RSM US LLP

Board of Directors
MLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of MLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MLC 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the MLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: On April 20, 2021, the Plan changed trustees from Capital Bank and Trust Company to John Hancock Trust Company LLC and adopted a new non-standardized pre-approved plan sponsored by John Hancock Retirement Plan Services LLC. There were no substantial changes to the general provisions of the Plan. On April 19, 2021, substantially all assets held by Capital Bank and Trust Company were liquidated to facilitate this change and transferred to John Hancock Trust Company LLC on April 20, 2021.

The Plan is a defined contribution plan covering all employees of McComas-Lacina Construction, L.C. (the Company). Employees are eligible to make employee contributions after reaching 18 years of age and completing 90 days of service, and are able to enter the Plan on the first day of each Plan quarter following eligibility. In order to be eligible for employer contributions, the participant must be actively employed on the last day of the plan year and have completed 1,000 hours of service during the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings and charged for its share of Plan administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into any combination of the investment options offered by the Plan.

Contributions: Participants may defer the maximum amount of their compensation allowed by law. The Company may make a matching contribution equal to a discretionary percentage of compensation. The Sponsor will withhold 4% from the participant's compensation each payroll period as an automatic deferral unless the participant makes a contrary election. The Company elected to match 25% of up to 4% of employee deferrals for the years ended December 31, 2021 and 2020. The Company may also make a discretionary profit-sharing contribution, which is allocated to participants using a two-step method based on eligible compensation amounts. The Company made profit-sharing contributions, net of forfeitures, totaling \$151,505 and \$168,136 and made matching contributions totaling \$59,008 and \$61,250 for the years ended December 31, 2021 and 2020, respectively.

Vesting: Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as follows:

Less than one year of service	0%
One year	25%
Two years	50%
Three years	75%
Four years	100%

Forfeitures: Forfeitures of nonvested participant accounts are used to offset employer contributions. Forfeitures totaling \$714 and \$716 were used during the years ended December 31, 2021 and 2020, respectively. Unused forfeitures totaled \$19,486 and \$348 for years ended December 31, 2021 and 2020, respectively.

MLC 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Upon retirement, death, disability or termination of employment, participants may elect to receive their accounts in a lump-sum amount subject to various provisions based on the amount of the account balance. If the participant's account balance is less than \$5,000, it is automatically paid out upon termination.

Revenue credits: Revenue credits are earned by the Plan as provided in the Plan's service agreement and allocated to accounts of eligible participants as other income. Revenue credits received by the Plan totaled \$11,691 and \$19,618 for the years ended December 31, 2021 and 2020, respectively.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation and investment income: Investments are stated at fair value (except for direct investments in fully benefit-responsive contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Changes in the fair value of investments are recognized when the investments appreciate or depreciate in value.

Payments of benefits: Benefit payments to participants are recorded when paid. During 2020, the Plan implemented certain Coronavirus Aid, Relief, and Economic Security (CARES) Act provisions to allow for special coronavirus related distributions.

Administrative expenses: The Plan paid administrative expenses of \$35,974 and \$0 for the years ended December 31, 2021 and 2020, respectively. All other expenses were paid by the Company.

Notes to Financial Statements

Note 3. Information Certified or Provided by Plan Trustees

The following is a summary of the Plan's asset and investment income information as of and for the years ended December 31, 2021 and 2020, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by or derived from information provided by John Hancock Trust Company LLC, current trustee, and Capital Bank and Trust Company, former trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that the information provided to the Plan Administrator by the trustees related to the following assets and investment income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets and investment income as of and for the years ended December 31, 2021 and 2020:

	December 31	
	2021	2020
Investments at fair value:		
Mutual funds	\$ 24,059,860	\$ 24,733,091
Common/collective trust	-	4,397
Investments at contract value, investment contract	18,277	-
	<u>\$ 24,078,137</u>	<u>\$ 24,737,488</u>
	Years Ended December 31	
	2021	2020
Investment income:		
Net appreciation in fair value of investments	\$ 2,934,544	\$ 2,796,538
Interest and dividends	583,186	737,515
	<u>\$ 3,517,730</u>	<u>\$ 3,534,053</u>

Note 4. Fair Value Measurements

The fair value measurements topic of the Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the codification are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

MLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued based on the quoted prices in the active markets in which they are traded.

Common/collective trust: Composed primarily of benefit-responsive investment contracts valued at the net asset value (NAV) of shares held by the Plan in the collective trust account at year-end as determined by the third-party administrator based on the market value of its underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,059,860	\$ -	\$ -	\$ 24,059,860
Total investments in the fair value hierarchy	\$ 24,059,860	\$ -	\$ -	\$ 24,059,860
2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,733,091	\$ -	\$ -	\$ 24,733,091
Total investments in the fair value hierarchy	\$ 24,733,091	\$ -	\$ -	\$ 24,733,091
Investments measured at NAV (a)				4,397
Total investments at fair value				\$ 24,737,488

- (a) In accordance with Fair Value Measurement topic, certain investments that were measured at the NAV practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

MLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table set forth additional disclosures of the Plan's investment whose fair value is estimated using the NAV practical expedient per share as of December 31, 2020. There were no investments valued at NAV as of December 31, 2021:

Investment	December 31, 2020			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust fund, KeyBank EB				
Managed Guaranteed Investment Contract Fund	\$ 4,397	\$ -	Immediate	None

Note 5. Investment Contract

The Plan has a traditional benefit-responsive guaranteed investment contract with John Hancock Life Insurance Company (JHLIC) that is reported at contract value. JHLIC maintains the contributions in a general account. The account is credited with participant deposits and interest at the appropriate interest-crediting rate and charged for participant withdrawals, transfers, fees and payments. JHLIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but it may not be less than a guaranteed minimum interest rate. Such rates are reviewed on an interim basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract

MLC 401(k) Plan

Notes to Financial Statements

Note 5. Investment Contract (Continued)

3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

Note 6. Related Party and Party-in-Interest Transactions

John Hancock Trust Company LLC is the current Plan trustee and Capital Bank and Trust Company was the former trustee of the Plan and, therefore, transactions with the current and former trustee qualify as party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Income Tax Status

The Plan has adopted a non-standardized pre-approved plan sponsored by John Hancock Retirement Plan Services LLC. The pre-approved plan has received an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. The opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500:
