INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Emagine IT, Inc. 401(k) Profit Sharing Plan & Trust
Fairfax, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Emagine IT, Inc. 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplementary Schedules Required by ERISA

The supplementary schedules of Form 5500, Schedule H, line 4(a) – Schedule of delinquent participant contributions for the year ended December 31, 2021 and Form 5500, Schedule H, line 4(i) – Schedule of assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 1 **Description of plan**

The following description of the Emagine IT, Inc. 401(k) Profit Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Emagine IT, Inc. ("Company") who are age twenty-one or older except employees covered by a collective bargaining agreement; nonresident aliens who did not receive US earned income; and employees not required to be taken into account for nondiscrimination testing purposes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and was most recently amended and restated effective January 8, 2021.

Contributions

Each year, participants may contribute up to 86% of pretax annual compensation as defined by the Plan, up to the maximum allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover contributions").

The Company makes a safe harbor matching contribution of 100% of the first 4% of eligible compensation contributed to the Plan. Additional nonelective contributions may be contributed at the discretion of the Company. Additional nonelective contributions are allocated in the ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants for the year. The Company made a safe harbor matching contribution to the Plan of \$489,638 and no additional nonelective contributions for the year ended December 31, 2021.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) investment earnings (losses), and (c) charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Plan investments are participant directed. Upon enrollment in the Plan, a participant may direct contributions in a number of investment fund options, or in a self-directed brokerage account managed by Fidelity. Participants may change or transfer their investment options at any time via telephone or secure internet website.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 1 Description of plan (continued)

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon.

Each participant is vested in the nonelective contribution portion of their account, if any, according to the following schedule based upon years of credited service:

Years of vesting credited service	
Less than 2 years	0%
2 years	20%
3 years	30%
4 years	40%
5 years	80%
6 years	100%

However, if an active participant dies, retires, or becomes disabled prior to attaining normal retirement age, the participant's account becomes 100% vested.

Forfeited accounts

Forfeitures are used to reduce future employer contributions or pay Plan expenses. At December 31, 2021 and 2020, unused forfeitures were immaterial.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000 reduced by the highest outstanding balance of any prior loans from the Plan during the prior one-year period or (ii) 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Loan terms range are for a period not extending beyond five years from the date of the loan or longer for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

As described in the CARES Act footnote below, CARES Act loan provisions allowed qualified individuals to suspend their loan repayments through December 31, 2020, and temporarily increased the maximum amount allowed for borrowing.

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 1 **Description of plan (continued)**

Payment of benefits

On termination of service due to death, disability, normal retirement age (age 65), in-service at age 59.5, a participant may receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. Participants may also elect to withdraw amounts from their accounts in the event of a proven financial hardship.

Upon termination of employment, if a participant's vested interest in their account exceeds \$5,000, no distribution shall be made to the participant before they reach the age of normal retirement or receipt of consent to payout by the participant and their spouse, if applicable.

If the participant's vested account is \$5,000 or less, the vested account balance is paid out in the form of a lump sum distribution unless the participant elects the balance to be rolled into an individual retirement account or another qualified retirement plan. In event of a mandatory distribution greater than \$1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

The Cares Act

The Plan implemented the distribution provision and the temporary loan repayment deferral and loan request provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The CARES Act allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. It also allows for the suspension of required minimum distributions in 2020 and delays the commencement date for required minimum distributions until age 72. The deferral provision allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. The loan provisions allow loans made to a qualified individual from March 27, 2020, to September 22, 2020, where the limit may be increased up to the lesser of: (1) \$100,000 (minus outstanding plan loans of the individual), or (2) the individual's vested benefit under the plan. The provisions under the CARES Act have been implemented effective July 20, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2 **Summary of significant accounting policies**

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 2 **Summary of significant accounting policies (continued)**

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisors, and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Employee contributions and employer safe harbor matching contributions are recognized on the pay date to which they relate. Additional non-elective employer contributions are recognized in the year as designated by the Company.

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan Administrator has evaluated events and transactions that occurred after the statement of net assets date through the date of the independent auditors' report, the date the financial statements were available to be issued, and has determined that no subsequent events have occurred that require recognition or disclosure in the financial statements.

Note 3 **Information prepared and certified by the trustee of the Plan (unaudited)**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplementary schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company ("Fidelity") (the trustee of the Plan).

