Independent Auditors' Report

To the Participants and Plan Administrator of the
Ursinus College Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Ursinus College Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 11 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan does not have sufficient accounting records and supporting documents relating to certain participant account balances that merged into the Plan in 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying 2021 financial statements may have been affected by these conditions.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Baker Tilly US, LLP, trading as Baker Tilly, is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. © 2022 Baker Tilly US, LLP

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 24, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Ursinus College Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Ursinus College (the College or Plan Sponsor) under the provisions of Section 403(b) of the Internal Revenue Code (IRC) for the benefit of eligible employees of the Plan Sponsor. All full-time employees, as defined and part-time employees who work 1,000 hours or more, excluding employed students enrolled and attending classes at the Plan Sponsor, are eligible to participate in the Plan upon date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The College's Board of Trustees is responsible for oversight of the Plan. The College's Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the College's Board of Trustees.

Contributions

Each year, participants may make tax-deferred elective contributions to the Plan as soon as administratively feasible after their hire date, subject to the limitations of the IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. In addition, participants having at least 15 years of service are permitted to make an additional catch-up contribution as defined by the IRC. Upon hire, full-time employees are required to make tax-deferred mandatory contributions of 4% of compensation, as defined, as a condition of continued employment. The College makes a contribution of 7% of the participant's eligible compensation, as defined, once the participant makes the mandatory 4% employee contribution. For the period July 1, 2020 to June 30, 2021, the Plan was amended to suspend the mandatory employee contributions and College contributions. Participants are only eligible to receive the College contribution, however, upon attaining the age of 21. Compensation upon which contributions are calculated under the Plan cannot exceed the limitations of the IRC. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the College's contributions and plan investment earnings, and is charged with withdrawals and an allocation of plan investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are vested immediately in their contributions and the College's contributions plus actual earnings thereon.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at 4.25% at December 31, 2021, which is commensurate the Wall Street Journal prime rate plus 1% at inception of the note. Principal and interest is paid ratably through payroll deductions. Terms range from one to five years or up to ten for the purchase of a primary residence.

Payment of Benefits

Upon termination of service, retirement, death or total permanent disability, a participant may elect to receive a distribution of their account balance, subject to the terms and certain limitations of the funding vehicles. Distributions may be made in the form of a lump-sum payment, an annuity contract (if assets are held in a custodial account) or converted to an income option (if assets are invested in an annuity contract). In addition, participants may elect in-service withdrawals after reaching age 59-1/2. Rollover account balances may be withdrawn at any time. Minimum required distributions for participants who have reached age 72 also apply per IRS regulations.

Coronavirus Aid Relief and Economic Security Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy recover from the effects of the coronavirus pandemic; several of the provisions of the CARES Act affect employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to $100,000 from the Plan without a 10% early withdrawal penalty. Eligible distributions were permitted to be taken up until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.

- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.

- Participant loans - Qualified plan participants may have borrowed up to $100,000 during 2020 (an increase from $50,000 previously permitted); these repayments may be delayed to 2021.

- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

2. Plan Records Management

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan (established in 1920) was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various accounting, human resources and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, were not sufficiently maintained by the Plan. Consequently, the financial statements and supplemental schedule have been prepared based on available records analyzed by plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

3. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The College's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the College. Expenses that are paid by the College are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 10, 2022, the date the financial statements were available to be issued.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies are valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies' funds held by the Plan are deemed to be actively traded.

The fair values of accumulation units held by the Plan in CREF separate accounts (registered investment companies held as separate accounts) are based on each account's daily NAV, which is considered by plan management to be the best approximation of fair value. CREF separate accounts are not exchange traded. Data for NAVs are available daily to plan administrators and client investors on NASDAQ's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings and as such are considered to have a readily determinable value. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

Guaranteed annuity contracts are TIAA Traditional Annuity contracts that are not fully benefit-responsive investment contracts and are valued using unobservable inputs. As these investments are contract-based, observable prices for identical or similar investments do not exist. The fair value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to these investments that could impact the value realized upon exiting certain types of contracts within the TIAA Traditional Annuity account. In determining the reasonableness of the methodology, Plan management evaluates a variety of factors, including a review of existing contracts, economic conditions, industry and market developments and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms, while others are substantiated utilizing available market data.

The fair value of the Plan's interest in the TIAA Real Estate Account is based on the fund's daily NAV, which is considered by Plan management to be the best approximation of fair value. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The unit value of the fund is calculated daily and available to plan administrators and client investors on TIAA's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests. There are no unfunded commitments from participants in the Plan who invest in this account.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 63,622,067	$ -	$ -	$ 63,622,067

Total investments at fair value				$ 117,616,447

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2021:

Purchases	$ 73,322
Issuances	-
Transfers, net	1,033,482

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2021 and 2020:

	December 31, 2021			
Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
Guaranteed annuity contracts	$ 26,568,452	Discounted Cash Flow	Risk Adjusted Discount Rate	RA 3.00% - 3.80% RC 2.75% - 3.90%

	December 31, 2020			
Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
Guaranteed annuity contracts	$ 26,163,053	Discounted Cash Flow	Risk Adjusted Discount Rate	RA 3.00% - 4.45% RC 2.50% - 4.40%

Investments Measured Using NAV Per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2021 Fair Value	2020 Fair Value	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
TIAA Real Estate	$ 4,591,896	$ 3,698,470	Daily	Limit once per quarter

5. Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of guaranteed annuity contracts that are comprised of traditional annuity contracts. These contracts meet the fully benefit-responsive annuity contract criteria, and therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive annuity contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals. The contract value of the investment contracts held by the Plan at December 31, 2021 and 2020 are $5,560,563 and $6,398,265, respectively.

The traditional investment contracts held by the Plan are the TIAA Traditional Annuity and the TIAA Stable Value Annuity contract. For both contracts, the issuer is contractually obligated to repay the principal and interest at a guaranteed minimum rate of interest of no less than 1%. The crediting rate is reviewed semi-annually for resetting. The contracts cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;

2. Premature termination of the contracts;

3. Plan termination or merger;

4. Changes to the Plan's prohibition on competing investment options;

5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;

2. A breach of material obligation under the contract;

3. A material misrepresentation;

4. A material amendment to the agreements without the consent of the issuer.

6. Administration of Plan Assets

The Plan's assets are administered under a contract with TIAA and CREF, the custodian of the Plan. The custodian invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

7. Related-Party and Party In Interest Transactions

Certain of the Plan's investments are managed by the custodian, TIAA and CREF, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the College. No such officer or employee receives compensation from the Plan.

TIAA and CREF issue loans to plan participants which are secured by the participant's account balance but are contractual agreements between the custodian and the plan participant and are funded by the TIAA general fund. A participant is required to transfer 110% of the loan value to the TIAA Traditional Account upon the issuance of the loan and is restricted from transfers or withdrawals. The restricted account balance is used as collateral on the loan balance in accordance with the terms of the note. These transactions qualify as related-party transactions. As of December 31, 2021 and 2020, participant account balances which were held in the TIAA Traditional Account that collateralized these loans totaled $50,586 and $107,011, respectively; the related loans totaled $45,987 and $97,282 at December 31, 2021 and 2020, respectively. Interest rates on the loans outstanding ranged from 4.00% to 4.36% at December 31, 2021 and 2020.

8. Plan Termination

Although it has not expressed any intent to do so, the College has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The plan administrator believes the Plan is operating in accordance with the applicable requirements of Section 403(b) of the IRC, and therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2021 and 2020, the Plan had investments of $50,366,664 and $47,874,247, respectively, that were concentrated in two funds.

11. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, TIAA and CREF, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
