GEO Specialty Chemicals, Inc. Savings Plan
Lafayette, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of GEO Specialty Chemicals, Inc. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of GEO Specialty Chemicals, Inc. Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 21, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GEO SPECIALTY CHEMICALS, INC. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the GEO Specialty Chemicals, Inc. Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all eligible employees of CPS Performance Materials Corp. (the Company), except those represented by the International Chemical Workers Union Local 477 in Allentown, PA, (Allentown Union Employees), and those represented by the United Food Commercial Workers SFL-CIO Local 354 in Cedartown, GA, (Cedartown Union Employees), who have at least one month of service. Effective April 1, 2002 Allentown Union Employees were allowed to participate in the Plan solely for the purposes of making after-tax contributions to the Plan and sharing in employer matching contributions after the completion of one year of service. Effective April 1, 2019 an amendment was executed for Allentown Union Employees as described below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants (other than Allentown Union Employees) may contribute a portion of their pre-tax compensation up to the limitations allowed by law. These participants may also contribute amounts as rollovers from other qualified plans. Eligible participants may make catch-up contributions to the Plan. Each year the Company will make a matching contribution of participant pre-tax deferrals for bargaining and non-bargaining employees equal to 100% of the first 4% of the participants' compensation deferred. The Company may make a discretionary profit-sharing contribution to all employees.

Allentown Union Employees may participate solely for purposes of making after-tax contributions to the Plan. Employees may contribute up to 20% of annual after-tax salary. The Company matches a percentage of employees after tax contributions based on years of service. Participants who have provided less than 5 years of service will receive matching contributions of 50% up to the first 4% of the participants' after-tax compensation contributed. Participants who have provided between 5 and 10 years of service will receive matching contributions of 50% up to the first 5% of the participants' after-tax compensation contributed. Participants who have provided over 10 years of service will receive matching contributions of 50% up to the first 6% of the participants' after-tax compensation contributed. Effective April 1, 2019, all Allentown Union Employees with a commencement date on or after April 1, 2019 will automatically become a participant under the Plan for purposes of making elective deferrals and sharing in employer matching contributions as the other eligible participants described above.

All participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Participant pre-tax deferrals and Company contributions are subject to certain limitations.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants are paid by the participants. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and the Plan's earnings and is charged with his or her withdrawals and an allocation of administrative expenses. All allocations are based on participant contributions, participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability. Participants may elect to receive a lump-sum amount or installment payments equal to the value of his or her account.

Hardship Withdrawals: A participant in the Plan may make a complete or partial withdrawal of the amounts held in the participant's account attributable to the participant's contributions at any time and will be paid the market value of the account. The withdrawal must be necessary in light of immediate and heavy financial needs of the participant. The withdrawal cannot exceed the amount provided by the substantiated request of the hardship. Plan participants must have a loan outstanding to take a hardship withdrawal.

Vesting: Participants are immediately vested in their elective deferrals, after-tax contributions and matching contributions made on after-tax contributions plus earnings thereon. Vesting in Company matching contributions on pre-tax deferrals and Company profit-sharing contributions plus earnings thereon is based on years of continuous service. A participant will become vested in the Company's contributions after six years of service.

Notes Receivable from Participants: Participants may borrow from their fund accounts up to the lesser of 50% of their vested account balance or \$50,000. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. Interest rates are determined based on the market interest rates at the time of the loan. Principal and interest is paid ratably through payroll deductions.

Forfeitures: During the year ended December 31, 2021, forfeitures of \$64,159 were used to reduce employer contributions. At December 31, 2021 and 2020, forfeitures available to reduce future employer contributions or to pay administrative expenses of the Plan totaled \$12,183 and \$64,159, respectively.

Plan Transfer: On January 1, 2021, the Plan Sponsor spun-off the WTC division of the Company into a new entity (G20) that also falls under the Plan Sponsor umbrella. Effective January 1, 2021, all participants in the plan that were employed under this WTC division were transferred into a different benefit plan in which G20 is the new plan sponsor. On March 1, 2021, all of the assets were transferred out of the GEO plan and into this new G20 plan. The amount of this transfer was \$9,422,015.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments other than fully benefit-responsive investment contracts are reported at fair value as further described in Note 3. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Payment of Benefits: Benefits are recorded when paid.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan provides for various investment options. The underlying investments are exposed to various risks, such as, interest rate, market liquidity, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan and the Company will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others. In May 2020, the Company elected to temporarily suspend the matching contribution of the Plan.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

NOTE 3 - FAIR VALUE MEASUREMENT

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

NOTE 3 - FAIR VALUE MEASUREMENT (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

Fair Value Measurements at December 31, 2021 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:			
Mutual funds	\$ 26,938,219	\$ -	\$ -

Fair Value Measurements at December 31, 2020 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:			
Mutual funds	\$ 33,070,649	\$ -	\$ -

NOTE 4 - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Trust Company LLC (the trustee of the Plan).

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

During 2010, the Plan entered into an investment contract with New York Life Insurance Company ("New York Life" or "Issuer"). New York Life maintains the contributions in its general account. The Plan's contract investment balance is credited with earnings based upon contractually determined interest rates and charged for plan withdrawals and administrative expenses. New York Life establishes an effective annual interest rate semiannually. In no event will such effective annual interest rate, minus the deductions for expenses, be less than the minimum interest rate of 1% as defined by the contract.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise.

(Continued)

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The Plan's guaranteed interest contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances are defined in the contract and include events initiated by the Plan Administrator including, but not limited to, total or partial plan termination, mergers, spinoffs, layoffs, early retirement incentive programs, sales or closing of all or part of the Company's operations, bankruptcy or receivership will be subject to annual limitation as defined in the contract.

The contract does not specify the circumstances under which the Issuer may terminate the contract other than a written notice to the contract holder 30 days prior to the intended termination date. Currently, the Plan Administrator believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The crediting interest rate of the contracts is based on an agreed-upon formula with the Issuer, as defined in the contract agreements, but cannot be less than zero. Such interest rates are reviewed on a semiannual basis for resetting. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions, transfers and withdrawals into/out of the contracts; and the duration of the underlying investments backing the contracts.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined by a letter dated January 31, 2011 that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the adoption of the prototype plan; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

(Continued)

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a guaranteed interest account managed by New York Life Investment Management (NYLIM) and New York Life Insurance Company (New York Life), respectively. NYLIM and New York Life are affiliates of John Hancock Trust Company LLC (John Hancock). John Hancock is the custodian of the Plan; therefore, these transactions qualify as party-in-interest investments. At December 31, 2021 and 2020, the Plan held notes receivable from participants as assets, which qualify as party-in-interest transactions. The Company provided administrative services and paid certain administrative fees of the Plan, which also qualify as party-in-interest transactions.

NOTE 9 - PLAN TRANSFER

On January 1, 2021, the Plan Sponsor spun off the Water Treatment Chemicals (WTC) division of the Company into a new entity (G20) that also falls under the Plan Sponsor umbrella. Effective January 1, 2021, all participants in the plan that were employed under this WTC division were transferred into a different benefit plan in which G20 is the new Plan Sponsor. On March 1, 2021, all of the assets were transferred out of the GEO Specialty Chemicals, Inc. Savings Plan and into this new G20 Plan. The total impact to the Plan was a transfer out of \$9,422,015 that occurred on March 1, 2021.

NOTE 10 - SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events for recognition and disclosure through October 10, 2022. On January 1, 2021, the employer matching contribution was reinstated to the Plan.