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 3 Information prepared and certified by the trustee of the Plan (unaudited) (continued)

Net appreciation in fair value of investment	\$ 745,927	
Interest and dividends	\$ 1,047,396	
Interest income on notes receivable from participants	\$ 6,349	

Note 4 Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to observable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 4 Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant self-directed brokerage account: This account consists primarily of mutual funds, money market funds, and common stocks that are valued at the closing price reported on the active market on which the individual securities are traded.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-ended money market fund and is registered with the SEC. The fund is required to publish its daily NAV. This fund generally transacts at a \$1.00 stable NAV. However, on a daily basis the fund NAV is calculated using the amortized cost of the securities held in the fund.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

For the year ended December 31, 2021 there were no significant transfers between Level 1 and 2, and no transfers in and out of Level 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments that are measured at fair value on a recurring basis as of December 31, 2021 and 2020:

	Investments at fair value as of December 31, 2021			
	Total	Fair value Hierarchy Level

Note 5 Related-party and party in interest transactions

The Plan includes investments that are managed by Fidelity Management Trust Company. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. These transactions and notes receivable from participants qualify as party in interest transactions. These party in interest transactions are exempt from prohibited transactions under ERISA.

Note 6 Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 Prohibited transaction

During the year ended December 31, 2016, the Company failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) totaling \$627 from its assets with the required time period as specified by the United States Department of Labor Reg. 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. This has not been corrected as of December 31, 2021.

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 8 Income tax status

The Company has adopted a Volume Submitter Profit Sharing Plan sponsored by Fidelity Management Trust Company and received a favorable determination letter on June 30, 2020. The Plan adopted by the Company has been deemed, by the Internal Revenue Service, in compliance with the applicable requirements of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified as tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan management has evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require recognition or disclosure in the financial statements as of December 31, 2021 and 2020. The Plan's federal tax return is subject to examination by the IRS and tax authorities, generally for a period of three years after the returns are filed.

Note 9 Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2021 and 2020, two investment funds represented approximately 21% and 20% of the total investments, respectively.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Emagine IT, Inc. 401(k) Profit Sharing Plan & Trust
Fairfax, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Emagine IT, Inc. 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplementary Schedules Required by ERISA

The supplementary schedules of Form 5500, Schedule H, line 4(a) – Schedule of delinquent participant contributions for the year ended December 31, 2021 and Form 5500, Schedule H, line 4(i) – Schedule of assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 1 **Description of plan**

The following description of the Emagine IT, Inc. 401(k) Profit Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Emagine IT, Inc. ("Company") who are age twenty-one or older except employees covered by a collective bargaining agreement; nonresident aliens who did not receive US earned income; and employees not required to be taken into account for nondiscrimination testing purposes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and was most recently amended and restated effective January 8, 2021.

Contributions

Each year, participants may contribute up to 86% of pretax annual compensation as defined by the Plan, up to the maximum allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover contributions").

The Company makes a safe harbor matching contribution of 100% of the first 4% of eligible compensation contributed to the Plan. Additional nonelective contributions may be contributed at the discretion of the Company. Additional nonelective contributions are allocated in the ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants for the year. The Company made a safe harbor matching contribution to the Plan of \$489,638 and no additional nonelective contributions for the year ended December 31, 2021.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) investment earnings (losses), and (c) charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Plan investments are participant directed. Upon enrollment in the Plan, a participant may direct contributions in a number of investment fund options, or in a self-directed brokerage account managed by Fidelity. Participants may change or transfer their investment options at any time via telephone or secure internet website.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 1 Description of plan (continued)

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon.

Each participant is vested in the nonelective contribution portion of their account, if any, according to the following schedule based upon years of credited service:

Years of vesting credited service	
Less than 2 years	0%
2 years	20%
3 years	30%
4 years	40%
5 years	80%
6 years	100%

However, if an active participant dies, retires, or becomes disabled prior to attaining normal retirement age, the participant's account becomes 100% vested.

Forfeited accounts

Forfeitures are used to reduce future employer contributions or pay Plan expenses. At December 31, 2021 and 2020, unused forfeitures were immaterial.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000 reduced by the highest outstanding balance of any prior loans from the Plan during the prior one-year period or (ii) 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Loan terms range are for a period not extending beyond five years from the date of the loan or longer for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

As described in the CARES Act footnote below, CARES Act loan provisions allowed qualified individuals to suspend their loan repayments through December 31, 2020, and temporarily increased the maximum amount allowed for borrowing.

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 1 **Description of plan (continued)**

Payment of benefits

On termination of service due to death, disability, normal retirement age (age 65), in-service at age 59.5, a participant may receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. Participants may also elect to withdraw amounts from their accounts in the event of a proven financial hardship.

Upon termination of employment, if a participant's vested interest in their account exceeds \$5,000, no distribution shall be made to the participant before they reach the age of normal retirement or receipt of consent to payout by the participant and their spouse, if applicable.

