INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
DXP Enterprises, Inc. 401(k) Retirement Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of DXP Enterprises, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section.

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at Year End), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of DXP Enterprises, Inc. 401(k) Retirement Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform and they did not perform any auditing procedures with respect to the information certified by a qualified institution.

In their report dated October 14, 2021, they indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedule and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DXP ENTERPRISES INC. 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 – DESCRIPTION OF THE PLAN

DXP Enterprises, Inc. 401(k) Retirement Plan (the Plan) was established January 1, 1991 and is a qualified plan covering all of the eligible employees of DXP Enterprises, Inc. and its subsidiaries (the Company, or Plan Sponsor) as defined by Section 401(a) of the Internal Revenue Code (IRC) and contains a provision for salary reduction contributions under Section 401(k) of the IRC. The Plan was amended effective January 1, 2019, and most recently revised effective April 1, 2020. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act were effective and operationalized immediately, prior to amending the plan document.

Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Extend the period for loan repayments, if applicable, up to one year

The amendment for the CARES Act elections will be adopted by the Company by the end of the calendar year 2022.

Eligibility

All non-excluded employees of the Company are eligible to join the plan 30 days following the hire date with the Company.

Contributions

Employees may elect to contribute 1% to 80% of their eligible salary to the Plan. Effective July 1, 2006, the Plan was amended to provide for an automatic enrollment contribution of 3% of their eligible salary for eligible employees who have not submitted deferral election forms. Employees may direct their contributions to various investment alternatives. Contributions for each employee are limited in any calendar year to an amount which is adjusted annually by the Internal Revenue Service (IRS). For 2021 and 2020, the maximum contribution allowed for each employee was \$19,500 for both years. Additionally, participants who attain the age of 50 during the plan year may make additional catch-up contributions. For 2021 and 2020, the maximum allowed for each participant for catch up contributions was \$6,500 for both years. Participants may also contribute amounts representing distributions transferred from other qualified plans. The Company matches 50% of employee contributions up to 4% of employee compensation. Effective, April 1, 2020, the Company suspended the Company matching contribution and reinstated matching contributions effective December 28, 2020. The Company, at the discretion of the Board of Directors, may also make a profit-sharing contribution to the Plan during the year. No discretionary profit-sharing contributions were made by the Company for 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution, (a) the Company's contribution and (b) investment income or loss, less expenses. Income or loss for each of the investment directives is allocated to the participants' accounts on a daily basis and is based on the relative units of participation. Benefits paid to participants under the Plan are limited to the vested balance in each participant's account.

Vesting and Payment of Benefits

All participant contributions vest immediately. Company contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0 %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 or more	100 %

The normal retirement age under the Plan is 55; however, benefits may be distributed during employment under hardship provisions. Additionally, participants who have attained the age of 59 ½ may receive distributions during employment. If death or permanent disability occurs during employment, an employee's entire account becomes fully vested. Participants may elect to receive distributions in a lump sum or equal installments. Installments are required for employees over the age of 70 ½ to meet the minimum distribution requirements of IRC regulations. Separating participants may elect to rollover their account into another plan, as permitted by IRS regulations.

Notes Receivable from Participants

Participants may borrow a portion of the vested balance of their account, subject to a maximum of \$50,000. Notes receivable bear interest at reasonable interest rates and are secured by the participant's account. Notes receivable are valued at amortized cost, which approximates fair value. Principal and interest is paid ratably through payroll deductions.

Forfeitures

Amounts which are forfeited due to termination of employment are used to reduce the Company's matching contribution under the Plan. In 2021, employer contributions were reduced by \$700 thousand from forfeited nonvested accounts. At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$35,000 and \$347,000, respectively.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan are presented in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions in determining the reported amounts of assets and liabilities at the date of the financial statements and the reported changes in net assets during the reporting period. In the opinion of management, all adjustments necessary in order to make the financial statements not misleading have been included. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investments are valued at fair value with the exception of the fully benefit-responsive investment contract, which is valued at the contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the trustee. See [Note 4](#) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest and other income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, (the trustee of the Plan).

