David Cavitt, President/Plan Sponsor
Jolene Anderson, Plan Administrator
Furniture Enterprises of Alaska, Inc. 401(k) Profit Sharing Plan
940 E. 38th Avenue
Anchorage, Alaska 99503

We have audited the financial statements of Furniture Enterprises of Alaska, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021 and we have issued our report thereon dated August 18, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Reliance Trust Company, the Custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520. 103-5. Our audit did not extend to the certified investment information, expect for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presently fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated May 9, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Furniture Enterprises of Alaska, Inc. 401(k) Profit Sharing Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or

consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Your estimates of the fair market value of investments are based on quoted market prices in active markets for mutual funds and net asset value of units of the bank collective trust for the collective trust. We evaluated the methodologies used and determined that the methods are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of the fair value measurements of the investments in Note D to the financial statements which describes the fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value and sets forth by level the fair value hierarchy of the Plan's assets.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of the Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

During our test of controls, we noted that participant data, specifically date of hire information for existing employees, was not communicated accurately to the third-party administrator. The participant data is significant for Plan eligibility. Participant data is not periodically being reconciled to the employer's personnel records, which is a deficiency in internal controls.

We recommend all participant personnel records be reconciled to plan data.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Supplemental Schedule

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Rollover Accounts

In December 2020, the U.S. Department of Labor issued Prohibited Transaction Exemption (PTE) 2020-02. Much of that package was implemented in February 2021. PTE 2020-02 is designed to promote investment advice that is in the best interest of retirement investors (e.g., plan participants and beneficiaries, and IRA owners). The exemption conditions emphasize mitigating conflicts of interest and ensuring retirement investors are receiving advice that is prudent and loyal. The exemption offers a compliance option to investment advisers, broker-dealers, banks, and insurance companies (financial institutions) and their employees, agents, and representatives (investment professionals) that is broader and more flexible than pre-existing prohibited transaction exemptions. In particular, the exemption expressly provides relief for a variety of transactions and compensation that may not have been covered by prior exemptions. The preamble to the new exemption makes clear that the 1975 fiduciary regulation can extend to advice to roll assets out of a plan to an IRA and the exemption provides relief for prohibited transactions resulting from such advice.

Cybersecurity

In April 2021, the U.S. Department of Labor announced new guidance for plan sponsors, plan fiduciaries, record keepers and plan administrators on best practices for maintaining cybersecurity, including tips on how to protect the retirement benefits of America's workers. The guidance comes in three forms:

- Tips for Hiring Service Provider: Helps plan sponsors and fiduciaries prudently select a service provider with strong cybersecurity practices and monitor their activities, as ERISA requires.
- Cybersecurity Program Best Practices: Assists plan fiduciaries and record-keepers in their responsibilities to manage cybersecurity risks.
- Online Security Tips: Offers plan participants and beneficiaries who check their retirement accounts online basic rules to reduce the risk of fraud and loss.

As part of your fiduciary responsibility as a plan sponsor, you are expected to take reasonable precautions to help safeguard your retirement plan against cybersecurity threats, as well as other threats. Steps should be taken to incorporate the recent DOL guidance into your benefit plan programs and creating a roadmap for increased security.

401(k) Plan Investments in "Cryptocurrencies"

In March 2022, the U.S. Department of Labor issued Compliance Assistance release No. 2022-01 expressing concerns about the prudence of a fiduciary's decision to expose 401(k) plan's participants to direct investments in cryptocurrencies, or other products whose value is tied to cryptocurrencies. These investments present significant risks and challenges to participants' retirement accounts, including significant risks of fraud, theft, and loss, for all the following reasons:

- Speculative and volatile investments
- Challenge for plan participants to make informed investment decisions
- Custodial and recordkeeping concerns
- Valuation concerns
- Evolving regulatory environment

Based on these and other concerns, the U.S. Department of Labor expects to conduct an investigative program aimed at plans that offer participant investments in cryptocurrencies and related products, and to take appropriate action to protect the interests of plan participants and beneficiaries with respect to these investments.

RISE and SHINE – The Senate's Initial Response to House-Passed SECURE 2.0

On March 29, 2022, the House of Representatives passed the Securing a Strong Retirement Act of 2022 (SECURE 2.0, HR 2954). SECURE 2.0 is a comprehensive bill designed to increase access to retirement savings and includes a variety of provisions that would affect employer-provided retirement plans.

On June 14, 2022, the Senate Health, Education, Labor, and Pensions (HELP) Committee unanimously approved its version of SECURE 2.0, the Retirement Improvement and Savings Enhancement to Supplement Health Investments for the Nest Egg (RISE and SHINE, S. 4354) Act.

The RISE and SHINE Act builds on SECURE 2.0, with some key differences. Provisions in the RISE and SHINE Act not in SECURE 2.0 include:

- Allowing the use of plan assets to pay some incidental plan design expenses;
- Raising the limit on mandatory cash-out distributions from \$5,000 to \$7,000; and
- The inclusion of the Emergency Savings Act of 2022 (the Emergency Savings Act). Under Emergency Savings Act, 401(k) plans could include emergency savings accounts. Participants could make pre-tax contributions to their emergency savings accounts. Employers could match those contributions, but the total amount in a participant's emergency savings account could not exceed \$2,500. Participants could withdraw amounts from their emergency savings accounts generally at any time, without the requirements imposed on hardship withdrawals.

Provisions in SECURE 2.0 not in RISE and SHINE include:

- Increasing the catch-up contribution limit;
- Permitting matching contributions on student loan payments; and
- Raising the required minimum distribution age.

In addition to the RISE & SHINE Act, the HELP Committee also advanced the Increasing Small Business Retirement Choices Act. As passed by the HELP Committee, the legislation would make it easier for small businesses to offer more comprehensive retirement benefits to their workers by reducing administrative expenses. According to the bill's supporters, currently, employers who offer 401(k) retirement plans and want to consider a plan design change, such as the implementation of auto-enrollment or auto-escalation, must pay out-of-pocket administrative costs upfront, even if such changes might help employees save more money. The bill would change existing law to allow small business employers to use retirement plan funds to pay expenses associated with retirement plan design changes, potentially lowering the cost of providing better plans to workers.

The Senate will vote on RISE and SHINE, S. 4354 later this year. The Senate bill will then be reconciled with SECURE 2.0, and both chambers will vote on the combined bill to send to President Biden in 2022.
