To the Participants and Plan Administrator of
Kravet Inc. 401(k) Savings and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Kravet Inc. 401(k) Savings and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Kravet Inc. 401(k) Savings and Profit Sharing Plan

- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the

Kravet Inc. 401(k) Savings and Profit Sharing Plan

aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates

Kravet Inc. 401(k) Savings and Profit Sharing Plan

directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

KRAVET INC. 401(K) SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Kravet Inc. 401(k) Savings and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a defined contribution plan established in 1961 covering all eligible employees, as defined, of Kravet Inc. (the "Company"). Employees are eligible after completing three months of service and having attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions - Participants may elect to defer at least 1% of their compensation subject to statutory limitations under the Internal Revenue Code. The Plan provides for automatic enrollment on behalf of employees and permits Roth deferrals.

The Company may make matching contributions equal to a discretionary percentage, as it may determine, of the participant's elective deferral, however, participant catch-up contributions will not be matched. In order to be eligible to receive employer matching contributions the participant must complete one year of service (minimum 1,000 hours). The Company's matching contribution for the year ended December 31, 2021 was approximately \$134,000.

The Company may, in its sole discretion and in such amounts as it may determine make a profit sharing contribution on behalf of participants who are eligible, as defined. Any profit sharing contribution shall be allocated in the proportion that each eligible participant's compensation for the Plan year bears to total compensation of all eligible participants for the Plan year. The Company elected not to make a profit sharing contribution for the year ended December 31, 2021.

Participant accounts - Each participant's funds are kept in their own separate accounts. Each participant's account is credited with the participant's contribution and the Company's contributions are credited to the participant's company contribution account. Participants direct the investment of their accounts in one or more of the available funds or in a self-directed brokerage account. The self-directed brokerage accounts are held by Vanguard Fiduciary Trust Company ("Vanguard"). Net investment gain or loss in each mutual fund, stable value fund and administrative expenses, other than self-directed brokerage accounts, are allocated to each participant's account in proportion to account balances, as defined. Net investment gain or loss on participant self-directed brokerage accounts are credited or charged to their individual accounts. Forfeitures of terminated participants' nonvested Company contributions are used to pay Plan administrative expenses and to reduce the Company's future contributions. As of December 31, 2021 and 2020, forfeitures held in the cash reserve fund approximated \$18,000 and \$24,000, respectively, and forfeitures used to cover administrative fees approximated \$12,000 during the year ended December 31, 2021.

KRAVET INC. 401(K) SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting - Participants are always 100% vested in their elective 401(k) contributions plus actual earnings thereon. Vesting in Company contributions plus earnings thereon is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more years	100%

Payment of benefits - The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. On termination of service before retirement, a participant with a vested interest in their account balance of \$5,000 or greater will receive the value of the vested interest in their account upon giving written consent to the Plan Trustee. Participants with a vested interest in their account balance of less than \$5,000 will receive the value of the vested interest in their account in a lump-sum payment as soon as feasible following the date of termination.

Termination of plan - While the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time. In the event of complete discontinuance of employer contributions or the termination of the Plan, each participant will become fully vested in all amounts credited to his or her individual participant accounts.

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer from the participant investment fund to the participant loan receivable category. Loan terms generally are up to five years except in the case of a loan used to acquire a principal residence and are secured with the participants' vested accounts. Interest rates are determined by the plan administrator by reference to the prevailing interest rates charged by commercial lenders under similar circumstances on the date the loan is made. As of December 31, 2021, interest rates on notes receivable from participants range from 4.25% to 6.50%.

Plan updates - Effective January 1, 2020, the Plan adopted certain provisions of the Setting Every Community Up for Retirement Enhancement Act (the "SECURE Act") that was signed into law on December 19, 2019. Accordingly, the Plan increased from age 70-1/2 to age 72 the date when terminated participants must begin receiving required minimum distributions from the Plan and accelerated the time in which most non-spousal designated beneficiaries of deceased participants must receive their full benefits to no later than ten calendar years following the year of the participant's death.

Effective April 5, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan, without penalty, beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective March 27, 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments through December 31, 2020.

KRAVET INC. 401(K) SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The Plan prepares its financial statements on the accrual basis of accounting.

