Opinion

We have audited the accompanying financial statements of SchwabPlan Retirement Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the Table of Contents as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SCHWABPLAN RETIREMENT SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

1. Plan Description

The following description of the SchwabPlan Retirement Savings and Investment Plan (the Plan), which describes the terms of the Plan as of December 31, 2021, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a 401(k) salary deferral program sponsored by The Charles Schwab Corporation (CSC or the Company) and covers all eligible employees of CSC and participating affiliates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

401(k) Salary Deferral Program

Eligible employees may participate in the 401(k) salary deferral program upon their hire date. Employees who do not enroll are automatically enrolled at a pre-tax contribution rate of 6% and may stop contributions to the Plan at any time. Participants may elect to have up to 50% of their eligible compensation (generally defined as wages as reported on Form W-2) contributed directly to the Plan, not to exceed the limit on 401(k) deferrals under the Internal Revenue Code (IRC) (\$19,500 for 2021). Such contributions may be matched by CSC's contribution (Basic Match) equal to \$250 on the first dollar contributed and 100 percent of salary deferred, up to a maximum of 5% of eligible compensation. The Plan features an Annual Savings Adjustment Program that automatically increases current 401(k) contribution elections by 1% each year until the total contribution election reaches 15%. Eligible employees can choose to opt out at any time. The Plan also permits eligible participants who will reach age 50 or older before the end of the calendar year to make catch-up contributions up to 50 percent of their eligible compensation subject to the limit on catch-up contributions under section 414(v) of the IRC (\$6,500 for 2021). Catch-up contributions are not eligible for the Basic Match. The Basic Match contribution was provided by CSC in 2021. The Basic Match allocation is based on the participant's salary deferral contribution and eligible compensation.

Employees eligible to participate in the 401(k) salary deferral program are allowed to elect and make Roth 401(k) contributions, which are made on an after-tax basis. Combined pre-tax contributions and Roth 401(k) after-tax contributions may not exceed the limit on 401(k) deferrals under the IRC. CSC may match Roth 401(k) contributions in the same manner as the pre-tax 401(k) Basic Match. Any of CSC's Roth 401(k) match contributions are made on a pre-tax basis and will be taxable to the participant upon distribution from the Plan.

At the discretion of CSC, an additional contribution (Profit Contribution) based on CSC's performance may also be made. CSC's Profit Contribution, if any, is made in full or by installments in the subsequent year, at the Board of Directors' discretion. A participant must be an eligible employee on the last workday of the year to receive a Profit Contribution for that Plan year, have compensation not exceeding a dollar amount specified by the Board of Directors, and have completed a minimum number of hours of service (not to exceed 1,000 hours) specified by the Board of Directors. If a participant terminates employment during the year due to death, retirement, or disability as defined in the Plan, the participant is eligible to receive the Profit Contribution for that Plan year, if made. The Profit Contribution allocation, if made, is based on eligible compensation while an employee during the Plan year. No Profit Contribution was made by CSC in 2021.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant account is credited with the participant's contribution, the Basic Match, the Profit Contribution, if any, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be accumulated from the participant's vested account.

Investment Options

Participants have the option of investing in the index mutual funds according to an investment strategy developed through third-party personalized advice or on their own. The managed account service integrates independent, third-party advice from Morningstar Investment Management, LLC, and personal factors, such as participants' current 401(k) plan account balance, savings rate, and expected retirement age to create a personalized investment strategy.

SCHWABPLAN RETIREMENT SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

As of December 31, 2021, participants had 16 core investment options, which included mutual funds that cover stocks and bonds, common stock funds of CSC, and a money market fund.

The Plan also offers a self-directed brokerage account investment alternative called Schwab Personal Choice Retirement Account[®] (PCRA), which offers participants additional investment choices beyond the core investment options. Participants are responsible for paying trading fees and commissions, when applicable, in their PCRA. PCRA investments are regulated by ERISA and Plan policies. Participants may choose to invest all or part of their Plan balance in a PCRA.

