Independent Auditors' Report

To the Plan Administrative Committee of the
Watauga Orthopaedics, PLC 401(K) Profit Sharing Plan
Johnson City, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Watauga Orthopaedics, PLC 401(K) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section –

- The amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules on pages 15 and 16, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the

financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

To the Plan Administrative Committee of the
Watauga Orthopaedics, PLC 401(K) Profit Sharing Plan
Johnson City, Tennessee

We were engaged to audit the accompanying statement of net assets available for benefits of Watauga Orthopaedics, PLC 401(K) Profit Sharing Plan (the "Plan") as of December 31, 2020 and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the plan, except for comparing the information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WATAUGA ORTHOPAEDICS, PLC 401(K) PROFIT SHARING PLAN
Notes to Financial Statements
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Watauga Orthopaedics, PLC (“Company”) 401(K) Profit Sharing Plan (“Plan”) provides only general overview information. Participants should refer to the Plan document for a more complete and thorough description of the Plan’s provisions.

General - The Plan was established as of January 1, 2016. The Plan is a defined contribution plan covering all employees of the Company, excluding leased and part time employees. Its provisions are governed by the IRC and the Employment Retirement Income Security Act of 1974 (ERISA).

Administration - The Company has established a committee that is responsible for the general operation and administration of the Plan. The Company is the Plan Sponsor and a fiduciary of the Plan as defined by ERISA. The Trustee provides recordkeeping services to the Plan.

Eligibility - Employees of the Company are immediately eligible to become participants in the Plan through employee deferrals and receive employer non-discretionary matching contributions upon hire date. Participants also become eligible to receive employer discretionary contributions and non-elective safe harbor contributions upon hire date.

Contributions - Each year, participants may contribute up to 100% of their annual gross compensation, as defined in the Plan, subject to Internal Revenue Code limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who have attained the age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts.

Matching - The Company makes a non-discretionary matching contribution equal to the lesser of 50% of the employee’s compensation deferrals or three percent of the employee’s compensation. The Company also makes a non-elective safe-harbor contribution equal to three percent of the eligible employee’s compensation. The Company may make a discretionary profit-sharing contribution. The discretionary profit-sharing contribution is made as a percentage of compensation with different rates for non-highly and highly compensated employees.

Participant Accounts - Each participant’s account is credited with the participant’s contributions (including rollovers) and allocations of (a) the company’s contributions and (b) plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting - Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company’s matching and discretionary contributions and earnings thereon vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0-3	0%
3 or more	100%

Notes Receivable from Participants - Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at prime rate plus one and range from 4.25% to 6.5%. Principal and interest are paid through payroll deductions.

Parties-in-Interest - There were no prohibited transactions between the Plan and parties-in-interest as defined by ERISA.

Payment of Benefits - On termination of service, death, disability or upon reaching retirement age, a participant may elect to receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account. Upon severe hardship, in accordance with Plan provisions, participants may withdraw amounts from their participant contribution account.

Notes to Financial Statements (Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures - On a participant's termination date, any unvested portion of their account is forfeited at the earlier of distribution or five years from the date of termination. If a participant's account is forfeited and the participant is subsequently rehired within five (5) consecutive years without receiving a distribution, the forfeiture amount is reinstated.

Forfeitures during any plan year are applied as follows: (i) to restore amounts previously forfeited by participants but required to be reinstated upon resumption of employment; (ii) to pay administrative expenses of the Plan; or (iii) to reduce future company matching contributions.

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$136 and \$3,375, respectively. These amounts may be used to reduce future Company contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting in conformity with generally accepted accounting principles.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. The fair value of notes receivable from participants is not practicable to determine as amounts are not transferable.

Plan Administration Costs and Fees - Loan origination fees associated with notes receivable and fees associated with the payments of benefits from participants are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss).

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Date of Management's Review - Management has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified complete and accurate by the trustee, Fidelity Management Trust Company.

	2021	2020
Investments	<u>\$ 32,862,222</u>	<u>\$ 28,015,985</u>
Participant loans	<u>\$ 57,841</u>	<u>\$ 67,378</u>
Net appreciation of investments	<u>\$ 941,777</u>	
Dividends and interest	<u>\$ 2,017,689</u>	

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies (Level 1) - The fair value of registered investment companies (mutual funds) is based on quoted net asset values of the shares held by the Plan at December 31, 2021 and 2020.

WATAUGA ORTHOPAEDICS, PLC 401(K) PROFIT SHARING PLAN
Notes to Financial Statements (Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Self-directed brokerage accounts (Level 1) - Broker select accounts primarily consist of mutual funds, common stocks, and exchanged traded funds that are determined by obtaining quoted prices on nationally recognized securities exchange, money market deposit accounts for which fair value is estimated to approximate the cost basis of the deposit account balance, based upon the liquidity of the account and the credit quality of the issuer, US Treasury securities for which fair values reflect the closing price reported in the active market in which the security is traded, corporate bonds, which are valued at the closing price reported in the active market in which the bond is traded, annuities which are stated at estimated fair values based upon future cash flow receipts and investment risk, and hedge funds, for which the fair values have been estimated using the net asset value per share of the investments, as reported by the fund managers.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value at December 31, 2021 and 2020:

Fair Value Measurements at December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment accounts	\$ 24,693,579	\$ -	\$ -	\$ 24,693,579

NOTE 5 - COMMON/COLLECTIVE TRUST FUND

The fund uses the net asset value (“NAV”) of units provided by the Trustee as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) are unrestricted and may occur daily. Plan level initiated liquidations may require a 12 month written notice. The trustee of the collective trust may wave or reduce the notice requirement if such reduction or waiver would not negatively impact the collective trust or other participating trusts. This investment is not classified within the valuation hierarchy, but presented for reconciliation purposes only.

