Report of Independent Auditors

To the Participants and Administrator of
AlohaCare 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the AlohaCare 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (modified cash basis) ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements

are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions (modified cash basis) for the years ended December 31, 2020 and 2019, and the Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such

information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 31, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements (Modified Cash Basis)
December 31, 2021 and 2020

1. Description of Plan

The following description of the AlohaCare 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is sponsored by AlohaCare (the “Company” or “Employer”) and was initially adopted effective December 1, 1999. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration

Fidelity Management Trust Company (“Fidelity”) is the trustee of the Plan and manages a trust fund for the Plan on behalf of the Company. The trust agreement provides for Fidelity to also act as the investment manager for the trust fund and provide administrative services to the Plan.

Eligibility

Employees are immediately eligible to participate in the Plan after attaining the age of 21.

Contributions

Participants may contribute up to 25% of their pre-tax compensation, as defined in the plan agreement, pursuant to their respective executed salary reduction agreements. With Company approval, participants may contribute up to 100% of pre-tax compensation during the payroll periods specified by the Company and may also contribute up to 100% of any cash bonuses paid during the plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to the maximum allowed under the Internal Revenue Code (“IRC”).

The Company provides a safe harbor employer matching contribution of 100% of the first 3% and 50% of the next 2% of defined compensation that an active participant contributes to the Plan during the plan year.

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan, which are currently comprised of mutual funds and a common collective trust.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements (Modified Cash Basis)
December 31, 2021 and 2020

Vesting

Participants are immediately vested in their employee contributions plus actual earnings thereon. Effective January 1, 2012, participants are fully vested in all employer matching and non-elective employer contributions. Vesting in employer matching and non-elective employer contributions for participants terminated prior to January 1, 2012 is based on years of vesting service as follows:

Years of Vesting Service	Vested Interest
0	0 %
1	25 %
2	50 %
3	75 %
4+	100 %

Notes Receivable from Participants

Plan loans are available to all participants except an eligible employee making a rollover contribution without satisfying the active participant requirements.

Participants may borrow from the vested portion of their accounts, amounts up to the lesser of (a) \$50,000, reduced by the excess of the highest outstanding loan balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or (b) one-half the present value of the participant's vested interest in their account. The loans are collateralized by not more than 50% of the participant's vested interest in their account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are repaid ratably through payroll deductions.

Benefit Payments

Upon termination of the Plan or a participant's death, disability or termination, a participant or beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic installment payments as allowed for in the plan document.

Subject to the approval of the plan administrator, participants who suffer immediate and heavy financial need may apply for a hardship withdrawal. The minimum hardship withdrawal is \$500, and may extend up to the amount necessary to satisfy the hardship.

Forfeitures

Amounts forfeited during the year are held in a conservative investment account and may be used to reduce future employer contributions or pay for plan administrative expenses. There were no contributions forfeited during 2021. Forfeitures were used to pay for employer contributions of approximately \$140 in 2021. At December 31, 2021 and 2020, the Plan's forfeiture account amounted to approximately \$1,080 and \$140, respectively.

December 31, 2021 and 2020

Administrative Expenses

Administrative expenses not paid for by the Company are paid from the funds of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions or terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in the balances of their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are presented on the modified cash basis of accounting, a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, additions to net assets available for benefits are recognized when received rather than when earned, and deductions to net assets available for benefits are recognized when paid rather than when incurred. Investments are stated at fair value.

Use of Estimates

The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds and a common collective trust. In addition to credit risk, the mutual funds are exposed to market risk, while the common collective trust is exposed to interest rate risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

Fair Value Measurements

For financial and nonfinancial assets and liabilities reported at fair value, the Plan defines fair value as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants. The Plan measures fair value using observable and unobservable inputs based on the following hierarchy:

- **Level 1** – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

AlohaCare 401(k) Plan
Notes to Financial Statements (Modified Cash Basis)
December 31, 2021 and 2020

- **Level 2** – Inputs other than quoted market prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.
- **Level 3** – Unobservable inputs for an asset or liability reflecting the reporting entity's own assumptions. Level 3 inputs are used to measure fair value to the extent that observable Level 1 or Level 2 inputs are not available.

The level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Units of mutual funds are valued using quoted market prices in an active market or exchange and are generally categorized as Level 1 in the fair value hierarchy.

The Plan invests in the Fidelity Managed Income Portfolio, which is a common collective trust that invests in fully benefit-responsive investment contracts and fixed income securities. Fair value is determined using the cost method based on the net asset value of the common collective trust units invested in. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The common collective trust is categorized as Level 2 in the fair value hierarchy.

The Plan presents in the statement of changes in net assets available for benefits, the net appreciation in fair value of investments, which consists of realized gains and losses and the unrealized appreciation or depreciation on those investments.

Purchases and sales of securities are recorded on a settlement-date basis. Interest and dividend income are recorded when received.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income on notes receivable from participants is recorded when received. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid. There were no participant elections to withdraw funds, which remained unexecuted at December 31, 2021 and 2020.

Income Taxes

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Subsequent Events

The Plan has reviewed all events that have occurred from January 1, 2022 through October 10, 2022, the date that the financial statements were available for issuance, for proper accounting and disclosure in the financial statements.

3. Investments

The Plan's investments reported at fair value on a recurring basis have been categorized based on the fair value hierarchy in Note 2 at December 31, 2021 and 2020 as follows:

	Level 1	Level 2	Total
December 31, 2021			
Mutual funds	\$ 22,595,975	\$ -	\$ 22,595,975
Common collective trust	-	1,992,457	1,992,457
Total investments at fair value	<u>\$ 22,595,975</u>	<u>\$ 1,992,457</u>	<u>\$ 24,588,432</u>
December 31, 2020			
Mutual funds	\$ 17,984,440	\$ -	\$ 17,984,440
Common collective trust	-	2,366,105	2,366,105
Total investments at fair value	<u>\$ 17,984,440</u>	<u>\$ 2,366,105</u>	<u>\$ 20,350,545</u>

The following information has been certified as complete and accurate by Fidelity:

- All investments and notes receivable from participants reported in the statements of net assets available for benefits at December 31, 2021 and 2020.
- Net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants presented in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- All information presented in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021.

4. Tax Status

The Plan is relying upon an advisory letter issued by the Internal Revenue Service ("IRS") to Fidelity Management and Research Company under the IRS's preapproved plan program that the Plan constituted a qualified trust under Section 401(a) of the IRC and is therefore exempt from federal income taxes under provisions of Section 501(a). The Plan has been amended since receiving the advisory letter. However, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

5. Related-Party Transactions

Plan investments and notes receivable from participants are managed by Fidelity. Fidelity is the trustee and custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for investment management services amounted to \$555 for the year ended December 31, 2021.

6. Reconciliation of the Financial Statements to Schedule H of Form 5500

The following is a reconciliation of differences between amounts presented in the financial statements to Schedule H of Form 5500 as of December 31, 2021 and 2020, and for the year ended December 31, 2021:

	Per Audited Financial Statements	Differences	Per Schedule H of Form 5500
2021			
Net assets available for benefits	\$ 24,932,542	\$ 17,293	\$ 24,949,835
Net increase in net assets available for benefits	4,305,657	(65,174)	4,240,483
2020			
Net assets available for benefits	\$ 20,626,885	\$ 82,467	\$ 20,709,352

The Plan's common collective trust is valued using the contract value of its underlying investments in fully benefit-responsive investment contracts. This differs from the Form 5500 which reports the common collective trust's underlying investments in fully benefit-responsive investment contracts at fair value.
