INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
the Baxter International Inc. and Subsidiaries U.S Retirement Savings Plan
Deerfield, Illinois

Opinion

We have audited the financial statements of Baxter International Inc. and Subsidiaries U.S. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

a. Exercise professional judgment and maintain professional skepticism throughout the audit.
b. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
c. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
d. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
e. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. General Description of the Plan

The following description of the Baxter International Inc. and Subsidiaries U.S. Retirement Savings Plan (formerly known as the Baxter International Inc. and Subsidiaries Incentive Investment Plan) (the Plan) is provided for general information purposes only. Participants should refer to the Plan document and summary plan description for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a defined contribution plan, the predecessor of which originally became effective on July 1, 1960. The Plan was created for the purpose of providing retirement benefits to United States employees of Baxter International Inc. (the Sponsor or the Company) and its subsidiaries, and to encourage and assist employees in adopting a regular savings program by means of payroll deductions through a plan that qualifies under the United States Internal Revenue Code. Effective in January 2020, Plan participants may authorize the Company to make payroll deductions under the Plan ranging from 1% to 50% of their pre-tax monthly compensation, their monthly compensation after the imposition of federal income taxes or a combination of the two limited to a maximum of $19,500 a year. Additionally, effective in January 2021, Plan participants may authorize the Company to make additional payroll deductions after the imposition of federal income taxes allowing them to contribute above the $19,500 Internal Revenue Code limit up to a maximum of $58,000. Participants who have attained the age of 50 by the end of the year may contribute up to an additional $6,500 per year in “catch-up” contributions in 2021 and 2020. Newly hired employees are deemed to have elected to contribute 4% of compensation (increased by 1% per year to a total of 10%) unless they make a contrary election. The Company matches a participant’s savings contributions on a dollar for dollar basis up to 3% of the participant’s compensation, and matches any contributions between 3% and 4% of compensation at the rate of 50 cents for each dollar of a participant’s pre-tax contribution, so that the maximum matching contribution for participants who contribute at least 4% of their compensation is 3.5% of compensation. The Company also contributes an additional non-matching 3% of compensation for employees that are not eligible to participate in the Company’s U.S. qualified defined benefit pension plan, which includes all new employees hired on or after January 1, 2007, and employees who had less than five years of service on January 1, 2007 and who elected to cease earning additional service in the pension plan and participate in the higher level of Company contributions in the Plan.

Participants are immediately vested in the elective contributions and matching contribution plus actual earnings thereon. The additional non-matching contributions become fully vested after three years of service. Participants are fully vested in the Company’s non-matching contributions account, regardless of years of service with the Company, upon attaining age 65, upon becoming disabled in accordance with the provisions of the Plan or upon dying while employed by the Company. Forfeitures of nonvested accounts are used to reduce future employer contributions.

Participants may borrow from their vested accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at the prime rate at the last day of the month prior to the loan request, plus one percent.

In response to the pandemic outbreak of the Novel Coronavirus (COVID-19), the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was signed into law on March 27, 2020. The CARES Act permitted qualified Plan participants to withdraw penalty-free distributions of up to $100,000 during 2020, increased the loan cap to the lesser of 100% of the vested balance or $100,000, and allowed for certain participant loan repayments to be delayed up to one year. The Plan Administrator elected to implement these provisions of the CARES Act.

Participants or their beneficiaries may elect lump-sum benefit payments, or benefits may be paid in installments. Subject to certain provisions specified in the Plan agreement, employed participants may withdraw their pre-tax contributions, matching contributions made prior to 2008, vested non-

matching contributions and related earnings in cases of financial hardship and in certain other circumstances. In the case of a participant termination by reason of death or disability, the entire vested amount is paid to the person or persons legally entitled thereto.

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings, and is charged with his or her withdrawals and an allocation of Plan-related expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The net income of the Plan is posted to the participants' accounts on a daily basis. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Upon enrollment in the Plan, a participant may direct contributions into any of 15 investment options: Stable Income Fund, State Street S&P 500 Index Non-Lending Series Fund, State Street International Index Non-Lending Series Fund, State Street Russell Small Cap Index Non-Lending Series Fund, Northern Trust Domestic Mid Cap Fund, State Street Global Advisors Emerging Markets Fund (SSgA Emerging Markets Fund) and nine different Target Date Retirement Funds. Effective October 1, 2021, the Composite and General Equity funds were liquidated and discontinued. Effective January 1, 2018, participant balances in the Baxter Common Stock Fund were limited to no more than 25 percent of the participant's total Plan account balance, subject to certain grandfathering exceptions for those participants whose balance exceeded 25 percent as of the effective date. Participants may not direct contributions to the Self-Managed Fund but can transfer funds into the Self-Managed Fund from other investment options. Effective October 1, 2020, the Baxter Common Stock fund was liquidated and discontinued.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting. Accordingly, investment income is recognized when earned and expenses are recognized when incurred.

