INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of
Hamilton Beach Brands, Inc. Pension Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Hamilton Beach Brands, Inc. Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended and the statement of accumulated plan benefits as of December 31, 2020, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions as of and for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Hamilton Beach Brands, Inc. Pension Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Hamilton Beach Brands, Inc. Pension Plan (the "Plan") provides only general information. Reference should be made to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is sponsored by Hamilton Beach Brands, Inc. (the "Company") and is a defined benefit pension plan subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") (as amended).

The Company established the Plan effective January 1, 2013. The Plan was formed by a spin-off of the net assets and obligations of The Combined Defined Benefit Plan for NACCO Industries, Inc. and Its Subsidiaries (the "Combined Plan") which were attributable to participants and beneficiaries of the Company who were covered under Part II of the Combined Plan.

The Plan is frozen for purposes of eligibility and benefit accruals, except for interest credits on theoretical cash balances.

Plan Administration: The Company is the Plan sponsor, and the Hamilton Beach Brands Administrative Committee is the Plan administrator. Vanguard Fiduciary Trust Company ("Trustee") is the trustee of the Plan. Investment decisions are made by the Hamilton Beach Brands Holding Company Retirement Funds Investment Committee.

Vesting: All Plan participants are 100% vested in their benefits under the Plan.

Contributions: The Company intends to contribute, at a minimum, amounts necessary to provide the Plan with sufficient assets to meet or exceed the minimum funding requirement under ERISA. No Company contributions were required for the plan years ended December 31, 2021 and 2020 to meet the ERISA minimum funding requirements.

Benefits: Plan benefits are equal to the sum of prior plan benefits plus cash balance pension benefits. Under the cash balance formula, a separate account was established for each participant in the Plan. The interest credited to the cash balance accounts is indexed to the one-year constant maturity yield published by the Federal Reserve as in effect on the last business day of the preceding plan year, subject to a 12% maximum. Various minimum benefits and prior plan benefits also apply. The Plan permits early retirement with reduced benefits at age 55 with 5 or more years of service.

Various pre-retirement and post-retirement death benefits are payable under the Plan. In the event of a participant's death prior to distribution of such benefits, such benefits are distributed, as provided by the Plan, to the participant's beneficiary. In general, benefits are distributed in the form of monthly or lump sum payments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses: Certain expenses of administering the Plan, principally actuarial fees, accounting fees and some investment management fees, are paid by the Plan. These costs are reflected on the accompanying financial statements. Other administrative expenses, such as legal fees and miscellaneous costs, are paid by the Company and are not reflected in the accompanying financial statements. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Therefore, it is reasonably possible that a significant change may occur in the near term for the estimate of the actuarial present value of accumulated plan benefits.

Benefit Payments: Benefits are recorded when paid.

Risk and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Market risks include risks associated with ongoing global events. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual funds are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investments measured at fair value on a reoccurring basis as of December 31, 2021 and 2020 are summarized below.

	Fair Value Measurements at December 31, 2021 Using Quoted Prices in Active Markets for Identical Assets (Level 1)	Fair Value Measurements at December 31, 2020 Using Quoted Prices in Active Markets for Identical Assets (Level 1)
Investments		
Mutual funds	$ 32,822,168	$ 30,943,883

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and present eligible employees or their beneficiaries. Benefits under the Plan are based on the accumulation of the cash balance account as well as frozen prior plan benefits. Benefits payable under all circumstances (retirement, death, full and permanent disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by actuaries from Willis Towers Watson, the Plan's actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, full and permanent disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

(Continued)

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The more significant actuarial assumptions used by the Plan's actuaries to arrive at the valuation of the Plan's accumulated plan benefit obligation as of December 31, 2020 are as follows:

Assumed rate of return	7.25%
Mortality basis	Pri-2012/MP-2020
Retirement age	Rates vary by age, ranging from 3% (age 55) to 100% (age 70+)
Cash balance crediting rate	3.50%

The $89,365 increase in the present value of accumulated plan benefits in 2020 that is due to the change in actuarial assumptions was attributed to the change of the mortality improvement scale from MP-2019 to MP-2020 and the change of the assumed rate of return from 7.50% to 7.25%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 4 - CERTIFIED INFORMATION - INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held as of December 31, 2021 and 2020, net appreciation in fair value of investments, and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company (the Trustee of the Plan).

