Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the auditor's responsibilities for the audit of the 2021 financial statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the 2021 financial statements section of our report. meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of 2021 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of 2021 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the 2021 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the 2021 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit of the 2021 financial statement for the year ended December 31, 2021, section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2021 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2021 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2021 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedules required by ERISA for the year ended December 31, 2021

The supplemental schedule of Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2021, is presented for purposes of additional analysis and not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

(All amounts are in United States Dollars, unless otherwise stated)

NOTE 1: DESCRIPTION OF PLAN

The following brief description of PEL Healthcare, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan effective July 01, 2020, as defined in the Employee Retirement Income Security Act of 1974 and is sponsored by PEL Healthcare, LLC (“the Company/ Plan Sponsor”). Employees of the Company are permitted to enter the Plan after reaching 21 years of age and on completion of twelve months of service, during which at least 1,000 hours of service are completed, are eligible for all types of contributions on the day the eligibility requirement is satisfied, except for nonelective profit sharing contributions for which an employee is eligible on first day of the Plan year quarter coinciding with or next following date requirements are met. The Plan recognizes service with Actavis Mid Atlantic LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Spin off

On June 26, 2020, Piramal Dutch Holdings N.V (‘PDHNV’ or ‘the parent company’), through its subsidiary, PEL Pharma Inc. (“PPI”), acquired 100% membership interest of the Company (earlier known as G & W PA Laboratories LLC).

Effective July 01, 2020, amendment to the G & W Laboratories, Inc. Profit Sharing 401(k) Plan (“Old Plan”) which was adopted by G & W PA Laboratories LLC (100% subsidiary of G & W Laboratories, Inc./ Old Plan Sponsor). G & W PA Laboratories LLC’s employees terminated employment with G & W PA Laboratories LLC. The employees who were employed by G & W PA Laboratories LLC on July 01, 2021, were treated as 100% vested in their accounts and the employer contribution is available for loans and liens.

Many participants who were employed by G & W PA Laboratories LLC were hired by the Company. Because of their severance from employment with G & W PA Laboratories LLC, these participants were eligible for loans and liens of their vested benefits under the Old Plan. This amendment allows a participant to elect a direct rollover of the participant’s vested benefits to the Plan, including any loan the participant has outstanding from the Old Plan.

The Company established the Plan as of July 01, 2020. G & W PA Laboratories LLC continued to be a participating employer of the Plan as of that date and the accounts of 228 participants employed by G & W PA Laboratories LLC were transferred to the Plan in a plan-to-plan transfer. As a result of this transfer the Plan received assets (including loan balances) amounting to \$17,062,365.

Eligibility

All the employees of the Company are eligible to participate in the Plan subject to the eligibility requirements and exclusions mentioned in the Plan document.

Annual participant contribution amounts are limited to \$19,500 of salary deferrals for the year ended December 31, 2021, and for the period ended December 31, 2020. Participant's aged 50 or over may elect to contribute an additional \$6,500 ("catch-up contributions") over the base statutory limit in accordance with the Economic Growth and Tax Relief Reconciliation Act of 2001. NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Plan was established effective July 01, 2020, and accordingly, the first (previous period) financial statements of the Plan were from July 01, 2020, to December 31, 2020.

Use of estimates in financial statements

The preparation of financial statements in conformity with GAAP requires the use of management estimates. These estimates are subjective in nature and involve assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of investment income and deductions during the Plan year and period ended December 31, 2021, and December 31, 2020, respectively. Actual results could differ from those estimates. Any adjustment applied to estimated amounts are recognized in the period in which such adjustments are determined.

Plan termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

PEL Healthcare, LLC 401(k) Plan

Financial Statements

December 31, 2021, and December 31, 2020

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021, and December 31, 2020, no allowance for credit losses have been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment valuation and income recognition

Investments in mutual funds (registered investment companies) and common/collective trusts are valued at fair value, as provided by the trustee. Net appreciation in the fair value of investments represents the change in fair value, during the period, including realized and unrealized gains and losses. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Basis of fair value measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements.) The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for investment assets measured at fair value:

Mutual funds: Fair value of the Plan's mutual funds is valued at the net asset value of the shares held by the Plan at period-end. These mutual funds are actively traded and therefore the fair values are classified as Level 1 estimates.

PEL Healthcare, LLC 401(k) Plan

Financial Statements

December 31, 2021, and December 31, 2020

Common/collective trusts: Units held in common/collective trusts ("CCT") are valued using the NAV practical expedient of the CCT as reported by the issuer of the CCT. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The CCT may be redeemed at NAV daily without restrictions.

Contributions

Participant and employer match contributions are recorded in the period the employer makes the payroll deductions.

Payment of benefits

Benefits are recorded when paid. Excess participant contributions payable generally represent the distribution of certain assets to employees for the Plan to comply with ERISA nondiscrimination rules.

NOTE 3: RISKS AND UNCERTAINTIES

The Plan provides for various investments in mutual funds and common/collective trusts. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, and the overall volatility in the financial markets, it is at least reasonably possible that changes will occur in the near term that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as at December 31, 2021 and December 31, 2020, may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE 4: INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements for the year ended December 31, 2021, and period ended December 31, 2020, and supplemental schedule for the year ended December 31, 2021:

NOTE 6: FAIR VALUE MEASUREMENTS

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2021, and December 31, 2020. As required by Accounting Standard Codification ("ASC") Topic 820, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's policy is to recognize significant transfers between levels at the Plan's period-end.

The tables below set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2021, and December 31, 2020, respectively:

NOTE 8: INCOME TAX STATUS

The Plan sponsor entered into a non-standardized adoption agreement of *ADP LLC, Prototype Non-Standardized Profit-Sharing Plan* ("the prototype plan"). The prototype plan received a favorable opinion letter from the Internal Revenue Service ("IRS") on *July 16, 2014*, which stated that the prototype plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). It is the opinion of the Plan administrator that the Plan is in compliance with all applicable laws and regulations.

U.S. generally accepted accounting principles require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, and December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

December 31, 2021, and December 31, 2020

NOTE 9: PARTY-IN-INTEREST TRANSACTIONS

The Plan trustee, Reliance Trust Company, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to third-party plan administrator for administrative services totaled \$47,647 and \$14,459 for the year ended December 31, 2021, and period ended December 31, 2020, respectively. Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses of the Plan are paid by the Company on behalf of the Plan. These qualify as exempt party-in-interest transactions. Party-in-interest transactions also include loans made to participants.

NOTE 10: IMPACT OF COVID-19

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. Global financial markets have experienced significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions and benefit obligations will depend on future developments, including the duration and continued spread of the outbreak.

NOTE 11: CARES ACT PROVISIONS

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

Plan management has adopted certain relief provisions included in the CARES Act; however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain. The Plan will formally be amended by the end of the 2022 plan year.

NOTE 12: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the date the financial statements were available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statements.
