To the Board of Trustees
The Segal Group Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Segal Group Profit Sharing plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2021, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Segal Group Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1 - Description of Plan

The following brief description of The Segal Group Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Company is defined as The Segal Group, Inc.

General

The Plan is a defined contribution plan that covers all full-time and part-time employees of the Company as soon as practicable following the employees' employment commencement date, a group of whom are covered under a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

On January 1, 2021, there was an amendment to the Plan whereby the Company will make 3% supplemental contributions to the Plan based upon 3% of eligible compensation payable on a quarterly basis to eligible participants. For the year ended December 31, 2021, the Company made supplemental contributions of approximately \$4,157,000. These supplemental contributions were temporary and ended on December 31, 2021.

Contributions

Each year, participants may make voluntary, pre-tax and/or after-tax contributions to the Plan from 1% up to 85% of their annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum voluntary pre-tax contribution permitted by Section 402(g) of the Internal Revenue Code (the "IRC") for 2021 was \$19,500 and the maximum allowable catch-up contribution was \$6,500, for a total maximum contribution of \$26,000 for eligible participants. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover).

The Company's contributions to the Plan are as follows:

- a. Contributions to the Plan are made by the subsidiaries of the Company in amounts determined by the Board of Directors. Company contributions are allocated based on eligible compensation. Contributions to the Plan are made in the form of cash. Beginning in 2007, contributions can also be made as a discretionary match. There were no profit sharing contributions in 2021. In 2021, the Company contributed approximately \$1,733,900 in a 3% discretionary match.
- b. The Company matches \$0.50 for each \$1.00 an employee defers on a pre-tax and/or Roth 401(k) post-tax basis up to the first 6% of eligible compensation. The matching contributions contributed to the Plan for 2021 were approximately \$3,513,900.

The Plan allows elective 401(k), Roth 401(k), voluntary, and catch-up contributions. Participants are permitted to elect to defer a portion of current compensation to the allowable limit permitted by law.

Participant accounts

Records are maintained to account for the proportionate interest of each participant under the Plan. These records reflect both realized and unrealized investment gains and losses, as well as the investment income of, and contributions to, the Plan. Allocations are based on participant earnings,

The Segal Group Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. A participant vests in the Company's contributions at the rate of 20% for each of the first four years of service and becomes 100% vested after completing the fifth year of service.

Notes receivable from participants

Participants can borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in the prior 12-month period. Loan terms range from one to five years, with longer terms available for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate as of the last day of the prior quarter before the loan application is received plus 1%. Principal and interest are paid ratably through semi-monthly and/or weekly payroll deductions. A one-time fee of \$35 is charged to cover administrative costs and \$3.75 per quarter is charged from the participant's account while the loan is outstanding.

Payment of benefits

Distributions of amounts attributable to the participants' voluntary and elective contributions are made in cash.

Distributions of vested benefits attributable to Company contributions held in participant-directed accounts are also made in cash.

Upon termination of service, including death and/or disability, participants may elect to receive any amount of payment, as well as stop or change how their lump-sum payments are set up and receive any amount in a single sum or make any change to payment amount, structure or timing to the extent permitted by the IRC and the Plan.

Forfeited accounts

At December 31, 2021 and 2020, forfeitures were \$123,962 and \$149,660, respectively. Amounts not vested upon termination of employment are forfeited. The forfeited amounts are used to fund the Plan's administrative expenses and any remaining forfeitures are credited after year to an account and shall be used to reduce employer contributions. Forfeitures used for administrative expenses in 2021 amounted to \$23,470.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared under the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect

The Segal Group Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Plan is administered by a Board of Trustees who are appointed by the Board of Directors of the Company. Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees charged to the Plan are presented net of shared revenue credits received from the trustee. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 7, 2022, which is the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The Segal Group Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

Financial assets carried at fair value at December 31, 2021 and 2020 are classified in the tables below into one of the three categories described above:

	2021			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 6,249	\$ -	\$ -	\$ 6,249
Mutual funds	484,491,992	-	-	484,491,992
Total assets in the fair value hierarchy	484,498,241	-	-	484,498,241
Investments measured at NAV (a)	-	-	-	75,739,162
Total assets in the fair value hierarchy	<u>\$ 484,498,241</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 560,237,403</u>
	2020			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 6,427	\$ -	\$ -	\$ 6,427
Mutual funds	415,580,337	-	-	415,580,337
Total assets in the fair value hierarchy	415,586,764	-	-	415,586,764
Investments measured at NAV (a)	-	-	-	79,462,288
Total assets in the fair value hierarchy	<u>\$ 415,586,764</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 495,049,052</u>

(a) In accordance with ASC 820-10, certain investments that were measured at net asset value ("NAV") per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Segal Group Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

The following is a description of the valuation methodologies used for assets measured at fair value:

Money market fund and mutual funds

Valued at daily closing price as reported by the fund. Funds held by the Plan are an open-end money market fund and mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts

The fair values of accumulation units held by the Plan in pooled separate accounts ("PSAs") are based on each account's daily NAV, which is considered by Plan management to be the best approximation of fair value. NAV is based on the value of the underlying investments owned by each trust, minus its liabilities divided by the number of shares outstanding. Data for NAVs are distributed to Plan administrators and client investors and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

There have been no changes in the methodologies used as of December 31, 2021 and 2020.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Net asset value per share

The following tables present the Plan's investments with a reported NAV as of December 31, 2021 and 2020:

<u>December 31, 2021</u>	<u>Fair value</u>	<u>Unfunded commitment</u>	<u>Redemption frequency (if currently eligible)</u>	<u>Redemption notice period</u>

1 Funds in this category seek to provide current income, consistent with preservation of capital and liquidity.

The Segal Group Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 5 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2021 and 2020, and investment income and interest income on notes receivable from participants for the year ended December 31, 2021, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 6 - Related party transactions and party-in-interest transactions

Certain members of the Board of Trustees of the Plan are also employees of the Company and may be participants in the Plan. They do not receive any fees associated with being members of the Board of Trustees of the Plan. Also, certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

Certain Plan investments are shares of mutual funds and a money market fund managed by Fidelity Investments. Fidelity Management Trust Company, a subsidiary of Fidelity Investments, is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2021, the Plan paid fees of \$26,842 to Fidelity Investments. The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

Note 7 - Tax status

The Internal Revenue Service (the "IRS") has determined and informed the Company by a letter dated July 14, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirement of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Segal Group Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 8 - Risks and uncertainties

The Plan's assets are invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state, and local authorities, leading to an overall decline in the economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time.
