Independent Auditor's Report

To the Plan Administrator
Luxury Brand Partners LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Luxury Brand Partners LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Luxury Brand Partners LLC 401(k) Plan

Notes to Financial Statements

1. Description of The Plan

The following description of the Luxury Brand Partners LLC 401(k) Plan (the “Plan”) provides only general information. The Plan Agreement contains a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Luxury Brand Partners LLC (the “Employer”, the “Company”, or “Plan Sponsor”). The Plan became effective January 1, 2013. The Plan amended its adoption agreement on March 1, 2018.

Employees become eligible to participate in the Plan upon attaining age twenty-one and completing two months of service as defined by the Plan. Employees receive credit for one month of service for each month in which they complete one hour of service. Participants may enroll in the Plan immediately following completion of the age and service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may elect to contribute to the Plan a portion of their compensation, as defined by the Plan, on a pre-tax or after-tax basis, subject to Internal Revenue Service (“IRS”) and other limitations. Additionally, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contribution). Catch-up contributions are permitted for participants who are 50 or older during the Plan year.

The Plan may provide an Employer matching contribution at their own discretion. The Employer may also make non-elective contributions determined in its sole judgment. There were no Employer matching contributions and no Employer non-elective contributions made during the year ended December 31, 2021.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Employer’s contribution, if any, any rollovers into the Plan, and the participant’s portion of Plan earnings thereon. Each participant’s account is reduced by any withdrawals or distributions, and the participant’s portion of administrative fees paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

A participant may direct participant contributions and any Employer contributions into any of several investment options including mutual funds and common/collective trusts. Participants may change their investment options at their discretion.

Luxury Brand Partners LLC 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Participants are fully vested in their account balances upon retirement, disability, or death as prescribed in the Plan document. Vesting in the Employer's matching contribution and the non-elective contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service in accordance with the schedule presented below:

Years of Service	Vesting
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeited Accounts

In accordance with the plan document, forfeitures of terminated participant's nonvested accounts can be used to reduce the Company's matching contribution at year end or to pay Plan expenses. Forfeitures are credited when participants terminate employment before becoming entitled to their full benefit under the vesting provisions of the Plan. At December 31, 2021, and 2020, there were no forfeitures. During the year ended December 31, 2021, there were no forfeitures applied.

Notes Receivable from Participants

A participant may borrow from the Plan an aggregate amount not to exceed the lesser of: (a) \$50,000 or (b) 50% of the participant's vested account balance. Participants may only have two outstanding loans at any given time. Loan terms range from one to five years. The notes are secured by the vested balance in the participant's account and bear interest at a rate commensurate with the prime rate as printed in the Wall Street Journal at the time the loan is taken. Principal and interest are paid according to the note agreements through payroll deductions. Principal and interest are repaid ratably through payroll deductions. Interest rates ranged from 5.25% to 6.75% as of December 31, 2021 and 2020, which were commensurable with local prevailing rates as determined by the Plan Administrator.

Payment of Benefits

On termination of service, retirement, disability or death, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her accounts. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account, or annual installments. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. In-service withdrawals are permitted from pre-tax contributions account balances upon demonstration of financial hardship or for qualified reservist reason.

Luxury Brand Partners LLC 401(k) Plan

Notes to Financial Statements

Administrative Expenses

Through December 31, 2021, the Company has absorbed a significant part of the administrative costs for the Plan, including professional fees for accounting, auditing and Plan administration, contract charges and servicing fees. Administrative fees paid by the Company are excluded from these financial statements.

Participant requested transactions such as loan origination and distribution fees are paid by the participants of the Plan. Investment management fees charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net appreciation (depreciation) in the fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Luxury Brand Partners LLC 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

3. Information Prepared and Certified by The Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation (depreciation) in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company. At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Luxury Brand Partners LLC 401(k) Plan

Notes to Financial Statements

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: The common/collective trusts held by the Plan are valued at net asset value. The net asset value is used as the practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common/collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried in an orderly business manner. There were no unfunded commitments as of December 31, 2021, and 2020. These funds are direct filing entities.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

December 31, 2021				
Description	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 6,401,955	\$ 6,401,955	\$ -	\$ -
Common/collective trusts, measured at net asset value	642,305	-	-	-
Total investments at fair value	\$ 7,044,260	\$ 6,401,955	\$ -	\$ -

Luxury Brand Partners LLC 401(k) Plan

Notes to Financial Statements

December 31, 2020				
Description	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 4,281,462	\$ 4,281,462	\$ -	\$ -
Common/collective trusts, measured at net asset value	464,383	-	-	-
Total investments at fair value	\$ 4,745,845	\$ 4,281,462	\$ -	\$ -

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Related Party and Party-In-Interest Transactions

Luxury Brand Partners LLC is the administrator of the Plan, and as such, executes the normal duties associated therewith. Cost incurred for audit, legal, and other administrative functions are paid by the Luxury Brand Partners LLC and excluded from these financial statements.

Reliance Trust Company serves as the trustee of the Plan, and therefore, fees and expenses paid to the trustee qualify as party-in-interest transactions. ADP, Inc. serves as the record-keeper of the Plan and as such, fees paid for loan origination and distribution services qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Luxury Brand Partners LLC 401(k) Plan

Notes to Financial Statements

8. Tax Status

The Plan has adopted a prototype non-standardized profit-sharing plan, which has obtained a favorable IRS opinion letter on October 6, 2020, in which the IRS stated that the form of the Plan was acceptable under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been since amended, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through September 22, 2022, which is the date the financial statements were available to be issued. There have been no subsequent events requiring adjustment to the financial statements or disclosures.
