NOTES TO THE FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Gastrointestinal Associates, P.C. Retirement Plan (the Plan) is provided for general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Administration - The Plan's investments are held in a nondiscretionary directed trust at Newport Trust Company. Newport Trust Company is also the investment custodian. The Plan trustees and administrator have also delegated third party administration and record keeping to the Newport Group, Inc. In addition, the trustees have appointed PYA Waltman Capital, LLC as the Plan's investment advisor.

General - The Plan is a defined contribution plan available to substantially all full-time and part-time employees of Gastrointestinal Associates, P.C. (the Company, Employer, and Plan Sponsor) who are eligible to enroll in the following quarter after completing one year of service and are twenty-one years of age. A year of service is defined as the completion of 1,000 hours of work and 12 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan is funded by participant and employer contributions. The participants may elect to make tax-deferred contributions subject to annual IRS limitations. Participants may also contribute amounts representing distributions from other qualified deferred contribution or defined benefit plans. The Employer will make safe harbor matching contributions equal to 100% of participant contributions up to a maximum of 4% of compensation on a per-pay-period basis. The safe harbor matching contributions are 100% immediately vested. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the employer's contributions, and (b) plan earnings. Employer contributions are allocated based on participants' compensation. Plan earnings are allocated based on beginning balances and contributions made to the Plan during the year. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting - Participants are 100% immediately vested in their voluntary contributions and the ROTH contributions plus actual earnings thereon. A participant vests in employer matching for employer contributions made before December 31, 2014, and discretionary profit-sharing contributions at 20% per year of service and 100% after five years of credited service. Effective January 1, 2015 safe harbor employer matching contributions are 100% immediately vested. A participant must work 1,000 hours per year to earn a year of credited service. Participants also become fully vested in their accounts upon reaching normal retirement age (59½), death, disability, or upon termination of the Plan.

Notes Receivable from Participants - Participants, with the consent of the Plan Administrator, may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear reasonable rates of interest, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Participants may not have more than two plan loans outstanding at any time. A participant's loan shall immediately become due and payable if such participant terminates employment for any reason or fails to make principal and or interest payments as provided in the loan agreement.

Payment of Benefits - Distributions are made in cash or lump-sum on termination of service due to death, disability or retirement. Method of distribution varies based upon reason for termination of service and these are defined within the Plan. For termination of service due to other reasons, a participant may receive the value of their vested interest in his or her account as a lump-sum distribution.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Plan Termination - Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer matching and discretionary profit-sharing contributions.

Forfeited Accounts - At December 31, 2021 and 2020, there were \$7,432 and \$8,172 in forfeited non-vested accounts. During 2021, employees forfeited \$7,376 and the plan used \$8,172 to reduce the Company's discretionary contribution. The remaining forfeited non-vested amounts will be used to reduce future employer contributions and administrative expenses.

Termination of Employment - If a participant terminates employment before retirement age for reasons other than death or disability, they will receive only the vested part of their account balance in the form of a lump sum distribution. The distributions are based upon the following vested account balances:

<u>Vested Account Balance</u>	<u>Terms</u>
Less than \$1,000	Distribution immediately.
Greater than \$1,000	The participant has the option of receiving a distribution, or leaving the amount in the Plan for future distribution.

Investment Options - Participants direct the investment of their contributions into various participant or self-directed investment options offered by the Plan. The Plan currently offers a guaranteed interest account (stable value fund) and several mutual fund investment accounts as investment options to participants. The Company contributions are invested using the same allocations as the participant contributions. Participants may change their elective contributions quarterly or stop deferral contributions at any time during the year. In addition, the Plan allows certain participants (Company Stockholder's and selected senior management) to self-direct investments under the trust with Newport Trust Company. Participants may change their investment options at their discretion.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and common collective trusts. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants - Participant loans are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent receivables are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reductions to contributions.

Payment of Benefits - Benefits are recorded as deductions from net assets when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses for self-directed accounts are included in deductions from net assets. Investment fees for participant directed investments are included in net appreciation (depreciation) of fair value of investments.

Evaluation of Subsequent Events - Management has evaluated subsequent events through October 4, 2022, which is the date the financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure. See Note 10.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets that the Plan can access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs that are unobservable inputs for the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange Traded Funds (ETFs): Valued at the daily closing price as reported by the fund. ETFs hold assets such as stocks, bonds or commodities and trade close to its daily NAV. ETFs held by the Plan are deemed to be actively traded.

Common Stock & Corporate Bonds: Valued at the closing price reported on the active market on which the individual securities are traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Collective Trust Fund: The Plan is invested in a stable value fund, with Wilmington Trust Collective Investment Trust III for MetLife Group Annuity Contract Number 25554 (the "Fund") and is composed primarily of fully benefit responsive investment contracts. The Fund is valued at the NAV of the units owned and the NAV is used as a practical expedient to estimate fair value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the Fund. The NAV per unit is computed by dividing the total contract value of the assets of the Fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the Fund and included in the determination of the unit values.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at estimated fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurements.

	Assets at Estimated Fair Value			
	Level 1	Level 2	Level 3	Total
As of December 31, 2021				
Participant Directed:				
Mutual Funds	\$ 13,608,364	\$ 0	\$ 0	\$ 13,608,364
Investment at Net Asset Value (a)				
Common Collective Trust				2,564,100
Total Participant-Directed				16,172,464
Total Self-Directed	10,690,718	0	0	10,690,718
Total Investments at Fair Value	\$ 24,299,082	\$ 0	\$ 0	\$ 26,863,182
As of December 31, 2020				
Participant Directed:				
Mutual Funds	\$ 11,556,125	\$ 0	\$ 0	\$ 11,556,125
Investment at Net Asset Value (a)				
Common Collective Trust				2,501,595
Total Participant-Directed				14,057,720
Total Self-Directed	9,785,335	0	0	9,785,335
Total Investments at Fair Value	\$ 21,341,460	\$ 0	\$ 0	\$ 23,843,055

(a) In accordance with Topic 820, certain investments that were measured at net asset per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

For the years ended December 31, 2021 and 2020, there were no transfers in or out of Levels 1, 2, or 3.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
<u>At December 31, 2021</u>				
Common Collective Trust	\$ 2,564,100	NA	Daily	12 months
<u>At December 31, 2020</u>				
Common Collective Trust	\$ 2,501,595	NA	Daily	12 months

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEES AND INVESTMENT CUSTODIANS (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the Plan Administrator has obtained certification from Newport Trust in 2021 and 2020, the trustee and investment custodian, that the investment information in the accompanying financial statements and the supplementary schedule, with respect to investments and related investment activity, is complete and accurate as of December 31, 2021 and 2020 and for the year ended December 31, 2021. The investment information certified by Newport Trust is presented based on their certifications.

NOTE 5 - EMPLOYER CONTRIBUTIONS

During 2021, the Plan Sponsor made total employer contributions of \$802,874 consisting of \$324,121 in safe harbor matching contributions and \$478,753 in discretionary profit-sharing contributions. The profit-sharing contribution was accrued as a receivable at year-end 2021 and subsequently received by the Plan in 2022.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

For the years ending December 31, 2021 and 2020, outstanding notes receivables from participants were \$33,326 and \$41,080, respectively, which qualify as party-in-interest transactions.

Gastrointestinal Associates, P.C. provides the Plan with certain accounting, auditing and administrative services for which no fees are charged.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Plan's third-party administrator by a letter dated March 31, 2014, that the prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The differences between the 2021 and 2020 financial statements and the Form 5500 are as follows:

	<u>2021</u>	<u>2020</u>
Net Assets Available for Benefits per the Financial Statements	\$ 27,375,261	\$ 24,362,128
Less: End of Year Contributions Receivable	<u>(478,753)</u>	<u>(477,993)</u>
Net Assets Available for Benefits per Schedule H of the Form 5500	<u>\$ 26,896,508</u>	<u>\$ 23,884,135</u>
Employer Contributions per the Financial Statements	\$ 802,874	
Less: End of Year Receivable	(478,753)	
Add: Beginning of Year Receivable	<u>477,993</u>	
Employer Contributions Per Schedule H of the Form 5500	<u>\$ 802,114</u>	

The Schedule H of the Form 5500 has been prepared using the cash basis method of accounting.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant's account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 10 - SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 4, 2022, which is the date the financial statements were available to be issued.