Participants may invest their 401(k) contributions or rebalance their accounts in any or all of these options in increments of one percent.

Participant Notes Receivable

Participants may borrow a minimum of \$1,000 up to a maximum of the lower of: 50 percent of their 401(k) account balances, or \$50,000 reduced by their highest outstanding loan balance for the preceding 12 months. Loan terms may not exceed 5 years (or 15 years for the purchase of a primary residence). A loan is secured by the balance in the participant's account and bears interest at a rate equal to the prime rate at the time the loan application is made, plus one percent. Principal and interest are paid ratably through payroll deductions. Loan payoffs can be made with no prepayment penalties.

Vesting

Participants are immediately vested in their 401(k) contributions, rollovers, Basic Match, and investment earnings on these amounts. Vesting of the discretionary Profit Contribution is dependent upon the participants' number of years of service: 1 Year of Service – 0%; 2 Years of Service – 25%; 3 Years of Service – 50%; and 4 Years of Service or more – 100%. A year of service is defined as a calendar year during which the participant has completed at least 1,000 hours of service.

Distributions

A participant is entitled to receive a distribution of the vested portion of his or her account upon termination of employment for any reason, including death, disability, or retirement. If a terminated participant's vested balance does not exceed \$1,000, distribution will only be paid to the participant in a lump-sum upon termination with no option to postpone payment. For vested amounts of \$1,000 or more participants may elect different distribution options as defined by the Plan document. Distributions are also available in the event of certain defined events constituting financial hardship and upon meeting specific criteria. Once distributed to the participant, the hardship distribution cannot be deposited back into the participant's account. The Plan also allows a terminating participant to receive a distribution in-kind to a brokerage account with Charles Schwab & Co., Inc. (CS&Co), an indirect wholly-owned subsidiary of CSC, for certain mutual fund shares instead of cash, and permits a terminating participant to elect to receive, in cash or in-kind, the value of his or her account in the Plan that had been invested in CSC's common stock through investment in CSC's unitized stock funds.

Forfeitures

Participants forfeit any nonvested portion of any discretionary Profit Contribution upon termination of employment for any reason other than death, disability, or retirement. Retirement is defined as the earlier of age 55 with ten years of service or age 65 (age 50 with seven years of service for participants who were participating in the Plan as of December 31, 2008). The forfeited amount may be restored if the participant is rehired, depending upon the circumstances. Participants must also forfeit any Basic Match made in error. Forfeitures of any discretionary Profit Contributions or Basic Match arising during the Plan year are generally used to reduce the amount of the employer contribution for that year. During 2021, the forfeiture amounts used to reduce the employer contribution were not material.

Administrative Expenses

The Plan document provides for payment of professional fees and other administrative expenses by the Plan, but permits such expenses to be paid by CSC and its subsidiaries.

SCHWABPLAN RETIREMENT SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

Termination of the Plan

CSC has the right under the Plan document to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. CSC has not expressed any intent to terminate the Plan. In the event that the Plan is terminated, affected participants' account balances will become fully vested and account balances shall be paid in accordance with the Plan terms.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) in the United States, which require management to make certain estimates and assumptions that affect the reported amounts in the accompanying financial statements. Actual results may differ from these estimates.

Risks and Uncertainties

The investments of the Plan are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investments

The Plan's investments are stated at fair value. Fair value in relation to the Plan investments is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurement accounting guidance describes the fair value hierarchy for disclosing assets measured at fair value based on the inputs used to value them. The fair value hierarchy maximizes the use of observable inputs and minimizes the use of unobservable inputs. Observable inputs are based on market pricing data obtained from third-party sources independent of CSC. A quoted price in an active market provides the most reliable evidence of fair value and is generally used to measure fair value whenever available.

