Independent Auditors' Report

Administrative Committee
Blanchard Machinery Company 401(k) Profit Sharing Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 ("ERISA") Section 103(a)(3)(c) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Blanchard Machinery Company 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for Plan benefits as of December 31, 2021, and the related statement of changes in net assets available for Plan benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Administrative Committee
Blanchard Machinery Company 401(k) Profit Sharing Plan

Opinion on the 2021 Financial Statements (continued)

- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 Financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Administrative Committee
Blanchard Machinery Company 401(k) Profit Sharing Plan

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Administrative Committee
Blanchard Machinery Company 401(k) Profit Sharing Plan

Auditors' Responsibilities for the Audit of the 2021 Financial Statements (continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule as of December 31, 2021, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Administrative Committee
Blanchard Machinery Company 401(k) Profit Sharing Plan

Other Matter - Supplemental Schedule Required by ERISA (continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the accompanying 2020 financial statements of the Plan, which comprise the statement of net assets available for Plan benefits as of December 31, 2020, and the related statement of changes in net assets available for Plan benefits for the year then ended, and the related notes to the financial statements. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan

The following description of the Blanchard Machinery Company 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants may refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Blanchard Machinery Company (the “Company”), which provides retirement benefits to its eligible employees. Eligibility to participate in the Plan is based on attainment of age eighteen and completing one hour of service. Upon meeting these requirements, the employee may begin participating in the Plan as of the earliest of January 1, April 1, July 1, or October 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

In order to be eligible for discretionary employer matching contributions, the participant must complete one year of service in which the participant completes at least 1,000 hours of service with the Company. Participants begin receiving discretionary employer matching contributions on the business day following completion of the defined service requirements. In order to be eligible for discretionary employer profit sharing contributions, the participant must complete at least 1,000 hours of service and also be employed on the last day of the Plan year.

Plan Amendments

For the plan year ended December 31, 2020, the Plan adopted the following provisions of the Coronavirus, Aid, Relief, and Economic Security (“CARES”) Act that was signed into law on March 27, 2020.

- **Coronavirus-Related Distributions (“CRDs”):** The CARES Act allowed for participants affected by COVID-19 to withdraw an aggregate limit of \$100,000 from the Plan beginning on or after January 1, 2020 and before December 30, 2020. CRDs are not subject to the 10% early withdrawal penalty tax. Participants can (1) report the full distribution as income in 2020, (2) recognize the income ratably over a three-year period, or (3) repay all or part of the distribution back to the Plan tax-free within three years of the date of the CRD withdrawal.
- **Plan Loan Relief:** The CARES Act provided for a temporary loan repayment deferral. The deferral provision adopted by the Plan allowed qualified Plan participants who have Plan loan repayments to defer such repayments until 2021.
- **Temporary Waiver of Required Minimum Distributions (“RMDs”):** The Plan implemented the temporary waive of RMDs allowed for under the CARES Act.

1. Description of Plan (continued)

Plan Amendments (continued)

Management expects to retroactively adopt the required plan amendment for the above provisions by December 31, 2022, which is within the Internal Revenue Service (“IRS”) required timeframe.

Effective January 1, 2021, the Company amended the Plan to include employees previously employed by SITECH Mid-Atlantic, for purposes of determining participant eligibility and vesting.

Contributions

Participants may contribute up to 75% of their pre-tax annual compensation, as defined by the Plan document, subject to contribution limitations specified by applicable laws and regulations. Participants may designate their contributions as pre-tax salary deferrals, after-tax Roth 401(k) contributions, or a combination of the two. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified benefit plans.

The Company may make discretionary employer matching contributions to participants, if they meet the eligibility requirements. The Company’s discretionary employer matching contribution, as defined by the Plan document, allows up to 100% of a participant’s eligible compensation contributed as elective deferral contributions, up to a maximum of \$2,500 for the years ended December 31, 2021 and 2020. Effective April 6, 2020, the Company suspended all discretionary matching contributions due to the COVID-19 pandemic. Discretionary matching contributions were reinstated on January 1, 2021. The Company made discretionary employer matching contributions totaling approximately \$1,164,000 and \$627,000 for the years ended December 31, 2021 and 2020, respectively.

Effective January 1, 2022, the Company’s discretionary employer matching contribution limit was amended to a maximum of \$2,750.

The Company may also make discretionary profit sharing contributions, which are allocated to individual participants’ accounts based on the ratio that their compensation bears to the total compensation of all participants eligible for a share of the contribution. The Company made no profit sharing contributions for the years ended December 31, 2021 and 2020.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of employer contributions, plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Participants direct their contributions into various investment options offered by the Plan, which include a self-directed brokerage option. For non self-directed brokerage accounts, the Plan currently offers various mutual funds and a collective trust as investment options for participants. Self-directed brokerage accounts consist of common stocks, mutual funds, and cash and cash equivalents.

Earnings or losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Earnings or losses for self-directed brokerage accounts are tracked by specific investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon retirement, disability, attainment of age 59½, death or termination of employment, a participant or their designated beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or as installment payments over a period of time not to exceed the expected future lifetime of the participant and their beneficiary. Subject to certain conditions, participants are permitted to make withdrawals from their vested account balance in the Plan in cases of severe financial hardship, while employed.

