INDEPENDENT AUDITOR'S REPORT

To the 401(k) Plan Committee
Liturgical Publications, Inc. Employee Incentive Savings Plan
New Berlin, WI

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Liturgical Publications, Inc. Employee Incentive Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Liturgical Publications, Inc. Employee Incentive Savings Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Liturgical Publications, Inc. Employee Incentive Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Liturgical Publications, Inc. Employee Incentive Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Liturgical Publications, Inc. Employee Incentive Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Liturgical Publications, Inc. Employee Incentive Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) and Schedule H, Line 4a – Schedule of delinquent participant contributions as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Liturgical Publications, Inc. Employee Incentive Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 14, 2021, we indicated that (a) because of the significant of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE A -- Description of plan and significant accounting policies

The following brief description of Liturgical Publications, Inc. Employee Incentive Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. Liturgical Publications, Inc., (the employer) has adopted the OneAmerica Financial Partners Inc.'s Volume Submitter Profit Sharing Plan effective April 1, 2017. The initial effective date of the Plan was January 1, 1985.

Effective May 21, 2021, the Plan was amended to change its trustee and asset custodian from BMO Harris Bank, N.A. (BMO) to Matrix Trust Company (Matrix).

General

The Plan was established to provide retirement benefits to eligible employees of the employer. The Plan is a defined contribution plan covering all employees who are 19 years of age and have completed 30 days of employment for all contribution types. Participants meeting eligibility requirements may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). The Plan's 401(k) Plan Committee oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan's federal identification number is 39-1160869, and the Plan's number is 001.

Contributions

Each year, participants may contribute any combination of pre-tax and Roth deferrals up to 100% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment feature whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible employees' compensation and an automatic deferral rate increase of 1% per year, up to a maximum of 10% of compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant.

The employer may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participant elective deferrals. The matching criteria is updated at the discretion of the employer each year. The employer made discretionary matching contributions of 35% of the first 6% of the participant's eligible compensation for the year ended December 31, 2021. Additional employer non-elective contributions may be contributed at the discretion of the employer's Board of Directors. No non-elective contributions were made for 2021. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

NOTE A -- Description of plan and significant accounting policies (Continued)

Participant accounts and “rollovers”

Each participant’s account is credited with the participant’s contribution and allocations of (a) the employer’s discretionary contribution, (b) Plan earnings and (c) charged with an allocation of administrative expenses. Allocations of Plan earnings are based on participant account balances, as defined, and allocations of employer contributions are based on participant compensation, as provided in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The Plan permits the rollover of funds from other qualified plans to a participant’s account.

Vesting

Participants are immediately vested in their contributions and employer discretionary matching and non-elective contributions, plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant’s account and bear interest at a rate between 3.25% and 5.50%. Principal and interest is paid ratably through bi-weekly payroll deductions.

Benefits

On termination of service due to death, disability or retirement (age 65), a participant may receive an amount equal to the value of the participant’s vested interest in his or her account. A participant with an account valued at less than \$5,000 shall receive a lump-sum distribution. For accounts exceeding \$5,000, the participant may elect a lump-sum distribution, installments, or an annuity. The Plan permits in-service distributions at age 59½. In addition, hardship distributions are permitted if certain criteria are met.

Forfeited accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$483 and \$474, respectively. These accounts will be used to reduce Plan expenses first, and then to discretionary matching contributions. In 2021, there were no Plan expenses or matching contributions reduced from forfeited nonvested accounts.

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the Plan are prepared in conformity with accounting standards generally accepted in the United States of America (U.S. GAAP) under the accrual method of accounting.

Cash

The Plan maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. Management believes it is not exposed to any significant credit risk on cash.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE A -- Description of plan and significant accounting policies (Continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and asset custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid. At December 31, 2021 and 2020, amounts for distributions to participants who have requested a distribution from the Plan prior to the Plan year end but were not yet paid at the Plan year end were \$0 and \$33,774, respectively.

