expenses incurred in the administration of the Plan, except to the extent such expenses are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Forfeitures

Forfeitures (unvested portion of terminated employees' shares of the Company's contribution) serve to reduce the Company's future contributions and to pay plan expenses. At December 31, 2021, forfeited accounts totaled \$225,853, \$200,000 of which were used in 2022 to reduce the 2021 employer match contribution. At December 31, 2020, forfeited accounts totaled \$187,859, \$150,000 of which were used in 2021 to reduce the 2020 employer match contribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares held in the mutual fund are traded on national securities exchanges and valued at the net asset value ("NAV") as of December 31, 2021 and 2020.

The value of the units held in unitized separate accounts are based on the asset value of the underlying investments calculated using the NAV of the units held by the Plan at year end as a practical expedient for fair value.

The Plan holds investments in common/collective trusts which represent investments with various investment managers. Units held in the common trusts are valued based on the asset value of the underlying investments as reported by the investment managers. The NAV of the units held by the Plan at year end is used as a practical expedient for fair value. The common/collective trusts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The self-directed brokerage accounts consist primarily of common stocks, mutual funds, and money market funds, which are stated at fair value, based on quoted market prices.

Teradyne, Inc. Savings Plan

Notes to Financial Statements

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

The Plan evaluated all events and transactions that occurred after December 31, 2021, through October 10, 2022, the date these financial statements were available to be issued.

3. Certified Investments

The plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity and interest income on notes receivable from participants reflected on the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Teradyne, Inc. Savings Plan

Notes to Financial Statements

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in methodologies used at December 31, 2021 and 2020.

The methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The unitized separate accounts are not direct filing entities, and therefore, each fund's investment strategy is described as follows:

- (a) The Target Date Funds strategy uses a broad range of asset classes to provide diversification of returns and risks consistent with an assumed time horizon to retirement. Rebalancing occurs periodically, as needed, to reduce the risk of deviating from the strategy's intended asset allocation strategy. It is anticipated that each Target Date Fund strategy will provide a changing rate of long term appreciation and capital preservation through a mix of equity and fixed income investments based upon the target retirement date as identified in the fund's name. The funds invest primarily in a combination of institutional mutual funds and collective trust funds, including both actively and passively managed funds.
- (b) The US Large Cap Equity fund seeks capital appreciation in excess of the total return of the S&P 500 Index with a similar level of volatility. It will invest primarily in a portfolio of common stocks that are members of the S&P 500 Index, as well as other securities, including derivative instruments, whose value is derived from the performance of the S&P 500 Index. The strategy will typically invest in actively-managed, institutional, and multi-manager mutual funds including the Large Cap Disciplined Equity Fund and US Managed Volatility Fund.
- (c) The US Small Cap Equity fund seeks long-term capital appreciation. The fund will invest primarily in US small capitalization stocks with market capitalization ranges similar to those

found in its benchmark, the Russell 2000 Index. The fund follows a style-neutral mandate which allows the fund's managers to choose investments across the entire small-cap universe. The fund's investments in equity securities may include common and preferred stocks and, to a limited extent, real estate investment trusts ("REITs") and securities of larger companies. The strategy will typically invest in actively-managed, institutional, multi-manager mutual funds, including the Small Cap II Fund.

- (d) The Core Plus Fixed Income fund seeks current income consistent with the preservation of capital. The fund will typically invest in actively-managed, institutional, multi-manager mutual funds, including the Core Fixed Income Fund, High Yield Bond Fund, and Emerging Markets Debt Fund. Under normal circumstances, the fund will invest mostly in the Core Fixed Income Fund with complementary allocations to the High Yield Bond Fund and Emerging Markets Debt Fund.
- (e) The International Equity fund seeks long-term capital appreciation and under normal circumstances will invest primarily in equity securities of foreign companies of various capitalization ranges. The fund will invest in securities of foreign issuers located in developed countries as well as emerging-market countries, although no more than 35% of its assets will be invested in equity securities of emerging-market issuers. The fund will typically invest in actively-managed, institutional, and multi-manager mutual funds including the World Equity Ex-US Fund.
- (f) The Retirement Income fund is also a target date fund that seeks to provide for growth of capital and income intended to be appropriate for investors who are 15 years or more into their retirement. The fund will use a broad range of asset classes to provide diversification of returns and risks while employing a static allocation of mostly fixed income and cash instruments with moderate equity exposure. The fund is not guaranteed and invests primarily in a combination of institutional mutual funds and collective trust funds, including both actively and passively managed funds.

5. Plan Termination

While the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time, subject to the restrictions set forth in ERISA. In the event such discontinuance results in the termination of the Plan, participants will become 100% vested in their accounts, and the net assets of the Plan will be distributed or allocated among the participants and beneficiaries of the Plan as provided for in the plan agreement.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 3, 2016, that the Plan is designed in accordance with applicable sections of the Code. The Plan's

Teradyne, Inc. Savings Plan

Notes to Financial Statements

administrator believes that the Plan is currently designed and being operated in compliance with the Code and that the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been recorded.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

8. Party-in-Interest Transactions

Certain plan investments are managed by Fidelity Investments. Fidelity Investments is a related party to the trustee, Fidelity Management Trust Company; therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of the Plan's net assets available for benefits as reported in the Form 5500 to net assets available for benefits per the financial statements:

<i>December 31,</i>	2021	2020
Net assets available for benefits, per the financial statements	\$1,073,881,236	\$ 953,662,831
