INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Davenport & Company LLC Profit Sharing Plan
Richmond, Virginia

Opinion on the Financial Statements

We have audited the accompanying financial statements of Davenport & Company LLC Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Davenport & Company LLC Profit Sharing Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States.

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements, Continued

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matters

2021 Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

A handwritten signature in black ink, appearing to read "Keith", with a stylized flourish at the end.

PROFIT SHARING PLAN**

Notes to Financial Statements

1. Description of Plan:

The following description of the Davenport & Company LLC Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or summary plan description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Davenport & Company LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: The Plan 1) allows participants to make tax deferred contributions under section 401(k) of the Internal Revenue Code and 2) requires the Company to make a "Safe Harbor" contribution to the Plan equal to 3% of compensation, as defined in the Plan. Contributions may not exceed amounts determined by federal law. Participants who will be 50 years of age by the end of a Plan year may make additional "catch-up" contributions. Participants can also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Each year, the Company may make additional profit sharing contributions out of its accumulated surplus or its current profits before profit sharing costs, at the discretion of the Company's Board of Directors.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) Plan earnings or losses. Allocations are based on participant compensation, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eligibility: The Plan covers all full-time employees who have attained 21 years of age. Eligible employees are enrolled in the "Safe Harbor" feature and are eligible to enroll in the participant contribution feature coinciding with or next following the calendar month in which they become eligible.

Investment Options: Participants can elect to allocate additional profit sharing contributions to any of the 16 investment options managed by the Company. Participants can elect to allocate employee deferrals and employer "Safe Harbor" contributions to any of the 35 different investment options.

Vesting: Participants are immediately vested in their contributions and "Safe Harbor" contributions, plus actual earnings thereon. Vesting in the remainder of the Company's contribution to participant accounts is based on years of continuous service. Participants become fully vested after six years of service in non "Safe Harbor" Company contributions, depending on their date of hire.

PROFIT SHARING PLAN

Notes to Financial Statements, Continued

1. Description of Plan, Continued:

Notes Receivable from Participants: Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the balance in a participant's tax deferred contributions account and safe harbor account. Loan terms cannot exceed five years. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2021, and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Plan Administration: Overall responsibility for administering the Plan rests with the Company. Participant accounts for the "Safe Harbor" and participant contribution feature are administered by Ascensus, a third party administrator. Participant accounts for the profit sharing feature are administered by Actuarial Benefits and Design, a second third party administrator. Company employees serve as the trustees and are not compensated by the Plan for these services.

Payment of Benefits: Distribution of the vested portion of a participant's account may occur upon the participant's termination of service, retirement, death, disability, or hardship withdrawal, as defined in the Plan. A participant is entitled to receive a lump-sum payment in an amount equal to the vested value of his or her account.

Forfeitures: Forfeited balances of terminated participants' non-vested accounts are used to offset administrative expenses to the extent possible with any remaining portion used to reduce employer contributions. During 2021, forfeitures of \$68,718 were used to reduce contributions paid by the Company by \$28,354 and to pay administrative expenses of \$40,364. During 2020, forfeitures of \$121,031 were used to reduce contributions paid by the Company by \$42,278 and to pay administrative expenses of \$78,753. There were no forfeited balances available at December 31, 2021 or 2020.

CARES Act: Effective August 25, 2020, the Plan adopted the temporary loan repayment deferral provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. In addition, the Plan adopted the required minimum distributions ("RMD") relief provision of the CARES Act. The RMD relief provision waived all RMD for 2020.

Notes to Financial Statements, Continued

2. Summary of Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Payment of Benefits: Benefits are recorded when paid.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value as determined by quoted market prices. Net realized and unrealized appreciation is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Subsequent Events: Management has evaluated subsequent events through October 5, 2022, the date the financial statements were available for issuance, and has determined that other than below, there are no subsequent events to be reported in the accompanying financial statements.

Subsequent to December 31, 2021, the Plan's assets have declined in value consistent with the current market environment.

3. Fair Value Measurements:

The FASB has issued guidance for measurement and disclosure of fair value and establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology are quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. Fair Value Measurements, Continued:

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

Managed accounts: Valued at the net asset value ("NAV") of managed accounts. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2021 and 2020, the managed accounts and mutual funds have no unfunded commitments and can be redeemed immediately upon notice with no other redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements, Continued:

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of the Plan's year end date:

Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Total
Mutual funds	\$ 180,021,895	\$ -	\$ 180,021,895
Investments valued at NAV*	-	-	200,539,108
Total investments at fair value	<u>\$ 180,021,895</u>	<u>\$ -</u>	<u>\$ 380,561,003</u>

Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Total
Mutual funds	\$ 148,631,012	\$ -	\$ 148,631,012
Investments valued at NAV*	-	-	177,385,589
Total investments at fair value	<u>\$ 148,631,012</u>	<u>\$ -</u>	<u>\$ 326,016,601</u>

*In accordance with subtopic 820-10, these Plan assets are measured at the net asset value per share (or its equivalent) as a practical expedient and have not been included in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions on their investments, the redemption notice period is applicable only to the Plan.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Managed Accounts	\$ 200,539,108	None	Daily	Daily

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Managed Accounts	\$ 177,385,589	None	Daily	Daily

4. Administrative Expenses:

The Company is the custodian for the investments in the profit sharing feature of the Plan. Ascensus Trust is the custodian for participant contributions and "Safe Harbor" contributions in the Plan. Forfeitures are used to pay administrative expenses and reduce employer contributions. All security transactions for investments in the profit sharing feature of the Plan were executed and cleared by the Company, for which the Company did not charge the Plan. Certain administrative functions are performed by officers and employees of the Company.

5. Related-Party Transactions:

Certain Plan investments are managed accounts and mutual funds managed by the Company. The Company is the custodian for these investments, and therefore these transactions qualify as party-in-interest transactions. There were no fees paid by the Plan in relation to the services provided by the Company. The Company was paid a management fee for the mutual funds managed by the Company, consistent with the terms as outlined in the mutual funds' prospectus.

6. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. Tax Status:

The Internal Revenue Service has determined and informed the Company by letter dated June 30, 2020 that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the effects of accounting guidance related to uncertain income tax positions and concluded that the Plan had no significant financial statement exposure to uncertain income tax positions at December 31, 2021 and 2020. The Plan is not currently under audit by any tax jurisdiction.

8. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in participant account balances and the statements of net assets available for benefits.
