INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Trinity Village, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Trinity Village, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Trinity Village, Inc. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Trinity Village, Inc. Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Trinity Village, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Trinity Village, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Trinity Village, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at year end) and schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Trinity Village, Inc. Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TRINITY VILLAGE, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 and 2020

Note 1: Description of Plan

The following description of the Trinity Village, Inc. Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan and Trust Agreement for more complete information.

General

The Plan is a defined contribution plan which was adopted and effective January 1, 1991, by the employer, Trinity Village, Inc. (the “Employer”). Employees of the Employer are eligible to participate in the Plan upon attaining the age of 21 and having worked at least 1,000 hours during the Plan year. Entry into the Plan is on the first day of the Plan year and the first day of the seventh month of the Plan year. The Plan’s investments are non-participant directed. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, the Employer may make a discretionary nonelective contribution to the Plan. A Plan participant will receive a pro rata share of the discretionary contribution if they are employed on the last day of the Plan year and have at least 1,000 hours of service during the Plan year. The pro rata share discretionary contribution a participant will receive is defined as a participant’s compensation divided by the total compensation of all participants eligible to receive the discretionary contribution. Effective July 1, 2019, the Plan was amended to allow participants to defer 401(k) contributions into the plan. Participants may contribute up to 100% of their annual compensation not to exceed the limit set by the Internal Revenue Code, which was \$19,500 in 2021 and 2020, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to an additional \$6,500 in 2021 and 2020, respectively. Compensation is defined as total compensation subject to income tax, excluding reimbursements or other expense allowances, fringe benefits (cash and noncash), moving expenses, deferred compensation and welfare benefits, and including any salary reduction contributions.

Participant Accounts

Each participant’s account is credited with the participant’s 401(k) contribution, and allocations of the Employer’s contribution, forfeitures, and plan earnings. Participants’ accounts will also be charged with an allocation of the Plan’s administrative expenses that are paid by the Plan. Allocations are based on participants’ earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions and any earnings thereon. Vesting in the portion of participant accounts attributable to the Employer’s discretionary profit sharing contribution is based on each participant’s years of service. After three years of services a participant will become 100% vested in the Employer discretionary profit-sharing contribution. A participant will also become fully vested upon death, disability or retirement at age 65 or older.

Payment of Benefits

Upon death, disability, attainment of normal or early retirement, or upon termination of service, a participant may elect to receive payments of his or her vested account in a lump-sum distribution or direct transfer to an eligible retirement plan. Participants are entitled to receive in-service distributions of all or any portion of their fully vested account balances upon disability or the attainment of age 65. The Plan requires involuntary cashouts of account balances of terminated vested participants of \$1,000 or less. In addition, eligible rollover distributions of account balances greater than \$1,000 but less than \$5,000 will be subject to an automatic rollover requirement. Benefit payments to participants are recorded upon distribution.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 and 2020

Investment Options

The custodian and investment manager direct the investment of the participant contributions and the Employer discretionary contributions into a Simmons First Trust Company investment fund model which is comprised of a money market fund, three mutual funds, and ten ETFs-common stocks as determined by the Plan Administrator, custodian and investment advisors based on the demographics of the Plan's participants.

Plan Termination

Although it has not expressed the intent to do so, the Employer has the right under this Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested with respect to the Employer contribution portion of their accounts.

Forfeitures

Forfeitures can be reallocated as an additional discretionary nonelective contribution and allocated in the same manner or pay Plan expenses. Participants must be employed on the last day of the Plan year and have worked 1,000 hours during the Plan year to share in forfeitures. During 2021 and 2020, forfeitures of \$617 and \$513 were reallocated to participant accounts. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$0.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues and expenses, other than benefit payments, together with the related assets and liabilities are recorded in the accounting period to which they apply, regardless of when the cash transaction occurred.

Investment Valuation and Income Recognition

The Plan's investments in money market funds, mutual funds, and ETFs-common stocks are stated at fair value as determined by quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and additions and deductions during the reporting period. It is reasonably possible that a change could occur in the near-term. Actual results could differ from those estimates.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net change in fair value of investments.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

The Plan has evaluated all subsequent events for potential recognition and disclosure through October 4, 2022, the date these financial statements were available to be issued.

Note 3: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any persons who provide services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such employee organization or relatives of such persons and the Plan Employer.

Certain Plan investments are shares of money market funds managed by Simmons Bank Trust Division, who is the custodian and investment manager as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services pursuant to a Master Plan Services Agreement (MSA) between the Employer and custodian are included in net change in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the third-party administrator and custodian of \$7,014 and \$4,811 in 2021 and 2020, respectively. All remaining administrative expenses were paid by the Employer.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 and 2020

Note 4: Income Tax Status

The Plan obtained its latest opinion letter from the Internal Revenue Service on July 1, 2016. The letter stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 5: Fair Value

Accounting standards define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. They also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Following are the three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	Total	Level 1	Level 2	Level 3
<u>Assets:</u>				
Money Market Account	\$ 133,762	\$ 133,762	\$ -	\$ -

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 and 2020

	2020			
	Total	Level 1	Level 2	Level 3
<u>Assets:</u>				
Money Market Account	\$ 71,800	\$ 71,800	\$ -	\$ -
Mutual Funds	36,138	36,138	-	-
ETFs-Fixed Income	170,628	170,628	-	-
ETFs-Common Stocks	<u>250,435</u>	<u>250,435</u>	<u>-</u>	<u>-</u>
Investments at Fair Value	<u>\$ 529,001</u>	<u>\$ 529,001</u>	<u>\$ -</u>	<u>\$ -</u>

The following section describes the valuation methodologies the Plan uses to measure financial instruments at fair value:

Money Market Funds: Valued at the net asset value of shares held by the Plan at year end.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ETFs-Fixed Income: Exchange traded funds (ETFs) are valued at the daily market price which shares can be purchased on an active market during trading hours. ETFs are measured at their daily net asset value (NAV) at the end of the trading day which represents the value of each share's portion of its underlying assets less any liabilities.

ETFs-Common Stocks: Exchange traded funds (ETFs) are valued at the daily market price which shares can be purchased on an active market during trading hours. ETFs are measured at their daily net asset value (NAV) at the end of the trading day which represents the value of each share's portion of its underlying assets less any liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets for the years ended December 31, 2021 and 2020, are reported in the net change in fair value of investments in the Statement of Changes in Net Assets Available for Benefits. The Plan's investments (including realized gains and losses on investments bought, sold, and held during the year as well as unrealized appreciation and depreciation of the investments held at the end of the year) appreciated in value by \$48,182 in 2021 and \$32,347 in 2020, respectively.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 and 2020

Note 6: Information Prepared and Certified

All of the Plan's assets are held by Simmons Bank Trust Division ("Simmons"), the trustee and custodian. The amounts set forth in the accompanying financial statements for investments and investment income and the information shown in the supplemental schedules were summarized from information furnished by Simmons. The Plan administrator has received from Simmons a certification letter that information furnished by Simmons is complete and accurate. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the information certified by Simmons was not subjected to any audit procedures except for comparing the information with the related information included in the financial statements and supplemental schedules.

Note 7: Reconciliation with Form 5500

Certain amounts reported in the Plan's annual Form 5500 for changes in net assets available for benefits are different from the amounts reported in the accompanying financial statements. These differences are due to different presentation of investment income and expenses but have no effect on the net assets of the Plan.

Note 8: Delinquent Participant Contributions

During the years ending December 31, 2021 and 2020, the Employer failed to remit certain employee deferrals to the Plan aggregating, \$2,401 and \$2,539 in a timely manner according to DOL regulations.
