INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Texas Mutual Insurance Company Retirement Savings Plan
Austin, Texas

Opinion on the 2021 Financial Statements

We have audited the financial statements of Texas Mutual Insurance Company Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

(Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(Continued)

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Texas Mutual Insurance Company Retirement Savings Plan were audited by predecessor auditors whose report dated June 24, 2021, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in the 2020 supplemental schedule was fairly stated in all material respects in relation to the financial statements as a whole.

TEXAS MUTUAL INSURANCE COMPANY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN

General: The Texas Mutual Insurance Company Retirement Savings Plan (the Plan), is a defined contribution plan covering all employees age 18 or older of the Texas Mutual Insurance Company (the Company) except employees that are a resident of Puerto Rico, covered by a collective bargaining agreement, or a leased employee. The Plan was originally established by the Company effective March 8, 2008 and was amended and restated effective January 1, 2018. The Plan was amended during 2019 for certain Plan provisions. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Administration: The Plan is administered by the Management Investment Committee, which is composed of employees of the Company with oversight by the Board Investment Committee (collectively, the Committee). The Committee is responsible for the operation and administration of the Plan and the management of the Plan's assets. Fidelity Management Trust Company (Fidelity or trustee) acts as trustee for the Plan's investment options and Fidelity Workplace Services LLC acts as recordkeeper of the Plan.

Eligibility: Employees are eligible to enter the Plan the first day of the month coinciding with or that next follows the later of their date of hire or the date they reach the age of 18.

Contributions: A participant may elect to contribute, on a pre-tax or Roth 401(k) basis, up to 75% of the participant's eligible compensation to the Plan. The maximum employee contribution cannot exceed the limits on pre-tax and/or Roth 401(k) elective deferrals and annual additions permitted by the Internal Revenue Code (IRC) of 1986, as amended. Participants may designate some or all of their contributions as Roth deferrals. A contribution made as a Roth deferral cannot be changed back to a pretax contribution.

Participants who have attained or will attain age 50 by the end of the calendar year may make additional catch-up contributions.

The Company contributes a non-discretionary matching contribution of an amount equal to 100% of the participant's eligible compensation, up to 6% of the participant's compensation.

The Company also provides participants with a nonelective employer contribution of 4% of the participant's eligible compensation per payroll period plus an amount equal to the participants eligible compensation in excess of the Social Security Taxable Wage Base times 4%.

Participants are permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings and (c) forfeitures of matching contributions and is charged with his or her withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations of administrative expenses are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting: Participants are immediately and fully 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of credited service, defined as 1,000 hours of service during the Plan year. A participant vests 20% after each year of credited service and is fully vested after five years.

Notes Receivable From Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance in the available contribution sources or \$50,000 less the participant's highest outstanding loan balance immediately prior to the loan. Loan terms cannot exceed five years (ten years for the purchase of a primary residence). The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Effective January 1, 2018, a participant may have no more than one participant loan outstanding at any given time. Participants who had two outstanding loans as of the January 1, 2018 merger of the Texas Mutual Retirement and 401(k) Plans will be allowed to maintain and repay those existing loans until they are paid off. As of December 31, 2021, participant loans have maturities through 2031 at interest rates ranging from 4.25% to 6.50%.

Benefit Payments: Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants' spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

Upon termination of service, a participant may receive a lump-sum amount equal to the value of his or her account adjusted for any portion of the Company's contributions not fully vested. For terminated participants with balances under \$1,000, the plan administrator may distribute the entire amount in a lump-sum without the participant's consent. If the participant's account balance exceeds \$1,000, the participant may choose to keep the funds in the Plan.

In-Service Withdrawals: Participants over 65 years of age may make withdrawals prior to termination of employment for all or any portion of their account. In addition, participants may make withdrawals prior to termination of employment for an amount not greater than the balance of the participant's frozen employer after-tax contributions and/or rollover contributions included in the participant's account but not more frequently than once per calendar year.

COVID-19 Withdrawals: On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted and signed into law. Certain provisions of the CARES Act permits participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to a lack of childcare due to COVID-19, or through a diagnosis of COVID-19 for the employee, spouse, or dependent. Participants may spread the tax consequences of these distributions over three years and they may pay these distributions back to the Plan within three years to avoid taxation on the portion that is repaid. The Company has elected to allow the distribution provisions of the CARES Act. The amendment for the CARES Act elections must be adopted by the end of calendar year 2022.

Forfeited Accounts: When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture. The Plan permits the use of forfeitures to either reduce future employer contributions or Plan administrative expenses for the Plan year. The nonvested portion of a participant's account will be forfeited following the participant's severance date, as of the earlier of the date they receive a distribution of their entire vested interest in their Plan benefits or incurs a 5-year break in service.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN (Continued)

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$32,348 and \$22,948, respectively. During 2021 and 2020, Company contributions and expenses to the Plan were reduced by \$283,000 and \$183,332, respectively, from forfeited nonvested accounts.

Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers various mutual funds and a money market fund as investment options for participants. Additionally, the Plan allows participants to invest outside the standard Plan options through the use of a participant-directed brokerage account, which enables a participant to invest in individual common stocks, preferred stocks, mutual funds, corporate bonds, and short-term investments as stipulated in the plan document. Participants may redirect future contributions or exchange existing balances among available investment securities at any time.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events: The Plan has evaluated subsequent events through August 22, 2022, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures, and actual results could differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date in the Plan's principal or most advantageous market for the asset or liability. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid, interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participant's account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Payment of Benefits: Benefits are recorded when paid.

Risk and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit risks as well as the risks related to the ongoing Coronavirus pandemic. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- *Level 1* – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- *Level 2* – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- *Level 3* – Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money Market Fund: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds: Valued at the daily closing price as reported by the Fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account: The underlying investments, which consist primarily of interest-bearing cash accounts, common stocks, preferred stocks, mutual funds, corporate bonds, and short-term investments, are valued at the closing price reported on the open market and are classified within level 1 of the valuation hierarchy.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 11,806,364	\$ -	\$ -	\$ 11,806,364
Mutual funds	273,883,513	-	-	273,883,513
Self-directed brokerage account	<u>4,526,246</u>	<u>-</u>	<u>-</u>	<u>4,526,246</u>
Total investments at fair value	<u>\$ 290,216,123</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 290,216,123</u>
	2020			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 13,332,353	\$ -	\$ -	\$ 13,332,353
Mutual funds	235,143,124	-	-	235,143,124
Self-directed brokerage account	<u>3,107,971</u>	<u>-</u>	<u>-</u>	<u>3,107,971</u>
Total investments at fair value	<u>\$ 251,583,448</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 251,583,448</u>

There were no assets or liabilities measured at fair value on a non-recurring basis at December 31, 2021 and 2020. There were no transfers between levels for 2021 and 2020.

NOTE 4 – PARTY IN INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others. The Plan holds investments that are managed by the trustee and, therefore, these transactions qualify as party in interest transactions. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE 5 – TAX STATUS

The Company adopted a volume submitted profit sharing plan with CODA sponsored by Fidelity Management & Research Co. The plan received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

NOTE 5 – TAX STATUS (Continued)

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.