If the participant's vested account is \$5,000 or less, the vested account balance is paid out in the form of a lump sum distribution unless the participant elects the balance to be rolled into an individual retirement account or another qualified retirement plan. In event of a mandatory distribution greater than \$1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

The Cares Act

The Plan implemented the distribution provision and the temporary loan repayment deferral and loan request provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The CARES Act allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. It also allows for the suspension of required minimum distributions in 2020 and delays the commencement date for required minimum distributions until age 72. The deferral provision allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. The loan provisions allow loans made to a qualified individual from March 27, 2020, to September 22, 2020, where the limit may be increased up to the lesser of: (1) \$100,000 (minus outstanding plan loans of the individual), or (2) the individual's vested benefit under the plan. The provisions under the CARES Act have been implemented effective July 20, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2 **Summary of significant accounting policies**

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 2 **Summary of significant accounting policies (continued)**

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisors, and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Employee contributions and employer safe harbor matching contributions are recognized on the pay date to which they relate. Additional non-elective employer contributions are recognized in the year as designated by the Company.

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan Administrator has evaluated events and transactions that occurred after the statement of net assets date through the date of the independent auditors' report, the date the financial statements were available to be issued, and has determined that no subsequent events have occurred that require recognition or disclosure in the financial statements.

Note 3 **Information prepared and certified by the trustee of the Plan (unaudited)**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplementary schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company ("Fidelity") (the trustee of the Plan).

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 3 Information prepared and certified by the trustee of the Plan (unaudited) (continued)

Investment income:		
Net appreciation in fair value of investment	\$ 745,927	
Interest and dividends	\$ 1,047,396	
Interest income on notes receivable from participants	\$ 6,349	

Note 4 Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to observable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 4 Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant self-directed brokerage account: This account consists primarily of mutual funds, money market funds, and common stocks that are valued at the closing price reported on the active market on which the individual securities are traded.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-ended money market fund and is registered with the SEC. The fund is required to publish its daily NAV. This fund generally transacts at a \$1.00 stable NAV. However, on a daily basis the fund NAV is calculated using the amortized cost of the securities held in the fund.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

For the year ended December 31, 2021 there were no significant transfers between Level 1 and 2, and no transfers in and out of Level 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments that are measured at fair value on a recurring basis as of December 31, 2021 and 2020:

	Investments at fair value as of December 31, 2021			
	Total	Fair value Hierarchy Level		
		(Level 1)	(Level 2)	(Level 3)

Note 5 Related-party and party in interest transactions

The Plan includes investments that are managed by Fidelity Management Trust Company. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. These transactions and notes receivable from participants qualify as party in interest transactions. These party in interest transactions are exempt from prohibited transactions under ERISA.

Note 6 Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 Prohibited transaction

During the year ended December 31, 2016, the Company failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) totaling \$627 from its assets with the required time period as specified by the United States Department of Labor Reg. 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. This has not been corrected as of December 31, 2021.

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 8 **Income tax status**

The Company has adopted a Volume Submitter Profit Sharing Plan sponsored by Fidelity Management Trust Company and received a favorable determination letter on June 30, 2020. The Plan adopted by the Company has been deemed, by the Internal Revenue Service, in compliance with the applicable requirements of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified as tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan management has evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require recognition or disclosure in the financial statements as of December 31, 2021 and 2020. The Plan's federal tax return is subject to examination by the IRS and tax authorities, generally for a period of three years after the returns are filed.

Note 9 **Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2021 and 2020, two investment funds represented approximately 21% and 20% of the total investments, respectively.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Emagine IT, Inc. 401(k) Profit Sharing Plan & Trust
Fairfax, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Emagine IT, Inc. 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplementary Schedules Required by ERISA

The supplementary schedules of Form 5500, Schedule H, line 4(a) – Schedule of delinquent participant contributions for the year ended December 31, 2021 and Form 5500, Schedule H, line 4(i) – Schedule of assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 1 **Description of plan**

The following description of the Emagine IT, Inc. 401(k) Profit Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Emagine IT, Inc. ("Company") who are age twenty-one or older except employees covered by a collective bargaining agreement; nonresident aliens who did not receive US earned income; and employees not required to be taken into account for nondiscrimination testing purposes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and was most recently amended and restated effective January 8, 2021.

Contributions

Each year, participants may contribute up to 86% of pretax annual compensation as defined by the Plan, up to the maximum allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover contributions").

The Company makes a safe harbor matching contribution of 100% of the first 4% of eligible compensation contributed to the Plan. Additional nonelective contributions may be contributed at the discretion of the Company. Additional nonelective contributions are allocated in the ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants for the year. The Company made a safe harbor matching contribution to the Plan of \$489,638 and no additional nonelective contributions for the year ended December 31, 2021.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) investment earnings (losses), and (c) charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Plan investments are participant directed. Upon enrollment in the Plan, a participant may direct contributions in a number of investment fund options, or in a self-directed brokerage account managed by Fidelity. Participants may change or transfer their investment options at any time via telephone or secure internet website.