NOTE 5 - INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated January 13, 2021, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to the receipt of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan as amended is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

(Continued)

NOTE 6 - PLAN TERMINATION

The Company has the right to terminate the Plan at any time within the constraints of ERISA and its related regulations. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed in the Plan document and by ERISA and its related regulations. Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. However, benefit improvements attributable to plan amendments may not be fully guaranteed by the PBGC. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC. As disclosed in Note 8 - Subsequent Events, on May 17, 2022 the Board of Directors of the Plan Sponsor voted to terminate the Plan effective September 30, 2022.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain investments held by the Plan are shares of mutual funds managed by Vanguard Group, Inc. Vanguard Fiduciary Trust Company is a wholly-owned subsidiary of the Vanguard Group, Inc. Vanguard Fiduciary Trust Company is the Trustee, as defined by the Plan, therefore, these investments and investment transactions qualify as party-in-interest transactions. Amounts paid by the Plan to parties-in-interest included fees for investment management, actuarial, audit and trustee services. However, these investments and transactions are not considered prohibited transactions.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 3, 2022, which is the date the financial statements were available to be issued.

On May 17, 2022, the Board of Directors of the Plan Sponsor voted to terminate the Plan effective September 30, 2022. On August 15, 2022, the Plan Sponsor applied for a favorable determination from the IRS with respect to the Plan's tax qualified status at termination and has not received a response as of October 3, 2022.

NOTE 9 – DECEMBER 31, 2021 ACTUARIAL VALUATION (UNAUDITED)

The December 31, 2021 actuarial valuation was completed prior to the release of the financial statements. A summary of the actuarial valuation information provided by the Plan's actuary, which has not been audited by independent accountants, is provided below for informational purposes.

The actuarial present value of accumulated plan benefits as of December 31, 2021 is as follows:

Actuarial present value of accumulated plan benefits	
Vested benefits	
Participants currently receiving payments	$ 10,141,664
Other participants	2,962,135
	13,103,799
Nonvested benefits	1,880
Total actuarial present value of accumulated plan benefits	$ 13,105,679

(Continued)

NOTE 9 – DECEMBER 31, 2021 ACTUARIAL VALUATION (UNAUDITED) (Continued)

The change in actuarial present value of accumulated plan benefits for the year ended December 31, 2021 consists of the following:

Actuarial present value of plan benefits at January 1, 2021	$ 13,905,137
Actuarial (gains)/losses	(180,062)
Increase due to decrease in the discount period	948,905
Benefits paid	(1,662,686)
Assumption changes	94,385
	(799,458)
Actuarial present value of plan benefits at end of the year	$ 13,105,679

The $94,385 increase in the present value of accumulated plan benefits in 2021 that is due to the change in actuarial assumptions was attributed to the change of the mortality improvement scale from MP-2020 to MP-2021.

As permitted by law, rates reflecting stabilization are used to determine the funding target, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and currently are higher than) current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

Rates not reflecting stabilization are used to determine PBGC variable rate premiums and are used to determine the PBGC FTAP and the PBGC 4010 FS.

SCHEDULE SB ATTACHMENTS

Methods

Valuation date	First day of plan year.
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year.
Decrement timing	The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.
Actuarial value of assets	The actuarial value of assets is equal to the market value of assets as of the valuation date plus the discounted present value of contributions made after the valuation date for the prior plan year, discounted using the effective interest rate for the prior plan year.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued except for disability benefits which are determined to be immaterial. Willis Towers Watson has reviewed the plan provisions with HBB and, based on that review, is not aware of any significant benefits required to be valued that were not.

Sources of Data and Other Information

Willis Towers Watson used asset data supplied by the trustee. HBB furnished participant data as of the valuation date. Data were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with HBB, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date of the data collected and the measurement date.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

SCHEDULE SB ATTACHMENTS

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Plan-related expenses	Administrative expenses are estimated as the actual expenses paid from the trust the preceding year.
Cash balance interest crediting rate	The plan credits interest to cash balance accounts using the sum of 1% plus one-year constant maturity yield published by the Federal Reserve as in effect on the last business day of the preceding plan year. HBB has selected an expected future one-year constant maturity yield of 2.50%. After examining historical variability in this rate, we believe that the selected assumption does not significantly conflict with what would be reasonable based on a combination of market conditions at the measurement date and future expectations consistent with other economic assumptions used, other than the discount rate.
IRC §417(e) form of payment conversion rate	As required by IRC §430, lump sum benefits are valued for funding purposes using “annuity substitution”, so that the interest rates assumed are effectively the same as described above for the discount rate.

SCHEDULE SB ATTACHMENTS

Assumptions Rationale - Significant Demographic Assumptions

Healthy and Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Retirement	Assumed retirement rates differ by age because of expected differences in retirement rates by age.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described herein, including the method of determining plan assets, are "prescribed methods set by law," as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Changes in assumptions since prior valuation	The segment interest rates used to calculate the funding target were updated to the current valuation date as required by IRC §430. The mortality projection scale used to calculate the funding target was updated from Scale MP-2018 to Scale MP-2019, as required by IRC §430. Assumed plan-related expenses of $233,153 were added to the target normal cost (as compared to $262,696 for plan year 2020).
Changes in methods since prior valuation	None

SCHEDULE SB ATTACHMENTS

Schedule SB, Part V
Summary of Plan Provisions

Plan Provisions

The most recent amendment reflected in the following plan provisions was adopted September 3, 2013 and effective January 1, 2014.

