INDEPENDENT AUDITOR'S REPORT

Highpointe Hotel Corporation
Employees Retirement Plan
Gulf Breeze, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Highpointe Hotel Corporation Employees Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Highpointe Hotel Corporation Employees Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Highpointe Hotel Corporation Employees Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Highpointe Hotel Corporation Employees Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Highpointe Hotel Corporation Employees Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Highpointe Hotel Corporation Employees Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

Highpointe Hotel Corporation
Employees Retirement Plan
Gulf Breeze, Florida

We were engaged to audit the accompanying financial statements of the Highpointe Hotel Corporation Employees Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the plan during 2020, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2021 and for the year then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Highpointe Hotel Corporation Employees Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Highpointe Hotel Corporation (the Company) who have completed one year of service and are age twenty-one or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Employer matching contributions are discretionary and are determined by the Company's Board of Directors. For 2021 and 2020, the Company contributed 50 percent of the first six percent of compensation that a participant contributed to the Plan. Additional amounts may be contributed at the option of the Company. The matching and discretionary Company contributions are invested as directed by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings on the contributions. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Payment of Benefits

On attainment of age 59 ½ or termination of service due to disability or retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial installments. For termination of service due to death, a participant's beneficiary may receive the value of the vested interest in his or her account as a lump-sum distribution.

In 2020, the Company implemented *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 31, 2020, qualified participants were permitted to take a CRD of up to \$100,000 from the Plan. Participants who took a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$6,238 and \$7,981, respectively. These amounts will be used to pay Plan expenses or reduce future employer contributions. Forfeitures of \$-0- and \$10,329 were used to pay Plan expenses in 2021 and 2020, respectively. Forfeiture of \$5,787 and \$-0- were used to reduce employer contributions in 2021 and 2020, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Excess Contributions Refundable

Amounts refundable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants subsequent to year end.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued, and noted no material events requiring disclosure.

NOTE 3 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan held a guaranteed investment contract with Voya Retirement Insurance and Annuity Company until November 2021. Voya Retirement Insurance and Annuity Company maintained the contributions in its general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

NOTE 3 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Because the guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented at contract value on the face of the statements of net assets available for benefits. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer, but it may not be less than one percent. Such interest rates were reviewed on a monthly basis for resetting.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the plan's prohibition on competing investment options; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the plan's normal operations; (4) the failure of the plan to qualify under 401(a) of the Internal Revenue Code or the failure of the trust to be tax exempt under Section 501(a) of the Internal Revenue Code; or (5) premature termination of the contract. Due to the Plan's premature termination of the contract in 2021, the Plan's investment in the guaranteed investment contract was subject to a negative market value adjustment of \$13,632.

NOTE 4 – INVESTMENTS

The Plan's investments as of December 31, 2021 and 2020 consist of:

	2021	2020
Investments at fair value:		
Mutual funds	\$ 11,291,085	\$ -
Common/Collective trusts	1,685,586	-
Pooled separate accounts	-	10,273,160
Investments at contract value:		
Fully benefit-responsive investment contract	-	1,442,535
	<u>\$ 12,976,671</u>	<u>\$ 11,715,695</u>

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Reported at the value of the underlying assets owned by the pooled accounts. The unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Stable value collective trust fund: The stable value fund is composed primarily of fully benefit-responsive investment contracts valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient for estimating fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure the securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments as of December 31, 2021.

NOTE 5 – FAIR VALUE MEASUREMENTS (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Fair Value Measurements as of December 31, 2021				
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	\$ 11,291,085	\$ -	\$ -	\$ 11,291,085
Total assets in fair value hierarchy	11,291,085	-	-	11,291,085
Investments measured at net asset value*	-	-	-	1,685,586
Investments at fair value	\$ 11,291,085	\$ -	\$ -	\$ 12,976,671

Fair Value Measurements as of December 31, 2020				
	(Level 1)	(Level 2)	(Level 3)	Total
Pooled separate accounts	\$ 10,273,160	\$ -	\$ -	\$ 10,273,160
Investments at fair value	\$ 10,273,160	\$ -	\$ -	\$ 10,273,160

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the years ended December 31, 2021 and 2020 there were no significant transfers between levels 1 and 2 and no transfers in or out of level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The table on the following page summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. The Plan held no investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020.

NOTE 5 – FAIR VALUE MEASUREMENTS (continued)**Investments Measured Using the Net Asset Value per Share Practical Expedient (continued)**

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>

NOTE 6 – ALTERNATIVE METHOD OF COMPLIANCE

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments and dividends for the years then-ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company (Voya) and Reliance Trust Company (Reliance). Voya served as the Plan's trustee from January 1, 2020 through November 9, 2021. Reliance served as trustee from November 10, 2021 through December 31, 2021. This information has not been audited by the Plan's independent auditors. The information certified by Reliance Trust Company is summarized below.

	<u>December 31, 2021</u>	<u>December 31, 2020</u>
i) Investments	\$ 12,976,671	\$ 11,715,695
ii) Investment-related transactions for the year:		
Net appreciation in fair value of investments	\$ 994,272	\$ 1,625,621
Dividends	\$ 698,864	\$ 16,922
iii) Information included in supplemental schedule on page 17.		

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

NOTE 8 – TAX STATUS

The IRS has determined and informed the Company by a letter dated July 16, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan was serviced by Saltmarsh, Cleaveland & Gund as its third-party administrator, and Voya Retirement Insurance and Annuity Company as its trustee until November 9, 2021. Effective November 10, 2021, the Plan is serviced by Reliance Trust Company as its trustee and ADP, Inc. as its third-party administrator and record-keeper. The Plan is serviced by Wells Fargo Advisors, LLC as its registered investment advisor.

During 2021 and 2020, the Plan made direct payments to these parties of \$3,994 and \$16,897, respectively. These transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for investment management and custodian services are paid through revenue sharing, rather than direct payment, and are included in net appreciation in fair value of investments.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.
