INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Glenn Rieder, LLC 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Glenn Rieder, LLC 401(k) Savings Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the plan. As permitted by 29 CFR 2520.013-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

GLENN RIEDER, LLC 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Glenn Rieder, LLC 401(k) Savings Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with the accounting principles general accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which would impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Glenn Rieder, LLC is the plan sponsor and administrator. Participating employers include Glenn Rieder, LLC, Shamrock Metals, LLC, and Glenn Rieder Residential, LLC. CUNA Mutual Retirement Solutions ("CUNA"), a division of CUNA Mutual Group is the third party administrator that maintains participant records and performs various compliance tests as tax counsel. Matrix Trust Company is the trustee and custodian of the mutual fund investments. The guaranteed interest account is an obligation of CMFG Life Insurance Company ("CMFG") who is also the custodian of those assets. Spectrum Investment Advisors Inc. is the investment advisor.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2021 through September 29, 2022, which is the date the financial statements were available to be issued.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings and appreciation (depreciation) in fair value of investments bought, sold and held during the years are reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the funds. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value and are deemed to be actively traded.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as summarized below.

Investments at fair value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$17,929,237	\$ -	\$ -	\$17,929,237
Total investments at fair value	\$17,929,237	\$ -	\$ -	\$17,929,237

Investments at fair value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$13,393,250	\$ -	\$ -	\$13,393,250
Total investments at fair value	\$13,393,250	\$ -	\$ -	\$13,393,250

Investment at contract value - The plan invests in a fully benefit-responsive CUNA Mutual guaranteed interest account through a group annuity contract between the plan and CMFG. The contract is an obligation of CMFG and is supported by the general account assets of CMFG. Interest rates are adjusted quarterly and credited daily. The average yield earned by the fund was 1.55% in 2021 and 1.85% in 2020. There are no penalties assessed for benefit payments or other withdrawals taken by participants.

This guaranteed interest account is a fully benefit-responsive investment contract that is reported at contract value under GAAP. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount participants receive if they initiate permitted transactions under the terms of the plan. Contract value, as reported by CMFG, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal of all or a portion of the investment at contract value at any time.

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. The contract is subject to a market value adjustment if the plan terminates the contract and elects a lump sum distribution, which may result in a payout of less than 100% of principal and interest credited. The plan does not anticipate terminating the contract. The contract will continue in full force until all assets have been distributed or no further payments are due.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. At this time, the plan administrator is not aware of any events that may limit the ability of the plan to transact at contract value with the contract issuer and that would also limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General - The plan was established as a defined contribution plan on July 1, 1985. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to participate in the plan once they have completed three months of service and have reached age eighteen. An employee can enter the plan on the first day of each calendar quarter after meeting these eligibility requirements. Union employees, leased employees and nonresident aliens are not eligible to participate.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions. New employees are automatically enrolled in the plan and have 3% of compensation withheld as elective deferral contributions. The automatic enrollment percentage increased to 5% effective January 1, 2022. Participants have the option to increase, decrease or stop the deferral by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. A safe harbor matching contribution is made equal to 100% of the first 3% of compensation contributed by the employee as elective deferral contributions and 50% of the next 2% of compensation contributed by the employee as elective deferral contributions.
- d. A profit sharing contribution may be made at the employer's discretion. There were no such contributions in 2021 and 2020.

Participant accounts - Each participant's account is credited with the participant's elective deferral contributions, rollover contributions, and an allocation of the employer's contributions. Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Participants are allowed to transfer funds between the various investment options daily and change their deferral percentage as of each pay period.

Vesting - Participants begin vesting in the profit sharing contributions and related earnings upon two years of service, at which time they are 25% vested. Participants vest at the rate of 25% for each year thereafter. Upon death, disability, or qualified retirement participants become 100% vested. Participants are always 100% vested in their elective deferral contributions, safe harbor matching contributions, rollover contributions and related earnings.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age. Distributions may be in the form of a single lump sum, installment payments, or partial withdrawals. In addition, hardship withdrawals are permitted under the plan. In-service withdrawals can commence upon attaining the age of 59½.

Administrative fees - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for loan and distribution fees and nonparticipant directed charges for services, administrative fees and investment advisory fees.

Forfeitures - Forfeited non-vested profit sharing contributions may be used to pay plan administrative fees or reduce employer contributions. Forfeitures within the plan are insignificant.

Notes receivable from participants - Participants may take out loans against their account. The minimum loan amount is \$1,000 and loans cannot exceed the lesser of 50% of the participant's vested account balance or \$50,000 reduced by the highest outstanding balance of loans during the previous twelve months. Participants may have only one loan outstanding at a time. The repayment term generally cannot exceed 5 years unless used for the purchase of a principal residence. As of December 31, 2021, loans outstanding had various repayment schedules through October 2026 with interest rates ranging from 4.00% to 6.00%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by related parties of CUNA. CUNA is the third party administrator as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Direct fees paid by the plan to CUNA and related entities were \$34,000 in 2021 and \$25,000 in 2020. These fees are allocated to the participants on an account value basis. In addition, CUNA provides certain administrative services to the plan pursuant to a service agreement between the plan sponsor and CUNA. CUNA also receives revenue from mutual fund service providers for services CUNA provides to the funds. This revenue is used to offset amounts that would otherwise be owed by the plan to CUNA for its administrative services to the plan. Fees paid to the investment advisor were \$50,000 in 2021 and \$41,000 in 2020.

Notes receivable from participants also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their profit sharing contributions and related earnings.

5. INCOME TAX STATUS

Prior to January 1, 2022, the plan was operating under a CUNA Mutual Insurance Society Volume Submitter 401(k) Profit Sharing Plan that had received a favorable opinion letter on March 31, 2014. Effective January 1, 2022, the plan adopted a CMFG Life Insurance Company Non-Standardized Defined Contribution Pre-approved Plan that received a favorable opinion letter on June 30, 2020. There were no functional changes to the plan in connection with this adoption. The letters from the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan, however, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2021 and 2020. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY TRUSTEE

Management has obtained certifications from Matrix Trust Company, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held and the contract and fair values of such as of December 31, 2021 and 2020;
- b. Dividends, capital gains distributions, interest income on CMFG guaranteed interest account and net appreciation (depreciation) of investments during 2021 and 2020;
- c. Purchases and sales of investments during 2021 and 2020; and
- d. Contributions to, investment income credited to, benefits paid from and transfers between investment accounts during 2021 and 2020.