Administrative expenses

The Plan pays for the major administrative expenses including external audit, advising and recordkeeping fees. The employer pays some of the administrative and recordkeeping fees of the Plan, which are excluded from these financial statements.

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded.

NOTE B -- Information certified by the trustee and asset custodian

Certain information related to cash, investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments, cash, and notes receivable from participants held at December 31, 2021 and 2020, and interest, dividends, net appreciation, other income, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by BMO and Matrix, the asset custodians and trustees of the Plan.

NOTE C -- Fair value measurements (Continued)

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Registered investment companies. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Collective trust fund. A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021 are reported in net appreciation in fair value of investments.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE D -- Party-in-interest transactions

BMO and Matrix are the trustees and asset custodians of the Plan during the year ended December 31, 2021, and are therefore designated as a fiduciary and party-in-interest.

Certain Plan investments are managed by OneAmerica. OneAmerica is the recordkeeper for the Plan, and therefore, these transactions qualify as party-in-interest transactions.

OneAmerica provided certain administrative services to the Plan pursuant to a Master Plan Services Agreements (MSA) between the Company and OneAmerica. OneAmerica received revenue from mutual fund service providers for services they provided to the funds. This revenue was used to offset certain amounts owed to them for their administrative services to the Plan.

If the revenue received by each party from such mutual fund service providers exceeded the amount owed, they remit the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2021, excess amounts totaled \$14,103. The Plan or plan sponsor may make a payment to each party for administrative expenses not covered by revenue sharing.

Fees were also paid by the Plan during the year for advisory and auditing services rendered to Spectrum Investment Advisors, Inc. and SVA CPAs, respectively. These transactions also qualify as party-in-interest transactions.

NOTE E -- Tax status

The OneAmerica Financial Partners Inc. Volume Submitter Profit Sharing Plan, referred to in Note A, that the Plan has adopted effective April 1, 2017, obtained its latest opinion letter on November 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE F -- Plan termination

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE G -- Concentration of market risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2021, to Form 5500:

Changes in net assets available for benefits per the financial statements	\$ 3,703,064
Amounts allocated to withdrawing participants	33,774
Participant loans reduced by deemed distributions	<u>(90)</u>
Net income per the Form 5500	<u>\$ 3,736,748</u>

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, 2020, but not yet paid as of that date.

NOTE I -- Plan amendments

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was passed and signed into law providing assistance to employees in addressing financial needs during the crisis. The CARES Act contains a number of changes to enhance availability of funds to plan participants. As a result, management reviewed the available provisions permitted under the regulations and elected to implement the CARES Act provisions for loans and distributions, with the exception of the deferment of loan payments, as defined under the Act.

LITURGICAL PUBLICATIONS, INC. EMPLOYEE INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE J -- Delinquent participant contributions

The plan sponsor did not comply with Department of Labor Regulation 2510.3-102 requiring the deposit of employee deferrals into the Plan trust as soon as the contributions can reasonably be segregated from the employer's general assets, but no later than 15 business days following the month in which the deferrals were withheld from the employees, a nonexempt transaction with a party-in-interest (prohibited transaction). The plan sponsor contributed \$9 to the Plan in order to correct for the lost earnings to the participants calculated as a result of the prohibited transaction related to the year ended December 31, 2021. A summary of the delinquent contributions is presented in the supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions.

NOTE K – Subsequent events

Subsequent to year-end, effective January 1, 2022, the Plan was amended to change the vesting schedule for employer matching contributions from 100% immediate vesting to a modified vesting schedule of 33% after 1 year of service, 66% after 2 years of service, and 100% after 3 years of service. Additionally, effective January 1, 2022, management changed the discretionary matching contributions to 50% of the first 6% of the participant's eligible compensation.

Subsequent to year-end, effective July 1, 2022, the Plan was restated to bring the plan in compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37 (i.e. the 6-year pre-approved plan restatement cycle).