Valuation of Investments and Collateral

The fair value of Plan investments and collateral is determined as follows:

Cash and cash equivalents	These largely consist of cash and a short-term investment fund. Cash is valued at cost, which approximates fair value. The fair value of the short-term investment fund is based on the net asset value. The investment objective for this fund is to provide safety for principal, daily liquidity and a competitive yield by investing in high quality instruments.
Common stock	Value based on closing prices on the valuation date in an active market on national securities exchanges.
U.S. government and government agency issues	Value based on reputable pricing vendors that typically use pricing matrices or models.

Corporate and other obligations	Value based on reputable pricing vendors that typically use pricing matrices or models.
Common-collective trusts	Value based on net asset values reported by the fund managers as of the Plan's financial statement dates and recent transaction prices. Each fund provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.
Collateral held on loaned securities	Value based upon the net asset value per unit of the short-term investment funds where the collateral is invested. Refer to Note 6 for more information on the securities lending program.
Collateral to be paid on loaned securities	Value based on the fair value of the underlying securities loaned on the valuation date, plus an incremental margin.
Self-managed fund	Value based on the fair value of the underlying securities in the fund. Fund contains holdings of cash and cash equivalents, common stock, corporate and other obligations and holdings with registered investment companies. Registered investment companies are valued based upon the closing price from a national security exchange on the valuation date.

Income Recognition

Plan investment return includes dividend and interest income, gains and losses on sales of investments and unrealized depreciation or appreciation of investments. Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest is earned on an accrual basis.

The financial statements reflect the net depreciation or appreciation in the fair value of the Plan's investments. This net depreciation or appreciation consists of realized gains and losses calculated as the difference between proceeds from a sales transaction and cost determined on a moving average basis, and unrealized gains and losses calculated as the change in the fair value between beginning of the year (or purchase date if later) and the end of the year.

Fully Benefit-responsive Investment Contracts

The Plan holds synthetic guaranteed investment contracts (GICs) as part of the Stable Income Fund. The synthetic GICs provide for a fixed return on principal over a specified time through fully benefit-responsive contracts issued by Prudential, MetLife, RGA and Voya. The portfolio of assets underlying the synthetic GICs primarily includes fixed income commingled vehicles that invest in cash and cash equivalents, U.S. government and government agency issues, corporate credit and other fixed income obligations.

These Plan investments are presented at contract value on the Statements of Net Assets Available for Benefits. Contract value represents contributions, plus earnings, less participant withdrawals and administrative expenses. The investment contracts used by the Plan are fully benefit-responsive because the investment contract issuers are contractually obligated to make up any shortfall in the event that the underlying asset portfolio has been liquidated and is inadequate to cover participant

withdrawals and transfers at contract value. There are currently no reserves held against the contract values for credit risk of the contract issuers or any other risk.

Events that may lead to market value withdrawals that exceed 20 percent of the contract value of the synthetic GIC's of Prudential, MetLife, RGA and Voya would limit the ability of the Plan to transact at contract value with participants. These events may include restructurings, early retirement plans, divestitures, bankruptcies, or legal, tax or regulatory changes. The Plan Sponsor believes that the occurrence of any such event is remote.

The investment contract issuers can only terminate at a value different than contract value under an event of default (that was not remedied) such as failure to follow the terms of the contract. If an investment contract issuer would like to terminate the contract for another reason, the Plan can maintain the contract through an extended termination process designed to ensure continued benefit-responsive treatment for withdrawals.

Notes Receivables from Participants

Participant loans are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participant's account balances.

Payment of Benefits and Fees

Benefits are recorded when paid. Loan origination fees associated with notes receivable from participants, the Plan's record keeping and trustee fees, certain legal and communication expenses and certain administrative fees are paid by the Plan and are reflected in the financial statements as Plan expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and related notes to the financial statements. Changes in such estimates may affect amounts reported in future periods.

Other

Due from brokers for securities sold and due to brokers for securities purchased represent the net cash value of security trades initiated but not yet settled at each respective year-end.

Risks and Uncertainties

The Plan provides for various investment options which invest in any combination of registered investment companies, U.S. government and government agency issues, corporate and other obligations, common stock, common-collective trusts, synthetic guaranteed investment contracts and short-term investments. Investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits. Individual participants' accounts bear the risk of loss resulting from fluctuations in investment values.

