Independent Auditors' Report

To the Plan Administrator of the
Arvinas, Inc. 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 financial statements

We have performed an audit of the accompanying financial statements of the Arvinas, Inc. 401(k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(c) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- The amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (continued)

- The information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Independent Auditors' Report (continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Arvinas, Inc. 401k Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following description of the Arvinas, Inc. 401k Plan (the Plan) is provided for general purposes only. Participants should refer to the Summary Plan Document for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 2020, is a defined contribution plan, available to all employees of Arvinas, Inc. and any participating Affiliates (the Company) who have met the eligibility requirements stipulated by the Plan. The Plan is administered by the management of the Company and is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Prior to the establishment of the Plan, employees of the Company were eligible to participate in the multiple-employer Retirement Savings Plan sponsored by ADP TotalSource (ADP Plan). Effective December 31, 2019, the Company and its employees were no longer eligible to participate in the ADP Plan resulting in the establishment of the Plan effective January 1, 2020. Employees of the Company were required to transfer all ADP Plan assets to the Plan resulting in a transfer in of \$4,499,929 in January 2020.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act contains several provisions that temporarily impact the Plan such as suspending minimum required distributions, increased loan limits, and coronavirus-related hardship withdrawal options.

Eligibility

In general, all employees are eligible to participate in the Plan, upon reaching age 21. There is no minimum service requirement, and employees can enter the Plan on the first day of the month following the completion of the eligibility requirements.

Contributions

Each year, participants may contribute a percentage from 1% to 90% of any combination of their pretax and after-tax annual compensation as defined by the Plan. Participant contributions are subject to limitations imposed by the Internal Revenue Code, which was \$19,500 for 2021 and 2020, plus an additional \$6,500 for certain eligible catch-up contributions for participants over age 50.

Arvinas, Inc. 401k Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Contributions (continued)

Management made a safe harbor matching contribution each payroll period equal to 100% of the first 4% of the participants' pre-tax or Roth salary deferral contributions for the years ended December 31, 2021 and 2020. Employer safe-harbor matching contributions were \$1,418,304 and \$950,859 for the years ended December 31, 2021 and 2020, respectively.

Investment Options

All of the assets of the Plan are held by the Reliance Trust Company, the trustee. All investments are fully participant directed. Participants may direct the investment of their contributions and the Company's matching contribution into any of the Plan's available investment options.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's safe-harbor matching contribution, and allocations of Plan earnings, and charged with withdrawals and an allocation of Plan losses and certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, Company safe harbor matching contributions, plus earnings thereon. As such, there are no forfeited accounts at December 31, 2021 and 2020.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Arvinas, Inc. 401k Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Notes Receivable from Participants (continued)

Prior to the effect of the CARES Act, Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, and a minimum of \$500, and may only have two loans outstanding at a time. In general loans are repaid over a period of 5 years unless the loan is used for the purchase of a primary residence, which may be paid over a period of no more than 30 years. Payments of principal and interest are made through payroll deductions over the loan period. A loan is secured by the vested balance in the participant's account. The loan bears interest at a rate that is equal to the prime rate as published in The Wall Street Journal in the month the loan is effective, plus two percentage points, and is fixed over the life of the note. The interest rates on participant loans as of December 31, 2021 and 2020 ranged from 5.25% to 6.75%.

Payment of Benefits

Upon a participant's separation from service due to death, disability, termination, or retirement, benefits may be distributed to them in a single lump sum amount equal to the vested value of their account, a direct rollover or in installments. Active participants may also withdraw funds from their accounts under certain hardship conditions.

If the vested benefit is less than \$5,000, the Plan Administrator may initiate an involuntary distribution. Prior to such distribution, the participant has the right to request that the amount be distributed directly to the participant in the form of a lump sum amount or request that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions.

Forfeitures

As participants are always 100% fully vested in their total account balances, there are no forfeited non-vested accounts in the Plan.