These financial statements have not been updated for subsequent events occurring after October 3, 2022, which is the date these financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

TERMS, CONDITIONS AND REQUIRED DISCLOSURES

The Plan's third-party administrator may impose administration fees, which are in addition to the afore-mentioned fees. The afore-mentioned fees do not include investment manager or consultant fees. The afore-mentioned fees do not include any brokerage or other sub-custodian commissions, unless otherwise noted. The afore-mentioned fees also do not include mutual fund sales charges/loads or brokerage commissions imposed by broker-dealers or mutual fund families. An applicable mutual fund prospectus or statement of additional information may provide for the waiver of plan level mutual fund sales charges/loads. In order for the fees to be included, the Plan Sponsor or the Responsible Plan Fiduciary or a person identified by the Plan Sponsor or the Responsible Plan Fiduciary to act as the Authorized Person (the "Authorized Person") may be required to complete additional documentation. The afore-mentioned fees also do not include real estate appraisal fees, annual inspection costs, insurance premiums or other like costs associated with any real property that may be held in the account.

The fees listed in the Trust/Custody Services section are charged on a per plan basis and include:

- Electronically transmitted transactions
- Asset transfer and set-up in one account per plan
- Quarterly and annual statement (maximum of two duplicate sets)
- Proxy delivery to the Responsible Plan Fiduciary or other designated party
- Wire receipts for employer and employee contributions and master note loan repayments (if applicable)
- Interest, dividend, and capital gains posting; processing of capital changes (splits, reorganizations, etc.)

Additional fees may be charged for:

- Extraordinary services
- Checks received with insufficient funds
- Overnight mailing (\$25 per mailing)

Fees are billed quarterly in arrears directly to OneAmerica. Asset based fees will be calculated utilizing a daily average balance for the invoice period. To the extent Matrix Trust fees are paid by the account, the fees represent direct compensation paid to Matrix Trust. To the extent that Matrix Trust fees are paid by OneAmerica or the Plan Sponsor and not reimbursed by plan assets, the fees do not represent direct or indirect compensation paid to Matrix Trust for purposes of 408(b)(2). Matrix Trust fees outstanding for more than 90 days from the billing date may be deducted directly from the account.

I. INDIRECT COMPENSATION

Matrix Trust may receive indirect compensation in connection with Services:

- in the form of "float" income, and
- through its affiliate(s) and/or other parties as described below, and to the extent applicable, with respect to Investment Related Administrative Fee Services, Brokerage Accounts, Retirement Cash Account, ModelTool(K)it™, Level Compensation Services, ETF Trading Services, ETF/Closed End Fund Trading Services, Stale Dated Check Services, and Proceeds of Corrective Transactions.

A. CASH SUB-ACCOUNTING SERVICES/FLOAT INCOME

Matrix Trust also provides sub-accounting services to certain banking institutions, with respect to cash held on a short-term basis in their omnibus accounts. With respect to the Plan, this may occur where, for example, Plan funds are awaiting investment, distribution or other processing. As described below under the section titled: "Matrix Trust - Float Disclosure for Employee Benefit Plans," Matrix Trust may derive compensation from the use of this short-term cash, which is referred to as "float income." Currently, Matrix Trust has arrangements with two banks – JP Morgan Chase and TD Bank – under which the banks pay float income to Matrix Trust in exchange for its sub-accounting services. Float income is reflected as an earnings credit or service fee on monthly bank invoices.

The exact amount of float income credited from these two banks to Matrix Trust cannot be described in precise terms, because the rate of float income paid fluctuates over time (it generally tracks the Federal Funds Rate), and it is also impossible to predict exactly how much Plan cash will be held on a short-term basis, and for how long. Please refer to the section below titled "Matrix Trust - Float Disclosure for Employee Benefit Plans" for more information.

B. MATRIX TRUST - FLOAT DISCLOSURE FOR EMPLOYEE BENEFIT PLANS**1. Additional Compensation Attributable to Float**

Matrix Trust may derive compensation from the use of cash held on behalf of client plans pending investment, distribution or other processing. This compensation is referred to as "float". The disclosures contained in the following paragraphs have been prepared in accordance with U.S. Department of Labor guidance contained in Field Assistance Bulletin 2002-3 concerning service provider float disclosure obligations to employee benefit plan customers.

