To the Plan Administrator
Transplant Resource Center of Maryland, Inc.
Retirement Savings Plan
Baltimore, MD

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Transplant Resource Center of Maryland, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Transplant Resource Center of Maryland, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Transplant Resource Center of Maryland, Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Transplant Resource Center of Maryland, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Transplant Resource Center of Maryland, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Transplant Resource Center of Maryland, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Transplant Resource Center of Maryland, Inc. Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian held the Plan's investment assets and executed investment transactions. The plan administrator obtained a certification from the custodian as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodian was complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE A – DESCRIPTION OF PLAN

Transplant Resource Center of Maryland, Inc. Retirement Savings Plan (the "Plan") is a defined contribution plan established on January 1, 2002, based on the prototype defined contribution retirement plan of Newport Group (formerly, Daily Access Corporation), which until January 31, 2018, provided bookkeeping services for the Plan. In February 2008, the Transplant Resource Center of Maryland, Inc. began doing business as The Living Legacy Foundation of Maryland ("LLF").

On December 22, 2017, LLF changed its third-party Plan administrator to T. Rowe Price Retirement Services ("T. Rowe Price") and amended its Plan documents based on T. Rowe Price's prototype Adoption Agreement for DST Retirement Solutions, LLC Volume Submitter 401(k) Profit Sharing Plan, which became effective on February 1, 2018. Under the amended adoption agreement, LLF elected to remove the vesting schedule with respect to employer discretionary contributions. All other attributes of the initial adoption agreement remained the same. The Plan trustee is Reliance Trust Company (the "Trustee"). The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 ("ERISA"), as amended.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Eligibility

The Plan is a defined contribution plan covering all employees of LLF who are at least 21 years of age and have completed 500 hours of service within the six month time period following the date of hire. If 500 hours of service are not completed within the six month time period of employment, the eligibility date will be met when a year of service has been completed. In addition, all eligible employees will be automatically enrolled in the Plan with a deferral rate of 3 percent of eligible compensation unless they specifically elect not to participate in the Plan. Automatically enrolled participants' contributions are invested in a designated balanced fund until changed by the participant. Participants may change their contributions at any time.

Participant Contributions

Participants may contribute a percentage of their annual pretax compensation, as defined in the Plan agreement, not to exceed the maximum allowable amounts under the Internal Revenue Code (the "Code"). Participants who are at least age 50 can make additional "catch-up" contributions as defined under the Code.

(continued)

NOTE A – DESCRIPTION OF PLAN - continued

Employer Contributions

Participants are eligible to receive employer matching contributions once they have satisfied the eligibility requirements. During the years ended December 31, 2021 and 2020, LLF matched employee contributions 100% on the first 4% of gross wages. Safe harbor matching contributions are 100% vested. LLF may also make a discretionary contribution to the Plan. During the years ended December 31, 2021 and 2020, LLF did not make any discretionary contributions.

Rollover Contributions

The Plan accepts rollover contributions from retirement funds held by participants outside of this Plan, subject to Plan provisions.

Investment Options

The Plan provides for participant-directed investment programs; whereby, the Plan determines which investment options are available and the participants may choose among the available options. Participants may change their investment options at any time by reallocating contributions among different investment alternatives. Participants may also transfer contributions into and out of investments provided under the Plan, subject to possible restrictions.

Participant Accounts

Each participant's account is self-directed and credited with the participant's pre-tax or after-tax contributions (including elective deferrals, catch up contributions, and/or rollover contributions), LLF's contributions, share of any investment earnings, and increases in the value of investments. Participant accounts are reduced by any withdrawals or distributions, investment losses, decreases in values of investments, and share of fees and expenses, as applicable. Allocations are based on participant earnings or account balances, as defined by the Plan provisions.

