Independent Auditors' Report

Plan Administrator and Participants
HomePro Operating, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the HomePro Operating, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report, dated October 12, 2021, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HomePro Operating, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the HomePro Operating, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by HomePro Operating, LLC (the “Company”) under the provisions of Section 401(a) of the Internal Revenue Code (IRC”), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company.

All qualifying employees of the Company who have attained the age of twenty-one become eligible to participate on the first day of the quarter following 60 days of employment, as defined by the Plan document. Certain groups of employees are ineligible to participate, including collectively bargained employees, non-resident aliens, and leased employees, as defined by the Plan document. Employees meeting the eligibility requirements will enter the Plan on the first day of the 1st, 4th, 7th and 10th month of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan Administration

The Plan is administered by the Company (the “Plan Administrator”). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keep accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities. Newport Trust Company (the “Custodian”) serves as the Custodian of the Plan, and Newport Group serves as the record-keeper of the Plan. Definiti, LLC serves as the third party administrator (“TPA”) of the Plan and provides services such as annual compliance testing and preparation of Plan documents, amendments, and tax filings. The Custodian, record-keeper and TPA may be removed by the Company or may resign. In any such event, the Company will appoint a successor.

Contributions

The Plan is funded through participant elective deferrals and Company contributions. Each year, participants may contribute up to 100 percent of compensation, as defined in the Plan, subject to certain maximum limitations imposed by the IRC. The Plan permits pre-tax and after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Generally, participants that accumulate 1,000 hours of service during the Plan year and are employed on the last day of the Plan year are eligible to receive matching contributions and employer contributions. Eligible participants who make salary deferral contributions to the Plan receive a Company matching contribution equal to 50% of the participant’s eligible contributions, up to 6% of the participant’s eligible compensation. Additionally, the Company may make a discretionary employer contribution each Plan year, as determined by management of the Company.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions and related employer contributions and matching contributions, as well as the participant’s share of investment income, appreciation (depreciation), and any related administrative expenses and distributions. The participant determines both the amount to be invested and the allocation of the investment to one or more of the available investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

HomePro Operating, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the Company's matching and employer contributions, plus actual earnings thereon, is based on years of continuous service. Participants vest 20% per year beginning in the first year, and are 100 percent vested after five years of qualified service. Full and immediate vesting will also occur upon death, or disability, as defined by the Plan document. Participants who leave the Company before they are fully vested in the Company's contributions forfeit the non-vested portion of their account.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A one-time origination fee is charged at the inception of the note receivable. Participants may have only one loan outstanding at a time. The loans are secured by the vested balance in the participant's account, however the Plan Administrator may require the participant to provide additional collateral if the Plan Administrator determines additional collateral is required to protect the interests of Plan participants. Loan terms are for up to five years, except for loans for the purchase of a primary residence, which if issued, are for a reasonable period of time that may be longer than five years (but in no case more than ten years). The loan interest rate is the prime interest rate in effect at the time of the loan plus 2 percent. Principal and interest is paid back ratably through payroll deductions.

Payment of Benefits

Upon attainment of normal retirement age, death, disability, or termination, a participant's benefits may be payable in a lump-sum amount equal to 100% of the participant's vested account balance. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants with vested account balances of \$5,000 or less, at the time of distribution, will be cashed out as either an involuntary lump-sum payment or by direct rollover into an individual retirement account or other eligible retirement plan, based on certain criteria, as defined by the Plan document. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts and may first be used to pay Plan administrative expenses, with any remaining amounts used to reduce Company contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$29,638 and \$29,202, respectively. For the years ended December 31, 2021 and 2020, \$9,645 and \$0, respectively were used to reduce the Company's contributions. For the years ended December 31, 2021 and 2020, \$18,925 and \$0, respectively were used to pay Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses. Plan expenses paid by the Company are not included in these financial statements. Fees related to the administration of notes receivable from participants or fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments presented in the accompanying statements of changes in net assets available for benefits.

Reclassifications

Certain accounts in the prior year financial statements have been reclassified for comparative purposes, to conform to the presentation in the current year financial statements. These reclassifications had no impact on net assets available for benefits or the changes in net assets available for benefits.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value are reflected in operations. Mutual funds and common collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value ("NAV") at year end. Units held in common/collective trusts are valued at NAV as a practical expedient as reported by the investment managers at year end and as supported by the prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Interest and other income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. The net appreciation of investments includes realized gains and losses on sales during the period and current changes in unrealized appreciation in the market value of investments held at year-end.

The Plan invests in the Reliance MetLife Stable Value Fund – Series 25157 – Class 0 (the "Stable Value Fund"), a common collective trust established and managed by Reliance Trust Company ("RTC"), that invests 100% of its assets in the MetLife Group Annuity Contract 25157 which consists of separately managed investment portfolios directed by RTC. The Stable Value Fund's primary investment objective is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments. The Stable Value Fund is not FDIC insured and is not guaranteed by RTC nor guaranteed by any governmental agency. The units of the Portfolio are not registered with the Securities and Exchange Commission under the Securities Act of 1933 in reliance on an exemption under that Act for interests in a collective trust fund maintained by a bank for certain types of employee benefit trusts. There is no public market for the units.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable

The Plan failed the discrimination tests for the years ended December 31, 2021 and 2020. As a result, excess contributions payable to participants for contributions in excess of amounts allowed by the IRS amounting to \$47,637 and \$83,553 are recorded as a liability in the accompanying Statements of Net Assets Available for Benefits at December 31, 2021 and 2020, respectively, and as a reduction to contributions in the related Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020.