In connection with Matrix Trust's provision of services to plan customers, Matrix Trust maintains various banking arrangements to facilitate movements of cash as necessary to process plan customer transactions, including arrangements with one or more banks. Under these arrangements, cash may be held in general or "omnibus" bank accounts established by or at the direction of Matrix Trust, pending investment, trade settlement, or the presentment of distribution checks for payment. These accounts generate float earnings for Matrix Trust. The proportionate share of those earnings attributable to the funds of a particular plan constitutes compensation that is paid by the plan and retained by Matrix Trust in connection with Matrix Trust's services and is in addition to any other fees or compensation payable under the service arrangement.

As of the date of this disclosure, Matrix Trust's only banking arrangements described above are with JPMorgan Chase, N.A. and TD Bank, N.A, both of which are unaffiliated institutions to Matrix Trust.

The paragraphs below describe the specific circumstances under which float will be earned and retained, the time frames applicable to float earnings periods, and a general description of the rate of float earnings.

2. Circumstances and Time Frames During Which Float May Be Earned

a) Contributions

Plans direct cash contributions to Matrix Trust through a demand deposit account Matrix Trust maintains for that purpose. Matrix Trust credits the amount of a plan's cash contribution to the plan's Matrix Trust account ("**Client Account**") on the business day it is received. If the Client Account uses a cash sweep, the cash contribution is swept from the demand deposit account and invested on the plan's behalf on the next business day. Matrix Trust earns float on the cash contribution between the business day of deposit and the next business day. A "business day" is a day on which the New York Stock Exchange is open for business.

If a Client Account does not use a cash sweep, Matrix Trust earns float on the cash contribution from the business day of deposit until Matrix Trust receives investment instructions from the plan and the investment transaction settles. Upon Matrix Trust's receipt of investment instructions in good order, settlement of mutual fund trades generally occurs within one business day and settlement of individual securities trades (*i.e.*, stocks and bonds) generally occurs within three business days.

b) Purchases of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to purchase a security for a Client Account, Matrix Trust places the purchase trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the purchase trade order is placed on the next business day.

When Matrix Trust settles a purchase trade order for a Client Account, Client Account assets required to pay for the purchase are transferred to a demand deposit account maintained by Matrix Trust on the trade settlement date. When a purchase trade order is cancelled or rejected, the funds previously set aside to pay for the purchase are re-credited to the Client Account and either invested through the cash sweep, if applicable, or retained in the deposit account pending other investment instructions, as described above.

c) Sales of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to sell a security for a Client Account, Matrix Trust places the sale trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the sale trade order will be placed on the next business day.

When Matrix Trust places or settles a sale trade for a Client Account, the Client Account receives the sales proceeds on the trade settlement date. If the Client Account does not use a sweep, Matrix Trust will earn float from the date Matrix Trust receives the sale settlement proceeds until Matrix Trust receives instructions to reinvest the sale proceeds as described above.

d) Payments from Client Accounts

Matrix Trust may earn float when it issues checks on behalf of plans including checks for (i) distributions to participants and/or beneficiaries, (ii) participant loan distributions, or (iii) fees paid to plan service providers. Matrix Trust does not earn float when payments or distributions are made by direct deposit (ACH) or by a federal funds wire transfer.

Matrix Trust will mail a distribution check to a plan participant or beneficiary on the payable date (the date printed on the check). On the same day, Matrix Trust debits the Client Account in the amount of the check. Matrix Trust will earn float on the amount of the check from the date the check is issued until the date the check is presented and paid.

Where Matrix Trust has been directed to establish periodic or recurring distribution checks, such payments are typically mailed to plan participants and beneficiaries prior to the payable date (for example, periodic payments are mailed six business days prior to the payable date). Matrix Trust debits the Client Account in the amount of the checks on the payable date. Matrix Trust is able to mail the checks before assets are withdrawn from the Client Account and sold because periodic distributions are of a predictable amount (generally a set dollar amount each payment cycle). Matrix Trust will only earn float on the amount of the check from the date the check is payable until the date check is presented and paid.