Investments in U.S. government and government agency issues and corporate and other obligations underlying the Plan's synthetic GICs include securities with contractual cash flows, such as asset-

backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans (corporate and other obligations). The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate values, delinquencies and/or defaults and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The Novel Coronavirus Pandemic or COVID-19 (Coronavirus) has negatively impacted the global economy and created significant volatility and disruption in financial markets. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could significantly affect the Plan's net assets available for benefits and changes in net assets available for benefits. The recordkeeper of the Plan is closely monitoring the volatility in the market and providing valuable analysis and insights to participants.

3. Eligibility Requirements

Employees become eligible to participate in the Plan as of the employee's date of employment. Eligible employees are those who meet the following requirements:

A. U.S. employees of Baxter or its subsidiaries which have adopted the Plan;

B. U.S. employees not covered by a collective bargaining agreement unless the agreement provides for coverage under the Plan; and

C. U.S. employees who are not leased employees.

4. Administration of the Plan

During the fourth quarter of 2021, the custodian agreements between Baxter and State Street Bank and Trust Company (former Trustee) were terminated. State Street Bank and Trust Company served as the trustee through October 31, 2021. The Northern Trust Company (the successor Trustee) was appointed by the Investment Committee as the successor custodian and began to serve as the trustee of the Plan as of November 1, 2021. Voya Institutional Plan Services, LLC serves as recordkeeper for the Plan.

The Administrative Committee (the Administrator) administers the Plan and serves as the Plan fiduciary per American Institute of Certified Public Accountants standards. Members of the Administrative Committee are appointed by the Compensation Committee of the Board of Directors of Baxter and are employees of Baxter. The Investment Committee has authority, responsibility and control over the management of the assets of the Plan. Members of the Investment Committee are appointed by the Audit Committee of the Board of Directors of Baxter and are employees of Baxter.

Substantially all investment manager, trustee and administrative fees incurred in the administration of the Plan were paid from the assets of the Plan.

5. Fair Value Measurements

The fair value hierarchy under the accounting standard for fair value measurements consists of the following three levels:

- Level 1 - Quoted prices in active markets that the Plan has the ability to access for identical assets or liabilities;

- Level 2 - Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuations in which all significant inputs are observable in the market; and

- Level 3 - Valuations using significant inputs that are unobservable in the market and include the use of judgment by the Plan's management about the assumptions market participants would use in pricing the asset or liability.

The following tables summarize the Plan's assets and liabilities that are measured at fair value on a recurring basis.

		Basis of Fair Value Measurement	
(in thousands)	Balance at December 31, 2021	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Assets			
Cash and cash equivalents	$ 15,912	$ —	$ 15,912
Self-managed fund	132,161	103,318	28,843
Common-collective trusts (A)	2,565,667	—	—
Total assets	$ 2,713,740	$ 103,318	$ 44,755

		Basis of Fair Value Measurement	
(in thousands)	Balance at December 31, 2020	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)

Liability			
Collateral to be paid on loaned securities	$ 7,040	$ —	$ 7,040

(A) The common-collective trusts, which are measured at fair value using the net asset per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the statements of net assets available for benefits. This category includes index funds and target date retirement funds for which the underlying investments may vary. These funds provide for daily redemptions by the Plan at reported net asset values per share and there are currently no redemption restrictions or unfunded commitments on these investments.

See Valuation of Investments and Collateral in Note 2 above for a discussion of the methodologies used to determine the fair values of the Plan's investments and collateral. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to

determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Securities Lending Transactions

The Plan participated in a securities lending program with the former Trustee. The program allowed the former Trustee to loan securities, which are assets of the Plan, to approved brokers (the Borrowers). The securities lending program ceased during 2021 upon the termination of the former Trustee.

Under the program, the former Trustee required the Borrowers, pursuant to a security loan agreement, to deliver collateral to secure each loan in an amount that is at least equal to the fair value of the securities loaned. The Plan bore the risk of loss with respect to any unfavorable change in fair value of the invested cash collateral. However, the Borrowers bore the risk of loss related to the decrease in the fair value of the non-cash collateral and, therefore, would have to deliver additional securities to maintain the required collateral. In the event of default by any of the Borrowers, the former Trustee shall indemnify the Plan by purchasing replacement securities equal to the number of unreturned loaned securities, to the extent that such replacement securities are available on the open market and if to the extent that such proceeds are insufficient or the collateral is unavailable, the purchase of replacement securities shall be made at the former Trustee expense or, if replacement securities are not able to be purchased, the former Trustee shall credit the Plan for the market value of the unreturned securities. In each case, the former Trustee would apply the proceeds from the collateral for such a loan to make the Plan whole. The fair value of the investment of cash collateral received pursuant to securities lending transactions is reflected on the Statements of Net Assets Available for Benefits as an asset and the obligation to return the amount received is reflected as a liability.

