INDEPENDENT AUDITORS' REPORT

TO THE TRUSTEE OF OMNI BEHAVIORAL HEALTH 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Omni Behavioral Health 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of OMNI Behavioral Health 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the OMNI Behavioral Health 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the OMNI Behavioral Health 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement

resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the OMNI Behavioral Health 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about OMNI Behavioral Health 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets held for investment purposes are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the

financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OMNI BEHAVIORAL HEALTH
OMNI BEHAVIORAL HEALTH 401(K) PLAN

Notes To Financial Statements
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the OMNI Behavioral Health 401(k) Profit Sharing Plan (the Plan) provides only general information. The Plan became effective September 1, 1998, and had a restatement date effective January 1, 2015.

General

The Plan is a defined contribution plan covering all employees of OMNI Behavioral Health, who have completed the period of service specified in the Participation Agreement; currently one year of service, and are twenty years of age or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation not to exceed the maximum amount allowed by law, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. At time of enrollment, the Plan offers various mutual funds as investment options for participants based on target retirement age or risk appetite, or the participant has the option to allow a registered investment advisor to choose and monitor their investments. The company currently makes a matching contribution of 25% of the first 6% of eligible participant's deferrals, in accordance with the Plan Document. The company is eligible to make discretionary profit sharing contributions, and has elected to make contributions in the amount of \$287,048 and \$306,881 as of December 31, 2021 and 2020, respectively. Contributions are subject to certain age and time of service limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant will receive the vested interest in his or her account as a lump-sum distribution.

Notes To Financial Statements
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's portion of their accounts plus actual earnings is based on years of continuous service. Each participant is vested according to the following 6 year graded schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Loans

The Plan has elected to permit participant loans. Participants may borrow from their fund accounts the lesser of \$50,000 or 50% of their vested account balance and the loan repayment term is for a period not to exceed 5 years. The loans are secured by the balance in the participant's account and bear interest ranging from 4.25% to 6.25%. Interest earned on principal loans receivable is allocated directly to a participant directed fund. Principal and interest are paid through payroll deductions and prepayments may be made by check. Outstanding participant loans totaled \$38,809 and \$28,223 as of December 31, 2021 and 2020, respectively. See Note 11 for Plan Amendments in 2020 relating to participant loans.

Forfeited Accounts

For the years ended December 31, 2021 and 2020, forfeited non-vested accounts attributable to Employer match and profit sharing contributions totaled \$41,356 and \$18,923, respectively. For the years ended December 31, 2021 and 2020, \$28,518 and \$25,298 was used to reduce employer discretionary profit sharing contributions for the year, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes To Financial Statements
December 31, 2021 and 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Costs and Expenses

All costs and expenses incurred with regard to the purchase, sale or transfer of investments and other assets in connection with the operations of the Plan are paid directly from the Plan. Administrative expenses that are not allocated to the participants are paid by the Company.

Fair Value Measurements

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

FASB Accounting Standards Codification 820-10, "Fair Value Measurement and Disclosure", establishes a framework for measuring fair value and expands disclosures about fair value measurements in financial statements.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedules was obtained from the data that has been prepared and certified to as complete and accurate by the custodian.

	<u>2021</u>	<u>2020</u>
Investments, At Fair Value	\$4,744,655	\$4,266,040
Participant Loans	38,809	28,223
Investment Gain	498,706	496,482
Loan Interest	1,582	1,369

NOTE 4 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed Benefit Plans, Inc. (independent third party administrator) by a letter dated March 31, 2014, that this prototype Plan adopted by Omni Behavioral Health is designed in accordance with Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Therefore, no provision for income taxes has been included in the Plan's financial statements.

OMNI BEHAVIORAL HEALTH
OMNI BEHAVIORAL HEALTH 401(K) PLAN

Notes To Financial Statements
December 31, 2021 and 2020

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan Investments are managed by John Hancock, the trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest transactions.

NOTE 7 - INVESTMENTS (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian as complete and accurate to the best of their knowledge except for comparing such information certified by the custodian to the information included in the Plan's financial statements and supplemental schedule. Investments held and certified by the custodian in the accompanying statements of net assets available for benefits totaled \$4,783,464 and \$4,294,263 as of December 31, 2021 and 2020, respectively. Net investment gain or loss certified in the accompanying statement of changes in net assets available for benefits was a gain of \$498,706 and \$496,482 for the years ended December 31, 2021 and 2020, respectively.

U.S. generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

NOTE 7 - INVESTMENTS (UNAUDITED) (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Pooled Separate Accounts: Under the terms of the group annuity contract, each sub-account owns shares of an underlying fund or units of a unitized investment for Exchange Traded Funds ("ETFs"), collectively referred to as "funds" and participants are entitled to instruct John Hancock which sub-accounts their contributions should be invested in. Each sub-account also has different classes of units, depending on the sales and service fee selected. Each sub-account invests in shares of the underlying fund at an omnibus level by combining the contributions from all participants for all classes who wish to invest in that fund. John Hancock values each sub account in terms of "units", the value of which is determined on a daily basis. As certified by John Hancock, due to the valuation process used, these funds are within Level 1 of the Fair Value Hierarchy under FASB Accounting Standards Codification 820-10.

John Hancock Stable Value Fund: The John Hancock Stable Value Fund is an investment option within the group annuity contract. The John Hancock Stable Value Fund sub-account invests into the John Hancock Stable Value Fund Collective Investment Trust. The underlying John Hancock Stable Value Fund Collective Investment Trust (CIT) itself is generally fully benefit responsive and honors eligible redemptions at \$1.00 per unit. As a result the daily net asset value (NAV) published by the CIT is a stable \$1.00 per unit, and is effectively its "contract value", that value is used for valuing the sub account and determining sub account unit values daily, and the sub account does not have to reflect the actual market values of the CIT's net assets. The John Hancock Stable Value Fund is reported at fair value. Fair value is calculated as the number of units of the sub account held on a particular date multiplied by the unit value on that date, and generally is the value that would be paid out for participant initiated or benefit withdrawals as defined in the CIT's Declaration of Trust.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There are no differences between the Financial Statements and the Form 5500.

NOTE 10 - SUBSEQUENT EVENTS

Management has evaluated events through August 25, 2022, the date on which the financial statements were available to be issued.

NOTE 11 – PLAN AMENDMENTS

Effective March 27, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective March 27, 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments due between March 27, 2020 and December 31, 2020 to be delayed for up to one year and the 5 year repayment period will disregard the 2020 year. The CARES Act also allowed participants to elect to skip any required minimum distributions for 2020.

Under the SECURE (Setting Every Community Up for Retirement Enhancement) Act, signed into law on December 20, 2019, plan participants are able to delay taking any required minimum distributions until age 72.

The Consolidated Appropriations Act of 2021 was signed into law on December 27, 2020 which includes a temporary rule that prevents a partial plan termination from occurring due to COVID-19 restrictions.
