Skidmore 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Skidmore 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Skidmore 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Skidmore 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Skidmore 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Skidmore 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Skidmore 403(b) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Skidmore 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Skidmore 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Skidmore 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Skidmore 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Skidmore 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Skidmore 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Skidmore 403(b) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SKIDMORE 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the Skidmore 403(b) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 1964 and is a defined contribution pension plan under Section 403(b) of the Internal Revenue Code ("IRC"). The Plan covers all eligible non-union employees of Skidmore College (the "College") who have certain length of service requirements as described below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Teachers Insurance and Annuity Association and College Retirement Equities Fund (collectively "TIAA") and Vanguard Fiduciary Trust Company ("Vanguard") are the insurance companies and trustee under the Plan, respectively.

Eligibility

All eligible non-union employees of the College become eligible to join the Plan and make participant contributions as defined below immediately upon employment.

All eligible non-union employees of the College become eligible for the employer contributions as defined below when they reach one year of service with at least 1,000 hours of service, teach an equivalent of at least 9 credit hours during the 12 month computation period or have equivalent service while participating in a qualified retirement plan at a predecessor employer.

Contributions

Each eligible employee, as defined above, can elect to make salary deferral contributions into the Plan up to 100% of their compensation subject to certain limitations under the IRC. Participants who are projected to be age 50 or older by the end of the calendar year are eligible to make catch-up contributions up to the dollar amount permissible under the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan.

The College contributes an amount equal to 10% of base annual salary/wages if an eligible employee is less than age 50, or 11% if age 50 or over, into the Plan. In addition to the contributions described above, the College contributes an amount equal to 1% of base annual salary/wages of an eligible employee with a start date on or after September 4, 2008 who is a fully benefits eligible employee, but who is not eligible for the College's postretirement healthcare plan.

Participant Accounts

Each participant's account is credited with the participant's and employer contributions and optional rollovers, if any, plus allocations of Plan earnings (losses) and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is based on the participant's vested account.

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Vesting

Employees are 100% vested in all contributions plus actual earnings thereon.

Loans to Participants – Plan Loans

Plan loans are available to participants through TIAA, subject to certain limitations. Plan loans are issued directly from funds owned by TIAA and loan proceeds are not removed from a participant's account balance. Loans are collateralized using a participant's TIAA Traditional account balance in an amount equal to 110% of the outstanding loan balance. Participants may borrow up to a maximum equal to the lesser of \$50,000 or 45% of his or her TIAA Traditional account balance subject to annuity contract and plan provisions. Loan terms range from one to five years in one year increments. Principal and interest is paid ratably by the participant to TIAA and each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional account balance.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the present value of the participant's vested accrued benefit, or 45% of the TIAA and CREF employee accumulations. The interest rate will be fixed for the duration of the loan. A one-time origination fee will be issued at the time of the loan and an annual maintenance fee will be issued each year the loan is outstanding. These loans generally have repayment terms not to exceed five years and participants can have a maximum of two outstanding loans at one time.

Loan amounts are deducted from Plan accumulations and reflected in the statements of net assets available for benefits as notes receivable from participants. Loan payments are credited to participant accounts as received.

Payment of Benefits

Upon retirement or disability, and depending on the relevant funding vehicle contract, the forms of benefit that may be available under the funding vehicle contract include, but are not limited to: lump sum, installments, single life annuities, joint and survivor annuities, fixed period annuities, and any other annuity and withdrawal option as provided under the funding vehicle contract. Participants may also request an in-service withdrawal after age 59½ or hardship withdrawals upon meeting certain requirements as outlined by the IRS.

NOTE 2 — SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

NOTE 2 — SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value, other than fully benefit responsive investment contracts. Net appreciation or depreciation in the fair value of investments includes the realized gains and losses on investments bought and sold as well as unrealized gains and losses on investments held during the year. Purchases and sales of securities are reported on a trade date basis. Interest earned on investments is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Fixed annuity contracts are TIAA Traditional Annuity contracts (TIAA Traditional Annuity) that are unallocated fixed annuity contracts that are fully and unconditionally guaranteed by TIAA. TIAA Traditional Annuity within liquid contracts are benefit responsive. TIAA Traditional Annuity within illiquid contracts are non-benefit responsive. TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some contracts between 1% and 3%) and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant's account purchases a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional Annuity is annuitized based on available options, the present value of the stream of payments is equal to the account balance.

