Weirton Medical Center Supplemental
Retirement Income Plan
Weirton, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Weirton Medical Center Supplemental Retirement Income Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by the ERISA

The supplemental schedule, schedule of assets held at end of year, as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 21, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

WEIRTON MEDICAL CENTER SUPPLEMENTAL RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Weirton Medical Center Supplemental Retirement Income Plan (Plan) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for more complete information of the Plan's provisions.

General: The Plan is a contributory defined contribution plan available to all employees of Weirton Medical Center (Medical Center), Plan Sponsor. An eligible employee shall begin participation in this Plan on their first day of employment. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Upon entering the Plan, participants may elect to defer a pre-tax or after-tax portion of their compensation, as defined in the Plan document, limited to the maximum allowed under the IRC for such Plan year. The Plan has auto enrollment and eligible employees will be enrolled at 5% unless an employee opts out of the Plan or selects a different deferral percentage. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Nonbargaining unit participants become eligible to receive an employer discretionary matching contribution once they begin deferring. The employer match is 50% of the first 5% of the pay that is contributed up to a maximum of 5% of compensation. Bargaining unit participants become eligible to receive an employer discretionary matching contribution in their fifth year of credited service. A year of credited service is defined by working 1,000 hours in a Plan year. The employer's match percentage increases with years of service and is calculated as a percentage of the participant's elective deferral not to exceed a maximum of 5% of the participant's compensation.

Investment options: Each Plan participant has the right to direct all contributions and earnings of their account among investment funds provided under the Plan. Participants should refer to the most recent annual report of each investment fund for information on risk factors, asset concentrations, and other financial data. Participants may transfer funds between investment options at any time.

Participant accounts: Each participant's account is a daily valued account. Allocation of investment earnings and administrative expenses occurs daily. Participant contributions are allocated to their respective accounts based on eligible wages, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Bargaining unit participants are immediately vested in their deferrals, employer contributions, and rollover contributions, as well as earnings which are credited to their respective accounts. Nonbargaining unit participants are immediately vested in their contributions, rollover contributions, plus actual earnings thereon. Vesting in the Medical Center's employer discretionary matching contributions plus actual earnings is based on years of continuous service. A nonbargaining unit participant becomes 100 percent vested after three years of credited service as defined in the Plan document. Additionally, nonbargaining unit participants become fully vested, regardless of vesting table, upon attainment of retirement age and upon termination of employment due to disability or death.

Payment of benefits: Upon retirement (normal retirement age is 65), death, disability, or other termination of employment, as defined in the Plan document, participants or their spouses and/or beneficiaries may elect to receive their benefits as a lump sum or installments not to exceed the participant's life expectancy or the joint life of the participant and the participant's designated beneficiary, or through the purchase of an annuity with the participant's vested account balance. In-service distributions are permitted to participants who have reached age 59½. These distributions will be made in the form of lump-sum payments. The Plan Sponsor may initiate a mandatory distribution for those terminated participants whose vested account balance is \$1,000 or less. Eligible rollover distributions of account balances greater than \$1,000 but not greater than \$5,000 will be subject to the automatic rollover requirements. Contributions may be withdrawn under specified conditions only for hardship, as defined by the Plan. Any participant who ceases to be an employee is not eligible for such hardship withdrawals. In 2020, the Medical Center adopted the provisions of the Coronavirus Aid, Relief, and Economic Security

WEIRTON MEDICAL CENTER SUPPLEMENTAL RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

(CARES) Act which waives the requirement that a participant receives a required minimum distribution as well as allows qualified individuals to receive a distribution of up to \$100,000 before December 31, 2020.

Notes receivable from participants: Participants may borrow from their fund accounts for any purpose subject to a \$1,000 minimum and a maximum amount which is the lesser of one-half of a participant's vested account balance or \$50,000, reduced by the highest outstanding loan balance in the participant's loans during the prior twelve months. The participant's account balance serves as collateral for the loan. Loans bear interest at a rate determined by the Plan Administrator based on prevailing industry loan rates. Loans must be repaid in level payments on a bimonthly basis over a five-year period (principal residence loans over a thirty-year period) through payroll deductions. In accordance with the CARES Act, the implementation of all loan repayments have been delayed through January 1, 2021. At that time, loans will be re-amortized.