As of December 31, 2020, the Plan had securities on loan with a fair value of $6.9 million, with cash collateral received of $7.0 million, which was invested in the State Street Quality D Short-Term Investment Fund. Investments underlying this fund primarily consisted of cash and cash equivalents and asset-backed securities as of December 31, 2020, and the net asset value of this fund was approximately $1.00 per unit. As of December 31, 2020, the cash collateral received is reflected at its fair value of $7.0 million, in the Statements of Net Assets Available for Benefits.

Non-cash collateral of $0.8 million received for securities on loan at December 31, 2020, consisted of U.S. government and government agency issues held by the former Trustee on behalf of the Plan. Non-cash collateral is not included with the collateral balance on the Statements of Net Assets Available for Benefits because it may not be sold or repledged. A portion of the income generated upon investment of cash collateral is remitted to the Borrowers, and the remainder is allocated between the Plan and the former Trustee in its capacity as a security agent. Securities lending income allocated to the Plan amounted to $14 thousand and $18 thousand for 2021 and 2020, respectively. Securities lending income is classified as interest income in the Statements of Changes in Net Assets Available for Benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to reduce, suspend or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the interest of each participating employee in the Plan shall become fully vested and such termination of the Plan would not reduce the interest of any participating employee or their beneficiaries accrued under the Plan up to the date of such termination.

8. Tax Status of the Plan

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor by a letter dated February 6, 2017 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the IRC). The Plan has been amended since the date of this determination letter and the Plan sponsor has subsequently received a favorable determination letter from the IRS dated October 28, 2021 approving those changes. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

9. Parties-in-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. At December 31, 2021, the Plan held participation units in common-collective trusts and short-term investment funds of Charles Schwab, the brokerage provider; loans with participants; shares of registered investment companies, units of common-collective trusts, fixed income securities, or bonds, as part of the self-managed fund, managed by Northern Trust Corporation, the Plan Custodian and Goldman Sachs Asset Management and Vanguard, investment managers for the Plan; shares of common stock, bonds, individual separate accounts or interest rate wrapper contracts of Prudential, Metlife, RGA and Voya, issuers of the Plan's fully benefit-responsive contracts and shares of registered investment companies in various affiliates of Voya Institutional Plan Services, LLC, the recordkeeper. At December 31, 2020, the Plan held participation units in common-collective trusts of SSgA, and participation units in common-collective trusts and short-term investment funds of State Street Bank and Trust Company, the Plan Custodian and Charles Schwab, the brokerage provider; loans with participants; shares of registered investment companies, units of common-collective trusts, fixed income securities, or bonds, as part of the self-managed fund, managed by Goldman Sachs Asset Management, Northern Trust Corporation, Loomis Sayles, Wellington, and Vanguard, investment managers for the Plan; shares of common stock, bonds, individual separate accounts or interest rate wrapper contracts of Prudential, Metlife, RGA and Voya, issuers of the Plan's fully benefit-responsive contracts and shares of registered investment companies in various affiliates of Voya Institutional Plan Services, LLC, the recordkeeper. In 2020, the Baxter Common Stock fund was liquidated and discontinued. The remaining shares of Baxter common stock are held in the self-managed fund. At December 31, 2021 and 2020, the Plan's self-managed fund held 2,737 shares of Baxter common stock, valued at $0.2 million and 2,740 shares of Baxter common stock, valued at $0.2 million, respectively. In 2020, approximately $1 million of dividend income, $73.8 million of net realized gains upon sale of shares and $78.7 million of net unrealized losses for share depreciation was included in the statements of changes in net assets available for benefits related to shares of Baxter common stock held by the Plan. Additionally, at December 31, 2021 and 2020, the Plan held notes receivable from participants of $32.5 million and $34.3 million, respectively. These transactions are allowable party-in-interest transactions under ERISA and the regulations promulgated thereunder.

Fees paid by the Plan for investment management, recordkeeping and consulting services, also qualify as party-in-interest transactions and are included in Plan expenses in the accompanying financial statements. The Company pays certain expenses for the administration of the Plan. These transactions are exempt from the party-in interest transaction prohibitions of ERISA. The Plan also

reimburses Baxter, the Plan Sponsor for certain expenses incurred related to investment oversight, administration and compliance activities.

10. Subsequent Events

In 2022 it was communicated to Plan participants that effective January 1, 2023, the Company's matching of a participant's savings contributions on a dollar for dollar basis up to 3.0% of the participants compensation would increase on a dollar for dollar basis up to 4.0% of the participant's pre-tax and/or post tax contribution. The maximum matching contribution for participants who contribute at least 4% of their compensation will be 4% of compensation.

Plan management has evaluated subsequent events for recognition and disclosure through October 10, 2022, which is the date the financial statements were available to be issued.