TIAA Traditional Annuity, Benefit Responsive is valued at contract value. Because the annuity is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the annuity.

TIAA Traditional Annuity, Non Benefit Responsive is reported at contract value, which approximates fair value.

The fair value of the pooled separate account and registered investment companies are equal to the net asset value reported by the funds of the shares or units held.

Administrative Expenses

All administrative expenses except certain direct fees and those relating to the investment transactions are paid by the College. Expenses relative to the investment transactions are netted against investment income when reported by the trustees.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2022, the date the financial statements were available for issuance.

NOTE 3 — INFORMATION CERTIFIED BY TIAA AND VANGUARD

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and Vanguard have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the schedule of assets (held at end of year) as of December 31, 2021, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

NOTE 4 — FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 – inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 – inputs include: quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset and; inputs derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset.
- Level 3 – inputs are unobservable and cannot be corroborated by observable market data.

The fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

Fixed Annuity Contracts, Non-Benefit Responsive: Reported at contract value, which approximates fair value. The contract value of the TIAA Traditional Annuity equals the accumulated cash contributions and interest credited to the Plan's contracts, and transfers, less any withdrawals and transfers. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange, accordingly, transactions in similar investment instruments are not observable.

Pooled Separate Account: The pooled separate account investments are valued daily at the net asset value of the units held and is comprised of investments in the TIAA Real Estate Account (REA), an insurance company separate account, of TIAA investing mainly in real estate and real estate-related investments. This is a variable annuity. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. The TIAA general account provides the REA with a liquidity guarantee. Units in the REA are available for transactions daily at the closing net asset value. Transfers out of the REA are limited to one per calendar quarter.

Registered Investment Company Accounts: Shares are valued at the net asset value of shares held by the Plan at year end. The net asset value is based on quoted market prices in active markets.

Variable Annuity Accounts: Group retirement annuities are primarily valued daily using quoted market values or values obtained from independent pricing services. Unit values are calculated each day. Units are available for transactions at the closing unit value on any day the New York Stock Exchange is open for business.

The preceding methods may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total

There were no transfers into or out of level 3 investments for the years ended December 31, 2021 and 2020. Purchases of level 3 investments were approximately \$4,057,000 and \$1,796,000 for the years ended December 31, 2021 and 2020, respectively.

Quantitative Information Regarding Level 3 Fair Value Measurements

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at December 31:

December 31, 2021				
Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity	\$ 42,414,566	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied *	RA - 3.00% - 3.80%
December 31, 2020

TIAA Traditional Annuity	\$ 42,011,462	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied *	RA - 3.00% - 4.45%

The College has a process in place, overseen by the Vice President for Finance and Administration and Treasurer, to review fair value estimates which are certified by the insurance companies and trustee.

NOTE 5 — PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by TIAA and Vanguard. TIAA and Vanguard are the insurance companies and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

NOTE 6 — PLAN TERMINATION

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 — TAX STATUS

The Plan has adopted the volume submitter 403(b) plan sponsored by TIAA, with the latest opinion letter dated August 7, 2017, in which the IRS stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC and therefore, the Plan is exempt from federal income tax under Section 403(b) of the Code. To maintain its qualification, the Plan is required to operate in conformity with the IRC. Although the Plan has been amended since receiving the advisory opinion, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress.

NOTE 8 — RISKS AND UNCERTAINTIES / COVID-19

The Plan invests in various investment securities and investment contracts. Investment are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On March 27, 2020, the President of the United States signed into law the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which included provisions that impacted retirement plan rules for calendar year 2020 including the options to take Coronavirus-related distributions, suspend loan payments, increase new loan limits and delay required minimum distributions. The Plan elected to adopt the temporary provisions of the CARES Act and the required amendments were adopted in accordance with applicable law and IRS guidance.
