Global Hospitality Management LLC 401(k) Plan

Audited Financial Statements and Supplemental Schedule

*Years Ended December 31, 2021 and 2020
With Independent Auditors' Report*

INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Global Hospitality Management LLC 401(k) Plan

Opinion

We have audited the financial statements of the Global Hospitality Management LLC 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan Administrator
Global Hospitality Management LLC 401(k) Plan

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

GLOBAL HOSPITALITY MANAGEMENT LLC
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are presented on the accrual basis.

Investments

Mutual funds are stated at fair value based on quoted market prices of the underlying investments. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

As described in Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)*, investment contracts, including stable value funds, held by a defined-contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Global Hospitality Management, LLC 401(k) Plan (the Plan) has an investment in a guaranteed portfolio fund. The guaranteed portfolio fund contract guarantees participant withdrawals at contract value and is fully benefit-responsive. The guaranteed portfolio fund is included in the financial statements at contract value as reported by the third-party administrator. Interest rates are determined quarterly. The average yield earned by the fund and credited to participants was 0.90% and 1.04% in 2021 and 2020, respectively.

The guaranteed portfolio fund is a general account product with an insurance company. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. As such, there are not any specific securities in the general account that back the liabilities of this insurance product and it would be inappropriate to look to the market values of the securities within the insurer's general account to determine a fair value. The guaranteed portfolio fund pays interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the contract. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Notes Receivable from Participants

Notes receivable from participants are recorded at the outstanding principal balance plus any accrued and unpaid interest.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan provides for various investment options which in turn invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the outbreak of the coronavirus (COVID-19) a pandemic. The continued outbreak of COVID-19 has resulted in governments worldwide enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and social distancing, have caused material disruption to businesses globally, resulting in an economic slowdown. The duration and impact of the COVID-19 outbreak is unknown at this time, nor is the efficacy of the government and central bank monetary and fiscal interventions designed to stabilize economic conditions.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

Use of Estimates

Preparation of the Plan's financial statements requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent items at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Employee contributions are recorded in the period in which payroll deductions are made. Employer discretionary contributions are determined on an annual basis, and are recognized when a commitment to make a contribution is made.

GLOBAL HOSPITALITY MANAGEMENT LLC
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. Summary of Significant Accounting Policies (Continued)

Subsequent Events

Events occurring after the date of the statement of net assets available for benefits are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through October 3, 2022, which is the date the financial statements were available to be issued.

2. Description of the Plan

The Plan is a Section 401(a) defined contribution plan with a 401(k) component covering employees of Global Hospitality Management LLC (the Company). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

On March 27, 2020, the *Coronavirus Aid, Relief and Economic Security Act* (CARES Act) was signed into law and applicable amendments to the Plan, including amendments to Plan distributions and loans, were effective immediately for impacted Plan participants, as defined by the CARES Act. These amendments did not have a significant impact to the Plan.

Eligibility and Participation Requirements

Employees are eligible to participate in the Plan after completing one year of service, as defined, and attaining 21 years of age. Eligible employees become participants on the January 1 or July 1 following the date they become eligible to participate in the Plan.

Participant Contributions

Eligible employees may elect to contribute a percentage of their annual compensation, subject to the limitations established by the Internal Revenue Code (the Code).

Employer Contributions

Under the provisions of the Plan, the Company may contribute a matching contribution to the Plan on behalf of each participant. The decision to make matching contributions and the amount of such contributions will be made each year by the Company. During 2021 and 2020, the Company did not make any matching contributions to the Plan.

The Company may also make a discretionary profit sharing contribution to the Plan. Profit sharing contributions shall be allocated to each participant who is an eligible employee as defined in the Plan. Profit sharing contributions will be allocated on a pro rata basis in accordance with each eligible participant's compensation for the Plan year. During 2021, such contributions totaled \$37,901. During 2020, there were no profit sharing contributions.

GLOBAL HOSPITALITY MANAGEMENT LLC
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

2. Description of the Plan (Continued)

Rollovers

The Plan permits funds from qualified plans to be transferred into the Plan by eligible employees.

Vesting

Participants are immediately 100% vested in their salary deferral and rollover accounts. Participants vest in the employer matching contribution and the employer discretionary account over a five-year period at a rate of 20% per year.

Forfeitures

Forfeitures resulting from a terminated participant's failure to be fully vested in the Company's matching contribution and profit sharing contribution will be used to pay Plan expenses with any excess allocated as an additional employer contribution.

Investment Elections

Participants in the Plan select the accounts in which their contributions will be invested. In 2021, contributions may be invested with Fidelity and State Street and in 2020, contributions may be invested with Fidelity and T. Rowe Price in one or more mutual funds in both years or a guaranteed portfolio fund offered by Great-West Life & Annuity Insurance Company.

In 2021, the Plan replaced the AllianzGI Fund with the Growth Fund of America as well as replaced the T. Rowe Price Target Date funds with State Street Target Date funds. Unless a participant opts out, the Plan was reset into the Target Date Funds for participants up to 55 years old, or the My Total Retirement feature for participants 55 years of age and older. The My Total Retirement feature is actively managed on behalf of a participant by Great-West (d/b/a Empower Retirement).

Earnings and losses from investments are allocated to the participants in proportion to their account balances.

Withdrawals

Withdrawals may be made from the vested portion of the participant's account for financial hardship, upon termination of employment, or upon attaining the age of 59½. Loans from the Plan are permitted.

3. Expenses of the Plan

The Company paid substantially all administrative costs of the Plan in 2021 and 2020 but was not obligated to do so. Participants are required to pay service fees which are allocated to participants in proportion to their account balances.

GLOBAL HOSPITALITY MANAGEMENT LLC
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

3. Expenses of the Plan (Continued)

In 2021, the Plan fee structure moved to fee levelization, in that all participants will be paying the same percentage of administration and recordkeeping fees of the Plan. Prior to 2021, all mutual funds of the Plan had revenue sharing for which excess revenue was collected and utilized in offsetting Plan fees including but not limited to advisor, compliance and recordkeeping fees. Due to the fee levelization, all of the funds within the Plan will offer revenue crediting to participant accounts except for the State Street Target Date funds, as such funds do not have excess revenue generated within them. These fee changes resulted in greater transparency, allowing participants to better understand the costs associated with investing in the Plan.

4. Income Tax Status

Effective January 1, 2010, the Plan sponsor adopted the prototype nonstandardized plan of Great-West Life & Annuity Insurance Company, as amended. This nonstandardized prototype profit sharing plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, which stated that the form of the Plan is acceptable under Section 401(a) of the Code and, therefore, is exempt from federal income taxes. In the opinion of the Plan Administrator, the Plan has continued to operate within the terms of the Plan and the Code and remains qualified under the Code and applicable regulations.

The Financial Accounting Standards Board has issued guidance on accounting for uncertainty in income taxes. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no material uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In this event, all participants shall become 100% vested in their account balance.

6. Fair Value Measurements

Fair value is defined as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

GLOBAL HOSPITALITY MANAGEMENT LLC
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

6. Fair Value Measurements (Continued)

The fair value hierarchy for valuation inputs prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active exchange markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation method include:

- Quoted prices for similar assets or liabilities in active exchange markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end which are traded in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Net increase per Form 5500	\$ <u>396,235</u> \$ <u>277,783</u>

8. Transfers with Related Plans

Ocean Properties, Ltd. (OPL) has established separate 401(k) plans for certain affiliated entities, including the Company. When employees are transferred between OPL and such related entities, their plan balances are also transferred. In 2021 and 2020, various employees were transferred between related entities due to the COVID-19 pandemic that resulted in significant plan balance transfers to a related plan totaling \$25,845 and \$637,694, respectively, and from related plans of \$12,222 and \$4,031 in 2021 and 2020, respectively.

9. Party-in-Interest

The Plan's investments include mutual funds of Fidelity Investments (Fidelity) and a guaranteed portfolio fund with Great-West Life and Annuity Insurance Company (Great-West). Fidelity is the custodian of the Plan's assets and Great-West (d/b/a Empower Retirement) is the third-party administrator; therefore, transactions in these investments qualify as party-in-interest. Notes receivable from Plan participants, the related interest income and transactions are also considered party-in-interest transactions.
