AES Clean Technology, Inc. 401(k) Plan
Montgomeryville, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of AES Clean Technology, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of AES Clean Technology, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AES Clean Technology, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AES Clean Technology, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AES Clean Technology, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of AES Clean Technology, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements December 31, 2021 and 2020

(1) Description of Plan

The following brief description of the AES Clean Technology, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering substantially all employees of AES Clean Technology, Inc. (the Company). Employees are eligible to participate in the Plan upon completing six months of service (as defined in the Plan document) and reaching age 21. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan trustees are responsible for oversight of the Plan, and with the advice of external investment advisors, periodically determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the Internal Revenue Service (IRS) limitation. Participants may designate all or a portion of their elective deferral as Roth elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies, common collective trusts, and pooled separate accounts as investment options for participants. The Company has a safe harbor matching contribution that matches 100% of the first 3% of compensation and 50% of the next 2% of compensation that a participant contributes to the Plan. Additional profit-sharing contributions may be made at the option of the Company's Board of Directors.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contribution, as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

AES CLEAN TECHNOLOGY, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

(1) Description of Plan, Continued

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their account is based on years of continuous service. Participants become fully vested upon termination of employment due to death or disability. A participant is 100% vested after six years of credited service based on the following vesting schedule:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than one year	0%
One year but less than two years	0%
Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	60%
Five years but less than six years	80%
Six or more years	100%

Notes Receivable from Participants

Participants may borrow equal to a maximum of the lesser of 50% of their vested balance, or \$50,000, reduced by any outstanding loan balance, if any, during the one-year period ending on the day before the new loan is made. The minimum loan balance is \$1,000 and a participant may be granted two loans during any one-year period. The loans are secured by the balance in the participant's account and bear interest at a reasonable fixed rate determined by the loan administrator. Interest rates range from 3.25% to 5.50% on current outstanding loans. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account.

Forfeitures

There were no forfeited nonvested accounts as of December 31, 2021 and 2020. Forfeited accounts may be used to reduce future Company contributions and/or pay administrative expenses. During 2021, no forfeitures were used to pay administrative expenses and/or reduce Company contributions.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded based on the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

AES CLEAN TECHNOLOGY, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

(2) Summary of Significant Accounting Policies, Continued

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2022, the date the financial statements were available to be issued.

(3) Financial Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Trust Company (Principal), the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The trustee has certified the following as complete and accurate:

- The investments at fair value at December 31, 2021 and 2020.
- Notes receivable from participants at December 31, 2021 and 2020.
- Net appreciation in fair value of investments for the year ended December 31, 2021.
- Dividend income for the year ended December 31, 2021.
- Interest income on notes receivable from participants for the year ended December 31, 2021.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

AES CLEAN TECHNOLOGY, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

AES CLEAN TECHNOLOGY, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

(4) Fair Value Measurements, Continued

Common collective trusts: Valued at the NAV of units held by the Plan at year end based on the market value of its underlying investments. Although the common collective trust accounts are not available in an active market, the NAV of the units are approximated based on the quoted prices of the underlying investments that are traded in an active market.

Pooled separate accounts: Valued at the NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying mutual fund investments, adjusted for dividends and separate accounts fees.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 2,382,262	\$ -	\$ -	\$ 2,382,262
Investments measured at NAV as a practical expedient (a)				19,726,098
Investments at fair value				<u>\$ 22,108,360</u>

Description	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 2,561,976	\$ -	\$ -	\$ 2,561,976
Investments measured at NAV as a practical expedient (a)				15,136,804
Investments at fair value				<u>\$ 17,698,780</u>

- (a) Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to total investments.

There were no significant transfers among investments levels during the years ended December 31, 2021 and 2020.

AES CLEAN TECHNOLOGY, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

(4) Fair Value Measurements, Continued

The following table summarizes the Plan's investments with a reported fair value using NAV per unit at December 31:

	2021	2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts:					
Principal Lifetime Funds	\$ 18,458,442	\$ 14,392,853	None	Daily	None
Pooled Separate accounts	1,267,656	743,951	None	Daily	None
	<u>\$ 19,726,098</u>	<u>\$ 15,136,804</u>			

(5) Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are registered investment companies, common collective trusts, and pooled separate accounts managed by Principal. Principal is also the trustee, as defined by the Plan and, therefore these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments.

Administrative expenses paid by the Plan amounted to \$92,578. The Company pays any other fees related to the Plan's operations. The Plan maintains suspense accounts within the trust, which captures forfeitures and excess employer funds that are used to pay expenses and reduce employer contributions.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

(7) Tax Status

The Company uses a prototype plan document sponsored by Principal Trust Company. The prototype plan has received an opinion letter from the IRS, dated March 31, 2014, stating that the prototype plan is qualified under the appropriate section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

AES CLEAN TECHNOLOGY, INC. 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

(7) Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
