## **Independent Auditors' Report**

To the Plan Administrator and Participants of  
Boland Enterprises Profit Sharing 401(k) Plan - BTS

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements**

We have performed an audit of the financial statements of Boland Enterprises Profit Sharing 401(k) Plan - BTS (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits—modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits—modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion on the 2021 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion on the 2021 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the 2021 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the 2021 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

### ***Basis of Accounting***

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### **Other Matter - 2021 Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Other Matter - Auditors' Report on the 2020 Financial Statements**

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

# **Boland Enterprises Profit Sharing 401(k) Plan - BTS**

---

Notes to Financial Statements

December 31, 2021 and 2020

## **1. Description of the Plan**

The following description of the Boland Enterprises Profit Sharing 401(k) Plan - BTS (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

### **General**

The Plan was formed on January 1, 1985 and most recently amended and restated effective January 1, 2019. The Plan is a defined contribution plan and is intended to be a qualified retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored by Boland Trane Services, Inc. (the Company). Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively, Great-West or the Trustee) to provide insurance products and serve as the asset trustee.

### **Eligibility**

All employees of the Company not governed by a collective bargaining agreement are eligible to participate in the salary deferral portion of the Plan upon completing one month of service and are eligible to receive employer match and profit-sharing contributions after one year of service. Eligible employees may begin participating on the first day of the month after which they meet the eligibility requirements set forth in the Plan.

### **Contributions**

Participants are subject to an automatic pretax deferral of 4 percent of their annual compensation upon meeting the eligibility requirements to participate in the Plan, unless participants affirmatively elect otherwise. Pretax deferrals are subject to an automatic increase of 1 percent annually up to a maximum of 8 percent of compensation. Participants in the Plan may affirmatively elect a different percentage to contribute, subject to Internal Revenue Code (IRC) annual limits, or elect not to make deferral contributions to the Plan. The Plan also includes a Roth Elective Deferral option, whereby participants may elect to contribute after-tax dollars of their compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company may make employer matching contributions to be determined annually based on a percentage of each participant's contributions. The Company also may make discretionary profit-sharing contributions. For the year ended December 31, 2021, the Company made matching contributions equal to 50 percent of participant contributions up to 8 percent of eligible participant compensation. Participants must be employed on the last day of the plan year to receive employer matching or profit-sharing contributions, except when employment ends during the year due to death, disability or retirement. The Company did not make any discretionary profit-sharing contributions in 2021.

Participants may also contribute amounts representing distributions from other qualified plans (rollover) as defined in the plan agreement, except that the rollover of employee after-tax contributions is not permitted.

### **Participant Accounts**

Each participant's account is credited with the participant's salary reduction contribution, earnings and an allocation of Company contributions, if any, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. Each participant directs the investment of his or her individual account among selected funds maintained by the Trustee. A participant may change investment allocations at any time.

Notes to Financial Statements

December 31, 2021 and 2020

### Forfeitures

The Plan requires that forfeitures are used to fund employer matching contributions or pay reasonable expenses of the Plan. As of December 31, 2021 and 2020, outstanding unallocated forfeitures totaled \$7,648 and \$4,759, respectively. Forfeitures of \$8,233 were used to reduce plan expenses during 2021.

### Vesting

Participants are immediately vested in their contributions, qualified nonelective contributions and actual earnings thereon. Participants become fully vested in the Company's contributions based on years of continuous service. The vesting schedule is as follows:

| <u>Years of Service</u> | <u>Percentage</u> |
|-------------------------|-------------------|
| Less than 2 years       | - %               |
| 2 years                 | 20                |
| 3 years                 | 40                |
| 4 years                 | 60                |
| 5 years                 | 80                |
| 6 years                 | 100               |

### Payment of Benefits

The Plan provides benefit payments to participants upon termination of employment, disability, hardship, death, attainment of age 59½, retirement or plan termination. A participant may elect to receive a lump-sum amount equal to the vested interest in his or her account. Terminated participants with account balances less than \$1,000 will automatically receive a lump-sum distribution of their account balances, unless otherwise directed. Terminated participants under the age of 65 with account balances greater than \$1,000 but equal to or less than \$5,000 will have their account automatically distributed into an individual retirement account (IRA).

### Notes Receivable From Participants

Participants may borrow a minimum of \$1,000 up to the lesser of 50 percent of their vested account balance or \$50,000. Loan terms are not to exceed five years, except for the purchase of a primary residence, in which case the repayment period may exceed five years up to a maximum of 15 years. Each participant is permitted to have one loan outstanding at a time. The loans are secured by the balance in the participant's account and shall bear a reasonable rate of interest, as defined by the plan agreement. As of December 31, 2021 and 2020, the interest rates on outstanding loans ranged from 4.25 percent to 6.50 percent.

### Plan Termination

The Company has the right to terminate the Plan at any time subject to the provisions of ERISA, whereupon each participant's account balance would become fully vested. The Company has expressed no intention to terminate the Plan.

### Plan Transfers

From time to time, employees may no longer meet the eligibility requirements of the Plan and become eligible to participate in another qualified plan sponsored by the Company, or vice versa. These employees have their account balances transferred between the Plan and another qualified plan sponsored by the Company.

Notes to Financial Statements

December 31, 2021 and 2020

### **Coronavirus Aid Relief and Economic Security Act**

On April 7, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, and several provisions of the CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Participant loans - Qualified plan participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted). These repayments may be delayed to 2021.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70½ in 2019 and 72 in 2020.

## **2. Summary of Accounting Policies**

### **Basis of Accounting and Use of Estimates**

The Plan utilizes the modified cash basis of accounting for financial reporting purposes, whereby additions are recognized when received and deductions are recognized when paid, except that investments, other than the fully benefit-responsive investment contract, include adjustments to fair value at the end of the plan year and participant loans are reflected as notes receivable from participants. This method of accounting differs from accounting principles generally accepted in the United States of America (U.S. GAAP), which requires that additions are recognized when earned and administrative expenses are recognized when incurred. The preparation of the financial statements requires the Plan's management to use estimates and assumptions that affect the accompanying modified cash basis financial statements and disclosures. Actual results could differ from these estimates.

### **Investment Valuation and Income Recognition**

Certain investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4 for details on inputs, valuation techniques and fair value measurement levels within the fair value hierarchy for each investment. Purchases and sales of securities are recorded on a settlement-date basis. Dividends are recorded when received.

Net appreciation in fair value of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits—Modified Cash Basis includes realized gains or losses from the sale of investments, unrealized appreciation or depreciation in fair value of investments and fees that have been charged by the Trustee and sponsoring mutual fund companies for services provided in connection with recordkeeping and investment management. Net unrealized appreciation or depreciation in fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

## **Boland Enterprises Profit Sharing 401(k) Plan - BTS**

---

Notes to Financial Statements

December 31, 2021 and 2020

The Plan invests in a group annuity product issued by Great-West Life & Annuity Insurance Company that is a fully benefit-responsive investment contract. Fully benefit-responsive investment contracts held by a defined contribution plan are measured, presented and disclosed only at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Accordingly, the accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis present this investment contract at contract value.

### **Notes Receivable From Participants**

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest.

### **Risks and Uncertainties**

Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis.

### **Administrative Expenses**

The Company pays a portion of the Plan's administrative expenses, except those expenses that are charged directly to participant accounts by the Trustee. Certain recordkeeping and investment management fees are included in other income on the accompanying Statement of Changes in Net Assets Available for Benefits—Modified Cash Basis.

### **Payment of Benefits**

Benefit payments are recorded when paid.

### **Subsequent Events**

The Plan has evaluated subsequent events for recognition or disclosure through October 6, 2022, the date these modified cash basis financial statements were available to be issued.

## **3. Information Certified by the Trustee**

#### 4. Fair Value Measurements

The Plan follows Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value of the mutual funds is based on quoted market prices of the shares held by the Plan at year end. Accordingly, these fair value measurements are classified as having used Level 1 inputs. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

### Notes to Financial Statements

December 31, 2021 and 2020

The plan sponsor is responsible for the determination of fair value. Accordingly, it performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below presents the balances of investments measured at fair value on a recurring basis by level within the hierarchy, at December 31, 2021 and 2020:

| Assets at Fair Value as of December 31, 2021 |               |         |         |               |

## 5. Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive investment contract (the Contract) with Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company maintains the contributions in an insurance company issued general account, which was the GWI Fixed Account as of December 31, 2021 and 2020. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Plan owns a promise to pay interest at crediting rates, which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. There are not any specific securities in the general account that back the liabilities of this annuity contract. Contract value represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses.

As described in Note 2, because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) material plan amendments (including partial or complete termination of the Plan or merger of the Plan with another plan); (2) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited exemption under ERISA; (3) changes in the Plan's prohibition on competing investment options; or (4) the closing of a facility or other business unit of the plan sponsor or the bankruptcy of the plan sponsor. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Notes to Financial Statements

### **6. Related-Party and Party-in-Interest Transactions**

The Plan pays Great-West for certain administrative and transactional fees. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

### **7. Income Tax Status**

The prototype upon which the Plan is based has received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which states that the prototype plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is intended to be exempt from federal income taxes under the applicable sections of the IRC. The Plan has been amended since the date of this opinion letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's modified cash basis financial statements.
