Report of Independent Auditor

To the Plan Administrator
Texas Medical Center 401(k) Retirement Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Texas Medical Center 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021 (the “Schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental Schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental Schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental Schedule, we evaluated whether the supplemental Schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental Schedule, other than the information in the supplemental Schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental Schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Texas Medical Center 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 27, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan

The following description of the Texas Medical Center 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution 401(k) plan covering employees of Texas Medical Center (the “Company” or the “Plan Sponsor”) who are at least 21 years of age. The Plan became effective January 1, 2016. There is no service requirement for eligibility; and employees may enter the Plan on the first day of the month following the date of hire. Certain contractors, leased employees, and those covered under a collective bargaining agreement are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Company also serves as the Plan Administrator (“Administrator”). Milliman, Inc. assists with recordkeeping and accounting for the Plan. Charles Schwab serves as the “Trustee” of the Plan.

Contributions – Each year, participants may contribute the lesser of 100% of their eligible compensation or the maximum amount allowed by law (\$19,500 for the 2021 Plan year) of pretax annual compensation, as defined in the Plan. Participants may designate some or all of their contributions as Roth deferrals. Once designated as a Roth deferral, this election is irrevocable and cannot be changed back to a pretax contribution. This Plan also allows for catch-up contributions (up to \$6,500 for the 2021 Plan year) for participants over 50 years of age. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans.

The Plan Sponsor makes a safe harbor matching contribution equal to 100% of the contributing participant’s elective deferral up to 4% of the contributing participant’s compensation. The Plan Sponsor will also make a nonelective profit sharing contribution equal to 6% of the participant’s compensation that is earned during the plan year.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings and charged with an allocation of administrative expenses and any Plan losses. Allocations are based on Plan earnings or account balances, as defined in the Plan Agreement. Participants direct the investment of their contributions and the Company’s contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. There are no nonparticipant-directed investments as of December 31, 2021.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,500 up to a maximum of \$50,000, or 50% of their account balance, whichever is less. Participants may have only one loan receivable outstanding at any given time. The notes receivable are secured by the balance in the participant’s account and bear interest at a rate of prime plus 1% as of the date the loan is requested, which range between 4.25% and 6.5% as of December 31, 2021. All Plan notes receivable must be repaid within five years, except those that are used for the purchase of a principal residence, in which case the notes receivable repayment period can be extended to 10 years. In most cases, repayment of the loans receivable will be made through after-tax payroll deductions. If a participant defaults on the loan, the outstanding loan balance plus accumulated interest is deemed a distribution and reported as income to the participant, subject to early withdrawal penalty.

Note 1—Description of the Plan (continued)

Vesting – Participants are immediately vested in their contributions and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's nonelective profit sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service, summarized as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than one year	0%
One year	25%
Two years	50%
Three years	75%
Four years	100%

Participants will become fully vested in the Company's nonelective contributions upon termination of the Plan or upon the death or permanent disability of a participant.

Forfeited Accounts – Forfeitures are retained in the Plan and will be used to reduce administrative expenses under the Plan or reduce future employer contributions to the Plan. During the year ended December 31, 2021, insignificant amounts from forfeited, nonvested accounts were used to fund employer contributions. As of December 31, 2021 and 2020, forfeited, nonvested accounts held by the Plan were not significant.

Plan Expenses – Certain expenses of operating and maintaining the Plan have been paid by the Company. In the event the Company does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro rata basis to the value of the participants' account balances.

Payment of Benefits – Benefits become available to participants on the earliest of the following events: (1) termination of employment, (2) death of the participant (benefits are payable to the participant's spouse or beneficiary), (3) disability of the participant, (4) upon the participant's retirement or attainment of retirement age, or (5) minimum required distributions. Benefits are payable as lump sums, rollover distributions, or installment distributions.

Distributions During Employment – As a general rule, a participant's contributions will remain in the Plan as long as the participant remains employed by the Company. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Sponsor) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- To pay for certain repair expenses of a principal residence,
- Post-secondary education for participant or their dependents,
- To pay for certain funeral or burial expenses for dependents, or
- To prevent eviction from or foreclosure on the participant's principal residence.

In addition, should a participant reach age 59½ and not elect to terminate employment, the participant can take an in-service distribution from their vested account balance for any reason without penalty.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 2—Summary of significant accounting policies

Basis of Accounting and Presentation – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates of the Plan include the methods used to estimate the fair value of investments.

Income Recognition – The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned daily and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Investment Valuation – Investments are reflected in the accompanying statements of net assets available for benefits at their estimated fair values. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement. Because of the inherent uncertainty of these valuations, the estimated values may differ from the actual fair values that may or may not be ultimately realized.

Certified Investments – Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in the fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee of the Plan.