Vesting

Participants are immediately vested in their participant contributions, plus actual earnings thereon. Vesting in the employer's discretionary matching and discretionary profit sharing contribution portions of their accounts is based on years of continuous service. Participants become 20% vested in all employer contributions upon completion of two years of continuous service. During the next four-year period of service, participants vest 20% per year in employer contributions such that, upon the completion of six years of continuous service, participants are 100% vested in the employer's contribution portion of their accounts. Participants will be considered 100% vested in employer contributions in the event of retirement on or after age 65, death, or disability. If an employee is terminated from the Plan prior to becoming 100% vested in employer contributions, the non-vested portion will be allocated to the Plan's forfeitures account.

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer discretionary matching and discretionary profit sharing contributions.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts, subject to certain restrictions. Participants may borrow from their accounts a minimum amount established under the Plan's loan policy up to a maximum of the lesser of \$50,000 minus the participant's highest outstanding loan amount during the prior 12 months or 50% of their vested account balance.

Loan terms range from one to five years and are collateralized by the balance in the participant's account. Outstanding notes receivable from participants bear interest at rates ranging from 4.25% to 6.50% as of December 31, 2021 and 2020. A participant may have no more than two notes due to the Plan at any time. Payments must be made at least quarterly, on an after-tax basis, in level payments of principal and interest.

Forfeited Amounts

In accordance with the Plan document, available forfeitures may be used first to reduce employer contributions, next to offset plan administrative expenses, and any remaining forfeited amounts are then reallocated back to active participants. During 2021 and 2020, available forfeitures used to pay certain administrative expenses totaled approximately \$58,000 and \$45,000, respectively. During 2021 and 2020, available forfeitures reallocated to active participants' accounts totaled \$0 and approximately \$7,000, respectively. As of December 31, 2021 and 2020, unallocated forfeitures available totaled approximately \$2,000 and \$13,000, respectively.

Administrative Expenses

Certain administrative expenses are charged to individual participants' accounts. The Plan pays trustee, recordkeeping, and certain professional fees. Any administrative fees not paid by the Plan or participants are paid by the Company.

During 2021 and 2020, the Plan received fee rebates of approximately \$8,000 and \$9,000, respectively, from the trustee, which could be used for the payment of administrative expenses or for allocation to participants on either a pro-rata or per-capita basis as other income. During 2021 and 2020, approximately \$9,000 and \$0 of available fee rebates were used to pay certain professional expenses.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant loan is recorded as a distribution based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for plan benefits.

Payment of Benefits

Benefit payments are recorded when paid.

Notes to Financial Statements
December 31, 2021 and 2020

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentation.

3. Trustee Certification

Information disclosed in the accompanying financial statements as of and for the years ended December 31, 2021 and 2020 related to investments, notes receivable from participants, interest income on notes receivable from participants, cash and cash equivalents, net appreciation in fair value of investments, other income, and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Bank of America, N.A., the trustee of the Plan.

4. Fair Value Measurements

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

All of the Plan's mutual fund investments and common stocks of self-directed brokerage accounts were valued using Level 1 inputs. The fair value of mutual fund investments is valued based on quoted net asset values of the shares held by the Plan. The fair values of common stocks in self-directed brokerage accounts are valued at the closing price reported on the active market on which individual securities are traded. Cash and cash equivalents, including those of self-directed brokerage accounts, are stated at cost, which approximates fair value.

The Plan's investments include the Wells Fargo Stable Value Fund C ("WFSV"), a collective trust which invests in a variety of fully benefit-responsive investment and security-backed contracts. WFSV is considered a stable value fund that is valued at the net asset value ("NAV") of units of the accounts. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV of the account is based on the fair value of the underlying investments held less the account's liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the account, the account provider reserves the right to temporarily delay withdrawal from the account in order to ensure that security liquidations will be carried out in an orderly business manner.

Notes to Financial Statements
December 31, 2021 and 2020

4. Fair Value Measurements (continued)

The methods used to measure fair value may produce amounts that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although Plan management believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Income Tax Status

The Plan is a non-standardized prototype profit sharing plan, provided by Merrill Lynch, Pierce, Fenner & Smith, Inc. (“MLPF&S”) designed to be in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The IRS has determined and informed MLPF&S by a letter dated March 31, 2014, that the prototype plan, as then designed, was in accordance with applicable sections of the IRC.

Effective January 1, 2022, the Plan document was restated to a non-standardized pre-approved profit sharing plan, provided by MLPF&S, designed to be in compliance with the applicable requirements of the IRC. The IRS determined and informed MLPF&S by a letter dated June 30, 2020, that the plan as then designed was in accordance with applicable sections of the IRC.

The Plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust was tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

US GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2021 and 2020. The Plan is subject to routine audits by tax authorities; however, there are currently no audits in progress for any tax periods. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

6. Party-in-Interest Transactions

Certain plan investments are managed by MLPF&S, a related entity of the trustee of the Plan. Fees paid by the Plan for investment management and plan recordkeeping services amounted to approximately \$203,000 and \$174,000, respectively, for the years ended December 31, 2021 and 2020.

The Plan also paid fees for audit services amount to approximately \$9,000, annually, during the years ended December 31, 2021 and 2020.

These transactions qualify as party-in-interest transactions and are exempt from the prohibited transactions rules of ERISA.

7. Subsequent Events

Management evaluated events and transactions after December 31, 2021 through September 23, 2022, the date the financial statements were available to be issued, for subsequent events and determined there were no subsequent events to report other than the amendment to increase the maximum employer contribution limit described in Note 1 and the Plan document restatement described in Note 5.