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 1 Description of plan (continued)

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon.

Each participant is vested in the nonelective contribution portion of their account, if any, according to the following schedule based upon years of credited service:

Years of vesting credited service	
Less than 2 years	0%
2 years	20%
3 years	30%
4 years	40%
5 years	80%
6 years	100%

However, if an active participant dies, retires, or becomes disabled prior to attaining normal retirement age, the participant's account becomes 100% vested.

Forfeited accounts

Forfeitures are used to reduce future employer contributions or pay Plan expenses. At December 31, 2021 and 2020, unused forfeitures were immaterial.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000 reduced by the highest outstanding balance of any prior loans from the Plan during the prior one-year period or (ii) 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Loan terms range are for a period not extending beyond five years from the date of the loan or longer for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

As described in the CARES Act footnote below, CARES Act loan provisions allowed qualified individuals to suspend their loan repayments through December 31, 2020, and temporarily increased the maximum amount allowed for borrowing.

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 1 **Description of plan (continued)**

Payment of benefits

On termination of service due to death, disability, normal retirement age (age 65), in-service at age 59.5, a participant may receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. Participants may also elect to withdraw amounts from their accounts in the event of a proven financial hardship.

Upon termination of employment, if a participant's vested interest in their account exceeds \$5,000, no distribution shall be made to the participant before they reach the age of normal retirement or receipt of consent to payout by the participant and their spouse, if applicable.

If the participant's vested account is \$5,000 or less, the vested account balance is paid out in the form of a lump sum distribution unless the participant elects the balance to be rolled into an individual retirement account or another qualified retirement plan. In event of a mandatory distribution greater than \$1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

The Cares Act

The Plan implemented the distribution provision and the temporary loan repayment deferral and loan request provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The CARES Act allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. It also allows for the suspension of required minimum distributions in 2020 and delays the commencement date for required minimum distributions until age 72. The deferral provision allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. The loan provisions allow loans made to a qualified individual from March 27, 2020, to September 22, 2020, where the limit may be increased up to the lesser of: (1) \$100,000 (minus outstanding plan loans of the individual), or (2) the individual's vested benefit under the plan. The provisions under the CARES Act have been implemented effective July 20, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2 **Summary of significant accounting policies**

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

EMAGINE IT, 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 2 **Summary of significant accounting policies (continued)**

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisors, and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Employee contributions and employer safe harbor matching contributions are recognized on the pay date to which they relate. Additional non-elective employer contributions are recognized in the year as designated by the Company.

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan Administrator has evaluated events and transactions that occurred after the statement of net assets date through the date of the independent auditors' report, the date the financial statements were available to be issued, and has determined that no subsequent events have occurred that require recognition or disclosure in the financial statements.

Note 3 **Information prepared and certified by the trustee of the Plan (unaudited)**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplementary schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company ("Fidelity") (the trustee of the Plan).

Note 4 Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to observable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant self-directed brokerage account: This account consists primarily of mutual funds, money market funds, and common stocks that are valued at the closing price reported on the active market on which the individual securities are traded.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-ended money market fund and is registered with the SEC. The fund is required to publish its daily NAV. This fund generally transacts at a \$1.00 stable NAV. However, on a daily basis the fund NAV is calculated using the amortized cost of the securities held in the fund.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

For the year ended December 31, 2021 there were no significant transfers between Level 1 and 2, and no transfers in and out of Level 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments that are measured at fair value on a recurring basis as of December 31, 2021 and 2020:

	Investments at fair value as of December 31, 2021

Note 5 Related-party and party in interest transactions

The Plan includes investments that are managed by Fidelity Management Trust Company. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. These transactions and notes receivable from participants qualify as party in interest transactions. These party in interest transactions are exempt from prohibited transactions under ERISA.

Note 6 Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 Prohibited transaction

During the year ended December 31, 2016, the Company failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) totaling \$627 from its assets with the required time period as specified by the United States Department of Labor Reg. 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. This has not been corrected as of December 31, 2021.

Note 8 Income tax status

The Company has adopted a Volume Submitter Profit Sharing Plan sponsored by Fidelity Management Trust Company and received a favorable determination letter on June 30, 2020. The Plan adopted by the Company has been deemed, by the Internal Revenue Service, in compliance with the applicable requirements of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified as tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan management has evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require recognition or disclosure in the financial statements as of December 31, 2021 and 2020. The Plan's federal tax return is subject to examination by the IRS and tax authorities, generally for a period of three years after the returns are filed.

Note 9 Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2021 and 2020, two investment funds represented approximately 21% and 20% of the total investments, respectively.