On a periodic basis, Matrix Trust will notify clients of outstanding periodic and lump sum distribution checks that Matrix Trust has issued. If an originally-issued check is reported lost or missing, Matrix Trust will re-issue the check upon receipt

of direction from the client and/or other authorized party to instruct on the account. If the participant or beneficiary does not negotiate the check within a reasonable time, Matrix Trust reserves the right to re-credit (redeposit) the payment to the Client Account and to invest these funds at the direction of a Client Account fiduciary, or to disburse the funds as directed or otherwise in accordance with applicable law.

3. Rate On Float Earnings

The rate at which Matrix Trust earns float over the time periods described above is generally comparable to the effective Federal Funds Rate as reported in the Wall Street Journal over the applicable time frame.

C. INVESTMENT RELATED ADMINISTRATIVE FEE SERVICES (if elected and to the extent applicable)

Where Matrix Trust has been so authorized, Matrix Trust through its affiliate and registered broker dealer, MSCS Financial Services Division of Broadridge Business Process Outsourcing, LLC ("**MSCS Financial**"), may receive fees from certain investment companies, mutual funds, stable value funds, guaranteed investment contracts, guaranteed annuity contracts and similar investment vehicles (the "**Funds**") in the form of 12b-1 fees or firm concessions (*i.e.*, finders fees), or in the form of shareholder servicing, sub-transfer agent and sub-accounting fees ("**Mutual Fund Fees**").

Matrix Trust will pass through 100% of Mutual Fund Fees to OneAmerica. The amount of such Mutual Fund Fees as paid by the Funds is subject to change at any time.

If the Plan is trading on Matrix Trust's trading platform and Mutual Fund Fees are available for the plan investment options selected for the Plan, available Mutual Fund Fees are identified on the Plan fund list in the Sub-TA and 12b-1 columns for each investment option listed and is paid by the investment provider offering the fund.

D. CERTAIN BROKERAGE ACCOUNTS (if elected and to the extent applicable)

If your Plan offers a self-directed brokerage account ("**SDBA**") option to Plan participants, SDBA balances remain subject to the services and fees described under other sections of this schedule, to the extent applicable.

Also, where the named Fiduciary of the Plan and/or its authorized representative(s) has directed Matrix Trust to establish an SDBA that is a TD Ameritrade Brokerage Account, pursuant to an agreement with TD Ameritrade, Matrix Settlement and Clearing Services, LLC ("**MSCS**") will provide account reconciliation services, account set-up and maintenance, movement of cash between the Plan's core accounts and SDBAs, and related administrative tasks. For these services and others, MSCS will receive quarterly, in arrears, an amount equal to 0.0175% (1.75 basis points) of the value of Plan assets in the TD Ameritrade SDBAs during such quarter, based on the average of the Plan assets held in the SDBAs on the last business day of each month in the applicable quarter. This rate shall apply for the calendar quarter ending March 2020 and shall decrease as follows to 0.01% (1 basis point) for the calendar quarter ending June 2020, then 0.0075% (0.75 basis points) for the calendar quarter ending September 2020, then 0.005% (0.5 basis points) for the calendar quarter ending December 2020 with subsequent quarters to be calculated at the rate of 0.00375% (0.375 basis points). **TD Ameritrade pays these fees to MSCS.**

In all cases, the fees described above do not include brokerage commissions or other fees payable to TD Ameritrade, or other SDBA provider, who are unaffiliated with Matrix Trust, MSCS and MSCS Financial.

