Independent Auditors' Report

To the Participants and Plan Administrator of
Wall Family Enterprise Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Wall Family Enterprise Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of 12 months from the date of the audit report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Wall Family Enterprise Retirement Savings Plan

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of the Wall Family Enterprise Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is intended to meet the requirements of Section 401(k) of the Internal Revenue Code and qualify as a defined-contribution plan. It is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, as amended and is sponsored by Wall Family Enterprise, Inc., Demco, Inc., Gaylord Bros., Inc., and Hatch, Inc. (the Company). Eligible participants of the Plan include all employees of the Company who have completed a minimum of one hour of service. Beginning after an employee has completed twelve months of service with a minimum of 1,000 hours worked, a participant is eligible to receive company contributions for a particular plan year if the participant has completed at least 1,000 hours of service during such plan year and is employed on the last day of the plan year. A participant terminated during the plan year is still eligible to receive a company contribution if the participant was terminated pursuant to attainment of early or normal retirement age, disability or death.

Contributions

Participants may contribute to the Plan on a pre-tax and/or after-tax basis from their gross wages an amount not to exceed the annual elective deferral limit specified by the Internal Revenue Service (IRS), up to \$20,500 for 2021. Participants who have reached age 50 before the end of the plan year are also eligible to make catch-up contributions up to \$6,500 in 2021. The total company and participant contributions cannot exceed the lesser of 100% of eligible compensation as defined in the Plan document or \$58,000 for 2021. The Plan also permits participants to make rollover contributions from other qualified retirement plans.

All newly-eligible employees are automatically enrolled in the Plan if a salary deferral agreement is not executed upon attaining eligibility. Employee elective contributions are initially established at a pre-tax rate of (5)% of eligible compensation. Employees enrolled via automatic deferral shall have their automatic deferral increased by approximately (1)% per year up to a maximum of (15)% of eligible compensation at the beginning of each subsequent plan year. Participants may subsequently change these deferral and investment elections at any time.

Each year, each company contributes to the Plan an amount determined by each company's Board of Directors. The total amount contributed to the Plan cannot exceed (25)% of the total compensation of all plan participants during the plan year. Each company's contribution shall be allocated only to that company's employees based upon the proportion of each participant's compensation to the overall compensation of that company's plan participants, with an additional contribution to those participants whose compensation exceeds the Social Security wage limit in effect during the plan year.

Each participant's account is credited with the participant's contributions, company contributions, reallocation of forfeitures and allocations of investment earnings and losses, rollover contributions, and charged with participant withdrawals and allocations of administrative expenses. Investment earnings, losses and administrative expenses are allocated based on the value of each participant's account balance.

Investment Options

Participants direct the investment of all participant and employer contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a collective trust fund, as listed in the supplementary schedule.

Strategies for Investments Valued Using Net Asset Value (NAV)

Putnam Stable Value Fund - The fund's objective is to preserve principal while maximizing current income. The fund may invest in fixed income instruments, stable value investment contracts issued by various banks, life insurance companies and other financial institutions and in units of collective investment funds with investment objectives similar to those of the fund.

Vesting

The Plan provides for distribution of a participant's vested equity in the net assets of the Plan upon termination, disability, death or retirement. Participant contributions and amounts rolled over from other qualified plans and the earnings thereon are fully vested. The participants' discretionary company contribution accounts shall vest in the following manner:

<u>Years of Credited Service</u>	<u>Percentage</u>
Less than 1	- %
2	20 %
3	40 %
4	60 %
5	80 %
5 years or more	100 %

Any participant who has attained at least five years of credited service and is 60 years of age or older may elect to take early retirement, at which time all of the participant's account shall become fully vested and payments will commence.

Forfeited Accounts

Forfeitures of employer contributions by participants who terminate before they are 100% vested must be allocated to participants as an additional discretionary nonelective contribution. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$35,983 and \$75,638, respectively. These amounts plus the earnings thereon will be reallocated to active plan participants pro rata based upon each participant's eligible compensation. In 2021, forfeited non-vested accounts of \$75,631 were reallocated to active plan participants.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65 and early retirement on or after attaining age 60 and completion of five years of service. A participant, upon election of a benefit payment, may receive an amount equal to the vested interest in his or her account in either a lump sum amount or in annual installments. Participants experiencing financial hardship may withdraw a portion of this account balance as defined by the Plan.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. If the participant has received a loan in the past, the \$50,000 limit is reduced by the highest outstanding loan balance during the preceding 12-month period. Loan terms must not exceed five years, except in the case of loans used for purchase of a primary residence, in which case the loan period will be determined at the time the loan is made. These loans are secured by the balance in the participant's account. The loans bear interest at rates that range from 3.25% to 5.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Participants with an outstanding loan are not permitted to apply for another loan until the existing loan is paid in full. Principal and interest is paid ratably through payroll deductions.

Termination of Plan

Although they have not indicated any intention to do so, the Company has the right under the Plan to discontinue their contributions at any time and to withdraw from the Plan or to terminate the Plan subject to provisions of ERISA. In the event of the termination of this plan, the interest of each participant shall become fully vested and the assets of the trust shall be liquidated and the accrued benefits shall be paid to the participants after provision is made for the expense of liquidation.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting and Uses of Estimates

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Uses of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Net appreciation or depreciation of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Great-West Trust Company, LLC, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the supplementary Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

4. Fair Value Measurements

The Plan follows U.S. GAAP for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Wall Family Enterprise Retirement Savings Plan

Notes to Financial Statements
December 31, 2021 and 2020

Mutual Funds are valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan sponsor is responsible for the determination of fair value and has not historically adjusted the prices obtained from the pricing services.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

December 31, 2021				
	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 38,522,567	\$ 38,522,567	\$ -	\$ -

Investments Measured at Net Asset Value (a)	<u>28,081,719</u>			
Total investments at fair value	<u>\$ 62,970,107</u>			

(a) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Wall Family Enterprise Retirement Savings Plan

Notes to Financial Statements
December 31, 2021 and 2020

The table below summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment Type	December 31, 2021			
	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective Trust Funds	\$ 29,945,184	\$ -	Daily	30 days to 12 months

Investment Type	December 31, 2020

Collective Trust Fund	\$ 28,081,719	\$ -	Daily	30 days to 12 months

5. Related-Party and Party In Interest Transactions

Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Concentrations

At times the Plan may hold certain investments that represent 10% or more of the Plan's net assets available for benefits. As of December 31, 2021, the Plan had investments of \$7,420,905 concentrated in one fund. As of December 31, 2020, the Plan held no such investments.

7. Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

December 31, 2021 and 2020

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Administration of Plan Assets

The Plan's assets are administered under a contract with Great-West Trust Company, LLC, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

10. Subsequent Events

The Plan has evaluated subsequent events through October 10, 2022, the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

On May 25, 2022 the Plan approved changes to the fund line-up replacing certain existing funds with new funds with similar risk characteristics.
