INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
DealerPolicy 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of DealerPolicy 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of DealerPolicy 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DealerPolicy 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DealerPolicy 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DealerPolicy 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of DealerPolicy 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DEALERPOLICY 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the DealerPolicy 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General Information

The Plan is a defined contribution plan covering all eligible employees of DealerPolicy, Inc. and Winooski, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective June 1, 2022, Winooski, LLC changed its name to Polly Insurance Agency, LLC and the Plan changed its name to the Polly 401(k) Plan.

Contributions

Participants may make voluntary pretax and Roth contributions subject to certain limitations under the terms of the Plan and the Internal Revenue Code (IRC). Participants who have attained age 50 before year end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes matching contributions of 100% of the first 3% of eligible compensation that a participant contributes to the Plan. Contributions are limited to certain Internal Revenue Service (IRS) limits.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and investment earnings and are charged with an allocation of administrative expenses. Allocations of investment earnings and administrative expenses are based on a participant's account balance relative to the total account balances of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in employer matching contributions is based on years of service. A participant is 50% vested after two years of service, 75% vested after three years of service, and 100% vesting after four years of credited service. Participants automatically become fully vested upon death, total and permanent disability or retirement at age 65 while employed by the Company, regardless of years of service.

Notes Receivable from Participants

Participants may borrow from their accounts upon the demonstration of a hardship event, from a minimum of \$1,000 up to a maximum of \$50,000, not to exceed 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate, as defined by the Plan. Principal and interest is paid ratably through payroll deductions.

DEALERPOLICY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Benefits are distributed in a lump sum or for those participants who must receive required minimum distributions a partial or installment payment may be taken. Distributions for those under the Plan are based on normal retirement date, disability, death or termination of employment of the participant. Participants who terminate employment shall be eligible for a distribution as soon as administratively feasible following the participant's termination date. Termination distributions of account balances greater than \$5,000 may be deferred to a later date. Participants may also request an in-service withdrawal after age 59 ½ or hardship withdrawals upon meeting certain requirements as outlined by the Internal Revenue Service (IRS).

Forfeitures

At December 31, 2021 and 2020, forfeited nonvested amounts totaled \$36,122 and \$11,849, respectively. Forfeitures from participants' non-vested accounts may be used by the Company to reduce future employer matching contributions or to pay administrative expenses under the Plan. Forfeitures of \$3,084 were used during the year ended December 31, 2021.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

DEALERPOLICY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Plan expenses primarily consist of recordkeeping fees and investment advisory fees. Fees for the administration of notes receivable from participants and benefits paid to participants are included in administrative expenses and charged directly to the participant's account. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan was amended and restated effective June 1, 2022 to name Newport Group, Inc. the custodian and third party administrator.

The Plan has evaluated subsequent events through September 30, 2022, the date the financial statements were available to be issued.

NOTE 3 — INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan has furnished certain financial information to the plan administrator and certified as to its completeness and accuracy. These certifications are as of December 31, 2021 and 2020, and for the year ended December 31, 2021 and include investment information related to fair value of investments, notes receivable from participants, interest income on notes receivable from participants and net appreciation in fair value of investments that is included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

NOTE 4 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

Level 1 inputs consist of unadjusted quoted prices in active markets, that the Plan has the ability to access, for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices of identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or 2 were not available.

DEALERPOLICY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts: Represents investments in participation units held in pooled separate accounts through sub-accounts of an insurance company. The pooled separate accounts, except for the stable value fund, are primarily invested in mutual funds listed on the national securities exchanges and are valued daily at the unit value of shares held by the Plan in the separate investment accounts based on the underlying mutual funds and their quoted net asset value (NAV), which is an observable input. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company, denotes readily determinable fair value.

Pooled Separate Accounts – Stable Value Fund: Included in the pooled separate accounts is a stable value fund, which represents participation units of a collective investment trust for which the NAV is based on the market value of the underlying investments. The stable value fund is invested primarily in fully benefit responsive contracts, issued by state regulated insurance companies and banks, including but not limited to John Hancock Life & Health Insurance Company, and are valued at the NAV of units of the bank collective trust, which is an observable input. The NAV, as determined, is the basis for current transactions. Investments in the stable value fund can be redeemed at NAV as of the measurement date. Therefore, those investments are considered to have a readily determinable fair value.

Investments in the fund will accrue interest at the applicable monthly crediting rate, which rate is set based upon a formula. Because the crediting rate is set monthly in advance, there can be no assurance that the crediting rate will accurately reflect the actual performance of the portfolio's underlying assets. Accordingly, the actual market value of the underlying assets may, at times, be greater than or less than the book value of the portfolio. Any difference between the portfolio's market value and book value will be taken into consideration when setting future crediting rates. In addition, each insurance company either contractually guarantees or obtains contractual guarantees from third parties insuring against the loss of principal deposited into the fund and providing that individual participant withdrawals will be paid promptly at book value (the amount of participant contributions plus interest previously credited, less previous withdrawals) even if the fund's total book value exceeds the market value of its underlying securities. However, if the book value of the fund exceeds the market value of underlying securities, the stabilizing agreements provide that the payment of certain withdrawals may be delayed for up to 12 months unless the plan or the participant requesting the withdrawal elects to accept such payment subject to a market value adjustment. Plans that select this fund may not select any "competing fund" in their plan.

NOTE 5 — TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the prototype plan adopted by the Plan and related trust, as then designed, are in compliance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 6 — PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets include investments in funds managed by John Hancock Life Insurance Company, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules of ERISA.

Notes receivable from participants qualify as party-in-interest transactions and are also exempt from the prohibited transaction rules of ERISA.

NOTE 7 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in all of their accounts.

NOTE 8 — RISKS AND UNCERTAINTIES / COVID-19

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization categorized the coronavirus disease ("COVID-19") as a pandemic, which is ongoing as of the date of the financial statements. COVID-19 has had a disruptive impact on the daily life and operations of individuals, businesses, and employee benefit plans around the world and there is an uncertainty about financial and economic impacts in all sectors of the economy. The financial markets have experienced significant volatility, and the potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. As a result, it is not possible to ascertain the overall impact of COVID-19 on the Plan's investment portfolio, participant account balances and the amounts reported in the Plan's financial statements.

On March 27, 2020, the President of the United States signed into law the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which included provisions that impacted retirement plan rules for calendar year 2020 including options to take Coronavirus-related distributions, suspend loan payments, increase new loan limits and delay required minimum distributions. The Plan adopted the provisions of the CARES Act.