E. RETIREMENT CASH ACCOUNT (if elected and to the extent applicable)

Matrix Trust receives fees with respect to the Retirement Cash Account, to the extent permitted by Applicable Rules, for providing services with respect to the account and the accountholders. Specifically, as provided under an agreement with JPMorgan Chase Bank, N.A. ("**JPMCB**"), Matrix Trust receives a servicing fee in exchange for providing sub-accounting and support services, processing transactions and reconciling aggregate account activity with respect to funds deposited in the Retirement Cash Account with JPMCB. The servicing fee is deducted by Matrix Trust from the total interest paid to Matrix Trust by JPMCB, and is the difference between the total interest rate paid to Matrix Trust by JPMCB and the stated interest rate paid to plan participants on their investments in the Retirement Cash Account. In other words, the servicing fees paid to Matrix Trust reduce the interest rate paid to plan participants by a corresponding amount.

At each rate of total interest paid by JPMCB (from 0.00% up to 5.00%), the share of such total interest that is credited as the "stated rate" of interest to plan participants on their Retirement Cash Account balances, and the share of such total interest that is retained by Matrix Trust as its servicing fees, are set forth under a pre-established rate table. Such servicing fees are based on the average daily deposit balances in the Retirement Cash Account. The rate of the servicing fee that Matrix Trust receives may exceed the interest rate or effective yield the depositors receive from the Retirement Cash Account. No portion of these servicing fees will reduce or offset the fees otherwise due to Matrix Trust unless required by Applicable Rules. "Applicable Rules" means all applicable federal and state laws, rules and regulations, rules of any self-regulatory organization, and the constitution and applicable rules, regulations, customs, and usages of the exchange or market and its clearinghouse. Unless stated otherwise in Schedule 1, other than the applicable fees charged on plan custody accounts, there are no separate charges, fees (other than the servicing fee described above), or commissions paid to Matrix Trust or its affiliates as a result of, or otherwise in connection with, the Retirement Cash Account.

For more specific information, the current interest rate payable at any given time will be available online at:
<https://www.broadridge.com/resource/matrix-trust-company>.

A copy of the full rate table and the current interest rate payable at any given time may be obtained by calling Matrix Trust Client Services at 888-947-3472.

Current Retirement Cash Account disclosures and rates payable are likewise available online at:
<https://www.broadridge.com/assets/pdf/broadridge-msb-retirement-cash-account.pdf>.

As of December 1, 2020, the total rate of interest being paid by JPMCB is 0.28%, and as provided in the rate table, this means that Matrix Trust's servicing fees are equal to 0.20%. However, as the total interest rate paid by JPMCB increases, the servicing fees will likewise increase, and if the total interest rate paid by JPMCB decreases, the servicing fees will likewise decrease. While the full rate table is available and accessible (as explained above), it is very voluminous. However, the following summarizes the general ranges of the stated interest rates paid to Plan participants and Matrix Trust's servicing fees at various rates of total interest, as determined under the rate table:

When the total rate of interest paid (annually) by JPMCB is between:	The stated interest rate paid to plan participants ranges from:	The servicing fees retained by Matrix Trust ranges from:
0.00% and 0.50%	0.00% and 0.13%	0.00% and 0.37%
0.51% and 1.00%	0.13% and 0.25%	0.38% and 0.75%
1.01% and 2.00%	0.26% and 0.50%	0.75% and 1.50%
2.01% and 3.00%	0.51% and 1.23%	1.50% and 1.77%
3.01% and 4.00%	1.23% and 1.90%	1.78% and 2.10%
4.01% and 5.00%	1.91% and 2.63%	2.10% and 2.37%

Based upon the total rates of interest paid by JPMCB in recent periods, and the total rates of interest that Matrix Trust generally expects that JPMCB would intend to pay in the future, a reasonable estimate of the servicing fees retained by Matrix Trust would usually be between 0% and 2.37%. However, we should emphasize that Matrix Trust cannot control or predict the total interest rates payable by JPMCB in the future, which makes it impossible to predict the rate of Servicing Fees we will receive at any given time. Therefore, to help you make a fully informed decision about whether to utilize (or continue utilizing) the Retirement Cash Account at any given time, we strongly recommend that you access the online materials or contact Matrix Trust Client Services as described above, to be provided with more detailed information.

