Plan Administrator

Mid-West New Mexico Community Action Program 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Mid-West Community Action Program 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section —

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Mid-West Community Action Program 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Mid-West Community Action Program 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The supplemental schedule Form 5500 Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Mid-West Community Action Program 403(b) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient and appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Mid-West New Mexico Community Action Program 403(b) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1) Description of Plan

The following description of the Mid-West New Mexico Community Action Program (the “Organization”) 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

A. *General* – The Plan is a defined contribution plan covering all full-time employees of the Organization who have one year of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. *Contributions* – Each year, participants may contribute up to the lesser of a) 100% of eligible pre-tax compensation or b) \$19,500 (the maximum annual amount that can be contributed to a 403(b) arrangement per the Internal Revenue Code for 2021). Participants who have attained age 50 or over at the end of the calendar year are permitted to make additional “catch-up” elective deferral contributions up to \$6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Organization contributes to the Plan as follows:

1. Part-year employees working over 20 hours per week @ 2.5%, or 5% employer contribution to 5% employee salary match.
2. Exempt employees over 20 hours per week @ 2.5% or 7.5% employer contribution to 5% employee salary match.
3. Executive employees over 20 hours per week @ 2.5% or 10% employer contribution to 5% employee salary match.

Participants may also transfer or rollover amounts from other qualified retirement plans to the Plan. Rollovers into the Plan for the year ended December 31, 2021 were \$2,508 and are included in the statement of changes in net assets available for benefits.

Notes to Financial Statements

December 31, 2021 and 2020

1) Description of Plan — continued

- C. *Participant Accounts* – Each participant’s account is credited with the participant’s contribution and allocations of (a) the Organization’s contribution and (b) the Plan’s earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- D. *Vesting* – Participants are fully vested immediately in their contributions and actual earnings (losses) thereon. Vesting in the Organization’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.
- E. *Notes Receivable from Participants* – Participants may borrow from the fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant’s account and the loan interest rate is set one percent above the prime rate, as defined. Principal and interest is paid ratable through monthly payroll deductions.
- F. *Payment of Benefits* – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.
- G. *Forfeited Accounts* – At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$843 and \$309, respectively. For the years ended December 31, 2021 and 2020, forfeitures of \$8,021 and \$7,242 were used to reduce employer contributions, respectively.

2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Mid-West New Mexico Community Action Program 403(b) Plan
Notes to Financial Statements
December 31, 2021 and 2020

2) Summary of Significant Accounting Policies — continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021, and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Investment Valuation and Income Recognition

Investments are recorded at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure of the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Management determines the Plan's valuation policies utilizing information provided by the custodian. See notes 4 and 5.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions for the years ended December 31, 2021 and 2020, respectively.

2) Summary of Significant Accounting Policies — continued

Payments of Benefits

Upon termination of services, the achievement of early retirement age, or normal retirement age (age 59 ½), a participant may request distribution of their retirement account. Participants may receive the value of his or her account in a lump-sum amount, in installment payments over a specified period of time, or in various life annuities as defined in the Plan document. Participants may also withdraw amounts from their retirement account by reason of financial hardship under specific guidelines set forth in the Plan document.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value investments.

Date of Management Review

Subsequent events were evaluated through October 10, 2022, which is the date the financial statements were available to be issued.

3) Information Certified by the Plan Custodian

In accordance with the provisions of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA, the Plan custodian has provided and certified that the following information included in the financial statements and supplemental schedule is complete and accurate at December 31, 2021 and 2020 and for the years then ended:

- a. Total investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020;
- b. Investment income, net as shown in the accompanying statements of changes in net assets available for benefit for the year ended December 31, 2021;
- c. Investment information included in footnote 4 as of December 31, 2021 and 2020; and,
- d. Schedule H, line 4i – schedule of assets (held at year-end) as of December 31, 2021.

4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 82 are described as follows:

Level 1 Fair Value Measurements – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Mid-West New Mexico Community Action Program 403(b) Plan
Notes to Financial Statements
December 31, 2021 and 2020

4) Fair Value Measurements — continued

Level 2 Fair Value Measurements – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

December 31, 2021 and 2020

4) Fair Value Measurements — continued

The fair values of assets measured on a recurring basis at December 31, 2021 are as follows:

	<u>Level 1</u>
Assets:	
Mutual funds	<u>\$ 3,855,836</u>
Investments, at fair value	<u>\$ 3,855,836</u>

The fair values of assets measured on a recurring basis at December 31, 2020 are as follows:

	<u>Level 1</u>
Assets:	
Mutual funds	<u>\$ 3,465,626</u>
Investments, at fair value	<u>\$ 3,465,626</u>

5) **Guaranteed Investment Contract**

In 2007, the Plan entered into a benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal) totaling \$872,281 and \$794,796 at December 31, 2021 and 2020, respectively. Principal maintains the contributions in a general account. The account is credited with earning on the underlying investment and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specific interest rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the contract issuer but in no case will be less than 1% or greater than 3%. The crediting rate is reviewed on a semiannual basis for resetting.

Mid-West New Mexico Community Action Program 403(b) Plan

Notes to Financial Statements

December 31, 2021 and 2020

5) Guaranteed Investment Contract— continued

This contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or the Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemptions under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6) Related Party Transactions

Principal Life Insurance Company provides various contract administration services and certain plan investments are shares of mutual funds managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for contract administrator services amounted to \$36,970 and \$30,195 for the years ended December 31, 2021 and 2020, respectively. These party-in-interest transactions are exempt for the prohibited transaction rules of ERISA.

Certain employees have outstanding loans with the Plan as of December 31, 2021 and 2020. These loans are considered party-in-interest transactions and are allowable under ERISA.

Mid-West New Mexico Community Action Program 403(b) Plan

Notes to Financial Statements

December 31, 2021 and 2020

7) Tax Status

The Plan has been designed to qualify for tax-exempt status under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform to sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial assets and tax-deferred annuities are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8) Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the employer contributions.

Mid-West New Mexico Community Action Program 403(b) Plan
Notes to Financial Statements
December 31, 2021 and 2020

9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