Administrative Expenses

Individual Participant accounts may be charged directly for all administrative expenses, if not paid by the Company. Individual Participant accounts are charged directly for certain services or transactions requested by participants, such as loan or distribution fees.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when they have been approved for payment and paid by the Plan.

Investment Valuation and Income Recognition

Investments, other than the fully benefit-responsive investment contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further information on fair value measurements utilized by the Plan. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Arvinas, Inc. 401k Plan

Notes to Financial Statements (continued)

3. Information Certified by the Trustee

The Company entered into an agreement with the Reliance Trust Company. Pursuant to the trust agreement, the assets of the trust are held and administered by the Reliance Trust Company, the trustee, as of December 31, 2021 and 2020 and for the years then ended. The Trustee holds mutual funds stated at fair value and common collective trusts stated at contract value. In accordance with the trust agreements, the Trustee holds the Plan assets and executes investment transactions. All investment information disclosed in the accompanying financial statements and Schedule of Assets (Held at End of Year), including investments held and notes receivable from participants at December 31, 2021 and 2020, and interest income, dividends and net appreciation in fair value of investments for the years then ended, was obtained and certified as complete and accurate by the Reliance Trust Company.

4. Fair Value Measurements

Under US GAAP, a framework for measuring fair values has been established to clarify the definition of those fair values and expand disclosures about assets and liabilities measured at fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy described under US GAAP are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Arvinas, Inc. 401k Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the fair values and levels within the hierarchy in which the fair value measurements fall for assets measured on a recurring basis as of December 31:

Description	Level 1	Level 2	Level 3	Total
2021				
Investments:				
Mutual funds	\$ 16,370,141	\$ -	\$ -	\$16,370,141
Total investments at fair value	\$ 16,370,141	\$ -	\$ -	\$16,370,141
2020				
Investments:				
Mutual funds	\$ 8,658,860	\$ -	\$ -	\$ 8,658,860
Total investments at fair value	\$ 8,658,860	\$ -	\$ -	\$ 8,658,860

5. Fully Benefit-Responsive Investment Contract

The Plan's investment in the Invesco Stable Asset Fund (the "Fund") is a participating trust in the Invesco Stable Value Trust which invests primarily in synthetic guaranteed investment contracts (GIC). These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. The issuer is contractually obligated to repay the principal and a specified rate of interest guaranteed to the Fund. The interest crediting rate is based on a formula established by the contract issuer.

The trust allocates investment income, to a unit class, if applicable, based on the relative net assets of each unit class.

Arvinas, Inc. 401k Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contract (continued)

Certain circumstances may limit the Plan's ability to execute transactions of the Fund at contract value with the contract issuer. These circumstances include termination of the Plan and a material adverse change to the provisions of the Plan. The Fund is required to give Invesco Trust Company 12 months' irrevocable written notice of intent to redeem all or a portion of its participation. The Plan administrator believes that the events noted above that limit the Plan's ability to execute transactions at contract value are unlikely to occur.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

7. Party-in-Interest and Related Party Transactions

During the Plan year ended December 31, 2021 and 2020, \$496 and \$705, respectively, of administrative fees were paid to Reliance Trust Company. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Notes receivable from Participants also qualify as exempt party-in-interest transactions as defined by ERISA.

8. Risks and Uncertainties

The Plan invests in various securities, including mutual funds and common collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

9. Income Tax Status

The underlying prototype non-standardized prototype 401(k) and profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS), dated July 8, 2014, stating that the form of the Plan is qualified under Section 401(a) of the IRC, is exempt from federal income taxes under Section 501(a) of the IRC and that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator believes the Plan is currently designed in compliance with the applicable requirements of the IRC and that the Plan is qualified and the related trust is tax-exempt as of the financial statement dates.

Arvinas, Inc. 401k Plan

Notes to Financial Statements (continued)

9. Income Tax Status (continued)

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of an entity is considered a tax position. No such uncertain tax positions have been recognized by the Plan.

The Plan files Form 5500 with the IRS, and is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of contributions per the financial statements to Form 5500 for the years ended December 31:
