Independent Auditor's Report

To the Plan Administrator
New Belgium Brewing Company, Inc.
Employee Stock Ownership Plan

Opinion

We have audited the liquidation basis financial statements of New Belgium Brewing Company, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets in liquidation as of December 17, 2021 and December 31, 2020 and the related statement of changes in net assets in liquidation for the period from January 1, 2021 to December 17, 2021, and the related notes to the liquidation basis financial statements.

In our opinion, the accompanying liquidation basis financial statements referred to above present fairly, in all material respects, the net assets in liquidation of the Plan as of December 17, 2021 and the changes in net assets in liquidation for the period from January 1, 2021 to December 17, 2021 on the liquidation basis of accounting described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Liquidation Basis Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2021 Liquidation Basis Financial Statements

Management is responsible for the preparation and fair presentation of the liquidation basis financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of liquidation basis financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the liquidation basis financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Liquidation Basis Financial Statements

Our objectives are to obtain reasonable assurance about whether the liquidation basis financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the liquidation basis financial statements.

To the Plan Administrator
New Belgium Brewing Company, Inc.
Employee Stock Ownership Plan

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the liquidation basis financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the liquidation basis financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the liquidation basis financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule in Liquidation Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the liquidation basis financial statements as a whole. The supplemental schedule of reportable transactions in liquidation for the period from January 1, 2021 to December 17, 2021 is presented for purposes of additional analysis and is not a required part of the liquidation basis financial statements but is supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the liquidation basis financial statements. The information has been subjected to the auditing procedures applied in the audit of the liquidation basis financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the liquidation basis financial statements or to the liquidation basis financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule in liquidation, we evaluated whether the supplemental schedule in liquidation, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule in liquidation is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

New Belgium Brewing Company, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

December 17, 2021 and December 31, 2020

Note 1 - Plan Description

The following description of New Belgium Brewing Company, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan was established effective January 1, 1999 and was amended and restated as of January 1, 2015. The Plan operates as an employee stock ownership plan with a cash or deferred arrangement, as described by Internal Revenue Code Section 401(k), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (the "Code") of 1986, as amended. The Plan was terminated effective December 31, 2019. Accordingly, the descriptions below are provisions of the Plan prior to termination.

General

During 2019, the common stock of New Belgium Brewing Company, Inc. (NBB or the "Company") was acquired by a third party. As a result of the acquisition, the Plan was formally terminated effective December 31, 2019, and all contributions were suspended. All unvested participant balances became 100 percent vested as of the effective termination date. Final liquidation of assets through distributions to participants with account balances or the transfer of remaining participant balances to a related plan was completed during 2021. In connection with the sale of the Company, approximately \$9,000,000 was held in escrow for 18 months following the close of the sale. The funds to be released to the Plan have been fully released during 2021.

The Plan is a defined contribution plan covering substantially all employees of the Company, excluding leased employees and employees covered by a collective bargaining agreement. An employee could enter the Plan on either January 1 or July 1 after meeting the eligibility requirements. Subsequent to the effective termination date of December 31, 2019, no new participants will be enrolled in the Plan.

Administration

The Company was the sponsor of the Plan. The ESOP committee, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. TI-Trust Services, Inc. functions as trustee (the "Plan Trustee"), and Principal Financial Group maintains the Plan's records.

Contributions

As a result of the Plan terminating effective December 31, 2019, no contributions were permissible under the Plan subsequent to this date.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Plan earnings or losses and expenses are allocated to each participant based upon the ratio of the participant's account balance to all account balances.

Benefit Payments

Each participant's account balance is distributable upon death, disability, termination of employment, early retirement (age 55 and five years of service), or upon reaching normal retirement age of 65. No distribution is made without written consent of the participant unless the entire balance credited to the participant's account is \$1,000 or less. Eligible participants receive cash equal to the vested amount of their account balances. Distributions are made solely in the form of cash in accordance with plan provisions and recorded when paid. Benefits are paid in a single lump-sum distribution if the account value was \$50,000 or less or in installment payments over a period generally not to exceed five years, with interest.

Notes to Financial Statements

December 17, 2021 and December 31, 2020

Note 1 - Plan Description (Continued)

Unless a participant elects a later commencement date, payment of benefits began after termination or the participant reaching age 72; however, payment cannot commence more than one year after the close of (a) the plan year in which he or she terminates employment upon reaching normal retirement age or (b) the fifth plan year following the plan year in which he or she otherwise terminated employment unless the participant is reemployed before such year or NBB elects to distribute earlier.

Vesting

Upon termination of the Plan, all participants became fully vested in their account balances.

Party-in-interest Transactions

The Plan invested in a money market fund and interest bearing certificates of deposit, which are managed by TI-Trust Services, Inc., as the Plan Trustee. These transactions qualify as party-in-interest transactions and are exempt from prohibited transaction rules.

Termination

The Plan was terminated by the Company on December 31, 2019, and all contributions were discontinued subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants became 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Company terminated the Plan effective December 31, 2019. As a result, the financial statements and supplemental schedule were prepared on the liquidation basis of accounting.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process, and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Investment Valuation

The Plan's investments were stated at fair value.

The certificates of deposit were valued at fair value based on their outstanding balances. The money market fund was valued based on quoted market prices reported in active markets. See Note 3 for additional information.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of the liquidation basis financial statements in conformity with accounting principles generally accepted in the United States of America required the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes to Financial Statements

December 17, 2021 and December 31, 2020

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events

The liquidation basis financial statements and related disclosures include evaluation of events up through and including September 23, 2022, which is the date the liquidation basis financial statements were available to be issued.

Note 3 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the liquidation basis financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

There were no assets measured at fair value on a recurring basis at December 17, 2021. The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2020:

Assets Measured at Fair Value on a Recurring Basis at December 31, 2020				
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Money market fund	\$ 2,502,875	\$ -	\$ -	\$ 2,502,875
Certificates of deposit	-	29,348,413	-	29,348,413
Total	<u>\$ 2,502,875</u>	<u>\$ 29,348,413</u>	<u>\$ -</u>	<u>\$ 31,851,288</u>

Note 4 - Tax Status

The Plan obtained its latest determination letter from the Internal Revenue Service (IRS) on July 17, 2020, which stated that the Plan, as designed, is in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.