NOTE 4 – FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

Authoritative guidance for financial assets and liabilities measured on a recurring basis applies to all financial assets and financial liabilities that are being measured and reported on a fair value basis. Fair value, as defined in the authoritative guidance, is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The authoritative guidance affects the fair value measurement of an investment with quoted market prices in an active market for identical instruments, which must be classified in one of the following categories:

Level 1 Inputs

Level 1 inputs come from quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 Inputs

Level 2 inputs are other than quoted prices that are observable for an asset or liability. These inputs include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs

Level 3 inputs are unobservable inputs for the asset or liability which require the Company's own assumptions.

Financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Determined based on quoted market prices on the last business day of the plan year as reported by the investment trustee of the Plan's assets.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its' liabilities. In accordance with the terms of the plan of trust, the net asset value of the fund is determined daily. Units are issued and redeemed at the latest net asset value. Also, in accordance with the plan of trust, net investment income, if any, and realized and unrealized gains on investments are not distributed. Units may be redeemable at the current NAV at any time without penalty.

The following tables summarize the valuation of the Plan's financial instruments by fair value levels (*in thousands*)

As of December 31, 2021

⁽¹⁾ Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been recognized in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Investments measured at contract value

The Plan holds a fully benefit-responsive guaranteed investment contract, NYL Anchorage account, with New York Life (NYL). NYL maintains the contributions in a general account. The account is credited with earnings or losses on the underlying investments and charged for participant withdrawals and administrative expenses. NYL is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a semi-annual basis for resetting. The average yield earned by the Plan and average interest rate credited to participants was 1.4% for 2021 and 1.7% for 2020.

The contract meets the fully benefit-responsive traditional investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by NYL, represents contributions made under the contract, plus earnings less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on NYL's ability to meet its financial obligations. NYL's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with NYL. Such events include, but may not be limited to, a participant termination of employment due to removal of a group of participants from Plan coverage as a result of temporary absence; change in position or other occurrence qualifying as a temporary break in service under the Plan; transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Company's business.

The Company believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with NYL and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow NYL to terminate the contract with the Plan and settle at an amount different from contract value. Such events include removal from the Plan of one or more groups or classification of participants; partial or complete Plan termination; or Plan disqualification. The Company believes that any events allowing NYL to terminate the contract and settle at an amount different from contract value are probable of not occurring.

NOTE 6 – INCOME TAXES

Under IRS Announcement 2001-77, when such providers receive a favorable opinion letter from the IRS regarding the qualification of the Plan document for tax exempt status, an adopting Plan may rely on this opinion letter. The Company adopted a volume submitter profit sharing plan with CODA sponsored by Fidelity Management & Research Co. The volume submitter plan obtained its latest opinion letter on June 30, 2020. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

The Plan did not have unrecognized tax benefits as of December 31, 2021, and does not expect this to change significantly over the next twelve months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2021, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 7 – RISKS AND UNCERTAINTIES

Plan participants make choices regarding their investments in securities, and are exposed to risks such as interest rate, market, credit and the risks that result from global events. Due to the level of risk associated with certain investment securities, it is reasonably possible those reductions in value can occur in the near term and that such changes could materially affect participant account balances reported in the statement of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

NOTE 9 – ADMINISTRATION AND PARTY-IN INTEREST TRANSACTIONS

The Plan Sponsor uses Fidelity Investments (Fidelity) as the Plan administrator. Among other duties, Fidelity receives contributions, invests and reinvests the Plan's assets, collects income and makes distributions as directed by the Plan Sponsor. Certain administrative functions are performed by the Plan Sponsor. The Plan does not compensate the Plan Sponsor for these services or other expenses paid for by the Plan Sponsor.

The Plan invests in various mutual funds that are managed by the trustee of the Plan. Fees paid by the Plan for the investment management services that were provided by the trustee are included in net appreciation in fair value of investments. The Plan believes these fees are not significantly different than those that would be charged by other managers of pension assets. During the year ended December 31, 2021 the Plan paid approximately \$104 thousand to the trustee in administration fees that are included in Plan expenses.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
DXP Enterprises, Inc. 401(k) Retirement Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of DXP Enterprises, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section.

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at Year End), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of DXP Enterprises, Inc. 401(k) Retirement Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform and they did not perform any auditing procedures with respect to the information certified by a qualified institution.

In their report dated October 14, 2021, they indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedule and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DXP ENTERPRISES INC. 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 – DESCRIPTION OF THE PLAN

DXP Enterprises, Inc. 401(k) Retirement Plan (the Plan) was established January 1, 1991 and is a qualified plan covering all of the eligible employees of DXP Enterprises, Inc. and its subsidiaries (the Company, or Plan Sponsor) as defined by Section 401(a) of the Internal Revenue Code (IRC) and contains a provision for salary reduction contributions under Section 401(k) of the IRC. The Plan was amended effective January 1, 2019, and most recently revised effective April 1, 2020. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act were effective and operationalized immediately, prior to amending the plan document.

Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Extend the period for loan repayments, if applicable, up to one year

The amendment for the CARES Act elections will be adopted by the Company by the end of the calendar year 2022.

Eligibility

All non-excluded employees of the Company are eligible to join the plan 30 days following the hire date with the Company.

Contributions

Employees may elect to contribute 1% to 80% of their eligible salary to the Plan. Effective July 1, 2006, the Plan was amended to provide for an automatic enrollment contribution of 3% of their eligible salary for eligible employees who have not submitted deferral election forms. Employees may direct their contributions to various investment alternatives. Contributions for each employee are limited in any calendar year to an amount which is adjusted annually by the Internal Revenue Service (IRS). For 2021 and 2020, the maximum contribution allowed for each employee was \$19,500 for both years. Additionally, participants who attain the age of 50 during the plan year may make additional catch-up contributions. For 2021 and 2020, the maximum allowed for each participant for catch up contributions was \$6,500 for both years. Participants may also contribute amounts representing distributions transferred from other qualified plans. The Company matches 50% of employee contributions up to 4% of employee compensation. Effective, April 1, 2020, the Company suspended the Company matching contribution and reinstated matching contributions effective December 28, 2020. The Company, at the discretion of the Board of Directors, may also make a profit-sharing contribution to the Plan during the year. No discretionary profit-sharing contributions were made by the Company for 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution, (a) the Company's contribution and (b) investment income or loss, less expenses. Income or loss for each of the investment directives is allocated to the participants' accounts on a daily basis and is based on the relative units of participation. Benefits paid to participants under the Plan are limited to the vested balance in each participant's account.

Vesting and Payment of Benefits

All participant contributions vest immediately. Company contributions vest according to the following schedule:

Years of Service	Percentage Vested
Less than 2	0 %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 or more	100 %

The normal retirement age under the Plan is 55; however, benefits may be distributed during employment under hardship provisions. Additionally, participants who have attained the age of 59 ½ may receive distributions during employment. If death or permanent disability occurs during employment, an employee's entire account becomes fully vested. Participants may elect to receive distributions in a lump sum or equal installments. Installments are required for employees over the age of 70 ½ to meet the minimum distribution requirements of IRC regulations. Separating participants may elect to rollover their account into another plan, as permitted by IRS regulations.

Notes Receivable from Participants

Participants may borrow a portion of the vested balance of their account, subject to a maximum of \$50,000. Notes receivable bear interest at reasonable interest rates and are secured by the participant's account. Notes receivable are valued at amortized cost, which approximates fair value. Principal and interest is paid ratably through payroll deductions.

Forfeitures

Amounts which are forfeited due to termination of employment are used to reduce the Company's matching contribution under the Plan. In 2021, employer contributions were reduced by \$700 thousand from forfeited nonvested accounts. At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$35,000 and \$347,000, respectively.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan are presented in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions in determining the reported amounts of assets and liabilities at the date of the financial statements and the reported changes in net assets during the reporting period. In the opinion of management, all adjustments necessary in order to make the financial statements not misleading have been included. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investments are valued at fair value with the exception of the fully benefit-responsive investment contract, which is valued at the contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the trustee. See [Note 4](#) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest and other income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, (the trustee of the Plan).

NOTE 4 – FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

Authoritative guidance for financial assets and liabilities measured on a recurring basis applies to all financial assets and financial liabilities that are being measured and reported on a fair value basis. Fair value, as defined in the authoritative guidance, is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The authoritative guidance affects the fair value measurement of an investment with quoted market prices in an active market for identical instruments, which must be classified in one of the following categories:

Level 1 Inputs

Level 1 inputs come from quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 Inputs

Level 2 inputs are other than quoted prices that are observable for an asset or liability. These inputs include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs

Level 3 inputs are unobservable inputs for the asset or liability which require the Company's own assumptions.

Financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Determined based on quoted market prices on the last business day of the plan year as reported by the investment trustee of the Plan's assets.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its' liabilities. In accordance with the terms of the plan of trust, the net asset value of the fund is determined daily. Units are issued and redeemed at the latest net asset value. Also, in accordance with the plan of trust, net investment income, if any, and realized and unrealized gains on investments are not distributed. Units may be redeemable at the current NAV at any time without penalty.

The following tables summarize the valuation of the Plan's financial instruments by fair value levels (*in thousands*)

As of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 475	\$ —	\$ —	\$ 475

As of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 357	\$ —	\$ —	\$ 357
Mutual Funds	155,642			155,642

Collective Trusts ⁽¹⁾	—	—	—	39
Total investments, at fair value	\$ 165,406	\$ —	\$ —	\$ 165,445

⁽¹⁾ Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been recognized in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Investments measured at contract value

The Plan holds a fully benefit-responsive guaranteed investment contract, NYL Anchorage account, with New York Life (NYL). NYL maintains the contributions in a general account. The account is credited with earnings or losses on the underlying investments and charged for participant withdrawals and administrative expenses. NYL is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a semi-annual basis for resetting. The average yield earned by the Plan and average interest rate credited to participants was 1.4% for 2021 and 1.7% for 2020.

The contract meets the fully benefit-responsive traditional investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by NYL, represents contributions made under the contract, plus earnings less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on NYL's ability to meet its financial obligations. NYL's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with NYL. Such events include, but may not be limited to, a participant termination of employment due to removal of a group of participants from Plan coverage as a result of temporary absence; change in position or other occurrence qualifying as a temporary break in service under the Plan; transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Company's business.

The Company believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with NYL and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow NYL to terminate the contract with the Plan and settle at an amount different from contract value. Such events include removal from the Plan of one or more groups or classification of participants; partial or complete Plan termination; or Plan disqualification. The Company believes that any events allowing NYL to terminate the contract and settle at an amount different from contract value are probable of not occurring.

NOTE 6 – INCOME TAXES

Under IRS Announcement 2001-77, when such providers receive a favorable opinion letter from the IRS regarding the qualification of the Plan document for tax exempt status, an adopting Plan may rely on this opinion letter. The Company adopted a volume submitter profit sharing plan with CODA sponsored by Fidelity Management & Research Co. The volume submitter plan obtained its latest opinion letter on June 30, 2020. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

The Plan did not have unrecognized tax benefits as of December 31, 2021, and does not expect this to change significantly over the next twelve months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2021, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 7 – RISKS AND UNCERTAINTIES

Plan participants make choices regarding their investments in securities, and are exposed to risks such as interest rate, market, credit and the risks that result from global events. Due to the level of risk associated with certain investment securities, it is reasonably possible those reductions in value can occur in the near term and that such changes could materially affect participant account balances reported in the statement of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

NOTE 9 – ADMINISTRATION AND PARTY-IN INTEREST TRANSACTIONS

The Plan Sponsor uses Fidelity Investments (Fidelity) as the Plan administrator. Among other duties, Fidelity receives contributions, invests and reinvests the Plan's assets, collects income and makes distributions as directed by the Plan Sponsor. Certain administrative functions are performed by the Plan Sponsor. The Plan does not compensate the Plan Sponsor for these services or other expenses paid for by the Plan Sponsor.

The Plan invests in various mutual funds that are managed by the trustee of the Plan. Fees paid by the Plan for the investment management services that were provided by the trustee are included in net appreciation in fair value of investments. The Plan believes these fees are not significantly different than those that would be charged by other managers of pension assets. During the year ended December 31, 2021 the Plan paid approximately \$104 thousand to the trustee in administration fees that are included in Plan expenses.
