Independent Auditor's Report

To the Plan Administrator of the
Jonah Energy 401(k) Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jonah Energy 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Summary Description of the Plan

The following description of the Jonah Energy 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and Plan Document for a more complete description of the Plan’s provisions.

Nature of Operations

The Plan became effective on June 1, 2014 and is a defined contribution profit sharing plan covering all eligible employees of Jonah Energy LLC (the “Company” or “Employer”).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation. The Plan is intended to be a “Qualified” plan under Internal Revenue Code (“IRC”) Section 401(a).

Trustee and Administration of the Plan

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (“Trustee” or “Principal”) is the Trustee and provides recordkeeping and other administrative services. The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with provisions of the service provider contract with the Company. All assets of the Plan are in investment plan accounts at Principal.

Eligibility

Employees are eligible for participation in the Plan immediately upon hiring unless the employee is: (i) represented by a bargaining unit that has bargained with the Company in good faith on the subject of retirement benefits; (ii) a nonresident alien with no U.S. income or all such income is exempt from U.S. income tax; (iii) a leased employee; (iv) an intern; (v) an individual who is considered an independent contractor or an employee of an independent contractor who is later determined by the Internal Revenue Service (“IRS”) to be an employee of the Company; (vi) an expatriate covered by employer’s retirement plan in the employee’s country of residence; or (vii) part time, seasonal, or temporary employees scheduled to work less than 1,000 hours (however these employees become eligible upon meeting 1,000 hours of service in a year).

Contributions

Participants are eligible to contribute on a pre-tax or Roth after-tax basis up to 75% of their annual compensation, subject to the limits of IRC Section 402(g). In addition, participants are allowed to make catch-up contributions if they will be at least age 50 by the end of that year, subject to IRC limits. Rollover contributions from other qualified plans are permitted if certain criteria are met. The Company makes Safe Harbor matching contributions to the Plan equal to 100% of each participant’s salary deferral contributions, up to a maximum matching contribution of 5% of eligible compensation.

The Company makes a nonelective employer contribution as a percent of eligible compensation per pay period, for all eligible employees, regardless of whether they are contributing to the Plan. For the year ended December 31, 2021, the Company made a nonelective employer contribution of 5% of eligible compensation.

Jonah Energy 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with participant contributions and Safe Harbor matching and nonelective contributions, as well as an allocation of plan earnings and losses on investments and charged with certain expenses. The investment earnings and losses are allocated to each participant's account in proportion to the balance that each participant's account bears to the total balance of all participants in each investment fund elected. The benefit to which a participant is entitled is equal to the vested balance in the participant's account.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in any of the investment accounts that are offered by the Plan which are a variety of mutual funds, pooled separate accounts, and collective investment trusts. Participants may change their investment choices and contribution percentages at any time.

Vesting

Participants are immediately vested in all employee, rollover and employer Safe Harbor matching contributions and earnings therein. Participants vest in all other employer contributions 100% after 3 years of service, upon reaching the early retirement age 55, or if a participant incurs a severance of employment as a result of death or disability, as defined in the Plan Document. However, the Company granted prior service credit to all employees who were participants under the Encana (USA) Retirement Plan and Linn Energy, Inc. Plan immediately prior to employment with the Company. In the event of a plan termination, participants would be fully vested and have the balance of their accounts distributed to them in a lump sum cash payment.

Payment of Benefits

A participant's account balance may be distributed as a lump sum or in installments, in-kind or rollover to another qualified plan when the participant terminates from service, reaches age 59½, retires (early retirement age 55, normal retirement age 65), is disabled, or dies. A distribution from rollover contributions may be taken at any time. Hardship withdrawals are permitted for all or any portion of a participant's contributions, with a minimum \$1,000 withdrawal, if certain criteria are met.

Notes Receivable from Participants

Participants may borrow from the Plan in an amount greater than \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the participant's vested account balance. Notes receivable must be repaid within five years (unless the note is for the purchase of a primary residence which may be a longer duration) and bear interest at a reasonable rate which is fixed for the term of the note. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

At December 31, 2021 and 2020, there were \$0 and \$6,413, respectively, of forfeited non-vested accounts. Forfeitures can be used to pay administrative expenses or reduce employer nonelective contributions, if so elected by the Company. For the year ended December 31, 2021, \$68,079 and \$29 of forfeited accounts were used to reduce employer nonelective contributions and pay administrative expenses, respectively.

Jonah Energy 401(k) Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation

The Plan’s investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Pooled separate accounts are valued at net asset value per share as a practical expedient based on the fair market value of the underlying investments. Collective investment trusts, including the Principal Stable Value Fund (“PSVF”) further described below, are stated at net asset value per share as a practical expedient based on the fair market value (or contract value of investments for the PSVF) of the underlying investments.

The preceding valuation methods described may produce a fair value calculation that is simply indicative of the net realizable value and may not be reflective of actual current or actual realizable values. Furthermore, although the Plan believes its valuation methods are reasonable, appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan invests in the Principal Stable Value Fund (PSVF), offered by Principal Global Investors Trust Company, a collective investment trust fund which invests in fully benefit responsive contracts (guaranteed investment contracts, synthetic investment contracts, and short-term investments). Principal Global Investors Trust Company, the trustee of the Principal Stable Value Fund, is a wholly owned subsidiary of Principal Financial Group. The objective of Principal Stable Value Fund is to provide preservation of capital, have stable returns consistent with a low risk profile and provide liquidity for benefit-responsive payments. The Principal Stable Value Fund seeks to achieve this objective by investing primarily in a variety of high-quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities) as well as cash and cash equivalents. The duration of the investments within the Principal Stable Value Fund will not exceed 4 years. In accordance with the Plan, net investment income, if any, and realized and unrealized gains on investments are not distributed.

Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a twelve month advance written notice. Included in this advance written notice requirement are full or partial withdrawals of assets invested in the Principal Stable Value Fund resulting from plan sponsor directed actions. Such actions include, but are not limited to: (i) trustee or plan sponsor directed reallocation of investments; (ii) company sponsored layoffs/termination of groups

Jonah Energy 401(k) Plan

Notes to Financial Statements

of employees; (iii) disposing of or selling a component of the business which involves the transfer or termination of employees; (iv) terminating the Principal Stable Value Fund as an investment option of the Plan; and (v) terminating the Plan. All plan sponsor directed requests for full or partial withdrawals must be submitted to the Trustee in writing certifying the reason for the withdrawal request. All such requests are subject to the twelve-month advance written notice requirement. The Trustee may choose to disburse withdrawals in less than the required one-year period if, in the Trustee's discretion, it determines that such a disbursement is in the best interest of the fund as a whole.

Income Recognition

Purchases and sales of investments are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded when earned. The net appreciation or depreciation is determined as the difference between beginning market value or cost if purchased during the year and year end market value and capital gains reinvested.

Contributions

Participant contributions and related Safe Harbor matching and nonelective contributions are recorded in the period of the related payroll deduction.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, any accrued and unpaid interest is de minimis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment to the participant is recorded.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

During the 2021 plan year, the Plan incurred total administrative expenses of \$33,041, which were paid by the Plan or plan participants. These administrative expenses include recordkeeping services, distribution fees, and participant note setup and maintenance fees. Certain management fees, in the form of an expense ratio charged to each investment option, are paid by the Plan and deducted from earnings or investments. All other administrative expenses of maintaining the Plan including audit, trustee and participant maintenance fees are paid directly by the Company and are excluded from these financial statements.

Risks and Uncertainties

The Plan provides for various investments in pooled separate accounts, mutual funds, collective investment trusts, and a stable value fund. Investments, in general, are exposed to various risks such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level

Jonah Energy 401(k) Plan

Notes to Financial Statements

of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

Concentrations

As of December 31, 2021 and 2020, there were three investments that individually accounted for 10% or more of total investments. See the supplemental Schedule of Assets (Held at End of Year) As of December 31, 2021 for further details.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) as complete and accurate:

- Investments and notes receivable from participants as reported in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Investment income and interest earned on notes receivable from participants as reported in the Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2021;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the Supplemental Schedule of Assets (Held at End of Year) - As of December 31, 2021.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

The Plan applies the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820), for all financial assets and liabilities measured at fair value on a recurring basis. The topic establishes a framework for measuring fair value and requires disclosures about fair value measurements. ASC

Jonah Energy 401(k) Plan

Notes to Financial Statements

820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability, defined as an exit price, in an orderly transaction between market participants at the measurement date. ASC 820 establishes market or observable inputs as the preferred sources of values, followed by assumptions based on hypothetical transactions in the absence of market inputs. The topic also establishes a hierarchy for grouping these assets and liabilities, based on the significance level of the following inputs:

Level 1: Quoted prices in active markets for identical assets and liabilities.

Level 2: Quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3: Significant inputs to the valuation model are unobservable.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis at December 31, 2021:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis at December 31, 2020:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	<u>\$ 13,412,752</u>	<u>\$ 13,412,752</u>	<u>\$ -</u>	<u>\$ -</u>
Total investments in the fair value hierarchy table	<u>\$ 13,412,752</u>	<u>\$ 13,412,752</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value (a)	<u>29,365,469</u>			
Total investments at fair value	<u>\$ 42,778,221</u>			

- (a) *In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the Statements of Net Assets Available for Benefits.*

A financial asset is categorized within the hierarchy based upon the lowest level of input that is significant to the fair value measurement. See the investment valuation described in Note 2 for valuation methodologies. The Company has not changed valuation methodologies as of December 31, 2021 or 2020.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<i>Investment Type</i>	<i>Fair Value - December 31, 2021</i>	<i>Fair Value - December 31, 2020</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>

Notes to Financial Statements

5. Plan Termination

Although it has not expressed any intent to do so, the Employer reserves the right to terminate the Plan at any time by written notice to the Trustee. In the event of a plan termination, all account balances will be fully vested and payable to the participants.

6. Tax Status

The Plan adopted a First Western Trust Bank's Volume Submitter Plan Document. First Western Trust Bank received an advisory letter from the IRS dated March 31, 2014 indicating that the Volume Submitter Plan and Trust are designed in accordance with the applicable sections of the IRC. The plan administrator believes that the Plan, as amended and restated, is currently designed and operated in compliance with the applicable requirements of the IRS. No provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are currently no audits for any tax periods in progress.

7. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds, pooled separate accounts, and collective investment trusts that are managed by Principal, which is also the Trustee as defined by the Plan, and therefore these transactions qualify as party-in-interest. For the year ended December 31, 2021, the Plan paid \$33,041 of administrative fees to Principal. In addition, the notes receivable from participants qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

8. Subsequent Events

The plan administrator has evaluated subsequent events through October 6, 2022, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements except as noted below.

Effective January 1, 2022, the Plan was amended and restated for regulatory purposes. There were no significant changes to the Plan provisions as part of the restatement. The restated Plan adopted a prototype plan document, which received an opinion letter dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the IRC, and therefore, is tax exempt.