Forfeited accounts: Forfeitures of non-vested employer discretionary matching contributions arising from employee terminations and withdrawals are used first to offset employer contributions and then to pay administrative expenses. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$32,856 and \$17,622, respectively. Also in 2021, \$15,668 of forfeited accounts was used to reduce employer contributions. In addition, \$0 of forfeited accounts was used to pay administrative expenses in 2021.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for Plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments valuation and income recognition: The Plan's investments in mutual funds and the money market fund are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for discussion of fair value measurements.

The Plan's investments in the fully benefit-responsive guaranteed investment contracts are stated at contract value, which represents contributions made, less withdrawals and administrative expenses, plus interest credited.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees, if any, are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan's administrative expenses are paid by either the Plan or the Plan Sponsor as provided by the Plan document.

WEIRTON MEDICAL CENTER SUPPLEMENTAL RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

Subsequent events: In preparing these financial statements, the Plan evaluated events that occurred through August 29, 2022, the date the financial statements were available to be issued, for potential recognition or disclosure.

Note 3. Information Certified by Custodians

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA for 2021 and 2020. Accordingly, Voya Retirement Insurance and Annuity Company (Voya), United of Omaha Life Insurance Company (Mutual of Omaha), and The Lincoln National Life Insurance Company (Lincoln Financial), the Custodians of the Plan, have certified the completeness and accuracy of all investments reported on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the supplemental Schedule H, Part IV, Line 4i - schedule of assets held at end of year as of December 31, 2021, and the related investment activity reported on the statement of changes in net assets available for benefits for the year ended December 31, 2021.

Note 4. Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 or 2020:

Mutual funds: Valued at the closing price reported in the active market in which the individual funds are traded.

Money market fund: Valued at \$1 per unit based on the number of units held by the Plan at year end.

WEIRTON MEDICAL CENTER SUPPLEMENTAL RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2021				
	Total	Level I	Level II	Level III
Investments in the fair value hierarchy:				
Mutual funds	\$ 46,870,328	\$ 46,870,328	\$ -	\$ -
Money market fund	28,473	28,473	-	-
Total assets at fair value	\$ 46,898,801	\$ 46,898,801	\$ -	\$ -
Assets at Fair Value as of December 31, 2020				
	Total	Level I	Level II	Level III
Investments in the fair value hierarchy:				
Mutual funds	\$ 38,401,977	\$ 38,401,977	\$ -	\$ -
Money market fund	13,371	13,371	-	-
Total assets at fair value	\$ 38,415,348	\$ 38,415,348	\$ -	\$ -

Note 5. Investment Contracts with Insurance Companies

As of December 31, 2021 and 2020, the Plan includes as an investment option participation in various guaranteed investment contracts which are fully benefit-responsive guaranteed investment contracts. The Custodians maintain the contributions in general accounts. The accounts are credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan; or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA. The Plan Administrator does not believe that occurrence of such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contracts do not permit the insurance companies to terminate agreements prior to the scheduled maturity date.

WEIRTON MEDICAL CENTER SUPPLEMENTAL RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6. Party-in-Interest Transactions

Certain Plan investments are in mutual funds, a money market fund, and guaranteed investment contracts, managed by Voya, Lincoln Financial, and Mutual of Omaha. Voya, Lincoln Financial, and Mutual of Omaha are the Plan Custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for the administrative services amounts to \$160,265 for the year ended December 31, 2021. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officers or employees receive compensation from the Plan. Certain other administrative expenses are paid directly by the Plan Sponsor for which it is not reimbursed.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants would become 100% vested in their entire accounts.

Note 8. Tax Status

The Plan has adopted a volume submitter plan sponsored by the Plan's third party administrator. The volume submitter plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2017, as to the volume submitter plan's qualified status. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, tax returns for the years ended December 31, 2018, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 10. Reconciliation of Federal Forms 5500 to Financial Report

Differences occur between the federal Form 5500 filed with the Internal Revenue Service and the financial report. These differences are due to the recording of deemed distributions on the federal Form 5500. The following is a reconciliation of Forms 5500 to the financial report as of and for the years ended December 31:
