To Management of
Samuel Engineering, Inc. 401(k) Savings Plan

We have audited the financial statements of Samuel Engineering, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021 and we will issue our report thereon dated October 10, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Principal Life Insurance Company, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated May 3, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Samuel Engineering, Inc. 401(k) Savings Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events.

Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the investment value is based on the information summarized in Note 3. We evaluated the key factors and assumptions used to develop the investment values in determining that it is reasonable in relation to the financial statements taken a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- The disclosure in Note 3: Fair Value Measurement to the financial statements includes realized gains or losses on investments which are estimates of the possible gains or losses on the investments as of December 31, 2021 should the underlying investments be sold. Actual gains and losses realized on the investments may differ significantly from these projections due to changes in market conditions.
- The disclosure in Note 10: Summary of Information Furnished by Custodian (Unaudited) to the financial statements which was certified by Principal Financial Group, Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules, we did not perform any auditing procedures with respect to the information summarized in the note.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements. There were no uncorrected misstatements noted in the audit for the year ended December 31, 2021.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 10, 2022.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention. In performing the audit, we did note the following that we would like management to consider.

Other Matters – Communications with Management

During the audit, we have the opportunity to observe procedures and processes. We would like to share our observations that may improve your financial reporting, assist in compliance, or create future efficiencies. We offer the following suggestions.

Census Reconciliation

A reconciliation of wages reported on the annual Form W-3 was reconciled to the 401k Plan census during the audit within an immaterial variance. We recommend the reconciliation be performed at least quarterly, if not semi-annually, prior to the audit to ensure the census is complete and accurate.

401K Plan Minutes

We noted meeting minutes were prepared and retained for the annual shareholders meeting in 2021. However, the minutes do not document 401K Plan related items. We recommend you add a sentence to the minutes stating your review of the Plan and document if any changes to the Plan if made.

Other items for consideration to document in the minutes include:

- Decisions relating to Plan policies, procedures, intentions, or actions;
- Reference to the amount of any employer contributions to the Plan and when they are anticipated to be remitted to the Plan;
- Employee bonuses approved and paid during the year,

- Investment performance;
- Service provider fees;
- And any abnormal results of the SOC 1 reports reviewed that impact internal controls for the Plan.

Documentation of these items will help to show the Plan's compliance with ERSIA and DOL regulations.

Other Matters - Other Information in Documents Containing Audited Financial Statements

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan administrator, the custodian, and management of Samuel Engineering, Inc. 401(k) Savings Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,
