Tulalip, Washington

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the financial statements of Tulalip Tribes of Washington Employees' Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Tulalip Tribes of Washington Employees' Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tulalip Tribes of Washington Employees' Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tulalip Tribes of Washington Employees' Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tulalip Tribes of Washington Employees' Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tulalip Tribes of Washington Employees' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplemental Schedules Required by ERISA***

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

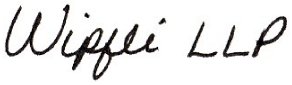

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Auditor's Report on the 2020 Financial Statements***

We were engaged to audit the 2020 financial statements of Tulalip Tribes of Washington Employees' Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## Notes to Financial Statements

## Note 1: Description of Plan

The following description of the Tulalip Tribes of Washington Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan, covering substantially all employees of the Tulalip Tribes of Washington (the Tribes), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Tribes are the Plan's sponsor and serve as Plan administrator, who is responsible for establishing the Plan benefits, contributions, and other provisions, and for approving all Plan amendments. The Plan is considered a Fiduciary Fund of the Tribes. The Plan is referred to as a "safe harbor 401(k) plan." A safe harbor 401(k) plan is a plan designed where the employer commits to making certain contributions. This commitment to make contributions enables the employer to simplify the administration of the Plan by ensuring that nondiscrimination regulations are met, therefore described as a "safe harbor" plan. The Plan has two features: an employer safe harbor non-elective contribution feature and an elective employee salary deferral feature commonly known as a 401(k) plan.

### Eligibility

Employees of the Tribes are eligible to participate in the Plan upon reaching 18 years of age and completing three months of service. Upon meeting the eligibility requirements, employees are automatically enrolled to contribute at a rate of 10%, and must opt out if they do not wish to participate. Employees become eligible to begin receiving employer non-elective contributions after twelve months of continued service defined by at least 1,000 hours of service, and satisfying the age requirement for all contributions.

### Contributions

*Participant contributions:* Each year, participants may contribute between 1% and 80% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

*Employer match and profit sharing contributions:* The Tribes may elect to make discretionary matching and profit sharing contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no discretionary matching or profit sharing contributions for the year ended December 31, 2021.

*Employer safe harbor:* The Tribes make safe harbor contributions equal to 3% of the participant's eligible compensation. The safe harbor contribution for the year ended December 31, 2021, was $4,762,424.

Contributions are subject to regulatory limitations.

## Note 1: Description of Plan (Continued)

### Participant Accounts

Each participant's account is credited with the participant's contributions, and the Tribes' safe harbor non-elective contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

### Vesting

Participants are immediately vested in their voluntary contributions, the Tribes' contributions, and earnings thereon.

### Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans issued by the Plan and secured by the balance in the participant's account. Under the terms of the Plan agreement, Plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

### Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the account, or annual installments over a period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

## Note 2: Summary of Significant Accounting Policies

### Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

## Note 2: Summary of Significant Accounting Policies (Continued)

### Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

### Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

### Notes Receivable From Participants

Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

### Payment of Benefits

Benefits are recorded when paid.

### Administrative Expenses

General Plan administrative expenses may be paid out of the forfeiture account or paid by the Tribes. Investment management, distribution, and loan transaction fees are paid by the Plan participants.

### Subsequent Events

The Plan has evaluated subsequent events through October 6, 2022, which is the date the financial statements were available to be issued. The Plan is not aware of any significant events that would have a material impact on its financial statements.

## Note 3: Information Prepared and Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends and other income for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Wells Fargo and Principal Trust Company, (the Custodians of the Plan).

## Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## Note 4: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

*Registered investment companies (mutual funds)* – Shares of registered investment company funds (or mutual funds) are valued using the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

*Collective trusts* – Units held in collective trusts (CT) are valued using the NAV practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. The NAV of a CT is calculated based on a compilation of primarily observable market information.

The Plan has an investment in Wells Fargo Stable Value Fund (the Fund), which is a CT designed to provide preservation of capital and returns that are consistent regardless of stock and bond market volatility. The Fund sought to earn a high level of income consistent with those objectives. The CT held guaranteed investment contracts which typically have a fixed maturity. Each contract contains a provision that the issuer will, if required, repay principal at the stated contract value for the purpose of paying benefit payments (fully benefit-responsive).

The Plan has an investment in Wells Fargo/BlackRock S&P 500 Index CIT (the Index Fund), which is a CT designed to provide total returns as closely as practicable, before deduction of fees and expenses, to the Standard & Poor's 500 Index. In order to do so, the Index Fund invests in a series of collective investment funds for which BlackRock acts as trustee and investment manager, which includes equity securities of companies that compose the Standard & Poor's 500 Index.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

| | Assets at Fair Value as of December 31, 2021 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | $ 140,817,546 | $ - | $ - | $ 140,817,546 |
| Total investment assets in the fair value hierarchy | $ 140,817,546 | $ - | $ - | 140,817,546 |
| Investment assets measured at NAV (a) | | | | 37,250,962 |
| Total investment assets at fair value | | | | $ 178,068,508 |

| | Assets at Fair Value as of December 31, 2020 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 116,554,295 | $ - | $ - | $ 116,554,295 |
| Total investment assets in the fair value hierarchy | $ 116,554,295 | $ - | $ - | 116,554,295 |
| Investment assets measured at NAV (a) | | | | 30,719,189 |
| Total investment assets at fair value | | | | $ 147,273,484 |

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

## Note 5: Party-in-Interest Transactions

During 2021, Wells Fargo Bank, and Principal Trust Company were both custodians of the Plan and therefore transactions with them qualified as party-in-interest. Administrative expenses paid to Wells Fargo and Principal Trust Company were $130,202 and $154,871, respectively.

Notes receivable from participants reflect party-in-interest transactions. Notes receivable from participants outstanding as of December 31, 2021 and 2020 totaled $9,142,440 and $11,348,465, respectively.

## Note 6: Plan Termination

Although it has not expressed any intent to do so, the Tribes have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## Note 7: Tax Status

The Plan document is a Non-Standardized Pre-Approved Profit Sharing plan with CODA that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC).

## Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 to Form 5500:

| | 2021 |
|---|---|
| Net assets available for benefits per the financial statements | $ 187,314,749 |
| Participant contributions receivable adjustment | 88,852 |
| Net assets available for benefits per the Form 5500 | $ 187,225,897 |

## Note 9: Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2021 to Form 5500:

| | 2021 |
|---|---|
| Total contributions as per the financial statements | $ 20,431,223 |
| Current year participant contributions receivable adjustment | (88,852) |
| Total contributions as per Form 5500 | $ 20,342,371 |

## Note 10: Prohibited Transactions

Under DOL Reg. 2510.3-102(b), the Plan is required to remit the employee contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Plan's general assets, but no later than the fifteenth business day of the month following the date that participant contributions are withheld by the Plan. As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain contributions for payrolls during the plan year ended December 31, 2021, totaling $8,500, were remitted outside the 15-day requirement. These transactions constitute a prohibited transaction as defined by ERISA.
