INDEPENDENT AUDITORS' REPORT

To the Administrator of
Advantage Capital 401(k) Plan
New Orleans, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Advantage Capital 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions covering the period as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted

auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

To the Administrator of
Advantage Capital 401(k) Plan
New Orleans, Louisiana

We were engaged to audit the accompanying statement of net assets available for benefits of Advantage Capital 401(k) Plan (the Plan) as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by SunTrust Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from SunTrust Bank as of December 31, 2020 that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: DESCRIPTION OF PLAN

The following description of Advantage Capital 401(k) Plan (the “Plan”) provides only general information. Refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Advantage Capital Management Corporation (the “Company”, “Sponsor”, “Employer”, or “Plan Administrator”) and any affiliate who has adopted the Plan. The Plan is subject to the provisions of the Department of Labor’s (DOL’s) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan. The Plan’s Investment Committee (Investment Committee) determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Administrator.

The appointed third party administrator (TPA) of the Plan as of December 31, 2020 and as of and for the year ended December 31, 2021 is Empower Retirement Services (Empower). As of December 31, 2020 and as of and for the year ended December 31, 2021, Empower uses TD Ameritrade as custodian for the self-directed brokerage accounts. As of December 31, 2020, Suntrust Bank was the custodian for the allocated investments and used TD Ameritrade as the custodian for the self-directed brokerage accounts. Great West Trust Company, LLC (a subsidiary of Empower) is the custodian for the allocated investments as of December 31, 2021 and for the period February 12, 2021. As of December 31, 2020 and for the period January 1, 2021 through February 11, 2021, Suntrust Bank was the certifying trustee for the allocated investments. Great West Trust Company, LLC was certifying trustee for both the self-directed brokerage accounts and allocated investments as of December 31, 2021 and for the period February 12, 2021 through December 31, 2021. The TPA has been directed and authorized to hold, invest, and reinvest the fund assets (as directed by Plan participants) and to pay the participant’s benefits due to them at the direction of the Plan administrator.

Eligibility

Employees may become a participant of the Plan when they have reached the age of twenty-one or older. An eligible employee may enter the Plan on the first day of the first month of the Plan Year or first day of the seventh month of the Plan year after all entry requirements have been met.

Contributions

Each year, participants may contribute up to 100 percent (%) of pretax annual compensation, as defined in the Plan. They may also make after-tax Roth Contributions, subject to the same limit. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions), both pre-tax and after-tax. Participants direct the investment of their contributions into various investment options offered by the Plan or into self-directed brokerage accounts at TD Ameritrade.

Note 1: DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Company makes a safe harbor matching contribution equal to 100% of the first 3% of Plan compensation and 50% of the next 2% of Plan compensation that a participant contributes to the Plan. Additional qualified non-elective amounts may be contributed at the option of the Company's management and are allocated to a separate non-elective contribution account of each participant eligible to share in such allocations in the ratio of their compensation to the total compensation of all eligible participants. For the year ended December 31, 2021, the Company made safe harbor matching contributions of \$760,770. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as any allocations of the Company's qualified non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective (pre-tax and after-tax) contributions, rollover contributions, and the Company's matching and qualified non-elective contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and distributed first from the participant's non-Roth contribution account. The Plan administrator determines whether the participant may receive a loan from the Roth contribution account. Interest rates range from 4.25% to 6.50% on outstanding loans as of December 31, 2021 and 2020. Principal and interest is paid ratably through payroll deductions from each regular paycheck.

Benefit Payments

Upon termination of employment or retirement, vested account balances that do not exceed \$1,000 may be paid to the participant without his or her consent. Account balances between \$1,000 and \$5,000 for which the participant does not consent to a distribution are distributed in cash to an Individual Retirement Account established by the Plan in the participant's name. Benefits under \$5,000 are paid in a lump sum. Participants must consent to any distribution that exceeds \$5,000 if it is paid before he or she reaches normal retirement age.

Note 1: DESCRIPTION OF PLAN (Continued)

Benefit Payments (Continued)

Participants have a right to designate one or more primary and one or more secondary beneficiaries to receive any benefit becoming payable upon the participant's death. If the participant dies before distribution of his or her account begins, distribution of the entire account must be completed by December 31 of the calendar year containing the fifth anniversary of the participant's death unless an election is made for the beneficiary to receive distributions over a longer period in accordance with the requirements on timing of payment in the Plan document.

Plan management approved changes related to the CARES Act in 2020, permitting eligible participants to take Coronavirus related distributions of up to \$100,000 without a 10% early withdrawal penalty in 2020, and suspended the required minimum distributions in 2020.

Unallocated Investments

Unallocated investments consists of Plan Sponsor contributions that have been made in excess of safe harbor contribution amounts that are maintained in a separate mutual fund money market investment account. The Plan sponsor has elected to use these funds to reduce future employer contributions or pay plan expenses. During the year ended December 31, 2021, unallocated investments of \$28,066 were used to reduce employer contributions. Unallocated investments as of December 31, 2021 and 2020 are \$21,741 and \$1,765, respectively.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 5 for further discussion of fair value measurements, contract value and NAV. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative Expenses

Expenses attributable to the general Plan administration are paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Employer. During the year ended December 31, 2021, expenses of \$1,547 were paid by the Plan and allocated to participant accounts.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 10, 2022. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the trustees (See Note 1) under such regulation:

- a) Total investments, at fair value and contract value, included in the Statements of Net Assets Available for Benefits at December 31, 2021 and 2020.
- b) All amounts included in Note 4, Fair Value Measurements (Unaudited).
- c) All amounts included in Note 5, Investments Reported at Contract Value (Unaudited).
- d) Notes receivable from participants and rollover contributions, included in the Statements of Net Assets Available for Benefits at December 31, 2021 and 2020.
- e) Investment income information and interest income on notes receivable from participants included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- f) All information included in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021.

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Total investments at fair value	\$ 28,611,523	\$ 54,850	\$ -	\$ 28,666,103

Note 5: INVESTMENTS REPORTED AT CONTRACT VALUE (UNAUDITED)

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Metropolitan Life Insurance Company (MetLife) to participate in MetLife Group Annuity Contract (the Contract) with investment amounts totaling \$429,985 and \$360,950 as of December 31, 2021 and 2020, respectively. MetLife maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5: INVESTMENTS REPORTED AT CONTRACT VALUE (UNAUDITED) (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 6: TAX STATUS

The IRS has determined and informed the Company by a letter dated September 30, 2014 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan incurred fees from Empower, TD Ameritrade, and Great West Trust Company, LLC. These transactions qualify as party-in-interest transactions. Empower provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Plan Administrator and Empower. The Plan Administrator directs Empower to debit from the Plan the amount of fees payable to any outside third parties retained by Plan Sponsor to provide plan

administration, investment advisory, or other services (“Plan Service Providers”), and to remit the fees directly to the respective Plan Service Provider.

Note 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.