Contributions Receivable – The amount of participant-related contributions that have been deducted from the participant’s payroll as of the end of the year but that have not been deposited with the Plan until after the end of the year are reflected as participant contributions receivable in the Plan’s financial statements. In addition, any matching or annual discretionary contribution from the Company that is due and payable is reflected as employer contributions receivable in the Plan’s financial statements.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document. During the year ended December 31, 2021, \$7,323 was recorded as interest income on notes receivable from participants.

NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2021 AND 2020

Note 2—Summary of significant accounting policies (continued)

Administrative Expenses – Certain administrative expenses, including legal and accounting, are paid by the Plan Sponsor and, accordingly, are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to the participants and, therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses. Investment related expenses are included in the net appreciation of the fair value of the investments.

Income Tax – U.S. GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (“IRS”). Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Payment of Benefits – Benefits are recorded when paid.

Recently Issued Accounting Pronouncements – Plan management is not aware of any recently issued accounting pronouncements that would have a material impact on the Plan’s financial statements.

Management’s Review – The Plan Sponsor has evaluated subsequent events through September 19, 2022 which is the date the financial statements were available to be issued.

Note 3—Information prepared and certified by the agent on behalf of the Trustee (unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2021 and 2020.
- Interest and dividends, net appreciation in fair value of investments, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2021.
- The Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2021.

401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4—Fair value measurements

The fair value of the Plan's financial instruments reflects the amounts that the Plan estimates to receive in connection with the sale of an asset or paid in connection with the transfer of a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted exchange quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly (i.e., quoted prices on similar assets), for substantially the full term of the asset or liability;

Level 3 – Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are thus classified as Level 1.

Common Collective Trusts are valued using NAV as a practical expedient.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The prices for the investment securities are obtained through the Trustee with whom the Company has historically transacted both purchases and sales of investment securities. Prices obtained from these sources include market quotations. The fair value measurements consider observable data that may include market quotes, market spreads, and cash flows, among other things. Management reviews the data and assumptions used in pricing the securities by its third party providers to ensure the lowest level of significant input is market observable data.

Note 4—Fair value measurements (continued)

The following tables represent the Plan's fair value hierarchy for its investments measured at fair value on a recurring basis as of December 31, 2021 and 2020:

Fair Value as of December 31, 2021				
	Total	Level 1	Level 2	Level 3
Investments:				
Mutual funds	\$ 12,018,106	\$ 12,018,106	\$ -	\$ -
Total assets in fair value hierarchy	12,018,106	<u>\$ 12,018,106</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV, as a practical expedient	513,478			
Investments at fair value	<u>\$ 12,531,584</u>			
Fair Value as of December 31, 2020				
	Total	Level 1	Level 2	Level 3
Investments:				
Mutual funds	\$ 10,085,750	\$ 10,085,750	\$ -	\$ -
Total assets in fair value hierarchy	10,085,750	<u>\$ 10,085,750</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV, as a practical expedient	406,861			
Investments at fair value	<u>\$ 10,492,611</u>			

The Plan has no financial instruments which were valued using Level 2 or Level 3 inputs as of December 31, 2021 and 2020, and there were no transfers between levels during the year ended December 31, 2021.

The common collective trust ("CCT") invests in a diversified portfolio of stable value investment contracts, government securities, corporate bonds, and asset-backed securities. CCT can be redeemed at NAV as of the measurement date. Unfunded commitments typically are found in private equity funds and, therefore, are not applicable to CCTs. These investments typically have no transfer restrictions. The transfer restriction applies to all participant directed transfers out of this investment, including non-scheduled rebalancing activity. Once the number of allowed transfers out is met, participants are not allowed to transfer back into this investment option until the holding period elapses. Contributions into the investment option are not impacted.

The Plan's ability to receive amounts due in accordance with investment contracts is dependent on the third party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

**TEXAS MEDICAL CENTER
401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2021 AND 2020

Note 5—Related party and party-in-interest transactions

The Plan Sponsor provided certain Plan administrative services without compensation during the year ended December 31, 2021. In addition, the Plan Sponsor paid a total of \$66,564 in Plan related expenses during the 2021 Plan year for administrative fees, legal fees and other charges, which are not included in the accompanying financial statements.

The Plan Trustee received fees for administration and investment management for the year ended December 31, 2021. The investments of the Plan are maintained in a trust that was managed by the Plan Trustee as of December 31, 2021. Notes receivable from participants also qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

Note 7—Income tax status

The Plan document is covered by the IRS determination letter dated March 22, 2017. The IRS made a favorable determination that the Plan document is in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter, however the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax. Therefore, the Plan continues to be tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or an asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Fidelity bond

The Plan was covered by a fidelity bond which exceeded the amount required under ERISA at the beginning of the Plan's fiscal year. The Company was in compliance with ERISA bonding requirements.

Note 9—Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

DECEMBER 31, 2021 AND 2020

Note 9—Risk and uncertainties (continued)

As a result of the spread of the coronavirus (“COVID-19”), economic uncertainties have arisen triggering volatility in financial markets and a significant negative impact on the global economy. As the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of potential losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Note 10—Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2021 and 2020.