F. MODELTOOL(K)IT™ SERVICES (if elected and to the extent applicable)

Where the named Fiduciary of the Plan and/or its authorized representative(s) has entered into an agreement to subscribe to ModelTool(k)it™ ("MTK") for the Plan, a total annual fee of 0.025% (2.5 basis points), the ModelTool(k)it™ Platform Fee, charged monthly in arrears applies to the market value of assets covered under the MTK agreement. This fee is deducted directly from the Plan account from the assets covered under the MTK agreement. Of the total fee, a third-party subcontractor of MSCS, Envestnet Retirement Services ("ERS") receives approximately (no less than) 0.02% (2.0 basis points) as its compensation for providing services detailed in the Plan's MTK agreement, and MSCS itself will retain approximately (no more than) 0.005% (0.5 basis points) for facilitating MTK as a service on the MSCS trading platform. All other applicable services and fees will continue to apply, except that if investments subject to the MTK agreement generate Mutual Fund Fees, MSCS Financial will collect such Mutual Fund Fees as compensation, but Matrix Trust will credit back Administrative Fees in an amount equal to one hundred percent (100%) of such Mutual Fund Fees to the TPA.

G. LEVEL COMPENSATION SERVICES (if elected and to the extent applicable)

Where the named Fiduciary of the Plan has engaged a broker (registered representative) whose firm utilizes the Matrix Trust Level Compensation Services, in addition to any other applicable services and fees, MSCS Financial will serve as Broker of Record for investment transactions, and will retain up to 0.02% (2 basis points) of the Plan's total assets, with such fees coming from any 12b-1 fees and shareholder servicing ("Level Compensation Fees") it collects from Funds on behalf of the broker. For certain Plans whose investment lineup pays differing compensation per investment, brokers may receive Level Compensation Fees based on an approximate weighted average ("Weighted Average") of fees paid by or on behalf of Funds. Where Weighted Average is in place, MSCS Financial may retain an overage in the amount fees received from or on behalf of the Funds. This overage amount may be an amount up to 0.05% (5 basis points) of Plan assets because Weighted Average Level Compensation Fee percentages are set by MSCS on 0.05% (5 basis point) increments. If you have engaged an investment adviser for your plan whose firm utilizes the RIA Remittance Services of the MSCS Level Compensation Services, in addition to any other applicable services and fees, MSCS will be paid a fee of up to 0.015% (1.5 basis points) of the Plan's total assets (also referenced as "Level Compensation Fees"). With respect to brokers, the Level Compensation Fees are in exchange for MSCS Financial's administrative services in collecting and distributing Level

Compensation Fees to the broker. With respect to investment advisers, the Level Compensation fees are in exchange for MSCS's administrative services in collecting from the TPA and distributing to the investment adviser the adviser's advisory fees (*i.e.*, facilitating RIA fee remittance services). Per the agreement setting forth the Level Compensation Services between MSCS and the broker-dealer or investment advisory firm, this compensation is deducted from Level Compensation Fees as received from the Plan's Funds.

H. ETF/CLOSED END FUND TRADING SERVICES (if elected and to the extent applicable)

In addition to all other applicable services and fees, if the Plan offers one or more exchange-traded funds ("ETFs") and/or closed end funds ("CEFs") as investment options to Plan participants, a third-party subcontractor of MSCS, Virtu Americas LLC ("Virtu") (formerly known as "Knight Capital Group" or "KCG") receives certain commissions for executing ETF/CEF trades processed on the MSCS trading platform (per the agreement between Matrix Trust/MSCS and the TPA). Per the agreement between Matrix Trust/MSCS and the TPA, the commissions paid to Virtu are generally deducted directly from the Plan account (*i.e.*, "netted" from the ETF/CEF trade) unless, per the agreement between Matrix Trust/MSCS and the TPA, the TPA is invoiced for such charges instead. Virtu's commission charges, as the executing ETF/CEF broker, are:

- \$0.01 per share per ETF/CEF trade received by MSCS prior to 3:00 pm Eastern Time, or one (1) hour prior to market close, with market on close execution; or
- \$0.005 per share per ETF/CEF trade processed during market hours (with pricing changing throughout the trading day).