Unobservable inputs reflect management's judgment about the assumptions market participants would use in pricing the security. Where inputs used to measure fair value of a security are from different levels of the hierarchy, the security is categorized based on the lowest level input that is significant to the fair value measurement in its entirety. Assessing the significance of a particular input requires judgment. The fair value hierarchy includes three levels based on the objectivity of the inputs as follows:

- Level 1 inputs are quoted prices in active markets as of the measurement date for identical securities that CSC has the ability to access.
- Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the security, either directly or indirectly. Level 2 inputs include quoted prices for similar securities in active markets, and inputs other than quoted prices that are observable for the security, such as interest rates, benchmark yields, issuer spreads, new issue data, and collateral performance.
- Level 3 inputs are unobservable inputs for the security, and include situations where there is little, if any, market activity for the security.

Investments classified as Level 2 include positions that are not traded in active markets and/or are subject to transfer restrictions. The Plan did not adjust any valuations to reflect entity-specific illiquidity or non-transferability at December 31, 2021 or 2020.

CSC's common stock is valued at the closing price reported on the New York Stock Exchange on the last business day of the year. Shares of mutual funds and the money market fund are valued at the quoted net asset value of shares held by the Plan at

SCHWABPLAN RETIREMENT SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

year end. Investments held in a PCRA are valued using quoted market prices at year end, when available. When quoted prices do not exist, investments are valued using quoted prices for similar securities and valuations provided by alternative pricing sources supported by observable inputs.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Distributions and benefits are recorded when paid or at the time of in-kind distribution.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned by such investments on a daily basis and are not separately disclosed on the statement of changes in net assets available for benefits.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are considered delinquent upon becoming 90 days past due as to interest or principal. Delinquent participant loans are recorded as distributions based on the terms of the Plan document and are reported as taxable income to the participant regardless of whether the loan amount was provided from pre-tax or after-tax accounts.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative functions are performed by officers or employees of CSC or its subsidiaries. No such officer or employee receives compensation from the Plan. The day-to-day operation of the Plan involves expenses for basic administrative services, such as plan recordkeeping, accounting, and legal and trustee services, which are necessary for administering the Plan as a whole. Additional services, such as telephone voice response systems, access to a customer service representative, educational seminars, retirement planning software, investment advice, electronic access to plan information, daily valuation, and online transactions, can result in additional administrative expenses. The investment managers' fees applicable to each investment fund are netted against the related investment income before investment income is allocated to participants' accounts. Fees for managed account services provided by an independent third-party are charged directly to participant accounts only for individuals that use this service. Revenue sharing received from investments in mutual funds and other revenue to CS&Co from recordkeeping and related services are used to offset administrative fees. The remaining administrative fees associated with the Plan are paid by CSC and its subsidiaries.

3. Party in Interest Transactions

The party in interest transactions described below are covered by exemptions from the prohibited transaction provisions of ERISA and the IRC. CSC, the Plan Sponsor as defined in ERISA 3(16)(B), provides services to the Plan through its separate but affiliated companies and subsidiaries. Under the Plan, CS&Co serves as the Named Fiduciary and Plan Administrator as defined in ERISA 402(a) and ERISA 3(16)(A), respectively. CS&Co also provides brokerage products and services, including a PCRA. Schwab Retirement Plan Services, Inc., a wholly-owned subsidiary of CSC, provides recordkeeping and related services to the Plan. Charles Schwab Trust Bank, a wholly-owned subsidiary of CSC, provides the Plan with trust and custody services and deposit products. Charles Schwab Investment Management, Inc., provides investment management services to proprietary funds offered as investment options in the Plan.

At December 31, 2021 and 2020, the Plan held 10,262,934 and 11,398,421 shares, respectively, of CSC common stock. The dividend income earned on the CSC common stock held by the Plan was \$7,657,758 for the year ended December 31, 2021.

4. Fair Value Measurements

For a description of the fair value hierarchy and the Plan's fair value methodologies, see Note 2.

The following tables present the fair value hierarchy for the Plan's investments measured at fair value:

Total investments at fair value	\$ 6,081,696,176	\$ 17,866,339	\$ —	\$ 6,099,562,515

5. Tax Status

The Internal Revenue Service (IRS) informed CSC in a favorable determination letter dated October 12, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan and related trust are currently being operated in compliance with those sections. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Subsequent Events