Payment of Benefits

Benefits may be paid from participant accounts at age 59 1/2, or upon disability, termination of employment, death, or upon the Plan's termination. Participants who are age 70 1/2 and over are required by the Internal Revenue Service ("IRS") to make certain required minimum distributions. If a participant's account is valued at \$1,000 or less, than a lump sum of the account balance will be distributed to the participant. However, if a participant's account is between \$1,000 and \$5,000, the account balance will be directed to a self-directing Individual Retirement Account ("IRA") on the first quarter of the calendar year after termination of his or

her employment. If requested, LLF may liquidate the value of the account and distribute the funds to the former participant. The taxable portion of a withdrawal is subject to federal and state income taxes and a penalty if the participant has not reached retirement age, unless the amount is rolled over into another eligible plan or an IRA. Eligible participants may request an in-service hardship distribution of elective deferrals and any vested employer contributions, subject to the Plan's provisions. Vested benefits may be paid to the participants in a lump-sum distribution or direct rollover distribution to another qualified plan.

Furthermore, section 2202 of the CARES Act provides for coronavirus-related distributions and favorable tax treatment for up to \$100,000 to qualified Plan participants. The requested distribution cannot exceed the lesser of the vested account balance or \$100,000; a flat 10% withholding rate will be applied to the taxable amount of the distribution unless the Plan participant chooses not to have federal income tax withheld; and the Plan participant must be either diagnosed with the COVID-19, have a spouse or dependent who is diagnosed with COVID-19, or has experienced adverse financial consequences as a result of being quarantined, furloughed, laid off, etc.

Notes Receivable from Participants

The Plan allows active participants to borrow from their vested account balances. The minimum loan amount is \$1,000. Participant loans are limited to the lesser of 50% of the vested account balance or \$50,000 less the highest outstanding loan balance in the prior twelve month period. Participants are permitted to have only one outstanding loan at any time and the loan must be repaid within a five year period, unless the loan is for the acquisition of a primary residence. All loans shall be considered investments of the trust and shall be evidenced by a promissory note signed by the participant.

However, as a result of COVID-19 and under the CARES Act to Plan Loans, participants may borrow up to \$100,000 and/or 100% of his or her vested account balance. The time period applicable to the CARES Act to Plan Loans occurred between March 27, 2020 and September 23, 2020.

Loans are secured by the balance in the participant's account, and bear interest at a rate commensurate with local prevailing rates. The interest rate shall remain fixed throughout the duration of the loan. Principal and interest payments are made through payroll deductions.

2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited Accounts

Forfeitures attributable to non-elective employer contributions will be used to reduce any future non-elective contributions and Plan expenses. Forfeitures attributable to matching contributions will be used to reduce any matching contributions. As of December 31, 2021 and 2020, there were no forfeited non-vested account balances.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and in the disclosures of contingent assets and liabilities. Accordingly, actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the collective trust stable value fund, which is reported at net asset value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Net asset value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to common collective trust investment contracts, because net asset value is the amount participants would receive, if they were to initiate permitted transactions under the terms of the Plan.

Interest is recorded as earned and dividend income is accrued as of the ex-dividend date. Purchases and sales of investments are recorded on a trade date basis. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative costs, except for certain investment fees and loan fees that are paid out of the related participant accounts, are paid by the Plan Sponsor and have not been included in the accompanying financial statements.

NOTE C – INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the alternative method of compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, information certified by Reliance Trust Company (the “Trustee” of the Plan), as of and for the years ended December 31, 2021 and 2020, was not audited, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

Certain information related to investments from participants disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

The following investment information has been certified by the Trustee as of and for the years ended December 31, 2021 and 2020:

	2021	2020
Investments, at fair value	\$ 13,762,811	\$ 11,113,939
Investments, at net asset value	699,555	405,191
Interest-bearing cash	3	3
Dividends	818,566	387,517
Interest income on notes receivable from participants	10,482	10,554
Net appreciation in fair value of investments	931,400	978,664

NOTE D – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTES TO THE FINANCIAL STATEMENTS

(continued)

NOTE D – FAIR VALUE MEASUREMENTS – continued

The three levels of the fair value hierarchy under ASC 820 are described as follows:

