To the Trustees of
MPC Foods, Inc. 401(K) Plan
Central Valley, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of MPC Foods, Inc. 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

www.lauferllp.com :: tel: (631) 226-9600 :: fax: (631) 226-5151

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (Held at End of Year) as of December 31, 2021, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated September 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the MPC Foods, Inc. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established effective January 1, 2020 as a profit sharing 401(K) plan that provides retirement benefits for all eligible employees of MPC Foods, Inc. who have attained eighteen years of age and have completed one year of service (1,000 hours as defined) prior to the entry dates of the beginning of each calendar month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Eligible participants may elect to defer a percentage of their compensation or a fixed dollar amount by contributing to their accounts in the Plan, subject to the maximum allowable under the Internal Revenue Code. All eligible participants are permitted to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans and/or IRA's (rollover). Rollovers are not permitted from a Roth IRA. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants. The Employer has the right to make a discretionary matching contribution. For the year ended December 31, 2021, employer contributions were $11,530. Forfeitures of terminated participants' non-vested accounts are used to reduce employer contributions or pay plan expenses. At December 31, 2021 and 2020, forfeitures were $155 each.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Employer's contribution and Plan earnings and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Participants' Accounts – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of participant accounts plus actual earnings thereon is based on years of continuous service, as follows:

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Payment of Benefits – On termination of service due to death, disability or retirement, participants become 100% vested in their employer contribution accounts. For termination of service prior to retirement, participants will receive the value of their vested account in a lump-sum payment or in multiple distributions, at the discretion of the Plan Administrator.

2. Summary of Significant Accounting Policies

Basis of Accounting – The Plan prepares its financial statements on the accrual basis of accounting.

Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments (except for fully benefit-responsive investment contracts which are reported at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Investment related expenses are disclosed in the statement of changes in net assets available for benefits.

3. Investments

The Plan's investments are held in John Hancock Life Insurance Company (U.S.A.) ("John Hancock") with forty-six mutual fund choices. Participants can periodically change to the investment of their choice within the accounts.

The following information included in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020 and for the year ended December 31, 2021 was obtained from data that has been prepared and certified to as complete and accurate by John Hancock, the custodian of the Plan:

	2021	2020
Investments	$ 82,204	$ 36,148
Net Appreciation in Fair Value of Investments	10,405	5,648

4. Fair Value

FASB ASC 820, Fair Value Measurements, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at net asset value. There have been no changes in the methodologies used at December 31, 2020.

Pooled Separate Accounts (Mutual Funds) – Investments in pooled separate accounts are represented by a "unit of account" and per unit values whose value is the result of the accumulated values of the underlying investments. These underlying investments are public investment vehicles valued using their daily net asset value ("NAV") provided by the administrator of the mutual fund investments. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Pooled Separate Accounts are classified outside of the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, are the Plan's investments at fair value as of December 31, 2021 and 2020:

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	
Investments at Fair Value	$ -	$ -	$ -	$ -
Pooled Separate Accounts				86,204
Total Investments				$ 86,204

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	
Investments at Fair Value	$ -	$ -	$ -	$ -
Pooled Separate Accounts				36,148
Total Investments				$ 36,148

Fair Value of Investments in Entities that Use NAV – The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021, and 2020, respectively:

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 86,204	N/A	Daily	None

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 36,148	N/A	Daily	None

5. Prohibited Transactions:

The Employer failed to make timely contributions of approximately $1,200 for the last payroll period of the year due to an administrative error. The Plan is required by DOL regulations to pay the Plan lost income of $2 to the affected participants. The Plan Administrator plans to enter the Department of Labor Voluntary Fiduciary Correction Program ("VFCP").

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

7. Tax Status

The Internal Revenue Service has determined and informed the Employer by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Plan management and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Certification by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021, and net appreciation in fair value of investments for the year ended December 31, 2021 and 2020, was obtained or derived from information supplied to Plan management and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan.

9. Party-in-Interest Transactions

Certain services are rendered to the Plan by the Employer at no cost to the Plan. The Plan's investments are shares of mutual funds managed by affiliates of the Plan's custodian and recordkeeper. Certain costs such as recordkeeping and advisory are paid indirectly by revenue sharing payments from mutual fund companies to the recordkeeper. The charges for such services are included in net change in fair value of mutual funds.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Reconciliation of Financial Statement to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements for the year ended December 31, 2021 to Form 5500:

Less: Current Year Employee Contributions Receivable	(1,026)
Prior Year Employee Contributions Receivable	625
Prior Year Employer Contribution Receivable	337
Net Increase in Net Assets Available Per Form 5500 - Cash Basis	$ 50,056

12. Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 4, 2022, the date the financial statements were available for issuance. As of January 1, 2022, the Plan went through a Cycle 3 Restatement, an amendment to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37. As of January 1, 2022, the Plan is now a safe harbor plan with an enhanced match of 100% of elective deferrals up to 5% of compensation.
