## INDEPENDENT AUDITOR'S REPORT

Employee Stock Ownership Plan Committee and Plan Participants  
Seneca Medical Employee Stock Ownership Plan and Trust

### Opinion

We have audited the financial statements of Seneca Medical Employee Stock Ownership Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statements of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H line 4(i) - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2021 and 2020**

**Note 1—Plan description and basis of presentation**

Seneca Medical, Inc. established the Seneca Medical Employee Stock Ownership Plan and Trust (the Plan) effective as of July 1, 1998. Effective March 31, 2016, the shareholders of Seneca Medical, Inc. contributed their shares to acquire membership interests in Seneca Medical Holdings, Inc. dba Seneca Medical Inc. (the Company or Plan Sponsor).

The plan document was amended and restated effective January 1, 2016 in accordance with the Company's S-Corporation election. The Plan operates as an internally leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended, (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Plan Trustee.

The Plan is frozen effective March 31, 2016 and no longer accepts contributions into the Plan as a result of the merger of the Company with two other companies to form Concordance Healthcare Solutions, LLC. All participants' accounts became 100% vested at March 31, 2016.

The Company makes S-Corporation distributions to the Plan to cover tax liability resulting from membership interest in the Company. The S-Corporation distributions are considered a return on investment and not a contribution. The Company made S-Corporation distributions to the Plan amounting to \$1,268,035 and \$3,241,191 for the years ended December 31, 2021 and 2020, respectively. The Plan is due S-Corporation distribution receivables of \$0 and \$924,025 at December 31, 2021 and 2020, respectively.

The Plan had purchased 468,025 shares of Seneca Medical Inc. common stock using the proceeds of two loans totaling \$8,009,400 from Seneca Medical Inc., and holds the stock in a trust established under the Plan. The last loan payment was due in April 2009, and was paid with funds available from the fully deductible Seneca Medical, Inc. contributions to the trust fund. As the Plan made payments of principal, an appropriate percentage of shares of Seneca Medical, Inc. common stock were allocated to eligible participants' accounts in accordance with applicable regulations under the Code. Shares were allocated to participants' accounts annually as of the plan year-end. Allocated shares vest based upon a graduated vesting schedule, with full vesting after six years of credited service.

The loans were collateralized by the unallocated shares of Seneca Medical, Inc. common stock. The Company has no rights against shares once they are allocated under the ESOP. As of December 31, 2021 and 2020, all of the Seneca Medical, Inc. shares have been allocated.

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary, or, if none, his or her legal representatives), diversifies (as noted in the next paragraph), or otherwise terminates employment with the Company. Distributions are made in the form of either a lump sum payment or equal installment payments over a given period, at the discretion of the Company. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participants' account.

**NOTES TO FINANCIAL STATEMENTS—CONTINUED**  
**December 31, 2021 and 2020**

**Note 1—Plan description and basis of presentation—continued**

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradeable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

The Plan permits the participants to directly transfer at least 25% and up to 50% of their account balance from the Plan over a six-year period. To be eligible to transfer funds, the participant must be 55 years old and completed 10 years of service. In each of the first five years, a participant may diversify up to 25% of the number of their shares allocated to their account, less any shares previously diversified. The percentage changes to 50% in the sixth year. This diversification occurs at the end of each plan year.

The Plan Trustee is responsible for voting the Company common stock held by the ESOP, although, in certain circumstances, participants will be notified they have the right to direct the vote of the Trustee.

The Company reserves the right to terminate the Plan at any time, subject to the plan and ERISA provisions. Under such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the plan terms and the Code. Upon termination of the Plan, the Trustee will pay all liabilities and expenses of the Plan. In addition, remaining unallocated shares shall be allocated to the accounts of all participants in accordance with the provisions of the plan document.

**Note 2—Summary of significant accounting policies**

**Basis of accounting**

The accompanying financial statements are prepared on the accrual basis of accounting. Participant distributions are recorded when paid.

**Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Investment valuation and income recognition**

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Employer S-corporation distributions from membership interest in Seneca Medical Holdings, Inc. are recorded on the declaration date. Net appreciation (depreciation) includes gains and losses on investments bought, sold and held during the year.

**Note 2—Summary of significant accounting policies—continued**

**Assets held by others**

Assets held by others is comprised of cash balances held in the name of the Plan Sponsor on behalf of the Plan. The Plan Sponsor holds funds in a commercial checking account at a financial institution. The Plan utilizes this account for receipts of S Corporation distributions from the Plan Sponsor and payments of retirement distributions and administrative expenses.

**Cash equivalents**

The Plan considers all highly liquid investments with an initial maturity of three months or less when purchased to be cash equivalents. Cash balances were held in a financial institution and at times these deposits may exceed federally insured limits. However, management monitors the soundness of these financial institutions and believes the risk of loss is negligible.

**Subsequent events**

The Plan has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued, and has determined there are no subsequent events that require disclosure.

**Note 3—Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the FASB Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**SENECA MEDICAL**  
**EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST**  
**NOTES TO FINANCIAL STATEMENTS—CONTINUED**  
**December 31, 2021 and 2020**

**Note 3—Fair value measurements—continued**

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

*Seneca Medical Holdings, Inc. Common Stock* – valued at fair value, as determined by independent appraisals as of December 31, 2021 and 2020.

*Mutual Funds and Exchange Traded Funds* – valued at the quoted closing market price on an active market held by the Plan at the end of the year. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission.

*Interest bearing cash* – investments in interest bearing cash and cash equivalents are valued based on cost, which approximates fair value in a non-inflating economy and is protected by the Federal Deposit Insurance Corporation.

The following tables present the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis:

**Note 3—Fair value measurements—continued**

The Plan distributed and retired 19,061 shares valued at \$1,562,999 of the Plan's level 3 assets for the year ended December 31, 2021. During the year ended December 31, 2021 and 2020, there were no purchases or transfers of investments into or out of Level 3 classification.

The following table represents the Plan's Level 3 investments, the valuation techniques used to measure the fair value and the significant unobservable inputs and the ranges of values for those inputs at December 31, 2021 and 2020.

**Note 4—Income tax status**

The Plan has received a determination letter from the Internal Revenue Service dated July 20, 2017, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

**Note 5—Administrative expenses of the Plan**

The Plan's investment in Company common stock is held in a trust established under the Plan. Certain administrative functions are performed by officers or employees of the Company without compensation from the Plan. Asset custodial fees and other expenses are paid by the Plan. All other expenses are paid by the Company and not included within these financial statements.

**Note 6—S Corporation distributions and participant distributions**

The Company made S-Corporation distributions to the Plan amounting to \$1,268,035 for 2021, based on its proportion of ownership of the Company. The Code requires S-Corporation distributions paid by the Company to be proportionately allocated to the Plan to maintain Subchapter S Corporation status of the Company.

For the year ending December 31, 2021, a total of 19,061 shares of stock were repurchased by the Plan Sponsor and retired to generate funds for cash distributions and the Plan Sponsor funded participant distributions of \$1,817,513.

**Note 7—Risk and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in a near term that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Note 8—Related party transactions and party in interest transactions**

Certain Plan investments are held in the custody of Captrust, the custodian of the Plan, and therefore, these transactions qualify as party in interest transactions. The Plan made direct payments to Captrust in the amount of \$23,716 during 2021.