- | | |
|----------------|---|
| <i>Level 1</i> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| <i>Level 2</i> | Inputs to the valuation methodology include a) quoted prices for similar assets or liabilities in active markets; b) quoted prices for identical or similar assets or liabilities in inactive markets; c) inputs other than quoted prices that are observable for the asset or liability; and d) inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| <i>Level 3</i> | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value of mutual funds is determined by using the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchanges Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan invests in a collective trust (stable value fund) (the "Trust") in the T. Rowe Price Stable Value N Fund. The fair value of the Trust is measured by using net asset value per share, or its equivalent, as a practical expedient. The Trust invests in fully benefit-responsive guaranteed investment contracts, reported at contract value,, and wrapper contracts. The Plan's interest in the Trust is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to pay a specified interest rate that is guaranteed to the Plan. T. Rowe Price will guarantee principal and accrued interest, based on credited interest rates for participant-initialed withdrawals, as long as the contract remains active. Interest is credited to the contract at interest rates that reflect the performance of the underlying investments. Rates reset quarterly on the guaranteed investment contract, with a minimum credited rate of 0%.

NOTE D – FAIR VALUE MEASUREMENTS – continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's fair value hierarchy for investments measured at fair value on a recurring basis as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,762,811	\$ -	\$ -	\$ 13,762,811
Investments measured at NAV practical expedient				699,555
Total investments, at fair value				<u>\$ 14,462,366</u>

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,113,939	\$ -	\$ -	\$ 11,113,939
Investments measured at NAV practical expedient				405,191
Total investments, at fair value				<u>\$ 11,519,130</u>

In accordance with FASB ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D – FAIR VALUE MEASUREMENTS - continued

The following tables summarize the Plan’s investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. The redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2021	Fair Value at December 31, 2020	Unfunded Commitments	Other Restrictions	Redemption Notice Period

NOTE E – INCOME TAX STATUS

The Internal Revenue Service (“IRS”) has determined that as of March 31, 2008, that the Daily Access Corporation Proto-type Non-standardized Profit Sharing Plan was designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). The Proto-type Plan was adopted by LLF on January 1, 2002. The Plan has been subsequently amended. The Plan administrator is not aware of any course of action or series of events that have occurred that might affect the Plan’s tax exempt status, and therefore, believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. There were no uncertain tax positions identified by the Plan.

The Plan's Form 5500 is subject to examination by the IRS for a period of three years from the date it was filed, except under certain circumstances. The Plan’s Form 5500 for the years 2018 through 2020 are open for a tax examination by the IRS, although no request has been made as of the date of these financial statements.

NOTE F – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

As the Trustee of the Plan, Reliance Trust Company (“Reliance Trust”) receives a percentage amount of the total investments for managing the Plan’s assets, which qualifies Reliance Trust as a party-in-interest to the Plan. In addition, T. Rowe Price receives payment from the Plan for providing administrative and bookkeeping services. For the years ended December 31, 2021 and 2020, fees paid by the Plan for the investment management and administrative services totaled \$56,768 and \$43,013, respectively.

NOTE G – PRIORITIES UPON PLAN TERMINATION

Although it has not expressed any intent to do so, LLF has the right to amend the Plan, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances as of the date of termination.

NOTE H – RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities that are exposed to various risks such as interest rate, credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

NOTE I – SUBSEQUENT EVENTS

On June 10, 2022, Living Legacy Foundation of Maryland, the Plan sponsor, announced that they had signed a definitive agreement to merge with Washington Regional Transplant Community (“WRTC”), another nonprofit organ procurement organization. Upon completion of the merger between the Plan Sponsor and WRTC, which is planned to occur as of January 1, 2023, the Washington Regional Transplant Community Tax-Deferred Retirement Plan will merge with Transplant Resource Center of Maryland, Inc. Retirement Savings Plan.

In preparing these financial statements, LLF has evaluated events and transactions for potential recognition or disclosure through September 28, 2022, the date the financial statements were available to be issued. There were no additional events or transactions that were discovered during the evaluation that required further recognition or disclosure.