MSCS (along with Matrix Trust and MSCS Financial) does not retain any of Virtu's commissions described above; rather, Virtu receives 100% of these additional ETF/CEF commissions. However, Virtu's commissions are in addition to, not in lieu of, all other applicable fees, including but without limitation the Administrative Fees described above under the heading "Investment Related Administrative Fee Services".

ETF/CEF trade instructions may be received by MSCS after market close. When this occurs, the transaction will be processed the following business day. Because the price of an investment may change between the receipt of instructions and the execution of instructions, a transaction may result in either a shortfall or an excess. If the transaction results in a shortfall, Matrix Trust will promptly cover the shortfall to the extent necessary to process the transaction based on the price that would have been paid or realized by the Plan had the transaction been processed on the day Matrix received instruction. If the transaction results in an excess, Matrix Trust will retain the amount of the excess in a suspense account to be applied to future shortfalls.

I. STALE DATED CHECK SERVICES

Matrix Trust provides services to assist with the resolution of Plan participants' stale dated checks, as directed by an Authorized Person. Where the named Fiduciary of the Plan and/or its authorized representative(s) has elected to utilize certain services to assist in the resolution of participant related stale dated checks, a subcontractor to Matrix Trust and MSCS, PBI Research Services, Pension Benefit Information, LLC ("PBI"), receives \$40 per check as direct compensation which is deducted directly from the Plan (*i.e.*, from the stale check amount). This compensation to PBI is for its services which includes conducting a search, related communications, and distributing funds to affected Plan participants. All float income to Matrix Trust will cease with respect to the stopped check from the time the check is stopped, but float income related to the period beginning with the issuance of the distribution check through the date the check was stopped will be retained by Matrix Trust.

J. PROCEEDS OF CORRECTIVE TRANSACTIONS

Matrix Trust receives investment instructions and, although rare, occasional errors in the instructions themselves or the processing of instructions may occur. The causes of such errors may include, but are not necessarily limited to, entry of an erroneous trade ("buy" vs. "sell," or vice versa), dollar amount or number of shares, incorrect identification of the security, duplication of orders (such as, instructions entered more than once), or untimely transmittal of instructions. When an error is discovered, action is taken to correct the transaction in a manner intended to avoid or minimize harm or disruption to the Plan. Because the price of an investment may change between the processing of erroneous instructions and the execution of corrective instructions, a corrective transaction may result in either a shortfall or an excess. If the error originates with Matrix Trust and the corrective transaction results in a shortfall, Matrix Trust will promptly cover the shortfall to the extent necessary to process the transaction based on the price that would have been paid or realized by the Plan had the transaction been processed as instructed. If the corrective transaction results in an excess, Matrix Trust will retain the amount of the excess in a suspense account to be applied to future shortfalls resulting from trade errors. Consistent with positions expressed by the U.S. Department of Labor, any such excess proceeds may be treated as compensation to Matrix Trust for its services. The amount of any such compensation cannot be predicted in advance, but generally is not expected to be material over time.

II. NON-MONETARY COMPENSATION

Matrix Trust and MSCS Financial maintain policies that place limits on the circumstances under which gifts, travel and entertainment may be accepted by employees. **Other than for modest gifts given or received in the normal course of business, employees are not permitted to receive gifts from clients and vendors.** Under the 408(b)(2) regulation, a service provider's acceptance of these non-monetary items may involve the receipt of indirect compensation from a plan where the value attributable to the plan, on a pro rata

basis, exceeds \$250 over the term of the plan's contract with the service provider. In light of the policies, Matrix Trust does not anticipate that the value of any such non-monetary items will approach the \$250 threshold with respect to the plan.

III. MISCELLANEOUS

Matrix Trust reserves the right to decline acceptance of any Plan assets not discussed during the original account acceptance process. Matrix Trust reserves the right to amend this fee schedule at any time with a 30 day advance written notice to the Plan Sponsor, or such other time period as specified within the Client Agreement covering the Services.