Current economic conditions - The Plan's investments are subject to changes in value from the impact of social and natural catastrophic events that are beyond its control, such as health epidemics, natural disasters and other catastrophes, which may materially and adversely affect their respective values. The Plan continues to monitor the global pandemic of the coronavirus disease known as COVID-19 and is assessing the impact that it could have on the values of its investments, including a potential decline in the fair value of investments due to the disruption of financial markets. Future developments with respect to COVID-19 remain highly uncertain and difficult to forecast. Accordingly, the Plan is unable to quantify the full impact of COVID-19 and it is at least reasonably possible that changes in the fair values of investments will materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits in the near term.

Investment valuation and income recognition - Investments in all funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Notes receivable from participants - Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Subsequent events - The Plan has evaluated events and transactions for potential recognition or disclosure through September 27, 2022, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurement", establishes a framework for measuring fair value that provides a fair value

KRAVET INC. 401(K) SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of common stocks which are valued at the closing price reported on the active market on which the individual security is traded, registered investment companies (mutual funds) which are valued at the net asset value ("NAV") of shares held by the Plan at year end where NAV is publicly available, and interest bearing cash accounts which are valued at cost, which approximates fair value.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

4. INVESTMENTS

Vanguard is the Plan's trustee and custodian and holds the investments. Vanguard has certified to the accuracy and completeness of investments and related income as reported in the accompanying financial statements and supplemental schedule of assets held for investment purposes.

The following is a summary of the financial data certified by the trustee as of December 31, 2021 and 2020 and for the year ended December 31, 2021:

	December 31,	
	2021	2020
Investments at fair value	\$ 59,076,695	\$ 53,718,769
Notes receivable from participants	806,857	839,606
Net appreciation in fair value of investments	4,476,757	
Interest and dividends	1,468,170	
Interest income - notes receivable from participants	38,288	

At December 31, 2021 and 2020, the Plan has an investment in the Reliance Trust Company Stable Value Fund Collective Investment Trust - MetLife Series 25157 (the "Fund"). The Fund was formed for the purpose of allowing participating plan sponsors, who maintain qualified defined contribution plans, to invest in the MetLife Group Annuity Contract (the "Contract") issued by MetLife to the Reliance Trust Company. MetLife guarantees the contract value of the Fund's investment which represents contributions, plus interest, less participant-initiated withdrawals, or transfers. There are no reserves against contract value for credit risk of the contract issuer or otherwise. MetLife provides a fixed interest

KRAVET INC. 401(K) SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

rate which applies to the contract that is reset every quarter with consideration of various factors, including capital market developments, the yield-to-worst performance of the benchmark indices of the separate accounts backing the contract, the expected withdrawals of all of the participating plans indirectly participating in the contract through the Fund and all contract charges and fees. The Fund invests in fully benefit-responsive investment contracts with MetLife. Under the contracts, deposits by the Fund are invested by MetLife in separate accounts. The investments held in the separate accounts are owned by MetLife. The Plan's investment in the Fund is not an investment in a fully benefit-responsive investment contract and is therefore measured and reported at fair value. The net asset value reported by the Fund is used by the Plan as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. The ability to transact at net asset value may be limited in certain significant circumstances, specifically employer-initiated events such as plan termination, bankruptcy or reorganization, early retirement incentive programs or tax disqualifications.

5. INSURANCE PREMIUMS PAID ON ALLOCATED CONTRACTS

Certain participants in the Plan have individual life insurance policies for which the premiums have been paid from the participant's plan assets. The insurance policies are not reported in the statements of net assets available for benefits as they are classified as allocated contracts. Under generally accepted accounting principles allocated contracts are excluded from the Plan's financial statements because the purchase of the contract transfers the obligation to pay the benefit and the related risk to the insurance company.

KRAVET INC. 401(K) SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

6. TAX STATUS

Effective July 1, 2019, the plan administrator adopted a prototype plan that received a favorable determination letter from the Internal Revenue Service dated July 31, 2015. Although the Plan has been subsequently amended, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of ERISA and the Internal Revenue Code and therefore fulfills the criteria for exemption from federal and state income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

The Company pays certain administrative expenses of the Plan. Certain services are rendered to the Plan by the Company at no cost to the Plan. Vanguard is the trustee, custodian and recordkeeper of the Plan. Certain Plan investments are managed by an affiliate of Vanguard. Additionally, certain fees for the Plan are paid to Vanguard directly from mutual fund companies whose investments are included in the Plan. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
