Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Innogy E-Mobility US 401K Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Innogy E-Mobility US 401K Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the cash basis of accounting described in Note 2.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution which management has determined to meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) for the year ended December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution which management has determined to meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter – 2020 Financial Statements

The statement of net assets available for benefits as of December 31, 2020, as derived from unaudited financial statements of the Plan, has been included for presentation purposes only and we did not audit, review, or compile this statement and accordingly, do not express an opinion on this statement. The Plan did not require an audit prior to the year ended December 31, 2021.

PROFIT SHARING PLAN**
Notes to Financial Statements and Schedule
December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Innogy E-Mobility US 401K Profit Sharing Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan which was established on August 1, 2018 and most recently restated on February 1, 2020. The Plan is sponsored by Innogy E-Mobility US (the Company). Generally, employees of the Company who have reached the age of 21 are eligible to participate in the Plan. Employees may enter the Plan on the first day of each calendar month of the Plan year coinciding with or next following completion of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan is administered by the Company. Among other duties, it is the responsibility of the administrator to interpret the Plan, decide on questions of eligibility, determine the amount and manner of benefit payments and maintain administrative records of the Plan. The Plan's custodian for all assets as of December 31, 2021 and for the year then ended was Reliance Trust Company (Reliance). The recordkeeper of the Plan as of December 31, 2021 and for the year then ended was ADP, LLC (ADP).

Trustee

The trustee of the Plan is Reliance. The primary duties of the trustee are to authorize investments and monitor payment of contributions, loans and benefits as directed by the Plan administrator.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contribution, as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate at the time of borrowing, plus 2 percent. Principal and interest are paid ratably through bi-weekly payroll deductions.

Contributions

Participants – The Plan permits each participant, at their option, to elect to contribute a dollar amount or a percentage up to 90% of annual pre-tax compensation as a basic contribution or after-tax compensation as a Roth contribution, not to exceed the Internal Revenue Service (IRS) limitations. For the year ended December 31, 2021, the maximum salary deferral permissible under IRS limitations was \$19,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers). Participants direct the investment of their contributions into the investment options offered by the Plan. The Plan currently offers various mutual funds and a common/collective trust as investment options for participants. Participants are vested immediately in their contributions plus actual earnings thereon.

Employer – The Company makes safe harbor matching contributions equal to 100 percent of participant's annual contribution up to first 3 percent of the participant's eligible annual compensation, and then 50 percent of participant's annual contribution up to the next 2 percent of the participant's eligible annual compensation.

The Company may also make discretionary matching and nonelective contributions. During the year ended December 31, 2021, no discretionary matching or nonelective contributions were made. Discretionary matching contributions are fully-vested immediately; nonelective contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting %</u>
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Payment of Benefits

Participants may receive distributions from their accounts upon attainment of age 59½, retirement as a result of disability, incurrence of a financial hardship (as defined), termination of their employment with the Company, death, or termination of the Plan. The participant may elect to receive either a lump-sum amount equal to the vested value of the participant's account balance, or installments over a period not to exceed the participant's assumed life expectancy.

Forfeitures

Forfeitures are created when a participant terminates employment before becoming entitled to 100 percent of the amounts derived from the employer's contributions. Amounts forfeited are used to fund future employer contributions and administrative expenses. During the year ended December 31, 2021, \$142 in forfeited amounts were utilized to reduce employer contributions. As of December 31, 2021, there were no remaining forfeited amounts that could be used to pay Plan administrative expenses or fund future employer contributions.

Plan Termination

Although the Company has not expressed any intent to discontinue the Plan, the Company may do so at any time subject to the provisions of ERISA. In the event of termination, participants would become fully vested in their Company contributions and assets of the Plan would be allocated to all participants and distributed in lump sum payments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the cash basis of accounting. Contributions by the employees (participants) and the employer are recognized when received by the Plan and withdrawals from the Plan for employee distributions are recognized when amounts are paid to the participants. Therefore, these financial statements are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan does not have any fully-benefit responsive investments.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as determined by Reliance. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net increase in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. No allowances for credit losses have been recorded as of December 31, 2021. If a participant ceases to make loan repayments and the Plan administrators deem the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Plan investments are subject to certain investment fees based on a percentage of invested assets. Such fees are included within net change in fair value of the underlying investments in the accompanying statement of changes in net assets available for benefits. Fees related to the administration of benefits paid to participants and participant loans are charged directly to the participants' accounts and are included within administrative expenses. All other administrative expenses related to the Plan are paid by the Company and are excluded from these financial statements.

Use of Estimates

The preparation of financial statements requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Plan management has evaluated subsequent events through the date of the auditors' report, October 10, 2022, which is the date the accompanying financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The framework gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the Financial Accounting Standards Board's *Accounting Standards Codification 820* are described as follows:

- a) Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- b) Level 2 Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- c) Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for the Plan's investments measured at fair value at December 31, 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the net asset value (NAV) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding method described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<i>Investment at Fair Value as of December 31, 2021</i>				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,090,254	\$ -	\$ -	\$ 4,090,254
Total asset in the fair value hierarchy	4,090,254	-	-	4,090,254
Common/collective trust (a)	-	-	-	849,455
Total investments at fair value	<u>\$ 4,090,254</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,939,709</u>

- (a) In accordance with *ASC 820*, investments utilizing net asset value per share (or its equivalent) as a practical expedient are not classified within the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31:

	2021 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust	\$ 849,455	n/a	Daily	1 Day

NOTE 4 – TRUST CERTIFICATION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021, net change in fair value of investments, dividends from investments and interest from notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Participant loans are managed by Reliance, and therefore, participant loans qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value of the investment.

The Plan also paid fees totaling \$11,251 to ADP for recordkeeping and administrative services during the year ended December 31, 2021, which have been included within administrative expenses in the accompanying statement of changes in net assets available for benefits.

NOTE 6 – TAX STATUS

The IRS has determined and informed the Plan by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. Although the Plan has been restated since receiving the opinion letter, the Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The delinquent participant loans of active participants as of December 31, 2021 are included within notes receivable from participants on the accompanying statement of net assets available for benefits. These delinquent participant loans are shown as deemed distributions of participant loans on the Form 5500.

Net assets available for benefits as presented in the Plan's financial statements and Form 5500 reconcile as follows at December 31, 2021:

Net assets available for benefits per the financial statements	\$ 5,183,339
Deemed distributions of participant loans	<u>(4,588)</u>
Net assets available for benefits per Form 5500	<u><u>\$ 5,178,751</u></u>

NOTE 8 – RISKS AND UNCERTAINTIES

Investment securities held by the Plan are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