The following table presents the plan’s assets measured at NAV as of December 31, 2021 and 2020:

	Net Asset Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notification Period
<u>December 31, 2021</u>					
Investments					
Fidelity Stable Value Fund	<u>\$ 1,481,432</u>	<u>\$ -</u>	Immediate	None	None
<u>December 31, 2020</u>					
Investments					
Fidelity Stable Value Fund	<u>\$ 1,455,622</u>	<u>\$ -</u>	Immediate	None	None

NOTE 6 - PARTIES-IN-INTEREST

The Company is the administrator of the Plan, and as such executes the normal duties associated therewith. Costs incurred for audit, legal, and other administrative functions are paid by the Company on behalf of the Plan. There were no financial transactions recorded between the Company and the Plan other than contributions made by the Company to the Plan. The Plan invests in funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company acts as contract holders and record keepers for those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8 - TAX STATUS

The initial effective date of the Plan was January 1, 2016. The Internal Revenue Service determined and informed Fidelity Management & Research Company (the “TPA’s software package provider”) by a letter dated March 31, 2014, that the TPA Pre-approved Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan has not filed for its own determination letter. Although the Plan has been amended since the pre-approved determination letter was issued, the Plan administrator and the Plan’s tax counsel believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

WATAUGA ORTHOPAEDICS, PLC 401(K) PROFIT SHARING PLAN
Notes to Financial Statements (Continued)

NOTE 8 - TAX STATUS (Continued)

The Plan recognizes tax loss contingencies when it is probable that a liability had been incurred and the amount of the loss could be reasonably estimated. The amount recognized would be subject to estimates and management's judgment with respect to the likely outcome of each uncertain tax position. Although the tax years ending December 31, 2018 through December 31, 2021 remain open for examination by various taxing authorities, it is management's opinion that no significant uncertain tax positions remain open at December 31, 2021.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with its investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On March 11, 2020, the World Health Organization designated COVID-19 a world health pandemic. Our existing contingency and disaster preparedness plans give management the tools necessary to guide the Plan through such circumstances. We have evaluated the short-term and long-term impacts of this pandemic on the Plan, the outcome of which is not predictable with assurance, and it is possible that the Plan could be affected by these circumstances. Although the ultimate financial impact of this pandemic cannot be ascertained, through a thorough evaluation of plan assets, management believes that any resulting financial impact should not materially affect the financial position of the Plan as of December 31, 2021.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits, per the financial statements, to Form 5500:

Prior year employer contribution receivable	<u>935,487</u>
Net income per Schedule H of Form 5500	<u>\$ 4,799,241</u>

NOTE 11 - CARES ACT

As a result of the Coronavirus Aid, Relief and Economic Security Act (the “CARES Act”) enacted on March 27, 2020, the plan administrator implemented new CARES Act options including withdrawal provisions, loans, and temporary waiver of required minimum distributions.

NOTE 12 - SUBSEQUENT EVENT

The Plan was amended to increase the employer match to a 100% match of 3% of eligible compensation and a 50% match of the next 2% of eligible compensation, effective February 24, 2022. The Plan previously matched 3% of eligible compensation.

To The Plan Administrative Committee
Of Watauga Orthopaedics 401(k) Profit Sharing Plan
Johnson City, Tennessee

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Watauga Orthopaedics 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be a material weakness and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. A reportable finding is an indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditors' professional judgment, are of sufficient importance to merit management's attention. We considered the following deficiency in the Plan's internal control to be a material weakness and a reportable finding:

The Plan has not formally documented their internal control procedures. Failure to document internal control procedures indicates that an organization has not established accountability for procedures which may be in place. The accounting literature deems this to be a deficiency in internal control as there is a more than remote likelihood that a misstatement of the Plan's financial statements that is material would not be prevented or detected.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

During our testing of participant contributions, we noted one month of contributions were not remitted to the plan in a timely manner. Department of Labor (DOL) Regulation 2510.3-102 requires participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in prohibited transactions which must be separately report to the DOL and may result in lost earnings for the Plan and penalties to the Plan Sponsor.

During our testing of employer contributions, we noted the employer match was underfunded for all physicians.

This communication is intended solely for the information and use of management, and the Board of Directors, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

To the Plan Administrative Committee
Watauga Orthopaedics 401(k) Profit Sharing Plan
Kingsport, Tennessee

We have audited the financial statements of Watauga Orthopaedics 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021, and we will issue our report thereon dated September 21, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 6, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Watauga Orthopaedics 401(k) Profit Sharing Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of fair value measurements. The fair value measurements are discussed in Note 4 to the financial statements. We evaluated the key factors and assumptions used to develop this estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of fair value measurements in Note 4 which describes how the investments were valued.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements as a whole.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance with or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

We noted during testing of contributions, the employer match was underfunded for all physicians.

We noted during testing of contributions, one month of contributions was remitted late to the plan.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 21, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).