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

HomePro Operating, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

Common collective trust: Valued at NAV of units of a common collective trust. The NAV, as provided by the Custodian, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily at the reported NAV, with no advance notice requirements. Were the Plan to initiate a full redemption of the common collective trust, the Custodian reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,581,744	\$ -	\$ -	\$ 2,581,744
Investments in fair value hierarchy	\$ 2,581,744	\$ -	\$ -	2,581,744
Common collective trust (a)				33,645
Total investments at fair value				\$ 2,615,389

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,872,538	\$ -	\$ -	\$ 1,872,538
Investments in fair value hierarchy	\$ 1,872,538	\$ -	\$ -	1,872,538
Common collective trust (a)				32,172
Total investments at fair value				\$ 1,904,710

- (a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy table. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	<u>2021</u>	<u>2020</u>
Investments:		
Mutual funds	\$ 2,581,744	\$ 1,872,538
Common collective trust	<u>33,645</u>	<u>32,172</u>
Total investments	<u>2,615,389</u>	<u>1,904,710</u>
Notes receivable from participant	<u>19,327</u>	<u>16,004</u>
	<u>\$ 2,634,716</u>	<u>\$ 1,920,714</u>
Investment income and interest on notes receivable from participants:		
Net appreciation in fair value of investments	\$ 280,699	\$ 254,502
Interest and dividends	<u>63,528</u>	<u>32,329</u>
	<u>\$ 344,227</u>	<u>\$ 286,831</u>

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2021 and 2020, there were no other reportable transactions, loans in default or uncollectible, investment assets acquired and disposed of within the Plan, or non-exempt transactions with parties-in-interest which would require supplemental presentation under United States Department of Labor regulations.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian and, therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time, subject to the provisions of ERISA and the IRC. In the event of Plan termination, Participants will become 100% vested in their accounts to the extent not otherwise vested, and the net assets available for benefits will be distributed in accordance with the provisions of the Plan agreement, ERISA and the IRC, subject to payment of liquidation costs and expenses.

8. TAX STATUS

The Plan is based on a volume submitter plan developed by America's 401(k), Inc. which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the volume submitter plan constitutes a qualified plan under Section 401 of the IRC. The Company is relying on the opinion letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements. America's 401(k), Inc. was acquired by Group RHI in December 2018, and Group RHI changed its name to Definiti, LLC in September 2020.

Effective January 1, 2021, the Plan adopted the amended and restated Definiti LLC Defined Contribution Pre-Approved Basic Plan Document #01 with related adoption agreement. The restatement did not significantly change the Plan's provisions or affect the benefits provided to participants. The IRS has issued an opinion letter dated June 30, 2020 stating the Plan is acceptance under Section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2017-41) that the Plan meets the qualification requirements of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. CHANGES IN PLAN OPERATIONS

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). The Plan elected the distribution provision under the CARES Act. The maximum dollar amount that can be requested per participant is \$100,000 without a 10% early withdrawal penalty. These CARES Act distributions are available for repayment through the last day of the Plan year that begins in 2022. For eligible CARES Act distribution requests, all vested contribution sources are made available and restrictions based on age or length of participation in the Plan do not apply. CARES Act distributions may be repaid to the Plan within three years; income taxes may be spread ratably over three years.

The Plan elected to temporarily suspend required minimum distributions ("RMDs") under the CARES Act. This provision provides relief to individuals who would otherwise be required to take RMDs from retirement accounts due to economic slowdown due to COVID-19. This provision applies to participants who have reached the age of 70 ½ during 2019 but who have not yet taken RMDs in 2020. In addition, the Plan also elected to suspend RMDs for participants who reach age 72 in 2020 following the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"). If a participant has received RMDs in 2020, they may be able to recontribute these amounts back into the Plan in the form of direct rollovers. The Plan also adopted certain loan provisions of the CARES Act. Through September 22, 2020, participants are eligible to borrow up to \$100,000 from their vested account balance, reduced by the highest balance of any notes outstanding during the previous twelve months. Repayments of existing notes receivable from participants can be deferred until December 31, 2020. Notes will be re-amortized to include accrued interest during the deferred payment period, and repayments began in January 2021.

Formal amendments to the Plan document for these changes in Plan operations will be executed prior to the deadline set forth by the SECURE Act and the CARES Act. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of the SECURE Act and Section 2203 of the CARES Act, which includes a temporary waiver of minimum required distributions for certain retirement plans and accounts. The extended deadline under this notice is December 31, 2025. This extended deadline does not alter the original deadline set forth by the CARES Act as it pertains to Section 2202, which includes coronavirus-related distributions and changes in loan limits and repayment requirements.
