INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
SFM Mutual Insurance Company
Savings and Retirement Plan
Bloomington, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of SFM Mutual Insurance Company Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement

resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of assets, as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not

express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 ~ Description of the Plan

The following brief description of the SFM Mutual Insurance Company Savings and Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan, established January 1, 1988, is a defined contribution plan covering all employees of SFM Mutual Insurance Company and its wholly-owned subsidiaries, CompRehab, Inc. and SFM Risk Solutions, Inc. (hereafter collectively referred to as the Company), who meet the eligibility requirements and elect to participate. The Plan is subject to the provisions of ERISA. Any employee may participate in the Plan immediately upon hire.

The Board of Trustees is responsible for oversight of the Plan. The Retirement Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

The Plan opted-in to the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which was signed into law on March 27, 2020, to allow Coronavirus-related distributions, new loan provisions, and a waiver of minimum distribution requirements for 2020.

Contributions. Participants in the Plan enter into a written agreement authorizing the Company to make contributions via salary reductions. Participants can contribute between 1 percent and 90 percent of base compensation, not to exceed a maximum amount as defined by statutes (\$19,500 in both 2021 and 2020). Employer matching contributions are equal to 100 percent of the first 3 percent of the participant's contributions, plus 50 percent of the next 3 percent, subject to a maximum of 4.5 percent in both 2021 and 2020. The Company may also make discretionary contributions. The Company made no discretionary contributions in either 2021 or 2020. The Company amended the Plan in 2021 to include an employer true-up contribution. The amount of the employer true-up match was \$22,037 and \$0 at December 31, 2021 and 2020, respectively, and is recorded as an employer contribution receivable. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions (up to \$6,500 in both 2021 and 2020). Amounts contributed as a regular 401(k) deferral reduce the employee's taxable compensation in the year of deferral. Participant contributions to Roth 401(k) deferrals are subject to federal income taxes in the year of deferral, but deferrals and, in most cases, the earnings on the deferrals, are not subject to federal income taxes when distributed to the participant.

Participant Accounts. Participants may direct the investment of their own contributions and the employer's matching contributions into various investment options selected by the Company pursuant to a custodial agreement with Fidelity Management Trust Company (Fidelity). These options include mutual funds and a collective investment trust. Each participant's account is adjusted periodically for a proportionate share of the investment fund earnings or losses, including appreciation or depreciation in the fair market value of the investment fund. Participants may change their investment options at any time during the Plan year.

Vesting. Employee, employer matching, and discretionary contributions are 100 percent vested at all times.

Note 1 ~ Description of the Plan (Continued)

Notes Receivable from Participants. Active participants may borrow up to 50 percent of their pre-tax contributions subject to certain limitations. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1 percent. Principal and interest is paid ratably through payroll deductions. The notes are recorded at their unpaid principal balance plus any accrued but unpaid interest. Effective on March 27, 2020, the CARES Act offers optional relief items to participants impacted by Coronavirus, including but not limited to the option to borrow up to the lesser of \$100,000 or 100 percent of participant vested balances, and waives the penalty tax for early withdrawal. There was no significant impact to the Plan due to the Coronavirus-related loans made in 2020.

Payment of Benefits. Participants whose vested account balance exceeds \$5,000, upon termination of service due to death, disability, retirement, or other reasons, may elect to receive the value of the vested interest in their account either as a lump-sum payment, installment payments over a specified period of time, or a combination thereof. Vested account balances less than \$5,000 are paid to participants in a lump-sum amount. Effective on March 27, 2020, the CARES Act offers optional relief items to participants impacted by Coronavirus, including but not limited to waiver of penalty tax for early withdrawal. The Plan made \$310,498 of Coronavirus-related distributions in 2020.

Plan Termination. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If such termination would occur, any previously unallocated funds which are a part of the Plan's funds shall be allocated to covered employees as of the date of Plan termination. In the event of Plan termination, Fidelity would liquidate the Plan's funds to the respective participants.

Note 2 ~ Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation. Mutual funds are reported at fair value. Collective investment trusts are reported at net asset value as a practical expedient to estimate fair value. See Note 4 for a discussion of fair value of investments.

Securities transactions are accounted for on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recognized on the ex-dividend date. The cost basis of securities used in the determination of a realized gain or loss on the sale of investments is determined through use of the specific identification method. The net appreciation or depreciation in the fair value of investments represents net unrealized gains or losses on assets held at year end.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 2 ~ Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties. The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowances for credit losses have been recorded as of December 31, 2021 and 2020.

Payment of Benefits. Benefits are recorded when paid.

Plan Expenses. Certain Plan expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Subsequent Events. The Plan has evaluated subsequent events through September 1, 2022, the date the financial statements were available to be issued.

Note 3 ~ Information Certified by the Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedule, including investments held at December 31, 2021 and 2020, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years ended December 31, 2021 and 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity.

Note 4 ~ Fair Value Measurements

Accounting Standards Codification, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 ~ Fair Value Measurements (Continued)

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.
- Collective investment trust: Valued at the NAV. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The fund has no unfunded commitments.

The Plan believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the balances of the Plan's assets measured at fair value on a recurring basis as of December 31, 2021 and 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

The Plan did not have any transfers between levels during the Plan year.

<u>2020</u>				
Morley Stable Value Fund	\$ 5,827,014	n/a	Daily	30 days

Note 5 ~ Plan Expenses

Certain expenses of administering the Plan are paid by the participants. There was a Plan amendment effective September 1, 2020, to lower the participant recordkeeping expenses to 0.065 percent of their invested balance. Participants also pay the Plan's investment advisory fees.

Note 6 ~ Related-Party and Party-In-Interest Transactions

Certain Plan investments are shares of collective investment trusts managed by the custodian. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 7 ~ Income Tax Status

The Internal Revenue Service has determined and informed the sponsor by a letter dated March 31, 2014, that the pre-approved Plan document used by the Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been restated since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