Covered Employees	All regular, full-time employees on the U.S. payroll hired prior to January 1, 1997.
Participation Date	The January 1 coinciding with or next following the date of becoming a covered employee.

Definitions

Participant	An employee eligible to participate in the plan or a former employee receiving or eligible to receive a benefit under the plan.
Vesting service	One year for each 12-month period of employment.
Credited service	Credited service definition depends on prior plan
Pensionable pay	Base pay, bonuses, overtime, shift differentials, commissions, vacation and holiday pay and pre-tax contributions for other benefits.
Frozen accrued benefit	Benefit accrued under plan provisions prior to the December 31, 1991, merger and plan change.
Normal Retirement date (NRD)	First of month coinciding with or next following the attainment of age 65.

SCHEDULE SB ATTACHMENTS

Account balance

The account balance consists of automatic retirement contributions and profit sharing retirement contributions accumulated with interest until December 31, 1996, when the plan was frozen. The automatic retirement contribution percentage was age-based according to the following table:

Age	Percentage of Compensation	Percentage of Compensation Exceeding Social Security Wage Base
34 & under	2.00%	2.00%
35-39	2.33%	2.33%
40-44	2.83%	2.83%
45-49	3.50%	3.50%
50-54	4.33%	4.33%
55-59	5.33%	5.33%
60 & over	6.33%	5.70%

The profit sharing retirement contribution percentage is age-based and will vary from year to year.

Interest will be credited for each plan year up to the benefit commencement date. The interest credited will be based on the one year U.S. Treasury Bill “ask yield” rate as of the last business day of the prior plan year plus 1%, subject to a maximum of 12%.

Monthly pension benefit

The account balance converted to an annuity plus the frozen accrued benefit.

Monthly preretirement death benefit

The actuarial equivalence of the account balance at participant’s death plus the frozen accrued benefit determined as if the participant quit work on the earlier of his or her date of death or date of determination and elected a 50% joint and survivor option.

Eligibility for Benefits

Normal retirement

Retirement on NRD.

Early retirement

Retirement before NRD and on or after both attaining age 55 and completing five years of vesting service.

Postponed retirement

Retirement after NRD.

Vested termination

Termination for reasons other than death or retirement after completing five years of Vesting Service.

SCHEDULE SB ATTACHMENTS

Preretirement death benefit	For the frozen accrued benefit, death while eligible for normal, early, postponed or deferred vested retirement benefits, with a surviving spouse. The account balance is payable at death under any circumstance to the beneficiary.

Benefits Paid Upon the Following Events

Normal retirement	Monthly pension benefit determined as of NRD.
Early retirement	Monthly pension benefit determined as of early retirement date with the frozen accrued benefit reduced for early retirement.
Postponed retirement	Monthly pension benefit determined as of actual retirement date.
Vested termination	Monthly pension benefit determined as of termination date, payable at NRD or as early as age 55 if participant has at least five years of service.
Preretirement death	Monthly preretirement spouse benefit is payable.

Other Plan Provisions

Forms of payment	The normal form of retirement benefits provides for a life annuity for unmarried participants and, on an actuarially reduced basis, a 50% joint and survivor for married participants. Optional forms are a 75% or 100% joint and survivor annuity, ten-year certain and life annuity, lump sum or (for married participants) a life annuity.
Conversion factors for optional forms of payment	For the cash balance portion and for prior plan benefits paid as lump sums, the IRS applicable valuation year mortality and interest rates, with a lookback of October of the prior year. For the prior plan benefit paid as annuities, 7.50% or, with respect to benefits accrued prior to October 1, 1993, 6.00% (whichever produced the greater benefit) and the 1971 Group Annuity Mortality Table for males set back six years for beneficiaries.

SCHEDULE SB ATTACHMENTS

Maximum limits on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the IRC. The plan provides for increasing the dollar limits automatically as such changes become effective.
Plan status for PBGC reporting purposes	Benefits frozen (interest credits on cash balance amounts only).

Future Plan Changes

No future plan changes were recognized in this valuation. Willis Towers Watson is not aware of any future plan changes that are required to be reflected.

Changes in Benefits Valued Since Prior Year

There have been no changes in benefits valued since the prior year.

Changes in Plan Provisions

There have been no changes in plan provisions since the prior year.

Significant Events

To the best of our knowledge there have been no significant events during the year.
